Chapter 1er - Request for ruling (Articles 121-1 à 121-5)

Article 121-1

When queried in writing ahead of a transaction about an interpretation of this General Regulation, the AMF issues an opinion in the form of a written ruling (rescrit). This opinion stipulates whether, in light of the elements submitted by the interested party, the transaction contravenes this General Regulation.

Article 121-2

All persons referred to in Article L. 621-7 of the Monetary and Financial Code who initiate a transaction are entitled to submit a request for a ruling to the AMF.

[Article 122-1](#)

The ruling is issued by the AMF within thirty working days of receipt of the request and is conveyed to the petitioner. If the request is imprecise or incomplete, the petitioner may be asked to provide supplemental information. In this case, the thirty-day deadline is suspended until the AMF has received that information.

[Article 122-2](#)

Where it is unable to assess the true nature of the transaction, or where it considers that the request has not been made in good faith, the AMF duly informs the petitioner, within the time period specified in Article 122-1, of its refusal to issue a ruling.

[Article 122-3](#)

A ruling is valid solely in respect of the petitioner.

Provided the petitioner complies with the ruling in good faith, the AMF shall not take any enforcement action or inform the judicial authorities as regards the aspects of the transaction addressed by the ruling.

Chapter 3 - Publication of the ruling (Article 123-1)

[Article 123-1](#)

The ruling and the request are both published in full in the next edition of the AMF's monthly review and on its website.

At the petitioner's request or on its own initiative, however, the AMF may postpone publication for a period of no more than 180 days starting from day the ruling was issued. If the transaction has not been completed by that date, the time period can be extended until the end of the transaction.

By way of derogation, the prospectus may be drawn up in a language other than French that is customary in the sphere of finance in the following cases:

- 1 • The public offer of financial securities referred to in Sections I and IV of the aforementioned article L. 621-8 is conducted only in France or in one or more other Member States of the European Union, including France, when these shares are first admitted for trading on a regulated market or on a multilateral trading facility only in France or in one or more other Member States of the European Union or parties to the European Economic Area agreement, including France.

1a The public offer of financial securities referred to in Sections I and IV of the aforementioned article L. 621-8 is conducted only in France or in one or more other Member States of the European Union or parties to the European Economic Area agreement, including France, by an issuer whose prospectus, prepared when these shares are first admitted for trading on a regulated market or on a multilateral trading facility only in France or in one or more other Member States of the European Union or parties to the European Economic Area agreement, including France, shall be written in a language that is customary in the sphere of finance, other than French.

1b The public offer involves debt securities referred to in Sections I and II of Article L. 621-8 and takes place only in France or in one or more other Member States of the European Union or States party to the EEA agreement, including France;

- 2 • The issuer has its registered office in a non-EEA State and the prospectus is drawn up for an offer of securities to employees working for affiliates or establishments of the issuer in France.

Where the prospectus is drawn up in a language other than French that is customary in the sphere of finance, the summary note shall be translated into French.

II. - Where admission to trading on a regulated market is planned solely in France or in one or more other Member States of the European Union or States party to the EEA agreement, including France, the prospectus approved by the AMF shall be drawn up in French or in another language customary in the sphere of finance. In the latter case, the summary must be translated into French except when applying for admission to trading on the compartment referred to Article 516-5.

Paragraph 4 - Registration document

Article 212-13

I. - All issuers of financial instruments admitted for trading on a regulated market or on an organised multilateral trading facility within the meaning of Article 524-1 may prepare a registration document every year, as specified in an AMF instruction.

This registration document can take the form of an annual report to shareholders. In this case, a table showing the concordance between the headings in the instruction mentioned in the first paragraph and the corresponding headings in the annual report shall be provided.

II. - The registration document shall be filed with the AMF. If the issuer has not previously submitted three consecutive registration documents to the AMF, this document shall be registered by the AMF before it is published.

III. - The registration document shall be made available to the public free of charge on the day after filing, or registration where such is the case. Any person who so requests may view the document at any time at the registered office of the issuer or the offices of the paying agent. A copy of the document must be sent free of charge to any person who requests one.

The electronic version of the registration document shall be sent to the AMF for posting on its website.

IV. - Once the registration document has been filed or recorded, the issuer can make regular updates, which are filed with the AMF in accordance with Point 2°, concerning published accounting data and new factors relating to its organisation, business, risks, financial condition and results.

These successive updates are made available to the public in accordance with Point 3°.

IV *bis*. - Where an issuer files or registers a registration document with the AMF in French, it may also file or register the document in a language that is customary in the sphere of finance, in accordance with the terms of the instruction. In this case, the successive updates shall be drafted both in French and in the same language customary in the sphere of finance.

V. - Where, in connection with its supervisory duties, the AMF finds an omission or a material inaccuracy in the registration document, it shall inform the issuer, which must amend the document and file the corrections with the AMF.

These corrections shall be made available to the public as soon as possible, in accordance with Point 3°.

Any omission or inaccuracy, with regard to this General Regulation or to AMF instructions, that could manifestly distort an investor's assessment of the organisation, business, risks, financial condition or results of the issuer shall be considered as material.

Any other observations made by the AMF shall be brought to the attention of the issuer, which shall take them into account in the subsequent registration document.

VI. - Where the registration document filed with or registered by the AMF is published within four months of the financial year-end and contains information referred to in a of point 1° of Article 221-1, the issuer is not required to publish this information separately.

VII. - Where an updated registration document is filed within three months of the end of the first half-year and contains the information referred to in b of point 1° of Article 221-1, the issuer is not required to publish this information separately.

VIII. - To qualify for the publication waivers referred to in VI and VII, the issuer shall publish a news release, in accordance with Article 221-3, explaining how the registration document and its updates are to be made available.

Paragraph 5 - Responsibility Attaching To Participants: Issuers, Statutory Auditors And Investment Services Providers

Article 212-14

The persons responsible shall be clearly identified in the prospectus by their names and functions or, in the case of legal persons, their business names and registered offices.

The signature of the persons or entities responsible for the prospectus or registration document and for the updates and corrections thereto shall be preceded by a declaration confirming that, to the best of their knowledge, the information contained therein is in accordance with the facts and makes no omission likely to affect its import.

This declaration shall also state that the issuer has obtained a completion letter from its statutory auditors confirming that they have applied their professional standard for checking prospectuses, which consists in examining the entire document. Where appropriate, the issuer shall mention any material observations made by the statutory auditors.

The provisions of the third paragraph of this article shall not apply to prospectuses prepared for a public offering or admission of debt securities to trading on a regulated market, provided that the securities do not give holders access to equity, or for admission of financial securities to the compartment referred to in Article 516-5.

Article 212-15

I. - The statutory auditors shall state whether the interim, consolidated or annual financial statements that have undergone an audit or a limited review and that are presented in a prospectus, a registration document or, where such is the case, the updates or corrections thereto, give a true and fair view of the issuer. Where the interim financial statements are summary versions, the statutory auditors shall give their opinion on whether those statements comply with generally accepted accounting principles.

They shall declare that any forward-looking information, whether estimated or pro forma, presented in a prospectus, registration document or, where such is the case, the updates or corrections thereto, has been properly prepared in accordance with the indicated basis and that the accounting basis is consistent with the issuer's accounting policies.

II. - They shall examine all the other information in a prospectus, registration document or, where such is the case, the updates or corrections thereto. This overall examination and any special verifications shall be carried out in accordance with a standard issued by the national institute of statutory auditors (Compagnie Nationale des Commissaires aux Comptes) on prospectus verification.

They shall draw up a completion letter for their work on the prospectus, in which they inform the issuer about the reports appearing in the prospectus, registration document or, where such is the case, the updates or corrections thereto. Upon completion of their overall examination and any special verifications that may have been made in accordance with the aforementioned professional standard, they shall state their observations, if any. The issue date of this completion letter must coincide as closely as possible with the date of the expected AMF approval.

The issuer shall forward a copy of the completion letter to the AMF before the AMF issues its approval or before the registration

document or the updates and corrections thereto are filed or registered. If the letter contains observations, the AMF shall take appropriate action when scrutinising the prospectus.

In case of difficulty, the statutory auditors of a French issuer can approach the AMF with any questions about financial information in a prospectus, a registration document or, where such is the case, the updates or corrections thereto.

III. - The provisions of Section II shall not apply to prospectuses prepared for a public offering or admission of debt securities to trading on a regulated market, provided that the securities do not give holders access to equity, or for admission of financial securities to the compartment referred to in Article 516-5.

Article 212-16

I. - Where one or more investment service providers take part in the first admission to trading on a regulated market of equity securities, or in any public offer or admission of such securities during the first three years after the first admission of equity securities, such investment service provider(s) shall certify to the AMF that they have exercised customary professional diligence and found no inaccuracies or material omissions likely to mislead investors or affect their judgement.

During the three years following the first admission to trading of an issuer's securities, where the prospectus prepared for the public offer or admission comprises a registration document or a recent prospectus and a securities note, the investment service provider(s) shall certify only the information in the securities note, provided the information in the registration document or recent prospectus has been certified by such provider(s) or another investment service provider, exercising customary professional diligence, before the offer or admission.

After three years, the investment service provider(s) shall certify only the details of the offer or admission and the characteristics of the relevant securities, as described in the prospectus or the securities note, as the case may be.

II. - Where one or more investment service providers take part in any public offer of equity securities that are not admitted to trading on a regulated market, such investment service provider(s) shall certify to the AMF that they have exercised customary professional diligence and found no inaccuracies or material omissions likely to mislead investors or affect their judgement.

III. - Where one or more entities, whether investment service providers or not, are authorised by a market operator or an investment service provider that operates an organised multilateral trading facility (MTF) within the meaning of Article 524-1, take part through that MTF in a public offer of equity securities, such entities shall certify to the AMF that they have exercised customary professional diligence and found no inaccuracies or material omissions likely to mislead investors or affect their judgement.

In the case referred to in the above paragraph, where customary professional diligence is exercised by persons or entities that are not accredited as investment service providers, the investment service providers that are likely to take part in the public offer are not required to certify to the AMF that such diligence has been exercised.

The certification shall be submitted to the AMF before its issues its approval.

IV. - This article does not apply to prospectuses prepared for admission of financial instruments to the compartment referred to Article 516-5.

Paragraph 6 - Adapting the contents of the prospectus

Article 212-17

Where the final offer price and the final quantity of financial securities being offered cannot be included in the prospectus, the issuer shall mention in the prospectus:

1 • The criteria or the conditions in accordance with which the above elements will be established; or

The final offer price and quantity of securities offered shall be filed with the AMF and published in accordance with Article 212-27.

Where one of the elements mentioned in Point 1° or Point 2° is not mentioned in the prospectus, investors must be entitled to withdraw their acceptance of the acquisition or subscription terms for the securities during at least two trading days following the publication of the final price and quantity of the securities concerned.

Article 212-18

Under AMF supervision, certain information may be omitted from the prospectus in the following cases:

- 1 • Disclosure of such information would be contrary to the public interest;
- 2 • Disclosure of such information would be seriously detrimental to the issuer, provided that the omission would not be likely to mislead the public;
- 3 • Such information is of minor importance for the offer or admission envisaged and is not such as will influence the assessment of the financial condition and prospects of the issuer of the guarantor, if any, of the financial securities being offered to the public or admitted to trading on a regulated market.
- 4 • Such information concerns a European Union Member State as the guarantor of the offer of financial securities.

Article 212-19

Without prejudice to adequate information of investors, the contents of the prospectus may be adapted, in exceptional circumstances and under AMF supervision, and subject to the inclusion of equivalent information, if some of the items prove to be inappropriate to the nature of the financial securities concerned, to the business or legal form of issuer or to a person or entity that proceeds with a public offer in accordance with the Monetary and Financial Code or that Article L. 411-1 obliges admission to trading on a regulated market. In the absence of equivalent information, the issuer, person or entity that proceeds with a public offer in accordance with the Monetary and Financial Code or admission to trading on a regulated market shall be authorised, under AMF supervision, to omit the items in question from the prospectus.

Article 212-19 bis

The list of items of information not included in the prospectus in accordance with Articles 212-18 and 212-19 forms part of the documentation required to scrutinise the dossier mentioned in Article 212-6. The content of this list and the procedure for submitting it to the AMF are determined by delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and by an AMF instruction.

Paragraph 7 - Conditions For Issuance Of Approval

Sub-paragraph 1 - General provisions

Article 212-20

Where the requirements of this Chapter have been met, and particularly where the AMF has received the declarations referred to in Articles 212-14 to 212-16, the AMF shall issue its approval of the prospectus.

Before issuing its approval, the AMF may request additional investigations from the statutory auditors or ask for an audit to be carried out by an external specialist, appointed with its agreement, if it considers that the statutory auditors have not exercised due care.

Article 212-21

The documentation needed to scrutinise the dossier shall be submitted to the AMF when the draft prospectus is filed. The content and submission procedure for such documentation are specified in the delegated regulation (EU) 2016/301 of 30 November 2015

relating to the approval and publication of the prospectus and dissemination of advertisements and in an AMF instruction.

The AMF shall acknowledge receipt of the draft prospectus within the period and according to the procedure specified in the delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and in an AMF instruction.

If the dossier is incomplete, the AMF shall so inform the person that filed the draft prospectus within the ten trading days following the date on which the draft prospectus was filed.

The AMF shall announce its approval within ten trading days following the filing date.

For a public offer or admission of financial securities to trading on a regulated market, where the issuer has drawn up a registration document and registered it in accordance with Article 212-13:

- 1** • Either it shall file a securities note in accordance with an AMF instruction no later than five trading days before the proposed date for obtaining approval for the offer or admission;
- 2** • Or it may benefit from a simplified authorisation procedure, at the end of which the AMF issues its authorisation within the three trading days following the filing date on condition that:
 - a** • the authorisation request does not fall within the scope of Book VI of the Commercial Code in respect of companies in difficulty or equivalent provisions in foreign law; and
 - b** • that the issuer has filed a note relating to financial securities and a summary in accordance with the corresponding securities note template (including the summary) produced by the Association Française des Marchés Financiers (AMAFI) and approved by the AMF.

The filing of a draft prospectus under the simplified authorisation procedure must be accompanied by the submission to the AMF of the supplementary documentation needed for scrutinising the dossier, whose content and submission procedure are specified in the delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and in an AMF instruction.

The AMF shall indicate to the issuer and the investment services provider whether the issuer's request for a simplified authorisation procedure is accepted or refused within two trading days following the filing date. The failure of the AMF to respond within this period may be taken as acceptance of the issuer's request. In the event of refusal, the ten trading days' scrutiny period includes these two trading days.

If, when scrutinising the dossier, the AMF states that the documents are incomplete or that additional information must be incorporated, the ten, five or three trading days mentioned in the fourth and fifth paragraphs shall commence only when the AMF has received the missing or additional information.

Sub-paragraph 2 - Provisions applicable to a first public offer or first admission to trading on a regulated market

Article 212-22

Article 212-21 shall not apply to a first public offer or first admission to trading on a regulated market.

The documentation needed to scrutinise the dossier shall be submitted to the AMF when the draft prospectus is filed. The content and submission procedure for such documentation are specified in the delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and in an AMF instruction.

The AMF shall acknowledge receipt of the initial filing of the prospectus within the period and according to the procedure described in an AMF instruction and the delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and

publication of the prospectus and dissemination of advertisements.

If the dossier is incomplete, the AMF shall so inform the person that filed the draft prospectus, at the earliest opportunity. If the dossier is complete, the AMF shall send the issuer a notice of filing.

The AMF shall announce its approval within twenty trading days of the filing date.

If, when scrutinising the dossier, the AMF states that the documents are incomplete or that additional information must be incorporated, the time limit mentioned in the fifth paragraph shall commence only when the AMF has received the missing or additional information.

Article 212-23

- 5 • The issuer shall disseminate the base document as soon as it has been notified of the registration notice as specified in Article 212-27. It may, however, take it upon itself to delay dissemination provided it refrains from disclosing any material information in the base document to persons not subject to a confidentiality or secrecy obligation. Accordingly, online publication of the registration notice, as provided for in Point 4°, shall be delayed for as long as confidentiality is maintained.

In any case, the base document shall be disseminated no later than five trading days before the proposed date for obtaining approval for the offer or admission.

- 6 • For the admission to trading of financial securities, the issuer shall file a draft securities note no later than five trading days before the proposed date for obtaining approval for the transaction.

Paragraph 8 - Existence of a recent prospectus

Article 212-24

I. - The prospectus shall be valid for other public offers or admissions to trading on a regulated market for a period of twelve months after approval by the AMF provided it has been completed by the supplements required by Article 212-25.

II. - A previously filed or recorded registration document shall be valid for a period of twelve months provided it has been updated in accordance with Article 212-13.

The registration document accompanied by the securities note, updated as necessary in accordance with Article 212-10, and the summary of the prospectus shall be considered to constitute a valid prospectus.

A non-exhaustive list of situations in which a supplementary note is required is provided in delegated regulation (EU) no. 382/2014 of 7 March 2014 relating to the publication of supplements to the prospectus.

The document shall be published and disseminated with the same arrangements as were applied when the initial prospectus was published.

The summary note, and any translation thereof, shall also be supplemented if necessary to take into account the new information included in the supplement.

II. - Investors who have already agreed to purchase or subscribe for financial securities before the supplement is published shall have the right, exercisable within a time limit that shall be no shorter than two trading days after publication of the supplement, to withdraw their acceptance, provided that the new factor, material mistake or inaccuracy referred to in Paragraph I was prior to the final closing of the public offer and delivery of the financial securities. This time limit may be extended by the issuer or the offeror. The date on which this right to withdraw expires must be specified in the supplement.

Article 212-29

All information other than advertising information about a public offering or an admission of financial securities to trading on a regulated market shall be consistent with the information in the prospectus, regardless of its form and method of dissemination, and shall comply with the requirements of Commission Delegated Regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and notably with the principles stated in points (c) and (d) of Article 12 regarding, respectively, the need for balanced information and the absence of alternative performance indicators concerning the issuer, unless these indicators appear in the prospectus itself.

Section 3 - Special Cases (Articles 212-31 à 212-38-2)

Paragraph 1 - Base prospectus

Article 212-31

An offering programme means a programme that permits the issuance of non-equity securities, including warrants in any form and having a similar category, in a continuous or repeated manner during a specified issuing period.

Article 212-32

For the types of financial securities listed below, the prospectus may consist of a base prospectus containing all relevant information about the issuer and the securities being offered to the public or admitted to trading on a regulated market:

- 1 • Debt securities, including debt warrants in any form, issued under an offering programme;
- 2 • Debt securities issued on a continuous or repeated basis by credit institutions:

- a • where the sums received from issue of the securities are placed in assets that provide sufficient coverage of the liabilities deriving from securities until their maturity date;
- b • where, in the event that the related credit institution is unable to meet its current liabilities, the sums referred to in a) are intended to repay the principal and interest falling due, without prejudice to the provisions of Articles L613-25 to L. 613-31-10 of the Monetary and Financial Code.

The information given in the base prospectus shall be supplemented, if necessary, with updated information on the issuer and on the securities being offered to the public or admitted to trading on a regulated market, in accordance with Article 212-25.

If they are neither included in the base prospectus, nor in a supplement, the final terms of the offer shall be made available to investors and filed with the AMF which communicates them to the competent authority of the host Member State or host Member States at the earliest opportunity following the announcement of the offer and, if possible, before the offer is launched. The AMF shall communicate those final terms to the ESMA. In such case, the provisions of paragraph 1 of Article 212-17 shall apply.

The final terms may only contain information concerning the securities note and may not serve as a supplement to the base prospectus.

[Article 212-33](#)

In the case of an offering programme, the previously filed base prospectus shall be valid for 12 months.

In the case of the financial securities referred to in Point 2° of Article 212-32, the base prospectus shall be valid until no further securities of the same type are being issued on a continuous or repeated basis.

Section 2 - Crossing of shareholding thresholds, declarations of intent and changes of intent (Articles 223-11 à 223-17)

Commission Delegated Regulation (EU) [2015/761](#) of 17 December 2014 supplementing Directive 2004/109/EC of the European Parliament and of the Council with regard to certain regulatory technical standards on major holdings

Sub-section 1 - Major shareholdings

Paragraph 1 - Common provisions

[Article 223-11](#)

I. - The participation thresholds referred to in Article L. 233-7 of the Commercial Code shall be calculated on the basis of the shares and voting rights owned, plus, even if the person concerned does not itself hold shares or voting rights elsewhere, the shares and voting rights treated as if they were owned pursuant to Article L. 233-9 of said code. These are calculated in relation to the total number of shares making up the capital of the company and the total number of voting rights attached to these shares.

The total number of voting rights is calculated on the basis of all the equities to which voting rights are attached, including equities whose voting rights have been suspended.

II. - Pursuant to Point 4°, Section I of Article L. 233-9 of the Commercial Code, the person required to make the notification referred to in Part I shall take account of the maximum number of issued shares that it is entitled to acquire on its own initiative alone, immediately or at the end of a maturity period, under an agreement or a financial instrument, without set-off against the number of shares that said person is entitled to sell under another agreement or financial instrument. The financial instruments referred to in Point 4°, Section I of said article are, inter alia:

- 1 • Bonds that are exchangeable or redeemable in shares;
- 2 • Futures and forward contracts;
- 3 • Options, whether exercisable immediately or at the end of a maturity period, and regardless of the level of the share price relative to the option strike price.

Where the option can be exercised only if the share price reaches a threshold stipulated in the contract, it shall be treated in the same way as a share once this threshold is reached; if not, it is subject to the information requirement mentioned in the third paragraph of Section I of Article L. 233-7 of the Commercial Code.

III. - Pursuant to Point 4° bis of Section I of Article L. 233-9 of the Commercial Code, the person required to make the notification referred to in Part I shall take account of issued shares covered by an agreement or cash-settled financial instrument and having an economic effect for said person that is equivalent to owning said shares, irrespective of whether said agreement or financial instrument carries the right to physical settlement or cash settlement.

This applies in particular to:

- 1 • Bonds that are exchangeable or redeemable in shares;
- 2 • Futures and forward contracts;
- 3 • Options, whether exercisable immediately or at the end of a maturity period, and regardless of the level of the share price relative to the option strike price;
- 4 • Warrants;
- 5 • Securities repurchase agreements;
- 6 • Securities financing agreements;
- 7 • Contracts for difference;
- 8 • Equity swaps;
- 9 • Any financial instrument exposed to a basket of shares or an index. The number of shares or voting rights to be taken into account by the reporting person in the case of financial instruments referenced to a basket of shares or an index shall be calculated based on the relative importance of the share in the basket or the index if one of the following conditions is fulfilled:
 - the shares represent 1% or more of the same class of shares issued by the issuer;
 - the shares represent 20% or more of the total value of the securities in the basket or index.

Where a financial instrument is referenced to a series of baskets of shares or indices, the shares and voting rights held through the individual baskets of shares or indices shall not be accumulated for the purpose of calculating the thresholds set out in paragraph 1.

The number of shares or voting rights to be taken into account by the reporting person having an agreement or a financial instrument carrying the right to cash settlement shall be calculated by multiplying the maximum number of shares and voting rights covered by the agreement or financial instrument by the delta of the agreement or instrument.

The delta shall be calculated using a generally accepted standard pricing model. A generally accepted standard pricing model shall be a model that is generally used in the finance industry for that financial instrument and that is sufficiently robust to take into account the elements that are relevant to the valuation of the instrument. The elements that are relevant to the valuation shall include at least all of the following:

- interest rate;
- dividend payments;

2024-01-04

- time to maturity;
- volatility;
- price of underlying share.

When determining delta, the holder of the financial instrument shall ensure all of the following:

- that the model used covers the complexity and risk of each financial instrument;
- that the same model is used in a consistent manner for the calculation of the number of voting rights to be taken into account by the reporting person.

Information technology systems used to carry out the calculation of delta shall ensure consistent, accurate and timely compliance with the time period stipulated in Article 223-14.

The number of voting rights shall be calculated daily based on the last closing price of the underlying share.

There shall be no set-off with any short position held by the reporting person as a result of another agreement or cash-settled financial instrument.

Article 223-11-1

I. - Where the holder of the agreements or financial instruments referred to in Points 4° or 4° bis of Section I of Article L. 233-9 of the Commercial Code comes into possession of shares covered by said agreements or instruments and in doing so exceeds one of the thresholds referred to in Section I of Article L. 233-7 of said code, whether alone or in concert, these shares shall be subject to a new disclosure, as provided in Article L. 233-7 of the code. The same applies to the voting rights attached to these shares.

II. - Where the same shares and voting rights can be aggregated in accordance with several of the cases referred to in Section I of Article L. 233-9 of the Commercial Code, the person required to make the disclosure provided for in Section I of Article L. 233-7 of the code shall aggregate them only once.

Article 223-12

I. - Pursuant to Point 2° of Part II of Article L. 233-9 of the Commercial Code, the following shall not be treated as shares or voting rights held by the person required to provide the notification provided for in Part I of Article L. 233-7 of the aforementioned code: equities held in a portfolio managed by an investment service provider controlled by that person within the meaning of Article L. 233-3 of the Commercial Code in connection with an asset management service, if the provider is able to exercise the voting rights attached to these equities only on the instructions of its client or if it provides assurance that the asset management business is conducted separately from all other activities.

II. - Application of Part I of this Article and Point 1° of Part II of Article L. 233-9 of the Commercial Code shall be subject to the immediate submission of the following information to the AMF by the person required to provide the notification:

- 1 • The list of the management companies or investment service providers, citing their competent supervisory authorities or, failing that, that no authority is responsible for their supervision, but without mentioning the issuers concerned;
- 2 • A statement to the effect that the person required to provide the notification complies with the requirements of this article for each management company or investment service provider concerned.

Said person shall keep the list mentioned in Point 1° up to date.

III. - The person mentioned in Part II must be able to prove to the AMF at its demand that:

- 1 • The person's organisational structures, along with those of the management company or the investment service provider, are set up in such a way that the provider exercises the voting rights independently and that the provider and the person required to provide the notification have established procedures and rules of conduct aimed at preventing the disclosure of information about the exercise of voting rights between said person and the management company or investment service provider;
- 2 • The persons who set the procedures for exercising voting rights shall act independently;
- 3 • If the person mentioned in Part II is a customer of the management company or the provider or if said person holds a share of the assets managed by the provider, there shall be a written agency agreement clearly establishing a mutually independent relationship between said person and the management company or the investment service provider.

IV. - The provisions of Article L. 233-9 of the Commercial Code shall not apply if the management company or the investment service provider is able to exercise voting rights only on the direct or indirect instructions of the person required to provide the notification mentioned in Point I the aforementioned Article L. 233-7 or of any other person controlled by that person within the meaning of the aforementioned Article L. 233-3.

For the purposes of this paragraph:

- 1 • "Direct instruction" shall mean any instruction given by the person required to provide the notification or any person controlled by that person within the meaning of Article L. 233-3 of the Commercial Code, stipulating how the management company or the investment service provider should exercise the voting rights under given circumstances;
- 2 • "Indirect instruction" shall mean any general or specific instruction given in any form by the person required to provide the notification or any person controlled by that person within the meaning of Article L. 233-3 of the Commercial Code that limits the discretion of the management company or the investment service provider in the exercise of the voting rights in order to serve the commercial interests of the person required to provide the notification or the controlled person.

Article 223-12-1

Point II of Article L. 233-9 of the Commercial Code shall apply to investment providers whose registered offices are not located in States party to the European Economic Area Agreement and which would have been authorised under the terms of Article 5, paragraph 1 of Directive 85/611/EEC, or in the case of asset management, under the terms of Section A, Point 4 of Annex I to Directive 2004/39/EC if their registered offices, or in the case of investment service providers only, their central offices, were located in States party to the European Economic Area Agreement, when under the legislation of those States:

- 1 • The management company or the investment service provider must be free, under all circumstances, to exercise the voting rights attaching to the assets under its management, independently of the person controlling it;
- 2 • The management company or the investment service provider must not take into consideration the interest of the person controlling it or any person controlled by that person in the event of a conflict of interest;
- 3 • The person required to provide the notification shall comply with the provisions of Point 1° of the last paragraph of Part II of Article 223-12 and file a statement with the AMF to the effect that it complies with the requirements stipulated in Points 1° and 2° for each management company or investment service provider concerned.

The person required to provide the notification shall be subject to the provisions of Part III of Article 223-12.

Article 223-13

I. - The notification requirements provided for in Parts I, II and III of Article L. 233-7 of the Commercial Code do not apply to equities:

- 1 • 1° Acquired solely for the clearing, settlement or delivery of financial instruments under the short-term settlement cycle

lasting no more than three trading days after the transaction;

2 • 2° Held by an investment services provider in its trading book within the meaning of Directive 2006/49/EC of the Parliament and of the Council of 14 June 2006 on the capital adequacy of investment firms and credit institutions, provided that:

- a • These equities represent 5% or less of the share capital or voting rights of the issuer;
- b • The voting rights attached to these equities are not exercised nor otherwise used to intervene in the management of the issuer;

The threshold referred to in the previous paragraph shall be calculated on the basis of the shares and voting rights owned, plus the shares and voting rights treated as if they were owned pursuant to Article L. 233-9 of the Commercial Code. These are calculated in relation to the total number of shares making up the capital of the company and the total number of voting rights attached to these shares.

II. - The notification requirements provided for in Parts I, II and III of Article L. 233-7 of the Commercial Code shall not apply to any market maker whose shareholding breaches the threshold of 5% of the share capital or voting rights in connection with market-making activities, provided:

- 1 • That it does not intervene in the issuer's management;
- 2 • That it does not exert any influence on the issuer to buy such equities or to support the price of such equities.

III. - A market maker shall notify the AMF within five trading days of starting its activity that it is making or intends to make a market for a given issuer. It shall also notify the AMF within the same period when it stops making a market for the issuer concerned.

This notification shall be made using a standard form to be defined by an AMF Instruction.

IV. - A market maker shall submit to the AMF at its request:

- 1 • Means of identifying the equities or financial instruments concerned. The market maker shall register them in a separate account, if it cannot identify them by any other means;
- 2 • Where applicable, any agreements between the market maker and the market undertaking, or the issuer.

Article 223-14

I. - The persons required to make the notification referred to in Section I of Article L. 233-7 of the Commercial Code shall file it with the AMF no later than the close of trading on the fourth trading day after the shareholding threshold has been crossed.

7 • Where applicable, the chain of undertakings controlled within the meaning of Article L. 233-3 of the Commercial Code through which the shares and voting rights are held;

It is disclosed to the public by the AMF within three trading days from receipt of the full notification. Article 223-15

In the case provided for in Point 8° of Part I of Article L. 233-9 of the Commercial Code, the notification mentioned in Article 223-14 may take the form of a single notification, provided that it clearly explains what the situation will be with regard to voting rights when the proxy holder is no longer able to exercise them after the proxy expires. In this case, the proxy holder is no longer required to give notice when its shareholding goes under the thresholds stipulated in Article L. 233-7 of the Commercial Code after the proxy expires.

[Article 223-32](#)

Without prejudice to the provisions of Article 223-6, in particular when the market for the financial instruments of an issuer is subject to large price swings or unusual trading volumes, the AMF may require persons to publicly disclose their intentions within a set deadline, where there is reason to believe they are preparing a takeover bid, either alone or in concert with others within the meaning of Article L. 233-10 of the Commercial Code. This shall be the case, for example, in the event of discussions between the issuers concerned or the appointment of advisors with a view to preparing a public offer.

The information is publicly disclosed in a news release submitted in advance to the AMF for approval and in accordance with Article 221-3.

[Article 223-33](#)

Where the persons mentioned in Article 223-32 state their intention to file a draft offer, the AMF sets the date on which they must publish a release describing the terms of the draft offer, or, depending on the circumstances, file a draft offer.

The news release referred to in the first paragraph should mention the financial terms of the draft offer, any agreements that could affect its execution, the equity interest held in the issuer in question, any conditions that must be satisfied before the draft offer is filed, and the proposed timetable.

The AMF may request any information it deems necessary.

If the terms of the draft offer are not disclosed or if the draft offer is not filed within the deadline mentioned in the first paragraph, the persons in question are deemed not to have the intention of filing a draft offer and are subject to the provisions of Article 223-35.

[Article 223-34](#)

When a person makes the characteristics of a draft offer public under the terms of Articles 223-6 or 223-33, including the nature of the offer and the planned price or exchange ratio, that person shall immediately notify the AMF and the AMF shall so notify the market by means of a publication. This publication shall mark the beginning of the pre-offer period, as defined in Article 231-2 (5°).

If the person referred to in the first paragraph abandons the planned offer, it shall immediately notify the AMF.

In the circumstances referred to in the previous paragraph, or if a draft offer is not filed within the deadline mentioned in Article 223-33, the AMF shall notify the market by means of a publication.

If the persons mentioned in Article 223-32 indicate that they do not intend to file a draft offer, or if they are deemed not to have

such an intention pursuant to the final paragraph of Article 223-33, they may not file a draft offer for a period of six months starting from when they made their statement or from the expiry of the deadline mentioned in the final paragraph of Article 223-33, unless they provide evidence of major changes in the environment, situation or shareholding structure of the persons concerned, including the issuer itself.

During the period mentioned in the first paragraph, these persons may not place themselves in a situation in which they are obliged to file a draft offer. If they increase, by 2% or more, the number of equity securities and securities giving access to capital or voting rights that they hold in the issuer, they must report this immediately and indicate the objectives that they intend to pursue through to the expiry of the period.

The information mentioned in the previous paragraph shall be publicly disclosed according to the conditions and procedures set forth in Article 222-22.

Section 8 - Provisions applying to issuers of financial instruments that are no longer traded on a regulated market (Article 223-36)

Article 223-36

When an issuer of financial instruments that are traded on a regulated market plans to apply for admission of its financial instruments to trading on an organised multilateral trading facility within the meaning of Article 524-1, it shall so notify the public at least two months before the planned date for the admission of the financial instruments to trading on the relevant multilateral trading facility under the terms of V of Article L. 421-14 of the Monetary and Financial Code. The notice shall specify the reasons therefor and the consequences for shareholders and the public, following procedures that are identical to those stipulated in Article 221-3. The notice shall also include the timetable for the move.

Title III - Takeover bids (Articles 231-1 à 238-5)

Chapter I - General rules and common provisions (Articles 231-1 à 231-56)

Section 1 - Scope, definitions and general principles (Articles 231-1 à 231-7)

[Article 231-1](#)

This title applies to:

- 1 • All public offers made to holders of financial instruments traded on a regulated market in a European Union Member State or a State party to the EEA Agreement, including France, where the AMF is the competent authority in the cases provided for in Parts I and II of Article L. 433-1 of the Monetary and Financial Code, by a person acting alone or in concert within the meaning of Articles L. 233-10 and L. 233-10-1 of the Commercial Code, with the aim of acquiring some or all of the financial instruments concerned;
- 2 • Public offers concerning financial instruments that are admitted to trading on an organised multilateral trading facility within the meaning of Article 524-1, under the conditions provided for by Articles L. 433-1 (IV), L. 433-3 (II) and L. 433-4 (V) of the Monetary and Financial Code;
- 3 • Buyout offers of financial instruments that are no longer admitted to trading on a regulated market or on an organised multilateral trading facility within the meaning of Article 524-1;
- 4 • Public offers concerning financial instruments that are no longer admitted to trading on a regulated market in order to be admitted to trading on an organised multilateral trading facility within the meaning of Article 524-1, for a period of three years beginning from said admission, under the conditions provided for by Article L. 433-5 of the Monetary and Financial Code.

The AMF may apply these rules, excepting those governing buyout offers with squeeze-outs, and squeeze-outs, to public offers for financial instruments issued by companies whose registered offices are not in a Member State of the European Union or a State party to the EEA Agreement, where these instruments are admitted to trading on a French regulated market.

For the purposes of this Title, the financial securities are those referred to in Section II of Article L. 211-1 of the Monetary and Financial Code and all equivalent instruments issued under foreign law.

For the purposes of this Title, the direct or indirect holding of a fraction of voting rights is assessed on the total number of voting rights, calculated on the basis of all shares to which voting rights are attached, including shares whose voting rights have been suspended.

Sub-section 2 - Definitions

[Article 231-2](#)

For the purposes of this Title:

- 1 • The offeror is any natural or legal person or legal entity that files a draft offer or on whose behalf one or more investment services providers file such draft offer;
- 2 • The target company is the issuer of the financial instruments to be acquired through the offer;
- 3 • The persons concerned are the offeror, the target company, and any persons or entities acting in concert with one of the preceding parties;
- 4 • The service providers concerned are investment services providers or the French or foreign institutions sponsoring the offer or advising the persons concerned by the offer;
- 5 • The pre-offer period is the period of time between the publication by the AMF for the purposes of the first paragraph of Article 223-34 and the start of the offer period or, if a draft offer is not filed, the publication by the AMF for the purposes of the last paragraph of Article 223-34;

- 6 • The offer period is the time between the publication by the AMF of the main provisions of the draft offer filed with the AMF, for the purposes of Article 231-14, and the publication of the outcome of the offer, or, where appropriate, the outcome of the re-opening of the offer for the purposes of Article 232-4;
- 7 • The offer term is the time between the opening and closing dates of the offer as published by the AMF for the purposes of Article 231-32.

Sub-section 3 - General principles

[Article 231-3](#)

To allow an offer to be conducted in an orderly fashion in the best interests of investors and the market, the parties concerned shall respect the principles of free interplay of offers and counter-offers, equal treatment and information for all holders of the securities of the persons concerned by the offer, market transparency and integrity, and fairness of transactions and competition.

[Article 231-4](#)

The persons concerned by the offer shall comply with the rules of this title during the offer period.

[Article 231-5](#)

Once a draft offer has been filed, any restrictive clause agreed by the parties concerned by the offer or their shareholders that could have an impact on the assessment of the offer or its outcome, subject to assessment by the courts of its validity, must be disclosed to the parties concerned by the offer, the AMF and the public. If it was not possible to mention the clause in the offer document(s), because of the date on which the agreement was concluded or for another reason, the signatories shall, as soon as the agreement has been concluded, publish a news release detailing the content of the clause in accordance with Article 221-3.

[Article 231-6](#)

Save for the exceptions mentioned in Article 233-1, the offer must be for all the equity securities as well as any securities giving access to the capital and voting rights of the target company.

[Article 231-7](#)

During the public offer period, the offeror and the target company shall ensure that their acts, decisions and declarations do not compromise the corporate interest or the equal treatment and information of holders of the securities of the companies concerned.

If the Board of Directors or the Management Board, after obtaining the authorisation of the Supervisory Board of the companies concerned, should decide to make a decision which is likely to cause the offer to fail, they shall inform the AMF to this effect.

Section 2 - Nature of the offer and conditions precedent (Articles 231-8 à 231-12)

[Article 231-8](#)

An offer may consist of:

- 1 • a single offer proposing a purchase of the target securities, an exchange for existing securities or securities to be issued, or a payment in cash and securities;
- 2 • an alternative offer;
- 3 • a principal offer with one or more non-severable subordinate options.

Where the securities provided in exchange are not liquid securities admitted to trading on a regulated market in a Member State of the European Union or a State party to the EEA Agreement, the offer must include a cash option.

If, in the twelve months before the offer is filed, the offeror, acting alone or in concert, has purchased, for cash, securities giving it

more than 5% of the shares or voting rights of the target company, the offer must include a cash option.

Where the offer consists of an alternative offer or a single offer proposing payment in cash and securities, the AMF shall assess the validity of the offeror's designation of it as a public cash offer or public exchange offer.

The offeror may give holders the option of selling their securities at a later date, provided that the option is exercisable within a reasonable time, that it is subordinate to the principal offer, and that exercise of the option

is unconditionally guaranteed by the institution sponsoring the offer as defined in Article 231-13. Any arrangements that consist in offering payment at a later date of the difference between the future market price and the future offer price must contain guarantees and advantages equivalent to those of a deferred sale.

Article 231-9

I. - 1° Any public offer made following the normal procedure referred to in Chapter II of this Title, at the close of which the offeror, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, does not hold a number of shares representing a fraction of more than 50% of the share capital or voting rights, shall be null and void. This threshold shall be determined following the rules set out in Article 234-1.

2° However, when reaching a majority seems impossible or unlikely for reasons unrelated to the characteristics of the offer, the AMF may, at the request of the offeror, authorise this threshold to be waived or lowered to below 50% of the share capital or voting rights, particularly where:

a) the target company is already controlled, within the meaning of Article L. 233-3 of the Commercial Code, by a person other than the offeror, who is not acting in concert with him within the meaning of Article L. 233-10;

b) commitments not to tender to the offer have been given by one or several shareholders of the target company, in particular if the application of the threshold referred to in 1° obliges the offeror to acquire at least two-thirds of the securities likely to be tendered to the offer;

c) there are one or several competing offers;

d) provisions of law, regulation or bylaw prevent any majority control being acquired. The AMF shall rule on the basis of the principles set forth in Article 231-3.

II. - Without prejudice to the provisions referred to in I, where the offer is not subject to the terms of Chapter IV of this title, the offeror may stipulate in its offer that a number of securities must be tendered, expressed as a percentage of the share capital or voting rights, below which it reserves the right to withdraw its offer.

Article 231-10

An offeror making draft offers for two or more different companies may stipulate that if the threshold or thresholds set pursuant to Article 231-9 is/are reached in one of the offers, it will declare the offer to have succeeded only if this threshold is reached in the other offer or offers. While the offers are open, the offeror may withdraw this condition or the threshold condition referred to in Article 231-9 II, notably in the case of competing or improved offers on one of the target companies.

Article 231-11

If, under competition rules, notice of the draft offer must be given to the European Commission, the Autorité de la concurrence or the competent authority in this regard in another State party to the EEA Agreement or the United States of America, the offeror may stipulate the condition precedent of obtaining the decision provided for in Article 6-1 a) or b) of EC Regulation 139/2004, the authorisation provided for in Article L. 430-5 of the Commercial Code, or any authorisation of the same nature issued by the foreign State.

An offeror that seeks to assert such provisions shall provide the AMF with a copy of the notices to the authorities concerned or

any document attesting to the steps taken to inform those authorities and shall keep the AMF informed of the progress of the procedure.

The offer shall lapse if the proposed transaction becomes subject to the procedure of Article 6-1 (c) of EC Regulation 139/2004, or the procedure of Article L. 430-5 (III), point 3, of the Commercial Code, or becomes subject to a similar procedure before the competent authority of a foreign State. The offeror shall disclose whether it is seeking to pursue the intended transaction with the authorities to which the case has been referred.

The provisions of the previous paragraphs also apply to a draft offer of which, under competition rules, notice must be given to a foreign competent authority other than those previously mentioned, if the procedure followed for the purposes of obtaining said authorisation is subject to a time frame compatible with a period of ten weeks beginning from the opening of the offer, unless the AMF agrees to extend the offer timetable. The AMF then rules in light of the principles defined in Article 231-3, after having obtained the opinion of the competent body of the target company.

Article 231-12

Where the proposed offer calls for remittal of securities to be issued, the irrevocability of the offeror's commitments entails an obligation to propose a resolution to the general meeting of the issuing company's shareholders authorising issuance of the securities under the conditions and clauses of the proposed offer, as consideration to persons tendering their securities to the offer, unless the company's governing body has already obtain an express delegation of authority to this effect.

Depending on the applicable provisions of law, regulation or bylaw governing the offeror, the AMF may authorise the offeror to make opening of the offer conditional on its being authorised by a general meeting of shareholders, provided that such a meeting has already been called before the draft offer is filed.

Section 3 - Filing of the draft offer, the draft offer document and the draft reply document (Articles 231-13 à 231-15)

Article 231-13

I. - The draft offer shall be filed by one or more investment services providers authorised to act as underwriter(s) and acting on behalf of the offeror(s).

The filing is made by means of a letter addressed to the AMF guaranteeing the tenor and irrevocable nature of the commitments made by the offeror. This letter must be signed by at least one of the sponsoring institutions.

II. - This letter shall stipulate:

- 1 • The aims and intentions of the offeror;
- 2 • The number and type of securities of the target company that the offeror already holds, alone or in concert, or may hold on its own initiative, as well as the date and terms on which such holdings were acquired in the last twelve months or may be acquired in the future;
- 3 • The price or exchange ratio at which the offeror proposes to acquire the target securities, the basis on which such price or ratio was determined, and the proposed conditions of payment or exchange;
- 4 • If applicable, the conditions required pursuant to Articles 231-9 II to 231-12;
 4. bis If the withdrawal threshold referred to in 1° of Article 231-9 I is applicable to the offer, the number of shares and voting rights represented by this threshold on the date when the offer was filed and, where appropriate, the reasons for which the offeror has applied to the AMF for application of 2° of Article 231-9 I;
- 5 • The specific procedures by which the financial instruments of the target company will be acquired and, where applicable, the identity of the investment services provider appointed to acquire them on behalf of the offeror.

- 6 • In the cases provided for in Article L. 2312-47 of the Labour Code, if the procedure to inform and consult the economic and social committee of the target company, referred to in Article L. 2312-46 of the Labour Code began to the announcement of the offer.

III. - The letter shall be accompanied by:

- 1 • The draft offer document drawn up by the offeror, on its own or jointly with the target company. In the cases provided for in Article 261-1, the offeror's draft offer document may not be prepared jointly with the target company, except in the event of a squeeze-out;
- 2 • Copies of any prior notices given to other bodies empowered to authorise the proposed transaction.

IV. - In the case provided for in Part III of Article L. 433-3 of the Monetary and Financial Code, the letter shall also be accompanied by:

- 1 • The filed offer document or a draft of the offer document that will be filed;
- 2 • Any other document constituting a binding commitment proving that an irrevocable and fair draft offer has been or will be filed for all the equity securities and securities giving access to the capital or voting rights of the company of which more than 30% of the shares or voting rights is held, where such holding constitutes an essential part of the target company's assets.

V. - In all cases, an electronic version of the draft offer document must be sent to the AMF for posting on its website.

[Article 231-14](#)

The AMF shall make public the main provisions of the draft offer. Such publication shall signal the beginning of the offer period.

[Article 231-15](#)

Once the draft offer has been filed, the Chairman of the AMF may ask the market undertaking that runs the regulated market on which the target company's securities are admitted to trading to halt trading in those securities under the terms of Article L. 421-15 of the Monetary and Financial Code. Under the terms of Articles L. 424-5 and L. 425-3 of the Monetary and Financial Code, the AMF Chairman may also ask the person running a multilateral trading facility to suspend trading in the securities of the target company or a systematic internaliser to suspend its activity with regard to those securities.

Such request may also extend to other securities concerned by the draft offer.

The request shall be made to all market undertakings, multilateral trading facility operators and systematic internalisers trading in the target securities, as necessary.

Section 4 - Disclosures to shareholders and the public (Articles 231-16 à 231-17)

[Article 231-16](#)

I. - Once the offer period begins, the draft offer document shall be made available to the public free of charge at the offices of the offeror and the sponsoring institution(s). Where the offer document has been prepared jointly with the target company, it shall also be made available at the offices of the target company and the organisations engaged as paying agent for the target company's securities.

Where the registered office of the offeror or sponsoring institution is outside France, the offer document must be made available at the offices of an investment services provider in France designated for this purpose by the offeror or sponsoring institution.

The draft offer document shall also be published on the website of the offeror and, if it was prepared jointly with the target company, on the website of the target company, provided that these companies have websites.

II. - In all cases, a copy of the draft offer document must be sent free of charge to any person who requests it.

III. - On or before the date that the draft offer is filed with the AMF, a news release shall be issued. The offeror shall ensure that the release is distributed in accordance with Article 221-3. This news release shall present the main elements of the draft offer document and explain how the document is being made available.

IV. - The draft offer document and the news release mentioned in Part III shall include the words: "This offer and the draft offer document are subject to AMF approval".

Article 231-17

The target company may, once the news release mentioned in Part III of Article 231-16 has been published, issue its own news release in accordance with Article 221-3 to inform the public of the opinion of its Board of Directors or Supervisory Board or, in the case of a foreign company, the competent governing body, on the benefits of the offer or the consequences of the offer for the target company, its shareholders and its employees.

Where applicable, the news release shall mention the findings of the report by the independent appraiser appointed pursuant to Article 261-1 and the findings of the company economic and social committee opinion referred to in Article L. 2312-46 of the Labour Code. If the news release is published before the appraiser submits his report or the works council of the target company submits the opinion referred to in Article L. 2312-46 of the Labour Code, the target company shall issue another release when the report or the opinion is published, mentioning the appraiser's findings, the reasoned opinion of the governing bodies referred to in the first paragraph and the findings of the works council opinion.

In all cases, if the independent appraiser has not completed his assignment or has not been appointed by the time the offeror files its draft offer document, the target company shall issue a news release to inform the public of the identity of the independent appraiser as soon as the offeror publishes its draft document or as soon as the appraiser is appointed.

The AMF may request any disclosure that it deems necessary.

[Article 231-48](#)

The AMF shall publish the reports filed with it under the terms of Articles 231-46 and 231-47.

Exceptionally, the AMF may adapt the format of the publication of the declarations made to it pursuant to Articles 231-46 and 231-47 if the declarant proves that the publication may cause it harm, particularly in the sense that it would give rise to a market risk.

Sub-section 2 - Special provisions for investment services providers

[Article 231-49](#)

Any investment services provider or custody account keeper involved in transmitting orders shall draw the attention of customers that cross one of the thresholds set in Articles 231-46 and 231-47 to the reporting requirements applying to them.

Paragraph 1 - Provisions applying to the service providers concerned

[Article 231-50](#)

Without prejudice to the provisions of Article L. 621-18-4 of the Monetary and Financial Code, if the financial instruments of the offeror are not admitted for trading on a regulated market, the service providers concerned shall draw up and keep an up-to-date list of the persons that have been given access to inside information relating to the offer.

The list shall include:

- 1 • The name or business name of each of the persons;
- 2 • The reason for their appearing on the list;
- 3 • The date of their inclusion on the list.

[Article 231-51](#)

I. - The service providers concerned shall report their position in the securities targeted by the offer to the AMF on a daily basis if they have increased their holding to 1% or more of the share capital of the target company, or 1% or more of the total securities other than shares targeted, since the beginning of the offer period, or the beginning of the pre-offer period, where appropriate, for as long as they hold that quantity of securities.

II. - The reports must specify:

- 1 • The identity of the person filing the report and the person or entity that controls it within the meaning of the relevant provisions;
- 2 • The number of securities held by the person reporting;
- 3 • The number of securities that the service provider concerned shall hold under the terms of any financial instrument or agreement that has a similar economic effect to that of owning the securities targeted by the offer.

The reports must be filed with the AMF by the next trading day using the form defined in an AMF Instruction. The AMF shall be entitled to ask the reporting entity for any details or further information that it deems necessary.

Paragraph 2 - Provisions applying to other investment services providers

[Article 231-52](#)

The provisions of Articles 231-46 to 231-48 shall apply to investment services providers other than the service providers concerned, unless:

- 1 • Their trading is in line with usual practices with regard to arbitrage or hedging of risks associated with customer transactions or market making;
- 2 • The positions and changes in liabilities resulting from proprietary trading do not deviate significantly from the usual pattern.

In the cases referred to in 1° and 2° above, the provisions of Article 231-51 shall apply.

The criteria set forth in this article are assumed not to be met once the investment services provider comes to hold more than 5% of the capital or voting rights of the target company.

Section 14 - Suspending the effects of restrictions on the exercise of voting rights and extraordinary powers to appoint and dismiss directors, members of the supervisory board, members of the management board, chief executive officers and deputy chief executive officers (Articles 231-54 à 231-56)

[Article 231-54](#)

The effects of statutory restrictions on the number of votes held by individual shareholders at general meetings, mentioned in the first paragraph of Article L. 225-125 of the Commercial Code, shall be suspended during the first general meeting following the close of the offer where the offeror, acting alone or in concert, has acquired more than two-thirds of the shares or voting rights of the target company.

[Article 231-55](#)

Where provided for by the articles of association, the effects of statutory restrictions on the exercise of voting rights attached to the equities of the company, and the effects of clauses in agreements concluded after 21 April 2004 providing for restrictions on the exercise of voting rights attached to the equities of the company, shall be suspended during the first general meeting following the close of the offer where the offeror, acting alone or in concert, has acquired more than one-half of the shares or voting rights of the target company.

[Article 231-56](#)

Where provided for by the articles of association, the extraordinary powers held by certain shareholders to appoint and dismiss

directors, members of the Supervisory Board, members of the Management Board, Chief Executive Officers and Deputy Chief Executive Officers shall be suspended during the first general meeting following the close of the offer where the offeror, acting alone or in concert, has acquired more than one-half of the shares or voting rights of the target company.

Chapter II - Standard procedure (Articles 232-1 à 232-13)

Section 1 - General provisions (Articles 232-1 à 232-4)

[Article 232-1](#)

Where the offeror, acting alone or in concert, holds less than one-half of the shares or voting rights of the target company, only the standard offer procedure shall apply.

[Article 232-2](#)

The term of the offer is twenty-five trading days. If the draft reply document is filed after the compliance ruling is published, the period starting on the day after the dissemination of reply document and ending with the closing of the offer shall be twenty-five trading days, without exceeding thirty-five trading days from the opening of the offer.

Exceptionally, when the offeror asserts the provisions of Article 231-11, the closing date and timetable of the offer are set after the AMF has received the documents supporting the authorization by the competition authorities mentioned in the first point of Article 231-11.

In agreement with the AMF, the market operator concerned announces the conditions and deadlines for account-keeping institutions to deposit securities tendered to the offer and for delivery and settlement in securities or cash, as well as the date on which the outcome of the offer will be available.

Orders of persons wishing to tender their securities to the offer may be cancelled at any time up to and including the closing date of the offer.

[Article 232-3](#)

In principle, the outcome of the offer is published no later than nine trading days after the closing date.

If the AMF determines that the offer has succeeded, the market operator announces the terms of settlement and delivery for the securities acquired by the offeror. If the AMF determines that the offer has not succeeded, the market operator announces the date on which the target securities will be returned to the account-keeping institutions.

If the offer is subject to an acceptance threshold or a withdrawal threshold, the AMF publishes a provisional result as soon as the market operator notifies it of the total number of securities tendered for centralisation by authorised intermediaries.

[Article 232-4](#)

Unless it is unsuccessful, any offer made following the normal procedure shall be re-opened within ten trading days of publication of the final outcome.

The guarantee of the irrevocability of the offeror's commitments referred to in Article 231-13, shall also concern the re-opening of the offer.

The AMF shall publish the timetable for the re-opened offer, which must last ten or more trading days.

However, if the offeror proceeds directly to a squeeze-out in accordance with Articles 237-14 et seq., the initial offer need not be re-opened, on condition that a squeeze-out was mentioned in the offeror's statement of intentions and that it is filed no later than ten trading days after publication of the outcome of the offer.

[Article 232-5](#)

At any time after the opening of the offer but no later than five trading days before it closes, a competing proposed offer on the securities of the target company or one of the target companies may be filed with the AMF.

[Article 232-6](#)

An offeror may improve upon the terms of its original offer or the most recent competing offer until no later than five trading days before the offer closes.

[Article 232-7](#)

To be declared compliant, a competing public cash offer or an improved cash offer must be at least 2% higher than the price stated in the public cash offer or the previous improved cash offer.

In all other cases, the AMF declares compliant any competing draft offer or improved offer which, assessed in the light of Articles 231-21 and 231-22, significantly improves upon the terms offered to holders of the target securities.

However, a competing or improved offer may be declared compliant if, without modifying the terms of its previous offer, the offeror removes or lowers the acceptance threshold below which the offer will not be declared successful.

[Article 232-8](#)

Where the AMF declares an improved offer to be compliant, it determines whether to postpone the closing date of the offer(s) and to void orders tendering securities to the earlier offer(s).

[Article 232-9](#)

Except when the terms of its offer are raised automatically, an offeror that raises its preceding offer must prepare an additional document to supplement the offer document submitted for AMF review in accordance with Article 231-20.

This supplemental document specifies how the terms of the new offer are improved relative to those of the preceding offer, indicating the changes of the various items required by Article 231-18.

The opinion and reasons therefor of the Board of Directors or Supervisory Board or, in the case of a foreign company, the competent governing body of the target company, including the information specified in Article 231-19, are communicated to the AMF. This information is made public as specified in Article 231-37.

[Article 232-10](#)

A competing offer is opened in accordance with the provisions of Article 231-32. Where the AMF determines the timetable for the competing offer, it aligns the closing dates of all competing bids on the furthestmost date, without prejudice to the provisions of Article 231-34.

Where a competing offer is opened, all orders to tender securities to the earlier offer shall be null and void.

[Article 232-11](#)

The offeror may withdraw its offer within five trading days of publication of the timetable for a competing offer or improved competing offer. If it does so, it must inform the AMF of its decision, which is made public.

The offeror may also withdraw an offer if it is frustrated or if the target company adopts measures that modify its substance, either during the offer or in the event that the offer is successful, or if the measures taken by the company make the offer more costly for the offeror. He can only use this option with the prior authorization of the AMF, which shall rule on the basis of the principles set forth in Article 231-3.

[Article 232-12](#)

When a period of more than ten weeks has elapsed since the public announcement of the opening of an offer, the AMF may, with a view to expediting comparison of competing offers and with due observance of the order of their filing, set deadlines for filing each successive improved offer.

The AMF announces its decision and specifies the implementation procedures. The deadline may not be less than three trading days from the publication of the AMF's decision on each improved offer.

Article 232-13

When a period of more than ten weeks has elapsed since the opening of an offer, the AMF may, with a view to hastening the outcome of the outstanding offers, decide to use a cut-off bid procedure.

The AMF sets a date by which each of the offerors must either inform the AMF that its offer is maintained on the same terms or file a final improved offer.

Where applicable, the AMF rules on the compliance of the improved offer(s) and sets the final offer closing date.

In such case, notwithstanding Article 232-6, no improved offer may be filed unless a new competing offer has been filed, declared compliant and opened.

Chapter III - Simplified procedure (Articles 233-1 à 233-5)

Article 233-1

The simplified offer procedure may be used in the following cases:

- 1 • an offer by a shareholder that already holds directly or indirectly, alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, one-half or more of the target company's equity and voting rights;
- 2 • an offer by a shareholder that, following an acquisition, holds directly or indirectly, alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, one-half or more of the target company's equity and voting rights;
- 3 • an offer for no more than 10% of the voting equity securities or voting rights of the target company, taking into account the voting equity securities and voting rights that the offeror already holds, directly or indirectly;
- 4 • an offer by a person, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, for preference shares, investment certificates or voting rights certificates;
- 5 • an offer by a company to buy back its own shares, pursuant to Article 225-207 of the Commercial Code;
- 6 • an offer by a company to buy back its own shares, pursuant to Article 225-209 of the Commercial Code;
- 7 • an offer by the issuing company for securities giving access to its equity;
- 8 • an offer by the issuing company to exchange debt securities that do not give access to capital for equity securities or securities that do give access to its capital.

Article 233-2

The simplified public cash offer shall be carried out by purchasing securities on the terms and following the procedures stipulated at the opening of the offer.

In the case of a limited offer referred to in points 3°, 5° and 6° of Article 233-1 and in Articles 233-4 and 233-5, or in the case of simplified exchange offer, or if the circumstances and the procedures of the transaction warrant it, the offer shall be centralised by

the market undertaking concerned or by the sponsor institution under the supervision of the market undertaking.

The offer period for a simplified offer may be limited to ten trading days in the case of a cash offer and to fifteen trading days in other cases, with the exception of a buyback offer pursuant to Article L. 225-207 of the Commercial Code.

Article 233-3

In the case of a cash offer under the terms of Point 1° of Article 233-1 and subject to the provisions of Articles 231-21 and 231-22, the price stipulated by the offeror may not, unless the AMF gives its consent, be lower than the price determined by calculating the average stock market prices, weighted by trading volume for sixty trading days prior to the publication of the notice referred to in the first paragraph of Articles 223-34 or, failing that, prior to publication of the notice of filing of the draft offer referred to in Article 231-14.

For the purposes of this calculation, the prices and volumes used shall be the ones on the regulated market where the shares of the target company are most liquid.

Article 233-4

In the case of an offer for investment certificates or voting rights certificates, the offeror may limit itself to acquiring a quantity of voting rights certificates or investment certificates equivalent to the number of such investment certificates or voting rights certificates, respectively, that it already holds.

Article 233-5

If the person making a simplified offer has been authorised to reserve the right to scale down the sale or exchange orders made in response to its offer, the scaling-down is done on a proportional basis, subject to any necessary adjustments.

Orders made in response to a buyback offer filed pursuant to Point 5° of Article 233-1 are scaled down in accordance with the provisions of the Commercial Code.

In such cases, the offeror may not trade in the securities concerned.

Chapter IV - Mandatory filing of a draft offer (Articles 234-1 à 234-11)

Article 234-1

For the purposes of this Chapter, equity securities shall mean voting securities if a company's equity capital consists partly of non-voting securities.

The fractions of capital or voting rights referred to in this Chapter are determined in accordance with the threshold calculation methods set by Articles L. 233-7 and L. 233-9 of the Commercial Code.

The agreements and instruments referred to in Points 4° and 4° *bis* of Section I of Article L. 233-9 of the Commercial Code are not taken into account when determining the fractions of capital or voting rights referred to in this Chapter

The financial instruments to be taken into account pursuant to point 4° of section I of Article L. 233-9 of the Commercial Code are:

- 1 • Bonds exchangeable for shares;
- 2 • Futures;
- 3 • Options, whether exercisable immediately or at a future date, regardless of the level of the share price relative to the exercise price of the option; where the option can be exercised only on condition that the share price reaches a level specified in the contract, it is counted as a share once that level is reached.

The agreements to be taken into account are those referred to in point 4° of section I of Article L. 233-9 of the Commercial Code; where the agreement can be exercised only on condition that the share price reaches a level specified in the contract, the shares covered by the agreement are counted once that level is reached.

[Article 234-2](#)

Where a natural or legal person, acting alone or in concert within the meaning of Article 233-10 of the Commercial Code, comes to hold more than 30% of a company's equity securities or voting rights, such person is required, on its own initiative, to inform the AMF immediately thereof and to file a proposed offer for all the company's equity securities, as well as any securities giving access to its capital or voting rights, on terms that can be declared compliant by the AMF.

The provisions of Chapter I and, as appropriate, Chapters II or III of this Title are applicable to mandatory tender offers.

Natural or legal persons acting alone or in concert within the meaning of Article 233-10 of the Commercial Code are subject to the requirements of the first paragraph when, as a result of a merger or an asset contribution, they come to hold more than 30% of a company's capital or voting rights.

[Article 234-3](#)

Where an offer under the terms of this chapter has become null and void pursuant to Article 231-9 I, the offeror is deprived of the voting rights attached to the shares it holds in the target company on the terms set out in Part II of Article L. 433-1-2 of the Monetary and Financial Code.

[Article 234-4](#)

The AMF may authorise, under terms that are made public, a temporary breach of the thresholds referred to in Articles 234-2 and 234-5 if the breach results from a transaction that is not intended to gain or increase control of the company, within the meaning of Article L. 233-2 of the Commercial Code, and if it lasts no longer than six months. The person(s) concerned shall undertake not to exercise the corresponding voting rights during the period of resale of the securities.

[Article 234-5](#)

The provisions of Article 234-2 apply to natural or legal persons, acting alone or in concert, who directly or indirectly hold between 30% and one-half of the total number of equity securities or voting rights of a company and who, within a period of less than twelve consecutive months, increase such holding by at least 1% of the company's total equity securities or voting rights.

The provisions of Article 234-2 apply to natural or legal persons, acting alone or in concert, who directly or indirectly hold between 30% and one-half of the total number of equity securities or voting rights of a company, whose offer has become null and void pursuant to Article 231-9 I and who increase this holding in the share capital or voting rights.

Persons who, alone or in concert, hold directly or indirectly between 30% and one-half of a company's capital or voting rights must keep the AMF informed of any change in such holdings. The AMF shall make these disclosures public.

[Article 234-6](#)

When a proposed offer is filed pursuant to Articles 234-2 and 234-5, the proposed price must be at least equivalent to the highest price paid by the offeror, acting alone or in concert within the meaning of Article 233-10 of the Commercial Code, in the twelve-month period preceding the event that gave rise to the obligation to file a proposed offer.

The AMF may request or authorise a price modification if this is warranted by a manifest change in the characteristics of the target company or in the market for its securities, and notably in the following cases:

- 1 • if events liable to materially alter the value of the securities concerned occurred in the twelve-month period before the draft offer was filed;
- 2 • if the target company is in recognised financial difficulty;

- 3 • if the price mentioned in the first paragraph results from a transaction that includes related items involving the offeror, acting alone or in concert, and the seller of the securities acquired by the offeror over the last twelve months.

In these cases, or in the absence of transactions by the offeror, acting alone or in concert, in the securities of the target company over the twelve-month period referred to in the first paragraph, the price is determined based on generally accepted objective valuation criteria, the characteristics of the target company and the market for its securities.

Article 234-7

The AMF may determine that there is no requirement to file a proposed offer if the thresholds referred to in Articles 234-2 and 234-5 are breached by one or more persons as a result of their having declared themselves to be acting in concert with:

- 1 • one or more shareholders who already held, alone or in concert, the majority of a company's equity or voting rights, provided such shareholders remain predominant;
- 2 • One or more shareholders that already held, alone or in concert, between 30% and one-half of a company's equity or voting rights, provided that such shareholders maintain a larger holding and that, upon the formation of this concert party, they do not exceed one of the thresholds referred to in Articles 234-2 and 234-5.

Where more than 30% of the capital or voting rights of a company whose equity securities are admitted to trading on a regulated market in a Member State of the European Union or a State party to the EEA agreement, including France, is held by another company and constitutes one of its essential assets, the AMF may determine that a proposed public offer need not be filed when a group of persons acting in concert acquires control of that other company, within the meaning of laws and regulations applicable to it, provided that one or more members of the concert party already had such control and remain predominant.

In all the above cases, as long as the balance of shareholdings within a concert party is not altered significantly relative to the situation at the time of the initial declaration, there is no need to make a public offer.

Article 234-8

The AMF may waive the mandatory filing of a tender offer if the person(s) concerned demonstrate to it that one of the conditions listed in Article 234-9 is met.

The AMF rules after examining the circumstances in which the threshold(s) have been or will be breached, the structure of ownership of the equity and voting rights and, where applicable, the conditions on which the transaction has been or will be approved by a general meeting of the target company's shareholders.

Article 234-9

The cases in which the AMF may grant a waiver are as follows:

- 1° Transmission by way of gift between natural persons, or distribution of assets by a legal person in proportion to the rights of its members.
- 2° Subscription to a capital increase by a company in recognised financial difficulty, subject to the approval of a general meeting of its shareholders.
- 3° Merger or asset contribution subject to the approval of a general meeting of shareholders.
- 4° Merger or asset contribution subject to the approval of a general meeting of shareholders, combined with an agreement between shareholders of the companies concerned establishing a concert party.
- 5° Reduction in the total number of equity securities or voting rights in the target company.

6° Holding of a majority of the company's voting rights by the applicant or by a third party, acting alone or in concert.

6° *bis* Holding of a majority of the company's share capital by the applicant or by a third party, acting alone or in concert, further to an offer made following the normal procedure referred to in Chapter II of this Title.

7° Resale or other comparable disposal of equity securities or voting rights between companies or persons belonging to the same group.

8° Without prejudice to section III of Article L. 433-3 of the Monetary and Financial Code, acquisition of control, within the meaning of applicable laws and regulations, of a company which directly or indirectly holds more than 30% of the capital or voting rights of another company whose equity securities are admitted to trading on a regulated market in a Member State of the European Union or a State party to the EEA agreement, including France, and which does not constitute an essential asset of the company over which control has been acquired.

9° Merger or contribution of a company which directly or indirectly holds more than 30% of the capital or voting rights of a company under French law whose equity securities are admitted to trading on a regulated market in a Member State of the European Union or a State party to the EEA agreement, including France, and which does not constitute an essential asset of the merged or contributed company.

10° Allocation of double voting rights between 3 April 2014 and 31 December 2018 under the conditions set out in Article 7, V of Act 2014-384 of 29 March 2014, as amended by Article 194 of Act 2015-990 of 6 August 2015.

Article 234-10

In the case of transactions subject to the approval of the target company's shareholders, the AMF may rule on a waiver application before a general meeting is held, provided it has precise information about the intended transaction.

In the other cases mentioned in Article 234-9 and in the situations referred to in Articles 234-4 and 234-7, the AMF may make its ruling before the relevant transaction is carried out, based on the nature, circumstances and timetable of the transaction as well as the supporting documents provided by the person(s) concerned.

The AMF is to be kept informed of the course of events and, if the transaction is not carried out according to the initial terms, may declare its previous decision to be null and void.

Where it grants a waiver or determines that there is no requirement to file an offer, the AMF publishes its decision on its website and discloses any commitments made by the applicant(s).

Article 234-11

For the application of the provisions of this chapter, the one-third threshold that applied before 1 February 2011 to holdings of capital and voting rights shall apply in place of the 30% threshold to any person, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, who on 1 January 2010 directly or indirectly held between 30% and one-third of the capital or voting rights, and shall continue to apply as long as the holding remains between these two thresholds.

The same applies to any person, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, who, after 1 January 2010, directly or indirectly held between 30% and one-third of the capital or voting rights as a result of a binding commitment entered into before 1 January 2010, and shall continue to apply as long as the holding remains between these two thresholds.

Persons acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code who on 1 February 2011 directly or indirectly held between 30% and one-third of the capital or voting rights and who are not covered by the foregoing paragraphs must reduce their holding below 30% of the capital and voting rights before 1 February 2012. If they fail to do so, they will be subject to the provisions of Articles 234-1 to 234-10.

All natural or legal persons concerned by these provisions shall report their holdings of capital and voting rights to the AMF without delay. The AMF publishes the list of persons who have made such declarations.

Chapter V - Public offers for financial instruments admitted to trading on an organised multilateral trading facility (Articles 235-1 à 235-3)

Article 235-1

Without prejudice to the provisions of Article 231-1 (4°), the provisions of this chapter apply exclusively to companies whose equity securities are admitted to trading on an organised multilateral trading facility within the meaning of Article 524-1.

Article 235-2

The provisions of Articles 234-5, 234-7 (2°), 234-7, paragraph 4, and 234-11 are not applicable.

The provisions of Chapter IV, with the exception of those mentioned above, apply with a threshold of 50% instead of 30%. The provisions of Articles 236-5 and 236-6 are not applicable.

Article 235-3

In addition to the cases referred to in Article 234-9, the AMF may also grant a waiver from the obligation to file a draft public offer in the following cases:

- 1 • Subscription to a reserved capital increase, subject to the approval of the general meeting of shareholders;
- 2 • Exercise of the share allocation right attached to securities giving access to the share capital if the reserved issue of such securities has previously been subjected to the approval of the general meeting of shareholders.

Chapter VI - Buyout offers with squeeze-out (Articles 236-1 à 236-7)

Article 236-1

Where the majority shareholder(s) hold, in concert within the meaning of Article 233-10 of the Commercial Code, 95 % or more of the voting rights of a company whose shares are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, any holder of voting equity securities who is not part of the majority group may apply to the AMF to require the majority shareholder(s) to file a draft buyout offer.

Once the AMF has made the necessary verifications, it rules on such application in the light of, inter alia, the state of the market for the securities concerned and the information provided by the applicant.

If the AMF declares the application to be acceptable, it notifies the majority shareholder(s), which must then file a draft buyout offer, within a time limit set by the AMF and drawn up in terms that can be deemed compliant by it.

Article 236-2

Where the majority shareholder(s) hold, in concert within the meaning of Article 233-10 of the Commercial Code, 95% or more of the voting rights of a company whose investment certificates and, if applicable, voting rights certificates, are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, any holder of such certificates who is not part of the majority group may apply to the AMF to require the majority shareholder(s) to file a buyout offer for those securities.

Once it has made the necessary verifications, the AMF rules on such application in the light of, inter alia, the state of the market for the securities concerned and the information provided by the applicant.

If the AMF declares the application to be acceptable, it notifies the majority shareholder(s), which must then file a draft buyout offer, within a time limit set by the AMF and drawn up in terms that can be deemed compliant by it.

[Article 236-3](#)

The majority shareholder(s) holding, in concert within the meaning of Article 233-10 of the Commercial Code, 95% or more of the voting rights of a company whose shares are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, may file with the AMF a draft buyout offer for the equity securities, and any other securities giving access to the capital or voting rights in the company, that they do not already hold.

[Article 236-4](#)

The majority shareholder(s) holding, in concert within the meaning of Article 233-10 of the Commercial Code, 95 % or more of the voting rights of a company whose investment certificates and, if applicable, voting rights certificates are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, may file with the AMF a draft buyout offer for those securities.

[Article 236-5](#)

Where a public limited company (société anonyme) whose equity securities are admitted to trading on a regulated market is converted to a limited partnership with shares (société en commandite par actions), the person(s) that controlled it prior to conversion, or the active partners in the limited partnership with shares, are required to file a draft buyout offer once a resolution regarding the conversion has been adopted at a general meeting of shareholders. The draft offer cannot include a minimum acceptance condition and must be drawn up in terms that can be declared compliant by the AMF.

The offeror informs the AMF whether it reserves the right, depending on the result of the offer, to request that all equity securities and securities giving access to the capital and voting rights of the company be delisted from the regulated market on which they are traded.

[Article 236-6](#)

The natural or legal persons that control a company within the meaning of Article L. 233-3 of the Commercial Code must inform the AMF:

- 1 • When they intend to ask an extraordinary general meeting of shareholders to approve one or more significant amendments to the company's articles or bylaws, in particular the provisions concerning the company's legal form or disposal and transfer of equity securities or the rights pertaining thereto;
- 2 • When they decide in principle to proceed with the merger of that company into the company that controls it or with another company controlled by the latter; to sell or contribute all or most of the company's assets to another company; to reorient the company's business; or to suspend dividends for a period of several financial years.

The AMF evaluates the consequences of the proposed changes in the light of the rights and interests of the holders of the company's equity securities or voting rights and decides whether a buyout offer should be made.

The draft offer cannot include a minimum acceptance condition and must be drawn up in terms that can be declared compliant by the AMF.

[Article 236-7](#)

The public buyout offer shall be carried out by purchasing securities on the terms and following the procedures stipulated at the opening of the offer during ten or more trading days, or if the circumstances and the procedures of the transaction warrant it, the offer shall be centralised by the market undertaking concerned or by the sponsor institution under the supervision of the market undertaking.

If the public buyout offer includes a securities settled leg and a cash settled leg, with no reduction in orders, the offeror may acquire the securities targeted under the terms and conditions stipulated in the cash settled leg, in derogation to the provisions of Article 231-41.

Section 1 - Squeeze-out following a buyout offer (Articles 237-1 à 237-13)

[Article 237-1](#)

At the close of a buyout offer carried out in accordance with Articles 236-1, 236-2, 236-3 or 236-4, securities not tendered by minority shareholders or holders of investment certificates or voting rights certificates may be transferred to the majority shareholder or group, provided that they represent not more than 5% of the shares or voting rights, in return for compensation.

Similarly, securities that give or could give access to capital may be transferred to the majority shareholder or group, provided that the equity securities that could potentially be created, through conversion, subscription, exchange, redemption or any other means, from untendered securities that give or could give access to the company's capital, plus existing but untendered equity securities, do not represent more than 5% of all the equity securities that exist and that could be created.

[Article 237-2](#)

Where a buyout offer is filed, the offeror informs the AMF whether it reserves the right to apply for a compulsory buyout once the offer has closed and the result is known, or whether it requests that a compulsory buyout be implemented once the buyout offer has closed.

In support of its proposed buyout offer, the offeror provides the AMF with a valuation of the securities of the target company, carried out using the objective methods applied in cases of asset disposals, that takes into account the value of the company's assets, its past earnings, its market value, its subsidiaries, if any, and its business prospects, according to a weighting appropriate to each case.

The AMF examines the draft offer in accordance with the provisions of Articles 231-21 and 231-22.

[Article 237-3](#)

Where the AMF declares a proposed buyout offer followed by a squeeze-out to be acceptable, the majority shareholder or group shall place a notice informing the public of the squeeze-out procedure in a newspaper carrying legal notices published in the vicinity of its registered office.

[Article 237-4](#)

The offeror designates a custody account-keeper to take charge of centralising the compensation payments (hereinafter "the centraliser").

[Article 237-5](#)

The offeror requesting the squeeze-out deposits the amount corresponding to the compensation for securities not tendered to the public buyout offer in a reserved account with the centraliser.

Compensation is calculated net of all expenses.

[Article 237-6](#)

Unallocated funds are held by the centraliser for ten years and paid to Caisse des Dépôts et Consignations at the end of this period. These funds are at the disposal of the legal beneficiaries, but revert to the French State after thirty years.

[Article 237-7](#)

The centraliser, acting on behalf of the majority shareholder or group and throughout the entire period during which it holds the funds, places an annual notice in a newspaper of national circulation inviting former shareholders who have not been compensated to exercise their rights.

Where the centraliser has paid out all frozen funds corresponding to compensation payable to securities holders that did not respond to the public buyout offer, it places an appropriate announcement in a newspaper of national circulation. It is then no

longer required to place the annual notice mentioned above.

[Article 237-8](#)

If, when filing the public buyout offer, the offeror reserved the right to proceed with a squeeze-out after the offer, it informs the AMF within ten trading days of the close of the offer whether it intends so to proceed or waives that right. The offeror's decision is made public by the AMF.

If the offeror decides to proceed with a squeeze-out, it informs the AMF of the price it proposes to pay as compensation. This price cannot be lower than that of the buyout offer, and it shall be higher when events liable to alter the value of the securities concerned have occurred after the offer was declared compliant.

The AMF shall make the mandatory buyout public and specify the terms for implementing it, including the date on which it becomes effective. The time between the decision and the execution of the buyout cannot be less than the time referred to in Article R. 621-44 of the Monetary and Financial Code. This decision shall result in the delisting of the relevant securities from the regulated market where they had been traded.

Custody account-keeping institutions transfer any securities not tendered to the buyout offer into the name of the majority shareholder or group, which pays the corresponding compensation into a reserved account opened for this purpose in accordance with the provisions of Article 237-9.

[Article 237-9](#)

Where the offeror has chosen to proceed with a squeeze-out in accordance with the provisions of Article 237-8, the freezing of funds and crediting of compensation to holders that have not tendered their securities to the public buyout offer takes place at the date on which the AMF's decision becomes enforceable.

[Article 237-10](#)

If, when filing the public buyout offer, the offeror applies to the AMF for a squeeze-out to be implemented as soon as the offer closes, regardless of result, the notice published by the market operator to announce the opening of the buyout offer stipulates the conditions applying to the squeeze-out procedure, and in particular the date on which it takes effect.

As soon as the public buyout offer closes, the securities concerned shall be delisted from the regulated market(s) on which they are traded and, where appropriate, from the multilateral trading facilities where they were traded. At the same date, the custody account-keeping institutions transfer any securities not tendered to the buyout offer into the name of the majority shareholder or group, which pays the corresponding compensation into a reserved account opened for this purpose in accordance with the provisions of Article 237-11.

[Article 237-11](#)

Where the offeror requested a squeeze-out at the time the proposed buyout offer was filed, the funds are frozen the day after the offer closes.

At the date the funds are frozen, the custody account-keeper credits the accounts of securities holders affected by the squeeze-out with the compensation that is due them.

[Article 237-12](#)

During the offer period of a public buyout offer prior to a squeeze-out, only the investment service provider(s) designated by the offeror are authorised to acquire the securities concerned on the offeror's behalf.

Persons seeking to acquire securities subject to a public buyout offer followed by a squeeze-out must obtain them solely from the investment service provider(s) designated by the offeror.

[Article 237-13](#)

The sole beneficiaries of the facility whereby the offeror covers brokerage commissions up to an amount set by it, including,

where applicable, stamp duty, shall be those sellers whose securities were registered on their account prior to the opening of:

- 1 • a simplified tender offer in which the offeror has explicitly declared its intention, if it obtains 95% of the voting rights of the target company, to request initiation of a public buyout offer followed by a squeeze-out; or
- 2 • a public buyout offer followed by a squeeze-out.

To this end, and in connection with the simplified tender offer referred to in Point 1°, the market operator concerned puts in place a procedure for centralising orders placed in response to such offer.

Requests for refunds must be accompanied by documentary evidence of the sellers' rights.

Section 2 - Squeeze-out following any public offer (Articles 237-14 à 237-19)

[Article 237-14](#)

Without prejudice to the provisions of Article 237-1, following any public offer and within three months of the close of the offer, securities not tendered by minority shareholders may be transferred to the offeror, provided that they represent not more than 5% of the shares or voting rights, in return for compensation.

Similarly, securities that give or could give access to capital may be transferred to the offeror, provided that the equity securities that could potentially be created, through conversion, subscription, exchange, redemption or any other means, from untendered securities that give or could give access to the company's capital, plus existing but untendered equity securities, do not represent more than 5% of all the equity securities that exist and that could be created.

Implementation of the squeeze-out procedure provided for in this article is subject to the provisions of Articles 237-4 to 237-7 and to the following provisions.

[Article 237-15](#)

When it files the draft offer, the offeror informs the AMF whether it reserves the right, depending on the result of the offer, to implement a squeeze-out.

[Article 237-16](#)

I. - The AMF rules on whether the proposed squeeze-out is compliant, in accordance with Articles 231-21 and 231-22, except in one of the following two cases and provided that the squeeze-out includes the cash settlement proposed in the last offer:

- 1 • The squeeze-out follows a public offer subject to the provisions of Chapter II;
- 2 • The squeeze-out follows a public offer for which the AMF has the valuation mentioned in Part II of Article L. 433-4 of the Monetary and Financial Code and the report by the independent appraiser mentioned in Article 261-1.

II. - Where the AMF rules on whether the squeeze-out is compliant, the offeror provides, in support of its proposed squeeze-out, a valuation of the securities of the target company, carried out using the objective methods applied in cases of asset disposals, that takes into account the value of the company's assets, its past earnings, its market value, its subsidiaries, if any, and its business prospects, according to a weighting appropriate to each case.

Where a squeeze-out is to be implemented, the parties concerned must draw up a draft squeeze-out document in accordance with the conditions and procedures set out in Articles 231-16 to 231-20, except for the description of the offeror's intentions for the next twelve months. The squeeze-out document(s) are submitted to the AMF for approval in accordance with Articles 231-20 and 231-26 and made available to the public in accordance with Article 231-27.

Disclosures providing information on the legal, financial, accounting and other characteristics of the target company are filed with the AMF and made publicly available in accordance with the conditions and procedures set out in Articles 231-28 to 231-30.

Content requirements for these disclosures are stipulated in an AMF instruction.

III. - Where the AMF does not rule on whether the squeeze-out is compliant, the offeror informs the AMF of its intention to implement the squeeze-out. The AMF publishes the implementation date for the squeeze-out. The offeror publishes a news release in accordance with Article 221-3 and is responsible for its distribution. Content requirements for these news releases are stipulated in an AMF instruction.

[Article 237-17](#)

Where the AMF declares a draft squeeze-out to be compliant or where the AMF does not rule on whether the squeeze-out is compliant when the majority shareholder or group informs the AMF of its intention to proceed with a squeeze-out, the shareholder or group shall place a notice informing the public of the squeeze-out in a newspaper carrying legal notices published in the vicinity of its registered office.

[Article 237-18](#)

The statement of compliance shall specify the date on which it becomes enforceable. The time period between the release and the enforcement of the statement cannot be less than the time period referred to in Article R. 621-44 of the Monetary and Financial Code.

The statement shall result in the delisting of the relevant securities from the regulated market where they are traded. The freezing of funds and crediting of compensation to holders that have not tendered their securities to the public offer takes place at the date on which the AMF's statement becomes enforceable.

Where the AMF does not rule on whether the squeeze-out is compliant, the provisions of the preceding paragraph shall apply as from implementation of the squeeze-out.

Custody account-keeping institutions transfer any securities not tendered to the last offer into the name of the majority shareholder or group, which pays the corresponding compensation into a reserved account opened for this purpose in accordance with the provisions of Article 237-5.

[Article 237-19](#)

As soon as the statement of compliance becomes enforceable, or, if the AMF does not rule on compliance, as soon as the squeeze-out is implemented, the relevant securities shall be delisted from the regulated market(s) where they were traded and, where appropriate, from the multilateral trading facilities where they were traded. At the same date, the custody account-keeping institutions transfer any securities not tendered to the buyout offer into the name of the majority shareholder or group, which pays the corresponding compensation into a reserved account opened for this purpose in accordance with the provisions of Article 237-11.

Further acquisitions of the same bond issue are subject to the same disclosure requirement for each additional 10% of the securities acquired in one or more transactions. The 10% threshold shall be calculated on the basis of the number of securities issued, including any subsequent issues granting identical rights to the holders. The number of securities used for calculating whether a threshold has been crossed is the number of securities bought less the

[Article 238-2-1](#)

Issuers of debt securities that have bought back securities during the past half-year shall, within ten trading days after the close of the half-yearly or annual accounts, publish the number of securities remaining in circulation and the number of securities they hold in accordance with Article L. 213-1 A of the Monetary and Financial Code, for each of their bond issues. This information is to be posted on their website or disseminated in accordance with section II of Article 221-4.

Section 2 - Procedure for orderly acquisition of debt securities that do not give access to equity (Articles 238-3 à 238-5)

[Article 238-3](#)

The orderly acquisition procedure shall be defined as an initiative by the issuer, its agent or a third party to set up a centralised facility that enables the issuer to offer all holders of a single issue the option of selling or exchanging some or all of the debt securities that they hold, while ensuring equal treatment of all holders.

[Article 238-4](#)

The procedure for orderly acquisition of debt securities shall be announced by means of a news release disseminated in accordance with the procedures stipulated in Article 221-4 and shall comply with the relevant market abuse rules defined by the market abuse directive (regulation no. 596/2014/ EU).

[Article 238-5](#)

An AMF Instruction shall stipulate the information to be included in the news release mentioned in Article 238-4 when the orderly acquisition procedure involves debt securities sold through a public offering in France.

Title V - Marketing in France of financial instruments traded on a recognised foreign market or a regulated market of the European Economic Area (EEA) (Articles 251-1 à 251-7)

Article 251-1

Information provided to the public, regardless of the medium, with a view to trading in financial instruments on a recognised

foreign market or regulated market of the European Economic Area must be accurate, precise and truthful. It must contain no false or deceptive statement that could mislead the client.

Article 251-2

Products proposed through an act of solicitation shall be suitable to the members of the public being solicited.

If there is no adequate assurance that clients are being informed of the associated risks, the AMF may order the interested party or any other person taking part in the distribution of such products, in any way, to halt the marketing or trading thereof.

Article 251-3

Before any transaction on a recognised foreign market in financial instruments, the market operator that runs that market shall draw up a disclosure document in the market itself and the various financial instruments that it proposes. This disclosure document, in French, must be made available to financial intermediaries by the market operator. It shall state or describe the following:

- 1 • the foreign market is recognised by the Minister for the Economy, under the terms of Article D. 423-1 of the Monetary and Financial Code.
- 2 • The various ways in which orders are placed and executed, when these have consequences for the person initiating the order.
- 3 • The legal nature of the products, the technical characteristics thereof and, if applicable, the evidence supporting the advertised risks and returns.
- 4 • The validity date of the aforementioned information.

This disclosure document must be provided by the financial intermediary to each prospective client, or transmitted to him electronically, before the placing of the client's first order to buy or sell a financial instrument admitted to trading on the recognised foreign market.

For transactions on a market in derivative financial instruments, if the client does not trade on that market in the ordinary course of business, this document must be sent by registered letter with return receipt, or via the Internet, with the financial intermediary recording the date on which the client viewed or downloaded it.

No one may receive, directly or indirectly, orders or funds from the client until seven days after the date that the disclosure document was delivered, viewed onscreen or downloaded, or before the financial intermediary has received a certification

bearing the handwritten or electronic signature of the client and stating, "I have read the disclosure document relating to {name of the recognised market}, transactions on that market, and the commitments that I will take on by virtue of my participation in such transactions." This waiting period applies only to the first order, however.

Article 251-4

Before any transaction on a regulated market in derivative financial instruments in the European Economic Area, and in compliance with the obligations of Section 3 of Chapter I of Title 2 of Book III, the financial intermediary shall provide or transmit electronically to each client the following information:

- 1 • A statement that the regulated market in derivative financial instruments appears on the list of regulated markets of the European Economic Area published in the Official Journal of the European Union.
- 2 • The various ways in which orders are placed and executed, when these have consequences for the client.
- 3 • The legal nature of the products, the technical characteristics thereof and, if applicable, the evidence supporting the

announced risks and returns.

If the client does not trade in the market in question in the ordinary course of business, no one may receive orders or funds from him, directly or indirectly, before the financial intermediary has received a certification bearing his signature and stating, "I have read the disclosure document relating to {name of the EEA regulated market in derivative financial instruments}, transactions on that market, and the commitments that I will take on by virtue of my participation in such transactions." This certification is needed only for the first order.

Article 251-5

Any advertisement or message disseminated by the foreign market must include the information that it has been recognised by the Minister for the Economy, under the terms of Article D. 423-1 of the Monetary and Financial Code, or that it is on the list of regulated markets in the European Economic Area published in the Official Journal of the European Union.

All advertisements or messages disseminated by the financial intermediary with a view to trading in financial instruments on a recognised foreign market must contain the following information:

- 2 • Name and address of that person's correspondent in France, if applicable.
- 3 • The identity of the foreign authority that has authorised that person to conduct a financial activity.
- 4 • A statement that the foreign market has been recognised by the economy minister of France pursuant to Article 1 of the aforementioned Decree.
- 5 • The minimum term, if any, of the recommended investments.
- 6 • The law that will apply in the event of a dispute, and the courts competent to hear such dispute.
- 7 • The availability of an arbitration procedure, if applicable.

All advertisements or messages disseminated by the financial intermediary with a view to trading on a regulated market in derivative financial instruments of the European Economic Area must mention that the market appears on the list of such markets published in the Official Journal of the European Union.

Article 251-6

The AMF:

- 1 • Shall receive, for information, the disclosure document drawn up by the market operator that runs the recognised foreign market.
- 2 • Shall request that all recognised foreign markets keep it informed of any substantial changes in the way they operate and send it data on their activities in French territory, as specified in an AMF instruction.
- 3 • May require the market operator that runs a recognised foreign market to make available to the AMF all information needed to support the claims or statements appearing in the disclosure document provided for in Article 251-3 and, if need be, may request modification thereof.
- 4 • May require any person referred to in Article D. 423-3 of the Monetary and Financial Code to produce any elements likely to support the claims or representations made in the advertisements or messages referred to in Article 251-4, and to require

their amendment, as needed.

[Article 251-7](#)

Only Articles 251-1, 251-2, 251-4 and 251-5 apply to recognised markets in derivative financial instruments on commodities in the European Economic Area, when such market is operated by a market operator that also runs a regulated market in the derivative financial instruments appearing on the list of such markets published in the Official Journal of the European Union.

Title VI - Fairness opinions (Articles 261-1 à 263-8)

Chapter I - Appointing an independent appraiser (Articles 261-1 à 261-4)

[Article 261-1](#)

I. - The target company of a takeover bid shall appoint an independent appraiser if the transaction is likely to cause conflicts of interest within its Board of Directors, Supervisory Board or governing body that could impair the objectivity of the reasoned opinion mentioned in Article 231-19 or jeopardise the fair treatment of shareholders or bearers of the financial instruments targeted by the bid.

The situations described below, in particular, constitute such cases:

- 1 • if the target company is already controlled by the offeror, within the meaning of Article L. 233-3 of the Commercial Code, before the bid is launched;
- 2 • if the senior managers of the target company or the persons that control it, within the meaning of Article L. 233-3 of the Commercial Code, have entered into an agreement with the offeror that could compromise their independence;
- 3 • if the controlling shareholder, within the meaning of Article L. 233-3 of the Commercial Code, does not tender its securities to a buyback offer launched by the company for its own securities;
- 4 • if the offer is related to one or more transactions that could have a significant impact on the price or exchange ratio of the proposed offer;
- 5 • if the offer pertains to financial instruments in multiple categories and is priced in a way that could jeopardise the fair treatment of shareholders or bearers of the financial instruments targeted by the bid;
- 6 • if the non-equity financial instruments mentioned in Point 1° of Part II of Article L. 211-1 of the Monetary and Financial Code that give or could give direct or indirect access to the capital or voting rights of the offeror or of a company belonging to the offeror's group are provided as consideration for the takeover of the target company.

II. - The target company shall also appoint an independent appraiser before implementing a squeeze-out, subject to the provisions of Article 237-16.

[Article 261-2](#)

Any issuer that carries out a reserved capital increase at a discount to the market price greater than the maximum discount authorised for capital increases without pre-emptive subscription rights and giving a shareholder, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, control over the issuer within the meaning of Article L. 233-3 of the aforementioned code, shall appoint an independent appraiser who will apply the provisions of this title.

[Article 261-3](#)

Any issuer or offeror carrying out a takeover bid may appoint an independent appraiser who will apply the provisions of this title.

[Article 261-4](#)

I. - The independent appraiser must not be placed in a conflict of interest in relation to the parties concerned by the public offer or transaction and their advisors. An AMF instruction shall describe situations in which the independent appraiser is considered to be placed in a conflict of interest, although this shall not constitute an exhaustive list.

The independent appraiser shall not work repeatedly with the same sponsoring institution(s) or within the same group if the regular nature of such work could compromise his independence.

II. - The appraiser shall prepare a statement certifying that there are no known past, present or future ties between him and the parties concerned by the offer or transaction and their advisors that could compromise his independence or impair the objectivity of his assessment when carrying out the appraisal.

If there is the risk of a conflict of interest but the appraiser deems this unlikely to compromise his independence or impair the objectivity of his assessment, he shall mention this risk in his statement, including relevant supporting information.

Chapter II - Appraisal report (Articles 262-1 à 262-2)

[Article 262-1](#)

I. - The independent appraiser prepares a report on the financial terms of the offer or transaction. Content requirements for the report are set out in an AMF instruction. In particular, the report contains the statement of independence mentioned in Part II of Article 261-4, a description of the verifications performed and a valuation of the company in question. The report's conclusion takes the form of a fairness opinion.

No other type of opinion shall count as a fairness opinion.

II. - Once appointed, the appraiser must have sufficient time to prepare the report mentioned in Part I, taking into account the complexity of the transaction and the quality of the information provided to him. The appraiser shall have at least fifteen trading days to prepare his report.

[Article 262-2](#)

I. - In the cases provided for in Article 261-2, the issuer shall distribute the report by the independent appraiser at least ten trading days before the general meeting convened to authorise the transaction, or, where the meeting has exercised its powers of delegation, as soon as possible after the decision by the Board of Directors or Management Board. The report shall be distributed by:

- 1 • making it available free of charge at the issuer's registered office;
- 2 • publishing a news release in accordance with Article 221-3;
- 3 • publishing it on the issuer's website.

II. - An issuer that appoints an independent appraiser pursuant to Article 261-3 shall follow the procedures set forth in Part I when publishing the appraiser's report.

A professional association of independent appraisers may be recognised, at its request, by the AMF.

[Article 263-2](#)

I.- The professional association shall draw up a code of conduct setting out the basic principles with which its members must comply.

Members of the association may adapt these principles to reflect their size and organisation. II. - The code of conduct shall set out, inter alia:

- 2 • the expertise and resources that appraisers must have;

III. The code of conduct shall detail the disciplinary action applicable in the event of breaches.

IV. - The code of conduct may be consulted at any time at the association's registered office by any person who so requests. The code shall also be published on the association's website provided the association has such a site.

[Article 263-3](#)

The association must have the staff and technical resources needed to carry out its mission on an ongoing basis.

The technical resources shall include, inter alia, a data storage facility for the retention of documents, in particular reports by independent appraisers belonging to the association, for at least five years.

Section 2 - Recognition procedure (Articles 263-4 à 263-5)

[Article 263-4](#)

Recognition of a professional association shall be subject to prior filing of an application with the AMF containing:

- 1 • the articles (statuts) of the association;

[Article 313-4](#)

The manufacturer shall establish, implement and maintain procedures and measures to ensure the manufacturing of financial instruments complies with the provisions on proper management of conflicts of interest, including remuneration.

In particular, the manufacturer shall ensure that the manufacturing of the financial instrument, including its features, does not adversely affect end clients or does not lead to problems with market integrity by enabling it to mitigate or transfer its own risks or exposure to any underlying assets of the financial instrument that it already holds on own account.

[Article 313-5](#)

The manufacturer must analyse potential conflicts of interest each time a financial instrument is manufactured.

In particular, it shall assess whether the financial instrument creates a situation where end clients may be adversely affected if they take, by investing in, buying, selling or establishing such an instrument:

Where manufacturers or one manufacturer and one or several other persons referred to in Article 313-1 (II) collaborate to manufacture a financial instrument, only one target market needs to be identified.

Where the manufacturer is not also the distributor of a financial instrument, and where the financial instrument is distributed through one or several distributors, the manufacturer shall determine the financial instrument's compatibility with the needs and characteristics of clients based on:

The manufacturer shall determine whether a financial instrument meets the identified needs, characteristics and objectives of the target market, including by examining the following elements:

- 1 • the financial instrument's risk/reward profile is consistent with the target market; and
- 2 • financial instrument design is driven by features that are in the client's interest and not by a business model that relies on poor client outcomes if the instrument is to be profitable for the manufacturer.

- 3 • the charging structure of the financial instrument is appropriately transparent for the target market, and does not disguise charges or make them too complex to understand.

[Article 313-15](#)

The manufacturer shall ensure that the provision of information to distributors includes information about the appropriate channels for distribution of the financial instrument, the financial instrument approval process and the target market assessment and is of an adequate standard to enable distributors to understand and recommend or sell the financial instrument properly.

[Article 313-16](#)

The manufacturer shall review the financial instruments it manufactures on a regular basis, taking into account any event that could materially affect the potential risk to the identified target market.

 - c • any new financial contract; and
- 2 • conduct reviews at regular intervals to assess whether the financial instrument functions as intended.

II.- It shall determine how regularly to review manufactured financial instruments based on relevant factors, including factors linked to the complexity or the innovative nature of the investment strategies pursued.

III.- It shall also identify crucial events that would affect the potential risk or return expectations of the financial instrument, such as:

- 1 • the crossing of a threshold that will affect the return profile of the financial instrument; or
- 2 • the solvency of certain issuers whose securities or guarantees may impact the performance of the financial instrument.

IV.- When such events occur, it shall take appropriate action which may consist in:

- 1 • providing relevant information on the event and its consequences on the financial instrument to the clients or the distributors of the financial instrument if the manufacturer does not offer or sell the financial instrument directly;
- 2 • changing the financial instrument approval process;
- 3 • stopping further issuance of the financial instrument;

Section 7 - Inducements and fees (Articles 314-13 à 314-30)

Sub-section 1 - General provisions relating to inducements

[Article 314-13](#)

Where the investment services provider pays or is paid any fee or commission or provides or is provided with any non-monetary benefit in connection with the provision of an investment service or ancillary service to the client, it shall ensure that all the conditions set out in Article L. 533-12-4 of the Monetary and Financial Code and the requirements set out in Articles 314-14 to 314-17 are met at all times.

[Article 314-14](#)

A fee, commission or non-monetary benefit shall be considered to be designed to enhance the quality of the relevant service to the client if all of the following conditions are met:

- 1 • it is justified by the provision of an additional or higher level service to the relevant client, proportional to the level of inducements received, such as:
 - a • the provision of non-independent investment advice on and access to a wide range of suitable financial instruments including an appropriate number of instruments from third party product manufacturers having no close links with the service provider;
 - b • the provision of non-independent investment advice combined with either:
 - an offer to the client, at least on an annual basis, to assess the continuing suitability of the financial instruments in which the client has invested; or
 - another ongoing service that is likely to be of value to the client such as advice about the suggested optimal asset allocation of the client;
 - c • the provision of access, at a competitive price, to a wide range of financial instruments that are likely to meet the needs of

the client, including an appropriate number of instruments from third party manufacturers having no close links with the service provider, together with:

- either the provision of added-value tools, such as objective information tools helping the relevant client to take investment decisions or enabling the relevant client to monitor, model and adjust the range of financial instruments in which it has invested; or
- the provision of periodic reports of the performance and costs and charges associated with the financial instruments;

2 • it does not directly benefit the recipient service provider, its shareholders or employees without tangible benefit to the relevant client;

3 • it is justified by the provision of an ongoing benefit to the relevant client in relation to an ongoing inducement.

A fee, commission, or non-monetary benefit shall not be considered acceptable if the provision of relevant services to the client is biased or distorted as a result of the fee, commission or non-monetary benefit.

Article 314-15

The investment services provider shall fulfil the obligations set out in Article 314-14 as long as it continues to pay or receive the fee, commission or non-monetary benefit.

Article 314-16

The investment services provider shall hold evidence that any fees, commissions or non-monetary benefits paid or received by it are designed to enhance the quality of the relevant service to the client:

1 • by keeping an internal list of all fees, commissions and non-monetary benefits received from a third party in relation to the provision of investment or ancillary services; and

2 • by recording:

- a • how the fees, commissions and non-monetary benefits paid or received by it, or that it intends to use, enhance the quality of the services provided to the relevant clients; and
- b • the steps taken in order to comply with its duty to act honestly, fairly and professionally in accordance with the best interests of the client.

Article 314-17

As regards any payment or benefit received from or paid or provided to third parties the investment services provider shall disclose to the client the following information:

1 • prior to the provision of the relevant investment or ancillary service, information on the payment or benefit concerned in accordance with the second subparagraph of Article L. 533-12-4 of the Monetary and Financial Code.

Minor non-monetary benefits may be described in a generic way.

Other non-monetary benefits provided or received in connection with the investment service provided to the client shall be priced and disclosed separately.

2 • prior to the provision of an investment or ancillary service to a client, where it was unable to ascertain the amount of any payment or benefit to be received or paid, it shall disclose to the client the method of calculating that amount. In this case, after providing the service, it shall provide its clients with information of the exact amount of the payment or benefit received

or paid; and

- 3 • at least once a year, as long as ongoing fees, commissions or benefits are received by it in relation to the investment or ancillary services provided to the relevant clients, it shall inform its clients on an individual basis about the actual amount of payments or benefits received, paid or provided.

Minor non-monetary benefits may be described in a generic way.

Where the investment services provider implements the obligations mentioned in this article, it shall take into account the provisions on costs and charges set out in Article D. 533-15 (3) of the Monetary and Financial Code and in Article 50 of Commission Delegated Regulation (EU) 2017/565 of 25 April 2016.

When more firms are involved in a distribution channel, each investment service provider providing an investment or ancillary service shall comply with its obligations to make disclosures to its clients.

Sub-section 2 - Inducements in respect of investment advice on an independent basis or portfolio management services for third parties

Article 314-18

Where the investment services provider provides investment advice on an independent basis or portfolio management services for third parties, it shall return to its client any fees, commissions or any monetary benefits paid or provided by a third party or anyone acting on behalf of a third party in relation to the services provided to that client as soon as reasonably possible after receipt.

All fees, commissions or monetary benefits received from third parties in relation to the provision of independent investment advice or portfolio management services for third parties shall be transferred in full to the client.

It shall set up and implement a policy to ensure that any fees, commissions or any monetary benefits paid or provided by a third party or anyone acting on behalf of a third party in relation to the provision of independent investment advice or portfolio management services for third parties are allocated and transferred to each individual client.

It shall inform clients about the fees, commissions or any monetary benefits transferred to it, such as through the periodic reporting statements provided to the client.

Article 314-19

Where the investment services provider provides investment advice on an independent basis or portfolio management services for third parties, it shall not accept non-monetary benefits that do not qualify as acceptable minor non-monetary benefits in accordance with Article 314-20.

Article 314-20

Only the following benefits shall qualify as acceptable minor non-monetary benefits:

- 1 • information or documentation relating to a financial instrument or an investment service, which is generic in nature or personalised to reflect the circumstances of an individual client;
- 2 • written material from a third party:
 - a) that is commissioned and paid for by a corporate issuer or potential issuer to promote a new issuance by the company; or
 - b) where the third party firm is contractually engaged and paid by the issuer to produce such material on an ongoing basis;provided that the material:

- a) clearly discloses the relationship between the issuer and the third party; and
 - b) is made available at the same time to any investment services provider wishing to receive it or to the general public;
- 3 • participation in conferences, seminars and other training or information events on the benefits and features of a specific financial instrument or an investment service;
- 4 • hospitality of a reasonable de minimis value, such as food and drink during a business meeting or a conference, seminar or other training or information events mentioned under point 3° of this article; and
- 5 • other minor non-monetary benefits which the AMF deems:

a) capable of enhancing the quality of service provided to a client; and

b) having regard to the total level of benefits provided by one entity or group of entities, to be of a scale and nature that are unlikely to impair compliance with the service provider's duty to act in the best interest of the client.

Acceptable minor non-monetary benefits shall be reasonable and proportionate and of such a scale that they are unlikely to influence the service provider's behaviour in any way that is detrimental to the interests of the relevant client.

Disclosure of minor non-monetary benefits shall be made prior to the provision of the relevant investment or ancillary services to clients.

In accordance with Article 314-17(1), minor non-monetary benefits may be described in a generic way.

Sub-section 3 - Provisions concerning inducements in relation to research

[Article 314-21](#)

In this paragraph, "research" means research material or services concerning:

- 1 • one or several financial instruments or other assets; or
- 2 • the issuers or potential issuers of financial instruments; or
- 3 • a specific industry or market;

such that it informs views on financial instruments, assets or issuers within that sector or market.

That type of material or services:

- 1 • explicitly or implicitly recommends or suggests an investment strategy and provides a substantiated opinion as to the present or future value or price of such instruments or assets; or
- 2 • contains analysis and original insights and reaches conclusions based on new or existing information that could be used to inform an investment strategy and be relevant and capable of adding value to the decisions by the investment services provider on behalf of clients being charged for that research.

[Article 314-22](#)

I.- The provision of research by third parties to investment services providers other than asset management companies that provide portfolio management or other investment or ancillary services to clients shall not be regarded as an inducement if it is received in return for either of the following:

- 1 • Direct payments by the service provider out of its own resources;
- 2 • Payments from a separate research payment account controlled by the investment service provider, provided the following conditions relating to the operation of the account are met:
 - a • the research payment account is funded by a specific research charge to the client;
 - b • as part of establishing a research payment account and agreeing the research charge with clients, the investment service provider shall set and regularly assess a research budget as an internal administrative measure;
 - c • the investment service provider is held responsible for the research payment account;
 - d • the investment service provider regularly assesses the quality of the research purchased based on robust quality criteria and its ability to contribute to better investment decisions.

II.- Where an investment services provider makes use of the research payment account, it shall provide the following information to clients:

- 1 • before the provision of an investment service to clients, information about the budgeted amount for research and the amount of the estimated research charge for each of them;
- 2 • annual information on the total costs that each of them has incurred for third party research.

Article 314-23

The investment services provider that operates a research payment account shall also be required, upon request by its clients or by the AMF, to provide a document indicating:

- 1 • the providers paid from this account;
- 2 • the total amount they were paid over a defined period;
- 3 • the benefits and services received by it; and
- 4 • how the total amount spent from the account compares to the budget set by the service provider for that period, noting any rebate or carry-over if residual funds remain in the account.

For the purposes of Article 314-22 (I)(2)(a), the specific research charge shall:

- 1 • only be based on a research budget set by the investment service provider based on the need for third party research estimated to be necessary in order to provide investment services to clients; and
- 2 • not be linked to the volume or value of transactions executed on behalf of the clients.

Article 314-24

If research charges are included alongside a transaction commission and cannot be collected separately, the operational arrangement for the collection of client research charges shall enable these research charges to be separately identified and must comply with the conditions set out in Article 314-22 (I)(2) and (II).

Article 314-25

The total amount of research charges received may not exceed the research budget.

[Article 314-26](#)

The investment services provider shall agree with clients, in the portfolio management agreement or general terms of the service delivery contract:

- 1 • the research charge set out in its estimated budget; and
- 2 • the frequency with which the specific research charge will be charged to the budget over the period.

Clients shall be informed clearly and in advance of any increase in the estimated research budget.

If there is a surplus in the research payment account at the end of a period, the investment service provider should implement arrangements to rebate those funds to the client or to allocate them to the research budget for the following period.

After the client has been informed and given the opportunity to express its disagreement, where applicable, the client agreement referred to in the first subparagraph shall be deemed to be obtained where:

- 1 • the planned research charge budget for a given period does not result in an increase in the total charges paid by the client compared with the previous equivalent period; and
- 2 • the frequency with which the investment service provider plans to charge specific research charges to the client over a given period is equivalent to that planned for the previous period for other charges.

[Article 314-27](#)

For the purposes of applying Article 314-22 (1)(2)(b), the research budget shall be managed solely by the investment service provider.

This budget shall be based on a reasonable assessment of the need for third party research.

The allocation of the research budget to purchase third party research shall be subject to appropriate controls and oversight by the management body to ensure it is managed and used in the best interests of the investment service provider's clients.

Those controls include a clear audit trail of payments made to research providers and may be used to check that the amounts paid were determined with reference to the quality criteria referred to in Article 314-22 (1)(2)(d).

The investment services provider shall not use the research budget and research payment account to fund internal research.

[Article 314-28](#)

For the purposes of applying Article 314-22 (1)(2)(c), the investment services provider may delegate the administration of the research payment account to a third party, provided that the arrangement facilitates the purchase of third party research and payments to research providers in the name of the service provider without any undue delay in accordance with the investment services provider's instruction.

[Article 314-29](#)

For the purposes of applying Article 314-22 (1)(2)(d), the investment services provider shall establish a written policy and provide it to its clients.

This policy shall also identify situations in which the investment service provider considers that research purchased through the research payment account may benefit clients' portfolios, including, where relevant, by taking into account investment strategies applicable to various types of portfolios, and the approach the investment services provider will take to allocate such costs fairly to the various clients' portfolios.

Where the investment services provider provides execution services, it shall identify separate charges for these services that only reflect the cost of executing the transaction.

Charges relating to the provision of any other benefit or service by an investment services provider to another investment services provider established in a State party to the European Economic Area agreement shall be separately identified.

The supply of benefits or services and charges for those benefits or services shall not be influenced or conditioned by levels of payment for execution services.

Sub-section 4 - Portfolio management services' trading costs

Article 314-30

All fees and commissions paid by clients for transactions in portfolios under management, with the exception of subscription and redemption transactions relating to collective investment schemes or investment funds of third countries, shall be trading costs. They include:

- 1 • Intermediation costs, taxes and duties included, charged directly or indirectly by third parties that provide:
 - a • Order reception and transmission services and order execution services on behalf of third parties referred to in Article L. 321-1 of the Monetary and Financial Code;
 - b • Services referred to in Article L. 321-2 (4) of the Monetary and Financial Code charged under the conditions set out in Article 314-24 and order execution services specified in an AMF Instruction;
- 2 • If applicable, a turnover commission.

Section 8 - Obligations in the case of offers of financial securities or minibons via a website (Article 314-31)

Article 314-31

I. – Investment services providers making offers of financial securities or minibons described in Article L. 223-6 of the Monetary and Financial Code via a website on the terms set out in Article 325-48 must, for each project and prior to any subscription, provide the client with the information supplied by the issuer pursuant to Article 217-1 unless a prospectus has been drafted and approved by the AMF. In the latter case, the prospectus is sent to the client.

II. – These items shall be completed by information on:

- 1 • The terms for collecting subscription applications and transmitting them to the issuer, and the rules applied in the event of oversubscription;
- 2 • Detail of the fees charged to the investor and the possibility of obtaining, on request, a description of the services provided to the issuer of the securities to which subscription is being considered, and the related fees;
- 3 • The risks inherent to the project and, in particular, the risk of total or partial loss of the capital, illiquidity risk and the risk of an absence of valuation.

If the issuer is not the company carrying out the project, investment services providers must provide the client, via their website and prior to any subscription, with the information referred to in Article 217-1 pertaining to the company carrying out the project and, where applicable, to those companies intervening between the company carrying out the project and that making the offer. Information must be provided on any contractual agreements between the abovementioned companies, whenever such agreements exist.

Investment services providers are responsible for checking the consistency, clarity and balance of this information.

To make this information easily accessible, all these items must be written in non-technical language.

III. – All marketing information must contain prominent and easily-accessible reference to the risks inherent to the proposed investments and, in particular, the risk of total or partial loss of capital and illiquidity risk.

IV. – The investment services provider shall ensure that the articles of the company carrying out the project presented to investors comply with the laws and regulations on companies making offers that are not subject to publication of a prospectus and are made via a website.

This provision is applicable to companies intervening between the company carrying out the project and that making the offer.

V. – The provisions of 3° of Article 325-51, the final paragraph of Article 325-52 and the second to last paragraph of Article 325-57 shall apply to investment services providers offering the minibons mentioned in Article L. 223-6 of the Monetary and Financial Code via a website, under the conditions stated in Article 325-48.

Sub-section 1 - Rules to prevent undue circulation of inside information

[Article 315-1](#)

Investment services providers shall establish and maintain effective and adequate procedures to control the circulation and use of inside information, as defined in Article 7 of Regulation (EU) n° 596/2014 of the European Parliament and of the Council of 16 April 2014, with the exception of paragraph 1.c of that same Article, taking into account the activities conducted (same Regulation) by the group to which the investment services provider belongs and the organisation adopted by that group. These procedures, called "information barriers", shall provide for:

- 1 • Identification of business segments, divisions, departments or any other entities likely to possess inside information;
- 2 • Organisation, in particular physical organisation, so as to separate entities within which the relevant persons referred to in Paragraph 1 of Article 2 of Delegated Regulation (EU) n° 2017/565 are likely to possess inside information;
- 3 • Prohibition of disclosure of inside information by the persons possessing it to other persons, except as provided for in Article 10 of Regulation (EU) n° 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse and after informing the compliance officer;

The compliance officer shall be informed whenever the relevant person assists the entity possessing inside information;
- 5 • The manner in which the relevant person benefiting from the authorisation provided for in 4° is informed of the temporary consequences thereof on the performance of his regular duties.

The compliance officer shall be informed when this person returns to his regular duties.

Sub-section 2 - Watch list

[Article 315-2](#)

To ensure compliance with the abstention requirement set forth in Articles 8, 10 and 14 of Regulation (EU) n° 596/2014 of the European Parliament and of the Council of 16 April 2014, investment services providers shall establish and maintain an appropriate procedure for monitoring the issuers and financial instruments on which they have inside information. Such monitoring shall cover:

- 1 • Transactions in financial instruments by the investment services provider for its own account;
- 2 • Personal transactions, as defined in Article 29 of Commission delegated Regulation (EU) n° 2017/565 of 25 April 2016, made by or on behalf of the relevant persons referred to in Paragraph 1 of Article 29 of the same Regulation;
- 3 • Investment recommendations, within the meaning of Point 35 of Paragraph 1 of Article 3 of Regulation (EU) n° 596/2014 of the European Parliament and of the Council of 16 April 2014, disseminated by the investment services provider.

To this end, the compliance officer shall draw up a watch list of the issuers and financial instruments on which the investment services provider has inside information.

The relevant entities shall inform the compliance officer at once when they believe they possess inside information.

In such case, the issuer or the financial instruments to which the inside information pertains shall be put on the watch list, under

the supervision of the compliance officer.

The watch list shall indicate the reason for adding an issuer or financial instrument to the list and the names of the persons who have access to the inside information about it.

The provisions of the foregoing subparagraph shall not apply where the investment services provider, in its capacity as issuer of financial instruments, maintains the list provided for in Article 18 of Regulation (EU) no. 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse.

The relevant entities shall inform the compliance officer when they believe that information they had previously reported pursuant to the sixth subparagraph has ceased to be inside information.

The contents of the watch list are confidential. Dissemination of items on the watch list is restricted to the persons designated by name in the procedures referred to in the first subparagraph of Article 315-1.

Article 315-3

The investment services provider shall exercise supervision in accordance with the procedures set forth in Article 315-2. It shall take appropriate measures if it detects an anomaly.

The investment services provider shall keep a record on a durable medium of the measures it has taken in the event of an anomaly or, if it takes no measures, of the reasons for so doing.

Sub-section 3 - Restricted list

Article 315-4

I. – Investment services providers shall establish and maintain an appropriate procedure for monitoring compliance with any restrictions that apply to:

- 1 • Transactions in financial instruments by the investment services provider for its own account;
- 2 • Personal transactions, as defined in Article 28 of Commission Delegated Regulation (EU) 2017/565 of 25 April 2016, made by or on behalf of the relevant persons referred to in Paragraph 1 of Article 29 of the same Regulation;
- 3 • Investment recommendations, within the meaning of Point 35 of Paragraph 1 of Article 3 of Regulation (EU) n° 596/2014 of the European Parliament and of the Council of 16 April 2014, disseminated by the investment services provider.

II. - To this end, the compliance officer shall establish a restricted list. This list includes those issuers or financial instruments in which the investment services provider must restrict its activities, or the activities of relevant persons, because of:

- 1 • Legal or regulatory provisions to which the investment services provider is subject other than those resulting from the abstention requirements set forth in Articles 8, 10 and 14 of Regulation (EU) n° 596/2014 of the European Parliament and of the Council of 16 April 2014;
- 2 • Undertakings made on the occasion of a financial offering.

When an investment services provider deems it necessary to prohibit or restrict the performance of an investment service, an investment activity or an ancillary service in respect of certain issuers or financial instruments, those issuers and financial instruments shall also be included on the restricted list.

Article 315-5

Investment services providers shall determine, based on the restricted list, which entities are subject to the restrictions referred to

in Article 315-4 and how those restrictions shall apply.

They shall inform the relevant persons affected by the restrictions of the list and the nature of the restrictions.

Sub-section 4 - Listing of a company's securities on a regulated market in financial instruments

Article 315-6

In allotting securities, the lead manager, in cooperation with the company concerned, ensures that the various categories of investors, other than those connected with the issuer (e.g. suppliers, clients, shareholders, senior managers, employees or third parties whom such persons are authorised to represent), are treated fairly. When several allotment procedures intended specifically for individual investors are applied concurrently, the lead manager shall ensure that the allotment percentages resulting therefrom are substantially equivalent.

The lead manager shall make its best efforts to satisfy demand for the securities from individual investors to a meaningful extent. This objective is deemed to have been met when there is a procedure, centralised by the market operator and characterised by an allotment proportional to applications submitted, under which at least 10% of the overall offering amount is put on the market and made accessible to individual investors.

The lead manager shall endeavour to avoid an obvious imbalance, to the detriment of individual investors, between the allotment for such investors and the allotment for institutional investors. Thus, when a placing procedure intended specifically for institutional investors coexists with one or more procedures intended specifically for individual investors, the lead manager shall endeavour to provide for a transfer mechanism to avoid an imbalance of the kind mentioned above.

Section 2 - Derogations to the publication of transactions (Article 315-7)

Article 315-7

The AMF may authorise an investment services provider to defer the publication of transactions in the financial instruments referred to in paragraph 1 of Article 21 of Regulation (EU) No 600/2014 of 15 May 2014 in the cases described in paragraph 4 of this same Article.

[Article 315-8](#)

Investment services providers shall have organisational structures and procedures that enable them to comply with the vigilance and disclosure requirements provided for in Title VI of Book V of the Monetary and Financial Code relating to the fight against money laundering and terrorist financing.

Section 4 - Handling and monitoring of subscription applications and book entry (Article 315-9)

[Article 315-9](#)

When it makes offers of financial securities via a website on the terms set out in Article 325-48, the investment services provider may provide a subscription application handling and monitoring service that includes the registration of financial securities in a securities account.

This service shall be formalised in an agreement between the investment services provider and the mandating issuer setting out in particular the obligations of the investment services provider and the fees charged. For this purpose, it shall collect notably the personal data of subscribers and transmit it to the issuer for registration in the records of the latter.

The investment services provider shall implement a procedure setting out:

1° The terms for handling and monitoring subscription applications, notably in the event of oversubscription.

2° The procedure for registering financial securities in a securities account.

This procedure shall provide for time stamping of the subscription applications on receipt.

The investment services provider shall act with diligence and professionalism when processing subscription applications and registering financial securities in a securities account.

It shall keep a record of the service provided on a durable medium.

If the offer is cancelled, it shall inform the client promptly.

[Article 315-10](#)

Any investment services provider resorting to an accepted market practice shall comply with the requirements arising from the AMF decision to incorporate that market practice in accordance with Article 13 of the Regulation (EU) no. 596/2014 of the European Parliament and of the Council of 16 April 2014.

Sub-section 1 - Orders with instructions for deferred settlement and delivery

[Article 315-11](#)

The provisions of Articles 315-12 to 315-22 shall apply to authorised investment services providers receiving orders for deferred settlement and delivery as well as to custody account keepers.

Where the market rules provide for the possibility referred to in the first paragraph of Article 516-1, an investment services provider who receives an order for deferred settlement or delivery shall not accept it unless the investor remits a margin deposit, either in the provider's books or in the books of the custody account keeper if the provider does not perform that function.

[Article 315-12](#)

An investment services provider who does not keep his client's account cannot consent to transmit or execute an order for deferred settlement and delivery unless it is able, under an agreement with the client's custody account keeper, to ascertain that the necessary margin has been duly deposited with the custody account keeper before it transmits or executes that order.

The investment services provider who keeps the client's account shall be subject to the provisions of this section.

[Article 315-13](#)

The investment services provider shall be subject to the rules governing the posting and composition of clients' mandatory margin deposits.

Margin is calculated as a percentage of the position and according to the type of assets pursuant to the following indications:

- 1 • cash (euros and other currencies in circulation in the European Union), Treasury bills, units or shares of "short-term money market" or "money market" UCITS: 20%;
- 2 • debt instruments admitted for trading on a regulated market of a State that is party to the Agreement on the European Economic Area, negotiable debt securities and other debt instruments of States party to the Agreement on the European Economic Area, units or shares of UCITS classified as "bonds and other debt securities in euros", units or shares of UCITS classified as "international bonds and other debt securities": 25%;
- 3 • equity instruments admitted for trading on a regulated market of a State that is party to the Agreement on the European Economic Area, units or shares of UCITS classified as "French equities", units or shares of UCITS classified as "eurozone equities", units or shares of UCITS classified as "equities of European Union countries", units or shares of UCITS classified as "international equities": 40%.

[Article 315-14](#)

Should a client fail, within the required time period, to remit or top up the margin deposit or to fulfil the commitments arising from the order executed on his behalf, the investment services provider shall liquidate some or all of the client's commitments or positions.

The AMF can, where necessary, set more stringent margin deposit rules for a given financial instrument or market, either temporarily or permanently.

[Article 315-15](#)

Where a margin deposit consists of financial instruments, the investment services provider can legally refuse any such instrument that:

- 1 • it considers he would be unable to realise at any time or on his own initiative;

2 • it deems will not provide adequate collateral, having regard to the type of position to be collateralised.

In any event, long positions in a given financial instrument cannot be collateralised with the same financial instrument.

[Article 315-16](#)

Cheques cannot be accepted as margin until they have been cashed.

[Article 315-17](#)

An investment services provider must be able to inform his client, upon request, of the value of the margin deposited under the three categories set forth in article 315-13 and, pursuant to the same article, of the position that may be taken or the increase in an existing position that may be realised.

[Article 315-18](#)

The AMF can increase the minimum margin rates provided for in Article 315-13 for one or more designated financial instruments, as specified in that article. The new rates cannot come into force for at least two trading days after they have been published.

[Article 315-19](#)

Initial margin deposits are readjusted, if need be, in view of the daily marking to market of the position and the assets accepted as collateral therefor, so that the deposits comply at all times with the minimum regulatory requirement.

The investment services provider shall order the client, by any and all means, to top up or restore its collateral within one trading day.

If the collateral is not topped up or restored in due time, the investment services provider shall take the necessary measures so that the client's position is once again collateralised. Unless the provider and the client have agreed on a different procedure, the investment services provider shall begin by reducing the position before realising some or all of the collateral.

[Article 315-20](#)

Absent a contractual agreement, an investment services provider who wishes to increase the collateral on a client's position by higher rates than those provided for in article 315-13 shall warn the client of the new rates by registered letter with return receipt. That letter shall be sent at least eight calendar days before the effective date of the increase.

[Article 315-21](#)

Where an investment services provider reduces a client's position or realises some or all of its collateral, pursuant to the third paragraph of Article 315-19, it shall send the corresponding trade confirmations and account statements to the client by registered letter with return receipt.

[Article 315-22](#)

Notwithstanding the first paragraph of Article 315-12, a member of a regulated market who does not hold the account of a client is not required to ascertain that margin has been deposited if the order is sent to it by an investment services provider acting as an order receiver-transmitter.

Sub-section 2 - Derivatives markets

[Article 315-23](#)

An investment services provider who receives an order for execution on a regulated market in derivative financial instruments shall not accept such order unless the client remits a margin deposit, either in the provider's books or in the books of the custody account keeper if the provider does not perform that function.

By way of derogation from the first paragraph, where the client is a professional client or an eligible counterparty within the meaning of Articles D. 533-11 and D. 533-13 of the Monetary and Financial Code, the investment services provider may grant it a period of time in which to remit the margin. Such period may not exceed the period granted by the clearing house to the clearing

member with whom the positions are recorded.

The margin referred to in the first paragraph shall be equal to or greater than that required by the market rules, if called from market members, or that required by the clearing house rules, if called from clearing house members. Since the aforementioned margin levels are minimum requirements, the investment services provider may, upon receiving the orders and at any time, call additional margin from the client.

If, in light of market conditions, the margin posted by the client falls below the amount required under the third paragraph, additional margin shall be deposited in the same conditions and time limits as those specified in the second and third paragraphs.

Should a client fail to post margin or remit additional margin within the above time limits, the investment services provider shall liquidate some or all of the client's commitments or positions.

The AMF shall issue an acknowledgement of receipt when it receives this file.

Article 316-4

In deciding whether to grant authorisation to an asset management company, the AMF shall review the items in the file referred to in Article 316-3, along with the items set out in Chapter II of this Title. The AMF may require the applicant to produce any additional information it needs to make its decision.

It may restrict the scope of the authorisation, notably relating to the investment strategies of the AIFs the applicant shall be authorised to manage.

The AMF rules on the authorisation application within a period of three months as of submission of the full file.

It may extend this period by up to an additional three months if it deems necessary on account of the specific circumstances of the case at hand and after informing the applicant to this effect.

For the purposes of the present article, an application is deemed to be complete when the applicant's file contains at least the information referred to in points 1 to 4 and 6 of Article 316-3.

The AMF may, if the particular circumstances of the case at hand so justify, inform the asset management company of an extension of this deadline by a period of as much as one month.

The changes are implemented after the one-month assessment period as extended, if appropriate.

Article 316-6

Except in cases where the company requests withdrawal, the AMF, whenever it envisages withdrawing an asset management company's authorisation pursuant to Article L. 532-10 of the Monetary and Financial Code, shall so inform the company, specifying the reasons for which such decision is envisaged. The company shall have one month from receipt of such notification to submit any observations it may have.

Up to 50% of the additional own funds requirement may be met by a guarantee given by a credit institution or insurance undertaking having its registered office in a State that is a party to the European Economic Area agreement, or in another State, provided the guarantor is subject to prudential rules considered by the AMF to be equivalent to those applicable to credit institutions and insurance undertakings having their registered offices in States that are parties to the European Economic Area agreement.

Section 3 - Requirements for acquiring or increasing an equity interest in an asset management company (Articles 317-10 à 317-14)

[Article 317-10](#)

The AMF shall be notified of any transaction that enables a person acting alone or in concert with other persons, within the meaning of Article L. 233-10 of the Commercial Code, to acquire, increase or decrease or cease owning, directly or indirectly, a qualifying holding in an asset management company. The notice must be given to the AMF by the person or persons concerned before the transaction is executed, if one of the following conditions is met:

- 1 • The capital or voting rights held by the person(s) exceed or fall below one-tenth, one-fifth, one-third or one-half of the capital or voting rights;
- 2 • The asset management company becomes or stops being a subsidiary of the person(s) concerned;
- 3 • The person or persons gain or lose significant influence over management of the management company as a result of the transaction.

Article 317-11

- 2 • Voting rights are calculated in accordance with the provisions of Article L. 233-4, points I and IV of Article L. 233-7 and Article L. 233-9 of the Commercial Code;
- 3 • The capital holding is calculated by adding up, as applicable, the direct holding and any indirect holdings in the capital of the asset management company. Indirect holdings are calculated by multiplying together the fractions held in the capital of each intermediate entity and in the capital of the asset management company;
- 4 • The fraction of capital or voting rights held by investment firms or credit institutions as a result of underwriting or guaranteed placement of financial instruments, within the meaning of 6-1 or 6-2 of Article D. 321-1 of the Monetary and Financial Code, shall not be counted, as long as these rights are not exercised or used in any other way to influence the issuer's management and provided that they are sold within one year of acquisition;
- 5 • In the case of an indirect holding, any person likely to acquire, sell or lose a qualifying holding must notify the AMF of this.

However, without prejudice to the obligations of the direct holder, the final holder may make notifications for and on behalf of the entities under its control, provided it includes the relevant information on these entities.

Article 317-12

Transactions to acquire or increase qualifying holdings are subject to prior authorisation by the AMF under the following conditions:

- 1 • Within two trading days of receipt of the notice and all the documents required, the AMF shall provide the applicant with written acknowledgement of receipt.

The AMF shall have up to sixty trading days, starting from the date of the written acknowledgement of receipt of the notice, in which to assess the transaction. The written acknowledgement of receipt shall specify the expiry date of the assessment period.

- 2 • During the assessment period and by the fiftieth trading day thereof at the latest, the AMF may request any further information to complete the assessment. This request shall be made in writing and shall specify additional necessary information. Within two trading days of receipt of the further information, the AMF shall send the applicant a written acknowledgement of receipt.

The assessment period shall be suspended from the date of the AMF's request for further information until the receipt of the applicant's response to this request. The suspension shall not last more than twenty trading days. The AMF may make further requests for more information or clarifications, but these requests shall not suspend the assessment period.

The asset management company shall also be notified.

At the request of the applicant, the AMF shall publish the grounds for its decision on the website referred to in Article R. 532-15-2 of the Monetary and Financial Code.

5 • If the AMF has not made a written objection to the planned acquisition by the end of the assessment period, the acquisition shall be deemed to be approved.

6 • The AMF may set a deadline for completing the planned acquisition and may extend this deadline, if appropriate.

7 • If the AMF receives several notifications under the terms of Article L. 532-9-1 of the Monetary and Financial Code concerning the same asset management company, it shall examine them jointly in such a way as to ensure equal treatment of the applicants.

Notwithstanding the preceding provisions, the AMF shall be notified only of transactions that occur between companies directly or indirectly owned and controlled by the same company and that change the structure of ownership among the existing shareholders holding, prior to the transaction, a determined participating interest among the existing shareholders of the asset management company, unless such transactions result in the transfer of control or ownership of some or all of the abovementioned rights to persons that are not subject to the laws of a State party to the European Economic Area agreement.

When the number or distribution of voting rights is restricted in relation to the number or distribution of the relevant shares or units under the provisions of legislation or the instruments of incorporation, the percentages stipulated in this Chapter and in Article 317-11 shall be calculated and implemented in terms of shares or units respectively.

[Article 317-13](#)

[Article 318-58](#)

If asset management companies outsource the execution of critical operational tasks and functions or tasks and functions that are important for the provision of a service or the conduct of business, they shall take reasonable measures to prevent an undue exacerbation of operating risk.

Outsourcing of critical or important operational tasks or functions must not be done in such a way that it materially impairs the quality of internal control and prevents the AMF from verifying that the asset management company complies with all its obligations.

Outsourcing to an extent that makes the asset management company into a letter box entity must be deemed to be in violation of the requirements that the asset management company must comply with to obtain and keep its authorisation.

Article 318-59

Outsourcing shall consist of any agreement, in any form, between an asset management company and a service provider under which the service provider takes over a process, service or activity that otherwise would have been performed by the asset management company itself.

Article 318-60

I. An operational task or function shall be regarded as critical or important if a defect or failure in its performance would materially impair the asset management company's capacity for continuing compliance with the conditions and obligations of its authorisation or its professional obligations referred to in II of Article L. 621-15 of the Monetary and Financial Code, or its financial performance, or the continuity of its business.

II. - Without prejudice to the status of any other task or function, the following tasks or functions shall not be considered as critical or important:

- 1 • The provision to the asset management company of advisory services, and other services which do not form part of the investment services of the firm, including the provision of legal advice, the training of personnel, billing services and the security of the asset management company's premises and personnel;
- 2 • The purchase of standard services, including market information services and the provision of price feeds.

Article 318-61

I. - Asset management companies that outsource an operational task or function shall remain fully responsible for complying with all their professional obligations referred to in II of Article L. 621-15 of the Monetary and Financial Code and complying, in particular, with the following conditions:

- 1 • Outsourcing must not result in the delegation by senior management of its responsibility.
- 2 • The relationship and obligations of the asset management company towards its clients must not be altered.
- 3 • The conditions or commitments with which the company must comply in order to be authorised must not be undermined.

II. - Asset management companies shall exercise due skill, care and diligence when entering into, managing or terminating an outsourcing contract for critical or important operational tasks or functions.

In particular, asset management companies must take the necessary steps to ensure that the following conditions are satisfied:

- 1 • The service provider must have the ability, capacity, and any authorisation required to perform the outsourced tasks or functions reliably and professionally.
- 2 • The service provider must carry out the outsourced services effectively. To this end, the asset management company must establish methods for assessing the standard of performance of the service provider.
- 3 • The service provider must properly supervise the carrying out of the outsourced tasks or functions, and adequately manage the risks stemming from outsourcing.

- 4 • Asset management companies must take appropriate action if it appears that the service provider may not be carrying out the functions effectively and in compliance with the professional obligations referred to in II of Article L. 621-15 of the Monetary and Financial Code applying to them.
- 5 • Asset management companies must retain the necessary expertise to supervise the outsourced tasks or functions effectively and manage the risks stemming from outsourcing and must supervise those tasks and manage those risks.
- 6 • The service provider must disclose to the asset management company any development that may have a material impact on its ability to carry out the outsourced tasks or functions effectively and in compliance with the professional obligations referred to in II of Article L. 621-15 of the Monetary and Financial Code applying to them.
- 7 • The procedures for terminating outsourcing contracts at the initiative of either party must ensure the continuity and the quality of the activities carried out.
- 8 • The service provider must cooperate with the AMF in connection with the outsourced tasks or functions.
- 9 • The asset management company, its auditors and the relevant competent authorities must have effective access to data related to the outsourced tasks or functions, as well as to the business premises of the service provider.
- 0 • The service provider must protect any confidential information relating to the asset management company and its clients.
- 1 • The asset management company and the service provider must establish and maintain an effective contingency plan for disaster recovery and periodic testing of backup facilities, where that is necessary having regard to the nature of the outsourced task or function.

III. - The respective rights and obligations of asset management companies and service providers shall be clearly defined in a contract.

IV. - Where the asset management company and the service provider are members of the same group, the asset management company may, for the purposes of determining how this Article shall apply, take into account the extent to which it controls the service provider or has the ability to influence its actions.

V. - Asset management companies must provide the AMF, at its request, all information necessary to enable it to supervise the compliance of the performance of the outsourced tasks or functions with the requirements of this Book.

Section 17 - Delegation of AIF management (Article 318-62)

Articles 75 to 82 of the Commission Delegated Regulation (EU) No [231/2013](#) of 19 December 2012 supplementing Directive 2011/61/EU of the European Parliament and of the Council with regard to exemptions, general operating conditions, depositaries, leverage, transparency and supervision

- 5 • Where the delegation concerns asset management or risk management of an AIF that is open to professional investors and is conferred upon a third country undertaking, under the conditions specified in point 4°, cooperation between the AMF and the supervisory authority of the undertaking must be ensured;
- 6 • The delegation must not prevent the effectiveness of supervision of the asset management company, and, in particular, must not prevent the asset management company from acting, or the AIF from being managed, in the best interests of its unit or shareholders;
- 7 • The asset management company must be able to demonstrate that the delegate is qualified and capable of undertaking the functions in question, that it was selected with all due care and that the asset management company is in a position to monitor effectively at any time the delegated activity, to give at any time further instructions to the delegate and to withdraw the delegation with immediate effect when this is in the interest of the unit or shareholders of the AIF.

III. - The liability of the asset management company towards the AIF and its unit or shareholders shall not be affected by the fact that it has delegated functions to a third party, or by any further sub-delegation. - 2 • The delegating asset management company notified the AMF before the sub-delegation arrangements become effective;
- 3 • The conditions set out in Paragraph I are met, on the understanding that all references to the "delegate" are read as references to the "sub-delegate".

V. - No sub-delegation of portfolio management or risk management shall be conferred upon entities referred to in Paragraph II. The relevant delegate shall review the services provided by each sub-delegate on an ongoing basis.

VI. - Where the sub-delegate further delegates any of the functions delegated to it, the conditions set out in Paragraph 4 shall apply *mutatis mutandis*.

Sub-section 1 - Remuneration policy within the framework of AIF management

Article 319-10

I. - When establishing and applying the total remuneration policies, inclusive of salaries and discretionary pension benefits, for those categories of staff referred to in Article L. 533-22-2 of the Monetary and Financial Code, asset management companies shall comply with the following principles in a way and to the extent that is appropriate to their size, internal organisation and the nature, scope and complexity of their activities:

- 1 • The remuneration policy is consistent with and promotes sound and effective risk management and does not encourage risk-taking which is inconsistent with the risk profiles, rules or instruments of incorporation of the AIFs they manage;

- 2 • The remuneration policy is in line with the business strategy, objectives, values and interests of the asset management company and the AIFs it manages or the unit and shareholders in such AIFs, and includes measures to avoid conflicts of interest;
- 3 • The management body of the asset management company, in its supervisory function, adopts and periodically reviews the general principles of the remuneration policy and is responsible for its implementation;
- 4 • The implementation of remuneration policy is, at least annually, subject to central and independent internal review for compliance with policies and procedures for remuneration adopted by the management body in its supervisory function;
- 5 • Staff engaged in control functions are compensated in accordance with the achievement of the objectives linked to their functions, independent of the performance of the business areas they control;
- 6 • The remuneration of the senior officers in the risk management and compliance functions is directly overseen by the remuneration committee;
- 7 • Where remuneration is performance related, the total amount of remuneration is based on a combination of the assessment of the performance of the individual and of the business unit or AIF concerned and of the overall results of the asset management company. When assessing individual performance, financial as well as non-financial criteria are taken into account;
- 8 • Assessment of performance is set in a multi-year framework appropriate to the life-cycle of the AIFs managed by the asset management company, in order to ensure that it is based on longer term performance and that the actual payment of performance-based components of remuneration is spread over a period which takes account of the redemption policy of the AIFs it manages and their investment risks;
- 9 • Guaranteed variable remuneration is exceptional, occurs only in the context of hiring new staff and is limited to the first year;
- 0 • Fixed and variable components of total remuneration are appropriately balanced and the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy, on variable remuneration components, including the possibility to pay no variable remuneration;
- 1 • Payments related to the early termination of a contract reflect performance achieved over time and are designed in a way that does not reward failure;
- 2 • The measurement of performance, when used to calculate individual or collective variable remuneration components, includes a comprehensive adjustment mechanism to integrate all relevant types of current and future risks;
- 3 • Subject to the legal structure of the AIF and its rules or instruments of incorporation, a substantial portion, and in any event at least 50% of any variable remuneration consists of units or shares of the AIF concerned, or equivalent ownership interests, or share-linked instruments or equivalent non-cash instruments, unless the management of AIFs accounts for less than 50% of the total portfolio managed by the asset management company, in which case the minimum of 50% does not apply.

The instruments referred to in this paragraph shall be subject to an appropriate retention policy designed to align incentives with the interests of the asset management company and the AIFs it manages and the unit or shareholders of such AIFs;

- 4 • Payment of a substantial portion, and in any event at least 40%, of the variable remuneration component, is deferred over a period which is appropriate in view of the life cycle and redemption policy of the AIF concerned. This portion is fairly proportionate to the nature of the risks of the AIF in question.

The period referred to in the previous paragraph shall be at least three to five years unless the life cycle of the AIF concerned is shorter. The remuneration payable under deferral arrangements vests no faster than on a pro-rata basis.

In the case of a variable remuneration component of a particularly high amount, at least 60% of the amount is deferred;

- 5 • The variable remuneration, including the deferred portion, is paid or vests only if it is sustainable according to the financial situation of the asset management company as a whole, and justified according to the performance of the business unit, the AIF and the individual concerned.

The total variable remuneration shall generally be considerably reduced where subdued or negative financial performance of the asset management company or of the AIF concerned occurs, taking into account both current compensation and reductions in payouts of amounts previously earned, including through malus or clawback arrangements;

- 6 • The pension policy is in line with the business strategy, objectives, values and long-term interests of the asset management company and the AIFs it manages.

If the employee leaves the asset management company before retirement, discretionary pension benefits shall be held by the asset management company for a period of five years in the form of instruments defined in point 13. In the case of an employee reaching retirement, discretionary pension benefits shall be paid to the employee in the form of instruments defined in point 13, subject to a five-year retention period;

- 7 • Staff are required to undertake not to use personal hedging strategies or remuneration- and liability-related insurance to undermine the risk alignment effects embedded in their remuneration arrangements;
- 8 • Variable remuneration is not paid through vehicles or methods that facilitate the avoidance of the requirements of the legislative and regulatory provisions applicable to asset management companies.

II. - The principles set out in paragraph I shall apply to remuneration of any type paid by the asset management company, to any amount paid directly by the AIF itself, including carried interest, and to any transfer of units or shares of the AIF, made to the benefits of those categories of staff, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on their risk profile or the risk profiles of the AIF that they manage.

III. - Asset management companies that are significant in terms of their size or the size of the AIFs they manage, their internal organisation and the nature, the scope and the complexity of their activities shall establish a remuneration committee. The remuneration committee shall be constituted in a way that enables it to exercise competent and independent judgment on remuneration policies and practices and the incentives created for managing risk.

The remuneration committee shall be responsible for the preparation of decisions regarding remuneration, including those which have implications for the risk and risk management of the asset management company or the AIF concerned and which are to be taken by the management body in its supervisory function. The remuneration committee shall be chaired by a member of the management body who does not perform any executive functions in the asset management company concerned. The members of the remuneration committee shall be members of the management body who do not perform any executive functions in the asset management company concerned.

[Article 319-15](#)

[Article 319-17](#)

Asset management companies may enter into written commission-sharing agreements under which the investment services provider providing the order execution service shares the portion of the intermediation fees that it charges for investment decision-making aid services and order execution services with the third party providing such services.

Asset management companies may enter into such agreements provided that they comply with the principles referred to in Articles 319-18 and 319-19.

[Article 319-18](#)

Section 3 - Requirements for acquiring or increasing an equity interest in an asset management company (Articles 321-18 à 321-22)

[Article 321-18](#)

The AMF shall be notified of any transaction that enables a person acting alone or in concert with other persons, within the meaning of Article L. 233-10 of the Commercial Code, to acquire, increase or decrease or cease owning, directly or indirectly, a qualifying holding in an asset management company. The notice must be given to the AMF by the person or persons concerned before the transaction is executed, if one of the following conditions is met:

- 1 • The capital or voting rights held by the person(s) exceed or fall below one-tenth, one-fifth, one-third or one-half of the capital or voting rights;
- 2 • The asset management company becomes or stops being a subsidiary of the person(s) concerned;
- 3 • The person or persons gain or lose significant influence over the management of the management company as a result of the transaction.

[Article 321-19](#)

For the purposes of this Chapter:

- 1 • A “qualifying holding” means, pursuant to sub-paragraph j of Article 2(1) of Directive 2009/65/EC of 13 July 2009, “a direct or indirect holding in a management company which represents 10% or more of the capital or of the voting rights or which makes it possible to exercise a significant influence over the management of the management company in which that holding subsists”;
- 2 • Voting rights are calculated in accordance with the provisions of Article L. 233-4, points I and IV of Article L. 233-7 and Article L. 233-9 of the Commercial Code;
- 3 • The capital holding is calculated by adding up, as applicable, the direct holding and any indirect holdings in the capital of the

asset management company. Indirect holdings are calculated by multiplying together the fractions held in the capital of each intermediate entity and in the capital of the asset management company;

- 4 • The fraction of capital or voting rights held by investment firms or credit institutions as a result of underwriting or guaranteed placement of financial instruments, within the meaning of 6-1 or 6-2 of Article D. 321-1 of the Monetary and Financial Code, shall not be counted, as long as these rights are not exercised or used in any other way to influence the issuer's management and provided that they are sold within one year of acquisition;
- 5 • In the case of an indirect holding, any person likely to acquire, sell or lose a qualifying holding must notify the AMF of this. However, without prejudice to the obligations of the direct holder, the final holder may make notifications for and on behalf of the entities under its control, provided it includes the relevant information on these entities.

Article 321-20

Transactions to acquire or increase qualifying holdings are subject to prior authorisation by the AMF under the following conditions:

- 1 • Within two trading days of receipt of the notice and all the documents required, the AMF shall provide the applicant with written acknowledgement of receipt.

The AMF shall have up to sixty trading days, starting from the date of the written acknowledgement of receipt of the notice, in which to assess the transaction. The written acknowledgement of receipt shall specify the expiry date of the assessment period.

- 2 • During the assessment period and by the fiftieth trading day thereof at the latest, the AMF may request further information to complete the assessment. This request shall be made in writing and shall specify additional necessary information. Within two trading days of receipt of the further information, the AMF shall send the applicant a written acknowledgement of receipt.

The assessment period shall be suspended from the date of the AMF's request for further information until the receipt of the applicant's response to this request. The suspension shall not last more than twenty trading days. The AMF may make further requests for more information or clarifications, but these requests shall not suspend the assessment period.

- 3 • The AMF may extend the suspension mentioned in the preceding paragraph to thirty trading days, if the applicant:

a) Is located outside of the European Union or is covered by regulations from outside the Union;

b) Is not subject to monitoring under the terms of European Directives 2006/48/EC, 85/611/EC, 92/49/EEC, 2002/83/EC, 2004/39/EC or 2005/68/EC.

- 4 • If the AMF decides to object to a planned acquisition after the assessment, it shall give written notice of its decision to the applicant within two trading days and before the end of the assessment period. The AMF shall give the grounds for its decision. The asset management company shall also be notified.

At the request of the applicant, the AMF shall publish the grounds for its decision on the website mentioned in Article R. 532-15-2 of the Monetary and Financial Code.

- 5 • If the AMF has not made a written objection to the planned acquisition by the end of the assessment period, the acquisition shall be deemed to be approved.
- 6 • The AMF may set a deadline for completing the planned acquisition and may extend this deadline.
- 7 • If the AMF receives several notifications under the terms of Article L. 532-9-1 of the Monetary and Financial Code concerning

the same asset management company, it shall examine them jointly in such a way as to ensure equal treatment of the applicants.

Notwithstanding the preceding provisions, the AMF shall be notified only of transactions that occur between companies directly or indirectly owned and controlled by the same company and that change the structure of ownership among the existing shareholders holding, prior to the transaction, a determined participating interest among the existing shareholders of the asset management company, unless such transactions result in the transfer of control or ownership of some or all of the abovementioned rights to persons that are not subject to the laws of a State party to the European Economic Area agreement.

When the number or distribution of voting rights is restricted in relation to the number or distribution of the relevant shares or units under the provisions of legislation or the articles of association, the percentages stipulated in this Chapter and in Article 321-19 shall be calculated in terms of shares or units respectively.

Article 321-21

Transactions involving the sale or decrease qualifying holdings in an asset management company mentioned in Article 321-18 shall entail a re-examination of the authorisation in view of the need to ensure sound and prudent management.

Article 321-22

The AMF may ask asset management companies for the identity of partners or shareholders who report holdings of less than one twentieth, but more than 0.5%, or the relevant figure set by the articles of association for the purposes of Article L. 233-7 of the Commercial Code.

Section 7 - Conflicts of interest (Articles 321-46 à 321-52)

Sub-section 1 - Principles

[Article 321-46](#)

The asset management company shall take all reasonable measures to detect conflicts of interest that arise in the course of providing management of UCITS:

- 1 • Either between itself, relevant persons, or any person directly or indirectly linked to the asset management company by control, on the one hand, and its clients, on the other hand;
- 2 • Or between two UCITS.

This Section is applicable to all collective investment schemes managed by the asset management company.

[Article 321-47](#)

In order to detect conflicts of interest that could damage a UCITS' interests for the purposes of Article 321-46, the asset management company shall at least take into account the possibility that the persons referred to in Article 321-46 might find themselves in one of the following situations, whether as a result of providing management of a UCITS or other activities:

- 1 • The asset management company or that person is likely to make a financial gain or avoid a financial loss, at the expense of the UCITS;
- 2 • The asset management company or that person has an interest in the outcome of a service provided to a client or a UCITS, or of a transaction carried out on behalf of the client or the UCITS, which is distinct from the UCITS' interest in that outcome;
- 3 • The asset management company or that person has a financial or other incentive to favour the interest of another client or a group of clients or a UCITS over the interest of the UCITS to whom the service is being provided;
- 4 • The asset management company or that person carries on the same business for the UCITS as the client;
- 5 • The asset management company or that person receives or will receive from a person other than the UCITS an inducement in relation to a service provided to the UCITS in any form whatsoever, other than the commissions or fees usually charged for such service.

Article 321-48

Asset management companies shall establish and maintain an effective conflicts of interest policy, set out in writing and appropriate to their size and organisation and to the nature, scale and complexity of their business.

Where an asset management company is a member of a group, its conflicts of interest policy must also take into account any circumstances, of which it is or should be aware, that may give rise to a conflict of interest as a result of the structure and business activities of the other members of the group.

Article 321-49

I. - The conflicts of interest policy established in compliance with Article 321-48 must specifically:

- 1 • Identify, with reference to the asset management company's collective asset management activities, the circumstances which constitute or may give rise to a conflict of interest entailing a material risk of damage to the interests of the UCITS or one or more clients when providing management of a UCITS;
- 2 • Specify procedures to be followed and measures to be adopted in order to manage such conflicts.

II. - The procedures and measures provided for in Point 2° shall be designed to ensure that relevant persons engaged in different business activities involving a conflict of interest of the kind specified in Point 1° carry on those activities at a level of independence appropriate to the size and activities of the asset management company and of the group to which it belongs, and to the materiality of the risk of damage to clients' interests.

The procedures to be followed and measures to be adopted shall include such of the following as are necessary and appropriate for the asset management company to ensure the requisite degree of independence:

- 1 • Effective procedures to prevent or control the exchange of information between relevant persons engaged in activities involving a risk of a conflict of interest where the exchange of that information may damage the interests of one or more clients;
- 2 • Separate supervision of relevant persons whose principal functions involve carrying out activities on behalf of, or providing services to, clients whose interests may conflict, or who otherwise represent different interests that may conflict, including those of the asset management company;
- 3 • Elimination of any direct links between the remuneration of relevant persons principally engaged in one activity and the remuneration of, or revenues generated by, other relevant persons principally engaged in another activity, where a conflict of interest is likely to arise in relation to those activities;
- 4 • Measures to prevent or limit any person from exercising inappropriate influence over the way in which a relevant person carries out his activities;
- 5 • Measures to prevent or control the simultaneous or sequential involvement of a relevant person in separate activities other than collective asset management where such involvement may impair the proper management of conflicts of interest;
- 6 • Measures to ensure that a relevant person may only provide paid advisory services in that capacity and on behalf of the asset management company to companies issuing the securities held by the UCITS under the company's management or the securities that it plans to acquire, regardless of whether it is the company concerned or the UCITS under management that pays for those services.

If the adoption or the practice of one or more of those measures and procedures does not ensure the requisite degree of independence, asset management companies shall adopt such alternative or additional measures and procedures as are necessary and appropriate for those purposes.

[Article 321-50](#)

The asset management company shall keep and regularly update a log of the collective asset management activities carried out by it or on its behalf where a conflict of interest entailing a material risk of damage to the interests of a UCITS or one or more clients has arisen or, in the case of ongoing activities, is likely to arise.

Sub-section 3 - Disclosure to holders of units or shares

[Article 321-51](#)

Where the organisational or administrative arrangements made by the asset management company for the management of conflicts of interest are not sufficient to ensure with reasonable confidence that the risk of damage to the interest of the UCITS or its unit holders or shareholders will be prevented, the senior management or other competent internal body of the asset management company shall be promptly informed in order for them to take any necessary decision to ensure that in any case the asset management company acts in the best interests of the UCITS and of its unit holders or shareholders.

Unit holders or shareholders in the UCITS shall be informed, using a durable medium, of the decision taken by the asset management company.

[Article 321-52](#)

When collective investment schemes or third country investment funds managed by the asset management company or by an affiliated company are purchased or subscribed on behalf of a UCITS, the prospectus of this UCITS must provide for this possibility.

Section 8 - Professional licences (Articles 321-53 à 321-68)

Sub-section 1 - General provisions

[Article 321-53](#)

The compliance and internal control officer must hold a professional licence issued by the AMF, pursuant to Article 321-62.

[Article 321-54](#)

The persons referred to in Article 321-91 shall fulfill the function of compliance and internal control officer.

[Article 321-55](#)

A natural person may perform the function of compliance and internal control officer, on a probationary or temporary basis, without holding the required professional licence, for a maximum period of six months, that can be renewable once.

The function of compliance and internal control officer may only be performed on a probationary or temporary basis with the prior consent of the AMF.

[Article 321-56](#)

Issuance of a professional license shall require the applicant to compile an application for authorisation, which shall be submitted to the AMF.

[Article 321-57](#)

The application for authorisation shall be kept on file by the AMF for ten years after the licensee has ceased to perform the functions that gave rise to the issuance of the professional licence.

[Article 321-58](#)

Where a person provisionally ceases to perform the activity that required a professional licence, such interruption shall not result in withdrawal of the licence.

[Article 321-59](#)

When a person definitively ceases to perform the function for which a professional licence was issued, the licence shall be

withdrawn. This withdrawal is performed by the AMF.

The asset management company on behalf of which the licensee is acting informs the AMF promptly when a person definitively ceases the activity as referred to in the previous paragraph.

[Article 321-60](#)

Whenever an asset management company takes disciplinary measures against a person holding a professional licence because of a breach of their professional obligations, it shall notify the AMF to this effect within one month.

[Article 321-61](#)

The AMF shall keep a register of professional licences.

It is kept informed of the appointment of the compliance and internal control officer.

The information in the register of professional licences shall be kept on file for ten years after the professional licence has been withdrawn.

Sub-section 2 - Compliance and internal control officer professional licence issuance

[Article 321-62](#)

The AMF shall issue compliance and internal control officer professional licenses to the persons performing such functions. For this purpose, the AMF shall organise a professional examination under the terms referred to in Articles 321-66 to 321-68.

However, where asset management companies appoint one of their effective managers within the meaning of Article L. 532-9, II, 4° of the Monetary and Financial Code to the function of compliance and internal officer, that person shall hold the relevant professional license. He or she shall not be required to take the examination provided for in the first paragraph.

[Article 321-63](#)

Before issuing the professional license, the AMF shall verify:

- 1 • That the relevant natural person is fit and proper, that he is familiar with the professional requirements and capable of performing the functions of compliance and internal control officer.
- 2 • That pursuant to Article 321-37, II, the asset management company has conducted an internal verification or an examination as provided for in Article 321-39, II, 3 to ensure that the person in question has the minimum knowledge referred to in Article 321-39, II, 1.
- 3 • That the asset management company complies with Article 321-32.

[Article 321-64](#)

The AMF may waive the examination requirement for a person who has performed comparable functions with another asset management company having equivalent business activities and organisational structures, provided that person has already passed the examination and that the asset management company planning to appoint him or her has already presented a candidate who passed the examination.

[Article 321-65](#)

If an asset management company requires compliance and internal control officer professional licenses to be issued to several persons, the AMF shall ensure that the number of license holders is proportionate to the nature and risks of the asset management company's business activities, size and organisational structure.

Asset management companies shall provide precise written definitions of the attributions of each professional license holder.

[Article 321-66](#)

The examination shall consist of an interview of the professional license applicant by a jury. The applicants shall be presented by the asset management companies on whose behalf they are to perform their functions.

An AMF instruction shall specify the examination programme and procedures.

The AMF shall hold the examinations at least twice a year. It shall decide who sits on the jury, set the examination dates and determine the amount of examination fees. This information shall be made known to asset management companies.

The AMF shall collect the examination fees from the asset management companies presenting applicants.

[Article 321-67](#)

The members of the jury referred to in the first paragraph of Article 321-66 shall be:

- 1 • A serving compliance officer, chair;
- 2 • A person holding an operational function in an asset management company;
- 3 • A member of the AMF staff.

If an applicant considers that a member of the jury has a conflict of interest with regard to him, he or she may ask the AMF to be examined by another jury.

[Article 321-68](#)

If the jury deems that the conditions referred to in Article 321-63 have been met, it shall propose that the AMF issue a professional license.

However, if the jury considers that the applicant has the necessary qualities to perform the function of compliance and internal control officer, but that the asset management company does not allow him proper independence or does not provide him with adequate resources, the jury may propose that issuance of a professional license be subject to the condition that the asset management company remedies the situation and notifies the AMF of the measures taken to this effect.

If outsourcing of the compliance and internal control officer function is being considered, the jury may be asked for its opinion.

However, the asset management company may specifically empower traders who are likely to carry out a trade in a financial instrument outside of the usual business hours and away from the usual site of the department to which they report. It shall establish a procedure setting the conditions for such trades, so that they are executed with the required security.

- 8 • The entity to which management is delegated must be qualified and capable of undertaking the delegated functions;
- 9 • The prospectus for the UCITS shall list the functions that the AMF has allowed the asset management company to delegate in accordance with this article.

Sub-section 2 - Primacy of the UCITS' interest and market integrity

Article 321-100

Asset management companies shall act honestly, fairly and professionally, with due skill, care and diligence, in the best interests of UCITS and unit holders or shareholders and the integrity of the market. Section 2 - Handling and executing orders (Articles 321-107 à 321-115)

Sub-section 1 - General provisions

Paragraph 1 - Principles

[Article 321-107](#)

I. – Asset management companies shall comply with the following requirements for the execution of orders:

- 1 • They shall ensure that orders on behalf of UCITS are registered and routed rapidly and accurately;
- 2 • They shall transmit or execute orders rapidly in their order of arrival, unless the nature of the order or prevailing market conditions do not make this possible, or the interests of the UCITS call for a different action;

II. - Where asset management companies are given the task of supervising or organising the settlement of an executed order, they shall make all reasonable arrangements to ensure that the UCITS' financial instruments or funds received in settlement of the executed order are rapidly and correctly allocated to the account of the UCITS concerned.

III. - Asset management companies must not misuse information about client orders pending execution and they shall be required to take all reasonable measures to prevent misuse of such information by any of the relevant persons referred to in Article 321-31.

IV. - Asset management companies shall define the planned allocation of the orders they give beforehand. As soon as they learn that they orders have been executed, they shall transmit to the UCITS depositary exact instructions for the allocation of the orders executed to the beneficiaries. This allocation shall be final.

Paragraph 2 - Grouped orders

[Article 321-108](#)

I. - Asset management companies must not group client orders with orders passed on behalf of UCITS or with transactions for their own account prior to transmission or execution, unless the following conditions are met.

- 1 • The grouping of orders and transactions is unlikely to be detrimental overall for any of the clients or UCITS whose orders have been included;
- 2 • An order allocation policy has been established and is effectively applied to ensure by means of sufficiently specific procedures an equitable allocation of grouped orders and transactions, explaining how, in each case, the order quantities and prices determine the allocations and the treatment of partially executed orders.

II. - Where an asset management company groups an order with one or more other client orders or orders passed on behalf of

other UCITS and the grouped order is partially executed, the company shall allocate the corresponding transactions in accordance with its order allocation policy referred to in 2° of I.

Article 321-109

I.- Any asset management company that has grouped a transaction for its own account with one or more client orders or orders passed on behalf of UCITS shall refrain from allocating the corresponding transactions in a way that is detrimental to a client or a UCITS.

II. - In cases where an asset management company groups a client order or an order passed on behalf of a UCITS with a transaction for its own account and the grouped order is partially executed, the client or the UCITS shall have the priority for the allocation of the corresponding transactions rather than the asset management company.

However, if the asset management company is able to demonstrate reasonably that, without the grouping of orders, it would not have been able to execute the order on such advantageous terms, or even at all, it may then allocate the transaction for its own account proportionately, in accordance with its order allocation policy referred to in 2° of I of Article 321-108.

Sub-section 2 - Best execution obligation

Article 321-110

- 1 • The relative importance that the asset management company attributes to the factors referred to in I of Article L. 533-22-2-2 of the Monetary and Financial Code based on the criteria referred to in Article 321-110 or the process by which the relative importance of these criteria is determined;
- 2 • A list of the execution venues in which the asset management company has the most confidence for meeting its obligation to take all reasonable measures to obtain the best execution of the orders passed on behalf of UCITS on a consistent basis.

Paragraph 3 - Supervision of execution policies

[Article 321-112](#)

Asset management companies shall supervise the effectiveness of their arrangements for order execution and their policy on this matter in order to detect any deficiencies and to remedy them as appropriate.

In particular, they shall periodically verify whether the execution systems stipulated under their order execution policies obtain the best possible result for the UCITS or whether they need to modify their execution arrangements.

Asset management companies shall notify holders of shares or units in the UCITS of any material changes in their order execution arrangements or policies.

[Article 321-113](#)

Asset management companies shall conduct an annual review of their order execution arrangements and policies.

IV. - Asset management companies shall establish and implement policies that enable them to comply with the obligation referred to in III. Such policies shall select the entities to which orders for each class of instruments are transmitted for execution. The selected entities must have order execution mechanisms that enable the asset management companies to comply with their obligations under the terms of this Article when they transmit orders to that entity for execution. Asset management companies shall provide unit holders or shareholders in UCITS that they manage with appropriate information about their policies developed for the purposes of this paragraph. This information shall be included in the management report.

V. - Asset management companies shall monitor the effectiveness of the policies established for the purposes of IV on a regular basis, especially with regard to the quality of the execution provided by the entities selected under their policies.

Where appropriate, they shall remedy any deficiencies brought to light.

In addition, asset management companies shall be required to conduct an annual policy review. Such a review must also be conducted each time a material change occurs that has an effect on an asset management company's ability to continue obtaining best execution for the UCITS that it manages.

VI. - This Article shall not apply when an asset management company also executes orders resulting from its investment decisions. In this case, the provisions of Article L. 533-22-2 of the Monetary and Financial Code and Sub-section 2 of this Section shall apply.

[Article 321-115](#)

An asset management company shall draw up and implement a policy for selecting and assessing the entities that provide it with

Asset management companies shall be remunerated for their management of UCITS by a management fee and, if applicable, a proportionate share of subscription and redemption fees or by incidental fees, under the conditions and within the limits set by Articles 321-118 to 321-124 and 411-130 or 422-91. - 2 • It is consistent with investment management objective set forth in the prospectus and the key investor information document of the UCITS;
- 3 • The share of outperformance of the UCITS allocated to the asset management company must not induce that company to take excessive risk with regard to the investment strategy, investment objective and risk profile set forth in the prospectus and the key investor information document of the UCITS.

Article 321-119

All fees and commissions paid by the UCITS for transactions in portfolios under management, with the exception of subscription and redemption transactions relating to collective investment schemes or investment funds of third countries, shall be trading costs. They include:

Agreements under which the asset management company shares some of the intermediation fees referred to in a of Point 1° on the occasion of a transaction in a financial instrument shall be prohibited.

Article 321-120

Without prejudice to Article 321-118, the income, fees and capital gains generated by management of the UCITS, along with any rights attached thereto, shall belong to the unit holders and shareholders. The UCITS shall be the sole beneficiary of shared management fees and subscription or redemption commissions arising from investments in collective investment schemes or third country investment funds.

The asset management company, the service provider handling the financial management, the custodian, the custodian's delegatee and the affiliated company referred to in c of point 2° of Article 321-119 may receive a share of the income from securities financing transactions using securities belonging to the UCITS, under the conditions set forth in the prospectus of the UCITS.

Asset management companies may enter into such agreements, provided that the agreements:

- 1 • Do not violate the provisions of Article 321-114;
- 2 • Comply with the principles referred to in Articles 321-122 and 321-123.

Article 321-122

The intermediation fees stipulated in Article 321-119 shall pay for services that are of direct interest for the UCITS. Such services shall be covered by a written agreement.

These fees shall be assessed periodically by the asset management company.

If the asset management company uses investment decision aid and order execution services and if the intermediation fees for the previous year came to more than EUR 500,000, it shall compile a document entitled "Report on Intermediation Fees" that shall be updated as needed. The report shall specify the terms and conditions on which the asset management company used investment decision aid and order execution services, along with the breakdown between:

- 1 • Intermediation fees related to order reception, transmission and execution services;
- 2 • Intermediation fees related to investment decision aid and order execution services.

It shall also give an account of the measures implemented to prevent or deal with any potential conflicts of interest in the selection of service providers.

This document shall be posted to the asset management company's website, if the company has one. The management report for each UCITS shall refer explicitly to this document. If the asset management company does not have a website, the document shall be included in the management report for each UCITS.

Article 321-123

The intermediation fees referred to in b in Point 1° of Article 321-119:

- 1 • Must be directly related to order execution;
- 2 • Must not cover:
 - a) The provision of goods or services that correspond to resources that the portfolio management should have for its programme of activity, such as administrative or accounting management, the purchase or leasing of premises, or compensation for staff;
 - b) The provision of services for which the asset management company receives a management commission.

Article 321-124

Where units or shares of a collective investment scheme or of third-country investment funds managed by an asset management company are purchased or subscribed by that company or an affiliated company on behalf of a UCITS, subscription and redemption commissions shall be prohibited, except for the portion retained by the UCITS in which the investment has been made.

Article 321-125

I. – Where establishing and applying remuneration policies, notably concerning the fixed and variable components of salaries and discretionary pension benefits, for the staff categories referred to in Article L. 533-22-2 of the Monetary and Financial Code, the asset management company shall comply with the following principles in a way and to the extent that is appropriate to its size, internal organisation and the nature, scope and complexity of its activities:

- 1 • The remuneration policy is consistent with and promotes sound and effective risk management and does not encourage risk taking which is inconsistent with the risk profiles, rules or instruments of incorporation of the UCITS that the management company manages;
- 2 • The remuneration policy is in line with the business strategy, objectives, values and interests of the management company and the UCITS that it manages and of the investors in such UCITS, and includes measures to avoid conflicts of interest;
- 3 • The management body of the asset management company in its supervisory function, or, if management and supervisory functions are separated, the supervisory board of the management company or any other body or person performing equivalent supervisory functions in a company with a different corporate structure, adopts the remuneration policy, reviews at least annually the general principles of the remuneration policy and is responsible for, and oversees, implementation of the policy; the tasks referred to in this point shall be undertaken only by members of the above bodies who do not perform any executive functions in the asset management company concerned and who have expertise in risk management and remuneration;
- 4 • The implementation of the remuneration policy is, at least annually, subject to central and independent internal review for compliance with policies and procedures for remuneration adopted by the bodies mentioned in point 3;
- 5 • Staff engaged in control functions are compensated in accordance with the achievement of the objectives linked to their functions, independently of the performance of the business areas that they control;
- 6 • The remuneration of the senior officers in the risk management and compliance functions is overseen directly by the remuneration committee, where such a committee exists;

- 7 • Where remuneration is performance-related, when assessing individual performance the total amount of remuneration is based on a combination of the assessment of the performance of the individual and of the business unit or UCITS concerned, having regard to the risks they take, and of the overall results of the asset management company, taking financial and non-financial criteria into account;
- 8 • The assessment of performance is set in a multi-year framework appropriate to the holding period recommended to the investors of the UCITS managed by the asset management company in order to ensure that the assessment process is based on the longer-term performance of the UCITS and its investment risks and that the actual payment of performance-based components of remuneration is spread over the same period;
- 9 • Guaranteed variable remuneration is exceptional, occurs only in the context of hiring new staff and is limited to the first year of engagement;
- 0 • Fixed and variable components of total remuneration are appropriately balanced and the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable remuneration components, including the possibility to pay no variable remuneration component;
- 1 • Payments relating to the early termination of a contract reflect performance achieved over time and are designed in a way that does not reward failure;
- 2 • The measurement of performance used to calculate variable remuneration components or pools of variable remuneration components includes a comprehensive adjustment mechanism to integrate all relevant types of current and future risks;
- 3 • Subject to the legal structure of the UCITS and its fund rules or instruments of incorporation, a substantial portion, and in any event at least 50%, of any variable remuneration component consists of units of the UCITS concerned, equivalent ownership interests, or share-linked instruments or equivalent non-cash instruments with equally effective incentives as any of the instruments referred to in this point, unless the management of the UCITS accounts for less than 50% of the total portfolio managed by the management company, in which case the minimum of 50% does not apply.

The instruments referred to in this point shall be subject to an appropriate retention policy designed to align incentives with the interests of the asset management company and the UCITS that it manages and the investors of such UCITS.

This paragraph shall apply to both the portion of the variable remuneration component deferred in line with point 14 and the portion of the variable remuneration component not deferred;

- 4 • A substantial portion, and in any event at least 40%, of the variable remuneration component, is deferred over a period which is appropriate in view of the holding period recommended to the investors of the UCITS concerned and is correctly aligned with the nature of the risks of the UCITS in question.

The period referred to in the previous sub-paragraph shall be at least three years; remuneration payable under deferral arrangements vests no faster than on a pro-rata basis; in the case of a variable remuneration component of a particularly high amount, at least 60% of the amount shall be deferred;

- 5 • The variable remuneration, including the deferred portion, is paid or vests only if it is sustainable according to the financial situation of the management company as a whole, and justified according to the performance of the business unit, the UCITS and the individual concerned.

The total variable remuneration shall generally be considerably contracted where subdued or negative financial performance of the asset management company or of the UCITS concerned occurs, taking into account both current compensation and reductions in payouts of amounts previously earned, including through malus or clawback arrangements;

- 6 • The pension policy is in line with the business strategy, objectives, values and long-term interests of the management

company and the UCITS that it manages.

If the employee leaves the asset management company before retirement, discretionary pension benefits shall be held by the management company for a period of five years in the form of instruments referred to in point 13.

In the case of an employee reaching retirement, discretionary pension benefits shall be paid to the employee in the form of instruments referred to in point 13, subject to a five-year retention period;

- 7 •** Staff are required to undertake not to use personal hedging strategies or remuneration- and liability-related insurance to undermine the risk alignment effects embedded in their remuneration arrangements;
- 8 •** Variable remuneration is not paid through vehicles or methods that facilitate the avoidance of the statutory and regulatory requirements applicable to asset management companies.

II. - The principles set out in I shall apply to any benefit of any type paid by the asset management company, to any amount paid directly by the UCITS itself, including performance fees, and to any transfer of units or shares of the UCITS, made for the benefit of those categories of staff, including senior management, risk takers, control functions and any employee receiving total remuneration that falls into the remuneration bracket of senior management and risk takers, whose professional activities have a material impact on the risk profiles of the management company or of the UCITS that it manages.

III. – Asset management companies that are significant in terms of their size or of the size of the UCITS that they manage, their internal organisation and the nature, scope and complexity of their activities shall establish a remuneration committee. The remuneration committee shall be constituted in a way that enables it to exercise competent and independent judgment on remuneration policies and practices and the incentives created for managing risk.

The remuneration committee shall be responsible for the preparation of decisions regarding remuneration, including those which have implications for the risk and risk management of the asset management company or the UCITS concerned and which are to be taken by the bodies mentioned in I, 3 in their supervisory function. The remuneration committee shall be chaired by a member of one of the bodies mentioned in I, 3 who does not perform any executive functions in the asset management company concerned. The members of the remuneration committee shall be members of the bodies mentioned in I, 3 who do not perform any executive functions in the asset management company concerned.

If employee representation on the bodies mentioned in I, 3 is provided for, the remuneration committee shall include one or more employee representatives.

When preparing its decisions, the remuneration committee shall take into account the long-term interest of unit holders or shareholders of UCITS and other stakeholders and the public interest.

Sub-paragraph 1 - Persons, services and financial instruments concerned

[Article 322-1](#)

I. - The provisions of the present section are applicable to the persons mentioned in Article L. 542-1 of the Monetary and Financial Code when they supply the service of custody account-keeping for financial instruments on behalf of third parties and the ancillary services such as the cash account management corresponding to these financial instruments or the management of the financial guarantees mentioned in Article L. 321-2 (1°) of the Monetary and Financial Code.

[Article 322-20](#)

The custody account-keeper shall proceed with the accounting input of the operations as soon as it becomes aware thereof.

[Article 322-21](#)

The custody account-keeper shall design the system of accounting for financial securities in such a way that it is capable of justifying, on the one hand, the balances of each financial security based on the balances of each of the holders and the balances of the operations in transit and, on the other hand, the reconstitution of each balance based on the detailed operations which are at the source thereof.

It shall carry out these justifications based on a reasonable periodicity.

[Article 322-30](#)

The custody account-keeper shall implement continuous audit procedures relating to the accuracy of the processing procedures.

Article 322-31

The custody account-keeper shall implement continuous procedures for the verification of the accuracy of the available asset accounts, with the aid of the supporting documents for the corresponding assets supplied by the central depository, the keepers of securities accounts in which are kept the financial securities and the issuing entities which make public offerings. The custody account-keeper shall justify any difference.

Article 322-32

The custody account-keeper shall record the normal dates on which the receipt or delivery of the financial securities is anticipated. This recording shall take account of the specificities of cross-border operations.

The custody account-keeper shall organise its procedures in such a way as to continuously monitor suspense items as follows:

If, in particular, it observes that these procedures have not been implemented in the case of a client who is selling securities, it shall not proceed with the delivery of the said securities.

However, in the event that, for technical reasons related to the operation of the settlement and delivery system, it is incapable of preventing the delivery of the securities, it shall ensure that no financial instrument belonging to clients will be used for this purpose, without their express agreement, as provided for in 4° of Article 322-7.

[Article 322-46](#)

Prior to the issue of negotiable loan notes, a written agreement shall be concluded between the issuer and a domiciliation establishment which will supervise the validity of the issue terms.

Authorised to be domiciliation agents are the establishments mentioned in Article 3 of the ministerial order of 31 December 1998 relating to the conditions which must be fulfilled by issuers of negotiable loan instruments mentioned in 2° to 10° of Article L.213-3 of the Monetary and Financial Code.

The domiciliation agent is in particular responsible for the accuracy of the amount of the issue with regard to the instructions received from the issuer. It shall be obliged to account to the issuer for the characteristics of the issues in accordance with the modalities set out in the above-mentioned agreement.

The domiciliation agent shall ensure the financial service for the issue and fulfil, *vis-à-vis* the Bank of France, the statistical declaration obligation provided for in the ministerial order mentioned in the second paragraph and the regulations issued for its application.

[Article 322-47](#)

Where an issuer decides to have the account for the issue of negotiable loan instruments kept at a central depository, it shall inform the latter of the domiciliation agent which it mandates in order to transmit its instructions to it. The central depository shall open a specific account for each issue. The central depository shall be the guarantor of the equilibrium between the number of securities issued and the number of securities recorded in its books in the name of the custody account-keepers.

[Article 322-48](#)

Where an issuer decides not to have the account for the issue of negotiable loan securities held at a central depository, its domiciliation agent shall be the guarantor of the equilibrium between the number of securities issued and the number of securities registered in its books in the name of the other custody account-keepers.

[Article 322-49](#)

Only the provisions referred to in Articles 322-46 and 322-47 shall apply to Treasury bonds.

Sub-section 4 - Professional obligations of the issuer entities considered in their capacity as custody account-keepers and provisions relating to the administration of registered financial securities

Paragraph 1 - General provisions

[Article 322-49-1](#)

In application of 1° of Article L. 542-1 of the Monetary and Financial Code, legal entities which issue financial securities which were the subject of a public offering are authorised to carry on a custody account-keeping activity for the securities.

[Article 322-50](#)

Where a holder of registered financial securities uses the option which is given to it by Article R. 211-4 of the Monetary and Financial Code to entrust to a custody account-keeper intermediary, mentioned in Article L. 211-3 of the said code, the responsibility for their administration, it shall sign with this latter a mandate based on a template set out in an instruction from the AMF. This mandate shall be notified by the said intermediary to the issuer entity.

Where the administration mandate entrusted to this custody account-keeper intermediary is terminated, this latter shall so inform the issuer entity.

[Article 322-51](#)

The issuer entities shall maintain specific accounting records for each of the financial securities which they issued.

This accounting system shall distinctly record the pure registered financial securities and the administered registered financial securities mentioned in Article 322-2.

A chronologically-completed general journal shall retrace all the operations concerning each of the financial securities issued.

A general account, "Issue of registered financial securities", opened for each financial security shall register, on the debit side, all the financial securities registered at the issuer.

Its credit counterpart shall appear in the individual accounts of the pure registered holders, on the one hand, and administered registered holders, on the other hand, as well as in the various registered financial security accounts in the process of allocation.

Article 322-52

The recognition, in favour of the holders, of the rights detached from registered financial securities is carried out exclusively by the custody account-keeper intermediaries of administered registered financial securities, where administered registered financial securities are concerned and by the issuer entities where pure registered financial securities are concerned.

These rights take the "bearer" form if they arise from administered registered financial securities, and the "pure registered" form if they arise from pure registered financial securities.

Regardless of the form in which they are registered, these rights circulate in bearer reform.

Article 322-53

The accounts of the issuers at the central depository for the issue shall retrace the assets of the issuer in pure registered financial securities.

The accounts of the custody account-keeper intermediaries at the central depository for the issue shall separately register the assets of the holders of financial securities held in "bearer" form and in the "administered registered" form.

Accounts which are specific to essentially registered financial securities, open only at investment service providers carrying on the business of order-execution on behalf of third parties and trading on their own account, shall register at the central depository for the issue the movements in financial securities consecutive to the operations made by their intermediary on a regulated market.

Article 322-54

In the event of a change in the holder of an administered registered financial security or a change in the method of administration of the account or any other modification affecting the registration on the account of a holder of an administered registered financial security, each custody account-keeper intermediary concerned shall establish the list of nominative references for the holder mentioned in Article L. 211-19 of the Monetary and Financial Code and shall proceed, where appropriate, with the agreed operations of cash settlement and delivery of the financial securities.

Where a holder of registered financial securities charges a custody account-keeper intermediary with administering his/her account opened at an entity which is an issuer of financial securities admitted to the operations of a central depository, this issuer entity shall establish a sheet of nominative references. Where it holds an administration account, the custody account-keeper intermediary will alone be authorised to receive from the holder the orders relating to the financial securities in question; consequently, it shall establish the sheet of nominative references in accordance with the conditions set out in the first paragraph.

Any sheet of nominative references shall be materialised by a collection of computerised data, established in accordance with the standards set out in an instruction from the AMF and intended to be transmitted remotely.

The registered financial securities not admitted to the operations of a central depository, but which were issued by a public offering, shall circulate in accordance with the professional standards in force.

Article 322-55

In the event of the change of the holder of an administered registered financial security, following the execution of an order on the financial security, the custody account-keeper intermediary in question shall forward to the central securities depository concerned the sheet of nominative references no later than midday the second trading day following the date of execution of the order. The central securities depository in its turn shall transmit the sheet of nominative references to the issuing entity, no later than the second trading day following the date of execution of the order, specifying the date on which it is recording the said sheet.

No later than the trading day following the receipt of the sheet of nominative references, the issuing entity shall update its accounting records. No later than the second trading day following the receipt of the sheet of nominative references, the issuing entity shall return the sheet of nominative references to the central securities depository. This latter shall forward the sheet of nominative references to the intermediary in question no later than the trading day following the receipt of the sheet.

The date of the movements recorded by the issuing entity is the date specified by the central depository referenced in the first paragraph, on which it records the sheet.

Article 322-56

The issuing entity or the custody account-keeper intermediary responsible for the preparation of a sheet of nominative references following a change in the method of administration of the account of a holder of a financial security shall send, no later than two trading days from the date on which it records the change to the account of the said holder held in its books, this sheet to the central depository. The central depository shall forward the sheet of nominative references to the custody account- keeper in question no later than the trading day following the receipt of the said sheet.

Article 322-57

The sheets of nominative references circulate via the intermediary of the central depositories.

The rules of operation for the central depositories and their application instructions establish the technical standards determining the computerised data making up the sheets of nominative references and organise the circulation of the sheets.

Article 322-58

The rules of operation of the central depositories shall establish the penalties which may be imposed on the custody account-keeper intermediaries and issuer entities which do not establish the sheets of nominative references within the required deadlines. Consequently, the rules set out the delays which give rise to penalties and their amounts.

Article 322-59

If, in the event of the rejection by an issuer entity of a sheet of nominative references, the issue of a regularisation sheet by the custody account-keeper intermediary is required, the delay which gives rise to a penalty for the issue of this regularisation sheet cannot exceed seven trading days following the date of the recording of the rejection at the central depository.

Article 322-60

For any sheet of nominative references not mentioned in Articles 322-55 and 322-56, and for which the deadline for issue does not arise from the modalities of a operation carried out at the initiative of the issuer of financial securities, the delay giving rise to a penalty for the issue of the sheet by the custody account-keeper intermediary cannot exceed three trading days following the date of the event at the origin of this issue and recorded on the sheet.

The delay giving rise to the penalty to which is subject the issuer entity which received the said sheet cannot exceed three trading days following the date of the registration mentioned in the first paragraph of Article 322-55.

Paragraph 2 - Stipulations of the terms of reference of the custody account-keeper applicable to legal entities issuing financial securities via public offerings and recording the financial securities issued in pure registered accounts

Article 322-61

The hierarchical reporting line of the departments responsible for providing the function of maintaining the securities account shall appear on the general organisation chart of the legal entity issuing the financial securities via a public offering and recording

the financial securities issued in pure registered accounts.

[Article 322-62](#)

A pure registered securities account must not have a debit balance on the date of settlement and delivery in respect of any financial security sold.

[Article 322-63](#)

The issuer entity shall organise the procedures for processing in such a way as to guarantee the recording of the sheets of nominative references in chronological order, the complete input, the reliability and retention of the basic data, in particular that relating to the holders of accounts, to the financial securities safeguarded, to the intermediaries and to any events affecting the securities.

For financial securities not admitted to the operations of a central depository but which were issued by a public offering, the issuer entity shall retain, in chronological order, the supporting documents resulting from the professional standards in force and any modifications made to the holders' accounts.

[Article 322-64](#)

The issuer entity shall process and retain the data relating to the holders of pure registered financial securities and to the operations which they make, in compliance with professional secrecy, in accordance with the regulations in force.

[Article 322-65](#)

The issuer entity shall design the system of accounting for financial securities in such a way that it is capable of justifying, on the one hand, the balances of each financial security based on the balances of each of the holders of pure registered financial securities and the balances of the operations in transit and, on the other hand, the reconstitution of each balance based on the detailed operations which are at the source thereof.

It shall carry out these reconciliations based on a reasonable periodicity.

[Article 322-66](#)

The issuer entity shall organise its procedures in such a way that the report on the suspense items in terms of financial securities is supplied on a monthly basis to the audit manager mentioned in Article 322-72.

Suspense items mean operations rejected by the issuer entity and not regularised by the intermediaries. These operations are:

- 1 • Negotiations on an essentially registered financial security;
- 2 • Elementary operations;
- 3 • Transfers, sales and rectifications of account names;
- 4 • Sundry operations in financial securities;
- 5 • Transfers of portfolios.

The report on the suspense items is filed by the intermediary and each line therein is completed with the accounting reference of the operation.

All suspense items shall be regularised as quickly as possible.

To the extent required, a procedure for bilateral reconciliation between the issuer entity and the intermediaries shall be implemented with a view to resolution of the suspense items.

[Article 322-67](#)

For all accounting input into its books in the name of a new holder of pure registered financial securities, the issuer entity shall:

- 1 • Verify the identity of the said holder;
- 2 • Ensure that it has the legal capacity and the status required to open the account;
- 3 • Verify, where a legal entity holder of pure registered financial securities is concerned, that the representative of this legal entity has the capacity to act, either by virtue of his/her capacity as legal representative, or under the terms of a delegation or mandate in his/her favour; for this purpose, the issuer entity shall request the production of any documents enabling it to verify the authorisation or appointment of the representative;
- 4 • Establish an account-opening agreement with the holder of the pure registered financial securities. The establishment of the agreement may take place subsequently to the first accounting entries, within a reasonable deadline.

[Article 322-68](#)

The account opening agreement shall contain:

- 1 • The identity of the holder of the pure registered financial securities;
- 2 • Where a legal entity is concerned, the modalities for informing the issuer entity about the name of the person or persons authorised to act in the name of the said legal entity; where a natural person is concerned, his/her capacity as a French resident, a resident of another State which is a party to the European Economic Area agreement or a resident of a third country and the identity, where applicable, of the person or persons authorised to act in the name of the said natural person;
- 3 • The information relating to the tax situation of the holder of the financial securities, which are necessary to the issuer entity in order to fulfil its professional obligations.
- 4 • If a service of receipt and transmission of orders is supplied to the holder of pure registered financial securities, the characteristics of the orders likely to be sent to the issuer entity, the method of receipt and transmission of the orders, the modalities for informing the holder when the transmission of the order was not able to be completed, and the content and modalities for informing the holder following execution of the order;
- 5 • The modalities for information relating to movements recorded on the holder's account.

[Article 322-69](#)

Where the receipt of an order concerning financial securities is sent by a holder of pure registered financial securities, the issuer entity shall verify, prior to transmission of this order for execution on the market, that the conditions necessary for the said execution have in fact been fulfilled. In particular, it shall ensure the existence:

- 1 • Of an adequate cash provision or, failing that, suitable coverage, for a purchase of securities;
- 2 • Of an adequate provision in securities in the case of a sale, at least on the date of settlement and delivery.

[Article 322-70](#)

Where the issuer entity is caused to complete, on the instructions of a holder of pure registered financial securities, a transfer of a portfolio of financial securities to another custody account-keeper intermediary, in accordance with the conditions mentioned in 5° of Article 322-7, it shall, as quickly as possible, supply to the new custody account-keeper all the information which is necessary to it, particularly that relating to the precise identification about the holders concerned as well as detailed information enabling it to prepare the tax returns, in particular the information about the taxable cost base.

[Article 322-71](#)

Where an issuer entity uses a representative and decides to change it, it will ensure that the new representative completes the effective transfer of the archives concerning the issuer entity with the representative which it is replacing.

[Article 322-71-1](#)

The issuer entity shall establish and keep operational and efficient and transparent procedure for the reasonable and rapid processing of complaints sent to it by holders of registered financial securities.

These holders shall be able to send complaints to the issuer entity free of charge.

The issuer entity shall respond to the complaint by the registered financial security holder within a maximum deadline of two months with effect from the date of receipt of this complaint, except in the event of duly justified specific circumstances.

It shall put in place a system for equitable and harmonised processing of complaints by holders of registered financial securities.

It shall record each complaint and the measures taken for its handling. It shall put in place a system for monitoring complaints allowing it in particular to identify any malfunctions and to implement the appropriate corrective actions.

Information about the procedure for handling complaints is made available free of charge to holders of registered financial securities.

The procedure put in place shall be proportionate to the number of holders of registered financial securities and to the size and the structure of the issuer entity.

[Article 322-72](#)

The issuing entity will charge an employee, appointed by name, to ensure compliance with the rules applicable to the activity of custody account-keeping and, where applicable, the service of receipt and transmission of orders. This audit manager shall carry out the function set out in Articles 322-39 to 322-45.

The audit manager will have the appropriate autonomy of decision-making, as well as the human and technical resources necessary for the accomplishment of his/her assignment and which shall be adapted to the nature and volume of the activities carried out.

Each year, he/she will prepare a report including a description of the audit organisation, a listing of the tasks completed in the exercise of his/her assignment, the recommendations which he/she has been led to make and the measures adopted as a result of his/her remarks. This report shall be forwarded to the management of the custody account-keeping function of the issuer entity and to the executive body of the said entity.

Sub-section 5 - Provisions relating to the keeping of securities accounts within the framework of an employee savings scheme

[Article 322-73](#)

The present sub-section concerns the keeping of securities accounts for units or shares in a collective investment scheme acquired within the framework of an employee savings scheme. It also concerns other financial securities acquired in the framework of such a scheme.

For the purposes of the present sub-section, the following definitions will apply:

- 1 • "Units", units or shares in a collective investment scheme offered within the framework of an employee savings scheme;
- 2 • "Funds", the collective investment schemes of which the units and shares are offered within the framework of an employee savings scheme;

3 • "Bearers", the beneficiaries of an employee saving scheme;

4 • "Management companies", the portfolio management companies and open-ended investment companies which do not delegate their asset management.

Paragraph 1 - Account-opening agreement

[Article 322-74](#)

Prior to the opening of a financial securities account within the framework of an employee savings scheme, the custody account-keeper shall verify the identity of the company as well as the validity of the powers delegated to its representative.

The account-opening agreement mentioned in Article 322-5 shall be established, subject to the provisions of the third paragraph, between the company which has put in place the employee savings scheme on behalf of its employees and other bearers and the custody account-keeper specified in the savings plan or participation agreement.

Where, within the framework of an employee savings scheme, the company is an issuer entity carrying on the business of custody account-keeping and keeping of pure registered bearer accounts, it is not obliged to establish with the said bearers an account-opening agreement or to have it established by its representative.

[Article 322-75](#)

Prior to the opening of the individual accounts mentioned in Article 322-77, the custody account-keeper shall ask the company or its delegated keeper of the register of administrative rights, hereafter the registered keeper, to provide it with the list of the beneficiaries of the employee savings scheme. Failing this, the accounts shall not be opened.

[Article 322-76](#)

The account-opening agreement shall specify:

1 • The method for the transmission of the orders for payment, redemption, modification of the choice of investment or transfer of the role incumbent on the custody account-keeper in terms of order execution.

The orders shall be transmitted directly to the custody account-keeper when it is the agent of the company to receive the orders and to check that they are valid, or by the intermediary of the company which, in this case, is responsible for checking that they are valid;

2 • The modalities for the update of the individual information relating to the bearers, including bearers who have left the company and the processing related to the loss of the capacity of employee. It shall provide that a bearer who loses this capacity remains covered by this agreement or by any other agreement in force which may subsequently be substituted therefor;

3 • The role of custody account-keeper in terms of informing the company and the bearers, and the modalities for this provision of information, without prejudice to the legal and regulatory provisions concerning the responsibilities of the company where providing information to bearers is concerned. This information concerns the investment of the profit share and the payments made under the terms of the savings plan, operations in financial securities, operations for changing the custody account-keeper, individual transfers, changes in the appropriation of bearers' assets and other individual operations by the bearers.

The custody account-keeper, if it is distinct from the registered keeper, shall agree with it the modalities for the sending to bearers of a report summarising the nature and number of the financial securities registered on their account, mentioned in Article 322-12 and in article R. 3332-16 of the Employment Code;

4 • The level, periodicity and modalities for the payment of the expenses due by the company and by the bearer;

5 • The extent of the right of usage of the custody account-keeper with regard to the files on the bearers;

- 6 • The existence of agreements applicable to the custody account-keeper in its relations with the other parties concerned, within the framework of employee savings schemes, as stipulated in Articles 322-79 to 322-81;
- 7 • The deadlines for reimbursement to the bearer, where there are no stipulations provided for by the regulations or Articles of Association of the fund;
- 8 • The deadlines for investment of the sums paid on behalf of the bearers. These deadlines will run with effect from the receipt by the securities account-keeper of the information about the destination fund and the corresponding financial flows.

Paragraph 2 - Maintenance and consultation of the accounts

Article 322-77

The custody account-keeper shall keep an account of the units in the name of each bearer. In application of Article 322-6, this account shall mention the identification information for the bearer in the name of whom it was opened and the specificities affecting the exercise of the rights of the said bearer. This identification data and the specificities shall be forwarded by the company.

A merger between two accounts held for a single bearer may only be carried out on the basis of a formal request by the company.

The closure of a bearer's account may only take place if the entirety of the assets has been liquidated and if he/she has no further rights due.

The custody account-keeper shall also keep accounts for "operations in progress" intended to receive the sums paid by the company or the bearers and to record the sums in the process of payment, due to the bearers.

Article 322-78

When, in application of Article 322-33, a custody account-keeper charges a third party with providing it with technical resources, it shall ensure that this latter implements the provisions of the present sub-section.

Where it charges this third party with accounting record-keeping relating to the bearers, the custody account-keeper shall not be obliged to duplicate the said records in its own information system.

When, in application of Article 322-34, an OEIC holds, in the capacity of custody account-keeper, pure registered bearer accounts and where it makes use of a representative, it will ensure that this latter implements the provisions of the present sub-section.

In application of Article 322-35:

- 1 • The securities account-keeper mentioned in the first paragraph shall not be exempted from its responsibility to the company and the bearers, where a third party provides it with resources;
- 2 • The OEIC mentioned in the third paragraph shall not be exempted from its responsibility to the company and the bearers where it makes use of a representative.

Paragraph 3 - Relations between the custody account-keeper and the other parties concerned, within the framework of an employee savings scheme

Article 322-79

The custody account-keeper shall establish, with the asset management company and the entity holding the unit issue account, an agreement defining the exchanges of information which enable:

- 1 • The asset management company to proceed with the investments or disinvestments for the funds;

- 2 • The custody account-keeper to account for the number of units of each employee, after notification of the net asset values by the asset management company;
- 3 • The entity holding the unit issue account to create or cancel units and, where applicable, to proceed with dealing with the difference between the number of units transmitted to it by the custody account-keeper and that which it recorded.

Article 322-80

If it is separate from the depository, the custody account-keeper shall establish with it an agreement defining the exchanges of information between them, enabling:

- 1 • The custody account-keeper and the depository to organise the financial flows, in compliance with the deadlines for settlement announced in the account-opening agreement or fixed by the regulations or Articles of Association of the fund;
- 2 • The depository to receive the information necessary for its audit role.

Article 322-81

Where the custody account-keeper is caused to complete, in compliance with the regulations in force, a transfer of units or cash held by a bearer or by all the bearers to another custody account-keeper, it shall, as quickly as possible and no later than the time of the transfer to the new custody account-keeper, transfer all the information which is necessary to it, particularly that relating to the precise identification of the holders concerned and their units, as well as detailed information for the preparation of the tax returns.

Paragraph 4 - Operations for payment, redemption, modification of investment decision and of individual transfer of bearer

Sub-paragraph 1 - Payment operations

Article 322-82

The custody account-keeper shall provide the company with the statement of bank account identity for the bearer who is the holder of the "operations in progress" accounts mentioned in Article 322-77 and who receives the payments on this account(s).

On receipt of the instructions for the appropriation of the sums, by bearer and by fund, and on the recording of the receipt of the corresponding sums on the "operations in progress" account concerned, it shall debit the said account in order to credit the accounts of the funds on the date of the next asset valuation. It shall inform the asset management company of this operation. Simultaneously, it shall calculate and record the number of individual units on the basis of the net asset value or values notified by the asset management company of the fund(s) concerned.

The custody account-keeper shall notify to the depository, to the asset management company and to the entity holding the unit issue account, the summary of the subscriptions, in amounts and in units, which concern them.

It shall send to the bearers and to the company or its delegated register-keeper the details of the operations completed.

Article 322-83

Where the custody account-keeper has not received instructions for the appropriation, by bearer and by fund, of the sums paid by the company, it shall pay the sum into the fund specified, where applicable, for this purpose by the savings plan or the profit-sharing agreement. The units thereby created ("units in the process of allocation") shall be retained by the custody account-keeper on behalf of the bearers in a separate account.

The individual distribution of the units or cash in favour of the bearers shall only be carried out when the company or its delegated register-keeper notifies the custody account-keeper of the information necessary for this purpose.

In the absence of a fund specified for this purpose, the custody account-keeper shall retain the sums received until receipt of the instructions for allocation.

[Article 322-84](#)

Where the bearers decide to proceed with redemptions, the custody account-keeper:

- 1 • Accepts the redemption instructions after verification of their validity by the company or its delegated registered keeper;
- 2 • Determines, on the basis of the net asset value notified by the asset management company for each fund, the amount to be paid to the bearers or to any substituted beneficiary and debits the account of the bearers with the corresponding number of units;
- 3 • Notifies the depository, the asset management company and the entity holding the unit issue account of the summary of redemptions, in amounts and in units;
- 4 • Sends to the bearers and to the company or to its delegated registered keeper the details of the operations carried out;
- 5 • Issues or gives instructions to issue the means of payment corresponding to the payment for the redemptions by the bearers.

Sub-paragraph 3 - Operations for modification of the bearers' investment decisions

[Article 322-85](#)

Where the bearers modify their choice of investment, the custody account-keeper:

- 1 • Accepts the instructions for modification of the choice of investment after verification of their validity by the company or its delegated registered keeper;
- 2 • Executes these instructions like the succession of redemption instructions and subscription instructions, in accordance with the terms set out in the three previous articles and taking account of the specificities of the regulations concerning modifications by bearers of the choice of investments, made within the framework of an employee savings scheme;
- 3 • Sends to the bearers and to the company or to its delegated registered keeper the details of the operations carried out.

Sub-paragraph 4 - Transfer operations

[Article 322-86](#)

In the event of individual transfers by bearers, the custody account-keeper:

- 1 • Accepts the individual transfer instructions from the bearers, after verification of their validity by the company or its delegated registered keeper;
- 2 • To the extent required, determines, on the basis of the net asset value notified by the asset management company, the amount of the sums to be transferred;
- 3 • Notifies the depository, the asset management company and the entity holding the unit issue account of the summary of transfers, in amounts and in units, and the total balance of units for each fund held by the bearers;
- 4 • Forwards to the new custody account-keeper all the information which is necessary to it and, at the same time, transfers the assets concerned to this new custody account-keeper;
- 5 • Sends to the bearers and to the company or to its delegated registered keeper the details of the operations carried out.

Paragraph 5 - The accounting procedures

[Article 322-87](#)

By derogation from the stipulations of Article 322-19, the custody account-keeper for financial securities acquired within the framework of an employee saving scheme may decide not to keep the accounts of the beneficiaries in accordance with the principle of double entry bookkeeping, on condition that it has a specific audit procedure which offers equivalent security.

[Article 322-88](#)

The reconciliations mentioned in the first paragraph of Article 322-29 must be able to be carried out at the time of each valuation of a fund.

The custody account-keeper shall participate, on request by the entity holding the unit issue account, in the process of reconciliation between the number of units which it holds and the number which is recorded by the entity holding the unit issue account.

[Article 322-89](#)

Within the framework of the audit procedures provided for by Article 322-30, the custody account-keeper shall verify, for each fund and at the time of each valuation:

- 1 • The data relating to the number of units: the equilibrium between the balance of the operations entered to the credit and to the debit of the bearers' accounts and the corresponding total number of units recorded by it for the fund;
- 2 • The data relating to the amounts debited or credited: the equality between the balance of the amounts received from the bearers and paid to the bearers on the "operations in progress" accounts, on the one hand and, on the other hand, the total of the corresponding payments or withdrawals, made on the account of each fund;
- 3 • The matching between the amounts to be credited or to be debited on the account of a fund and the number of units created or cancelled.

[Article 322-90](#)

The suspense items, mentioned in Article 322-32, include in particular the following operations, where they are not completed within the normal deadlines:

- 1 • Payments received, to be allocated to a fund;
- 2 • Payments to the bearers;
- 3 • Sundry operations on a fund (merger, etc.);
- 4 • Account transfers;
- 5 • The handling of the difference between the number of units transmitted by the custody account-keeper to the entity holding the unit issue account and the number of units recorded by this latter.

To the extent required, with a view to the resolution of the suspense items, a procedure of reconciliation with the various entities concerned (company, asset management company, entity holding the unit issue account, register-keeper, etc.) shall be implemented by the custody account-keeper.

- 5 • The information contains a prominent warning that such forecasts are not a reliable indicator of future performance.

VII. - Where the information refers to a particular tax treatment, it shall prominently state that the tax treatment depends on the individual situation of each client and may be subject to change in the future.

VIII. - The information shall not use the name of any competent authority in such a way that would indicate or suggest endorsement or approval by that authority of the products or services covered by the advice.

Article 325-13

Where financial instruments covered by investment advice incorporate a guarantee or capital protection, financial investment advisers shall provide information about the scope and nature of such guarantee or capital protection. Where the guarantee is provided by a third party, information about the guarantee shall include sufficient detail about the guarantor and the guarantee to enable the client or potential client to make a fair assessment of the guarantee.

Paragraph 3 - Information on costs and charges

Article 325-14

I. - For the purposes of providing information to clients on all costs and charges pursuant to Point 5° of Article L. 541-8-1 of the Monetary and Financial Code, financial investment advisers shall comply with the requirements set out in paragraphs II to VIII.

II. - For ex-ante and ex-post disclosure of information on costs and charges to clients, financial investment advisers shall aggregate the following:

- 1 • All costs and associated charges charged by the financial investment adviser or other parties where the client has been directed to such other parties, for the investment services(s) and/or ancillary services provided to the client; and
- 2 • All costs and associated charges associated with the manufacturing and managing of the financial instruments.

Costs referred to in Points 1° and 2° are listed in Annex II of Commission Delegated Regulation (EU) 2017/565 of 25 April 2016. For the purposes of Point 1°, third party payments received by financial investment advisers in connection with the advisory service provided to a client shall be itemised separately and the aggregated costs and charges shall be totalled and expressed both as a cash amount and as a percentage.

III. - Where any part of the total costs and charges is to be paid in or represents an amount of foreign currency, financial investment advisers shall provide an indication of the currency involved and the applicable currency conversion rates and costs. Financial investment advisers shall also inform about the arrangements for payment.

IV. - In relation to the disclosure of product costs and charges that are not included in the key investor information documents of a collective investment, the financial investment adviser shall calculate and disclose these costs, for example, by liaising with asset management companies to obtain the relevant information.

V. - A financial investment adviser that recommends or markets to its clients the services provided by a third party, shall aggregate the cost and charges of its services together with the cost and charges of the services provided by the third party. The adviser shall take into account the costs and charges associated with the provision of other services by third parties where it has directed the client to these third parties.

VI. - Where calculating costs and charges on an ex-ante basis, financial investment advisers shall use actually incurred costs as a proxy for the expected costs and charges. Where actual costs are not available, the adviser shall make reasonable estimations of these costs. The financial investment adviser shall review ex-ante assumptions based on the ex-post experience and shall make adjustment to these assumptions, where necessary.

VII. - Financial investment advisers shall provide annual ex-post information about all costs and charges related to both the

financial instrument(s) and investment service(s) where they have or have had an ongoing relationship with the client during the year. Such information shall be based on costs incurred and shall be provided on a personalised basis.

Financial investment advisers may choose to provide such aggregated information on costs and charges of the investment services and the financial instruments together with any existing periodic reporting to clients.

VIII. - Financial investment advisers shall provide their clients with an illustration showing the cumulative effect of costs on return when providing advisory services. Such an illustration shall be provided both on an ex-ante and ex-post basis. Financial investment advisers shall ensure that the illustration meets the following requirements:

- 1 • The illustration shows the effect of the overall costs and charges on the return of the investment;
- 2 • The illustration shows any anticipated spikes or fluctuations in the costs; and
- 3 • The illustration is accompanied by a description of the illustration.

Article 325-15

Sub-section 6 - Compensation and benefits

Article 325-16

I. - Financial investment advisers shall not pay or be paid any fee or commission, or provide or be provided with any non-monetary benefit in connection with the provision of an advisory service to any party except the client or a person acting on behalf of the client, other than where the payment or benefit is designed to enhance the quality of the relevant service to the client and does not impair compliance with the financial investment adviser's duty to act honestly, fairly and professionally in accordance with the best interest of its clients.

The existence, nature and amount of the payment or benefit referred to in the first paragraph, or, where the amount cannot be ascertained, the method of calculating that amount, must be clearly disclosed to the client, in a manner that is comprehensive, accurate and understandable, prior to the provision of the relevant service. Where applicable, the financial investment adviser shall also inform the client on mechanisms for transferring to the client the fee, commission, monetary or non-monetary benefit received in relation to the provision of the service.

The payment or benefit which enables or is necessary for the provision of advisory services, and which by its nature cannot give rise to conflicts with the financial investment adviser's duties to act honestly, fairly and professionally in accordance with the best interests of its clients, is not subject to the requirements set out in the second paragraph.

II. - Financial investment advisers shall apply the provisions of Articles 314-13 to 314-20.

Sub-section 7 - Suitability statement

Article 325-17

I. - Where financial investment advisers provide advice, the suitability statement mentioned in Point 9° of Article L. 541-8-1 of the Monetary and Financial Code shall explain how the recommendation provided is suitable for the client, including how it meets the client's objectives and personal circumstances with reference to the investment term required, the client's knowledge and experience and the client's attitude to risk and capacity for loss.

Financial investment advisers shall draw clients' attention to and shall include in the suitability report information on whether the

recommended services or instruments are likely to require the client to seek a periodic review of their arrangements.

Where a financial investment adviser provides a service that involves periodic suitability assessments and reports, the subsequent reports after the initial service is established may only cover changes in the services or instruments involved and/or the circumstances of the client and may not need to repeat all the details of the first report.

II. - Financial investment advisers providing a periodic suitability assessment shall review, in order to enhance the service, the suitability of the recommendations given at least annually. The frequency of this assessment shall be increased depending on the risk profile of the client and the type of financial instruments recommended.

Section 3 - Organisational rules (Articles 325-18 à 325-30)

Sub-section 1 - General provisions

- 1 • Sufficient technical resources;
- 2 • Secure data storage facilities enabling in particular retention for the entire duration of the client relationship of any document or medium provided to the client as part of the provision of advisory services.

II. - Financial investment advisers shall have adequate organisational arrangements in place to ensure that both types of investment advisory services – independent and non-independent – are clearly separated from each other, that clients are not likely to be confused about the type of advice that they are receiving and that clients are given the type of advice that is appropriate for them. Financial investment advisers shall not allow a natural person in their employ to provide both independent and non-independent advice.

[Article 325-19](#)

Financial investment advisers shall ensure that the people whom they employ to carry on the activity of financial investment advice meet the conditions of professional competence set out in Article 325-1 and the good repute conditions set out in Articles L. 500-1 and D. 541-8 of the Monetary and Financial Code. Financial investment advisers shall forward to the association of which they are a member the list of these people, before they begin their activities.

[Article 325-20](#)

I. - Where financial investment advisers employ several persons especially for their advisory activity, they shall adopt an organisational structure and written procedures that enable them to conduct their business in compliance with applicable laws, regulations and ethical provisions.

For the purposes of the previous paragraph, financial investment advisers shall take into account their size and internal organisation, as well as the nature, scale and complexity of their business.

II. - Financial investment advisers who are natural persons and natural persons empowered to manage or administer legal entities authorised to act as financial investment advisers shall commit sufficient time to perform their functions.

[Article 325-21](#)

I. - The financial investment adviser shall inform the association of which it is a member of any modification of the information concerning it and any event which may have consequences on its membership as a financial investment adviser, pursuant to the second paragraph of Article L. 541-5 of the Monetary and Financial Code. The information shall be forwarded no later than during the month which precedes the event or, when it cannot be anticipated, during the month which follows.

II. - No later than 30 April each year, the financial investment adviser shall send a data sheet to the association of which it is a member.

Article 325-22

Financial investment advisers shall apply Articles 321-143 to 321-150, with the exception of Article 321-149.

Article 325-23

Financial investment advisers shall establish and maintain an effective and transparent procedure for reasonable and prompt handling of complaints received from clients or potential clients.

Clients can file complaints free of charge with the financial investment adviser.

Financial investment advisers shall respond to the complaint filed by the client within a maximum of two months from the date of receipt of the complaint, except in duly justified exceptional circumstances.

They shall implement an equal and consistent procedure for handling complaints filed by clients.

Financial investment advisers shall record each complaint and the measures taken to handle it. They shall also implement a complaint monitoring system enabling them to identify problems and implement the appropriate corrective measures.

Information on the complaint handling procedure shall be made available to clients free of charge.

The procedure put in place shall be proportionate to the size and structure of the financial investment adviser.

Article 325-24

I. - Financial investment advisers who are natural persons, natural persons empowered to manage or administer legal entities authorised to act as financial investment advisers and natural persons employed to carry on the activity of financial investment advice shall prove they satisfy knowledge level requirements specified in Point 1° of II of Article 325-26.

II. - Associations authorised under Section 6 shall, no later than 31 December 2019, verify the knowledge level of the people described in I when they have taken office on or before that date.

III. - As from 1 January 2020, the verification of the knowledge level of the people described in I shall be made with one of the examinations described in Point 3° of II of Article 312-5.

The people described in I shall have six months from the date on which they start to carry out their activity to demonstrate the minimum knowledge level described in I.

However, where an employee is recruited to carry out the business of financial investment advice under a temporary employment contract, an apprenticeship or training contract or a training course, the financial investment adviser may decide to not require for that person to meet the condition stated in I. If the financial investment adviser decides to recruit that employee at the end of the contract or training course, the adviser must ensure that he or she has sufficient level of knowledge as described in I, under the terms referred to in the preceding paragraph.

The financial investment adviser shall ensure that employees whose minimum knowledge has not been fully verified are appropriately supervised.

IV. - People described in I that have passed one of the examinations described in Point 3° of II of Article 312-5 are deemed to have

the minimum level of knowledge required to carry out the activities assigned to them.

[Article 325-25](#)

The people described in I of Article 325-24 shall each year take training courses adapted to their activity and experience, in accordance with the procedures set out by the professional association of which the financial investment adviser is a member.

These annual training courses may be dedicated to the verification of knowledge levels during the period and under the conditions specified in II of Article 325-24.

[Article 325-26](#)

I. - The Financial Skills Certification Board mentioned in Article 312-5 shall also issue opinions at the request of the AMF on the verification of the minimum knowledge of the people described in I of Article 325-24.

II. - Further to an opinion of the Financial Skills Certification Board, the AMF:

- 1 • Determines the content of the minimum knowledge of the people described in I of Article 325-24. It publishes a description of this knowledge;
- 2 • Ensures the content of minimum knowledge is updated;
- 3 • Determines and verifies the ways in which minimum knowledge is verified.

[Article 325-27](#)

Where the financial investment adviser is a legal entity, the natural persons with the power to manage or administer this entity shall ensure that it complies with relevant laws, regulations and professional obligations.

Sub-section 2 - Conflicts of interest

[Article 325-28](#)

For the purposes of identifying the types of conflict of interest that arise in the course of exercising one of the activities mentioned in I of Article L. 541-1 of the Monetary and Financial Code or a combination of these activities and whose existence may damage a client's interests, financial investment advisers take into account, by way of minimum criteria, the question of whether the financial investment adviser, a person employed to provide an advisory service, or a person directly or indirectly linked by way of control to the financial investment adviser, is in any of the following situations, whether as a result of providing the activities mentioned in I of Article L. 541-1 of the Monetary and Financial Code or otherwise:

- 1 • The financial investment adviser or that person is likely to make a financial gain, or avoid a financial loss, at the expense of the client;
- 2 • The financial investment adviser or that person has an interest in the outcome of a service provided to the client or of a transaction carried out on behalf of the client, which is distinct from the client's interest in that outcome;
- 3 • The financial investment adviser or that person has a financial or other incentive to favour the interest of another client or group of clients over the interests of the client;
- 4 • The financial investment adviser or that person carries on the same business as the client;
- 5 • The financial investment adviser or that person receives or will receive from a person other than the client an inducement in relation to a service provided to the client, in the form of monetary or non-monetary benefits or services.

[Article 325-29](#)

I. - Financial investment advisers shall establish and maintain an effective conflicts of interest policy, set out in writing and appropriate to their size and organisation and to the nature, scale and complexity of their business.

Where a financial investment adviser is a member of a group, its conflicts of interest policy must also take into account any circumstances, of which it is or should be aware, that may give rise to a conflict of interest as a result of the structure and business activities of the other members of the group.

II. - The conflicts of interest policy established in compliance with I must specifically:

- 1 • Identify, with reference to the concerned activities mentioned in I of Article L. 541-1 of the Monetary and Financial Code carried out by the financial investment adviser, the circumstances which constitute or may give rise to a conflict of interest entailing a risk of damage to the interests of one or more clients;
- 2 • Specify procedures to be followed and measures to be adopted in order to prevent or manage such conflicts.

III. - The procedures and measures provided for in Point 2° of II shall be designed to ensure that persons employed to provide an advisory service and engaged in different business activities involving a conflict of interest of the kind specified in Point 1° of II carry on those activities at a level of independence appropriate to the size and activities of the financial investment adviser and of the group to which it belongs, and to the risk of damage to clients' interests.

For the purposes of Point 2° of II, procedures to be followed and measures to be adopted shall include at least such of the following as are necessary for the financial investment adviser to ensure the requisite degree of independence:

- 1 • Effective procedures to prevent or control the exchange of information between persons employed to provide an advisory service and engaged in activities involving a risk of a conflict of interest where the exchange of that information may damage the interests of one or more clients;
- 2 • Separate supervision of persons employed to provide an advisory service and whose principal functions involve providing services to clients whose interests may conflict, or who otherwise represent different interests that may conflict, including those of the financial investment adviser;
- 3 • Elimination of any direct links between the remuneration of persons employed to provide an advisory service who are principally engaged in one activity and the remuneration of, or revenues generated by, other relevant persons principally engaged in another activity, where a conflict of interest is likely to arise in relation to those activities;
- 4 • Measures to prevent or limit any person from exercising inappropriate influence over the way in which a person employed to provide an advisory service carries out his activities;
- 5 • Measures to prevent or control the simultaneous or sequential involvement of a person employed to provide an advisory service in several of the activities mentioned in I of Article L. 541-1 of the Monetary and Financial Code, where such involvement may impair the proper management of conflicts of interest.

IV. - Financial investment advisers shall ensure that disclosure to clients, pursuant to the second paragraph of Point 4° of Article L. 541-8 of the Monetary and Financial Code, is a measure of last resort that shall be used only where the effective organisational and administrative arrangements established by the financial investment adviser to prevent or manage its conflicts of interest in accordance with Point 4° of Article L. 541-8 of the Monetary and Financial Code are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the client will be prevented.

The disclosure shall clearly state that the organisational and administrative arrangements established by the financial investment adviser to prevent or manage that conflict are not sufficient to ensure, with reasonable confidence, that the risks of damage to the interests of the client will be prevented. The disclosure shall include specific description of the conflicts of interest that arise in the provision of advisory services, taking into account the nature of the client to whom the disclosure is being made. The description

shall explain the general nature and sources of conflicts of interest, as well as the risks to the client that arise as a result of the conflicts of interest and the steps undertaken to mitigate these risks, in sufficient detail to enable that client to take an informed decision with respect to the advisory service in the context of which the conflicts of interest arise.

V. - Financial investment advisers shall assess and periodically review, on an at least annual basis, the conflicts of interest policy established in accordance with I to IV and shall take all appropriate measures to address any deficiencies. Over-reliance on disclosure of conflicts of interest shall be considered a deficiency in the financial investment adviser's conflicts of interest policy.

Article 325-30

Financial investment advisers shall keep and regularly update a record of the kinds of advisory service in which a conflict of interest entailing a risk of damage to the interests of one or more clients has arisen or, in the case of an ongoing service or activity, may arise.

Section 4 - Governance of products, services and transactions (Article 325-31)

Article 325-31

Financial investment advisers shall apply Articles 313-18 to 313-27, with the exception of Articles 313-23 and 313-25. For the purposes of Article 313-24, the term “relevant person” is replaced by “person employed to provide an advisory service”.

Section 5 - Reception and transmission of units or shares in collective investment undertakings (Article 325-32)

Article 325-32

A financial investment adviser may agree to receive for transmission purposes an order for one or more units or shares in a collective investment undertaking that a client to whom it has provided an advisory service intends to subscribe for or sell.

Prior to providing such service, the financial investment adviser shall enter into an agreement with its client, setting forth the rights and obligations of both parties.

The financial investment adviser must be able to prove that the order originates from its client. It shall keep a record of the time-stamping of the reception and transmission of the client's order.

The AMF issues a written acknowledgement of receipt when it has received all the information requested. The acknowledgement of receipt stipulates a new authorisation period, which cannot be longer than the one referred to in the previous paragraph.

II. - The period referred to in I is reduced to eight working days after the AMF issues the acknowledgement of receipt of the authorisation application, if the SICAV applying for authorisation is comparable to a UCITS or an AIF that has already been authorised by the AMF.

The AMF assesses the comparability of the SICAV applying for authorisation, called the "comparable SICAV" and the UCITS or AIF previously authorised by the AMF, called the "reference UCITS or AIF", with respect to the following:

- 1 • The reference UCITS or AIF and the comparable SICAV are managed by the same management company or the same delegated investment manager, or by investment management companies or delegated investment managers belonging to the same corporate group, and subject to the AMF's assessment of the information provided by the management company of the comparable SICAV, in accordance with the requirements stipulated in an AMF Instruction;
- 2 • The reference UCITS or AIF has been authorised by the AMF and incorporated less than eighteen months before the date of receipt by the AMF of the authorisation application for the comparable SICAV. At the reasoned request of the management company of the comparable SICAV, the AMF may accept a reference UCITS or AIF that has been incorporated for more than eighteen months at the date of receipt of the authorisation application for the comparable SICAV;
- 3 • The reference UCITS or AIF has not undergone any changes other than those referred to in an AMF Instruction. At the reasoned request of the management company of the comparable SICAV, the AMF may allow a UCITS or AIF that has undergone changes other than those referred to in the instruction to be a reference UCITS or AIF;
- 4 • Subscribers to the comparable SICAV shall meet the requirements for subscribing and purchasing the reference UCITS or AIF;
- 5 • The investment strategy, risk profile, operating rules and articles of incorporation of the comparable SICAV shall be similar to those of the reference UCITS or AIF.

If one of the incorporation documents of the comparable SICAV is different from that of the reference UCITS or AIF, it shall be clearly identified in the authorisation application for the comparable SICAV, in accordance with the procedures stipulated in an AMF Instruction.

The authorisation application of the comparable SICAV shall be filed electronically.

If the AMF asks for further information that requires submission of a supplementary information sheet, the AMF serves such notice, stipulating that the items requested must arrive within sixty days. If it fails to receive the said elements within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received

all of the information requested. The acknowledgement of receipt stipulates a new authorisation period of eight worked days or less.

If the comparable SICAV or the reference UCITS or AIF do not comply with the requirements referred to in this Article, the AMF notifies the applicant, stipulating that the supplementary information required to compile an authorisation application under the procedures described in I shall be received within sixty days. If it fails to receive all of the supplementary information within this period, the authorisation application is deemed to be rejected. When all of the supplementary information has been received, the AMF issues a written acknowledgement of receipt and examines the authorisation application for the SICAV under the conditions and procedures referred to in I. The acknowledgement of receipt stipulates a new authorisation period of one month or less.

III. - If the SICAV has not appointed a management company, it will be notified whether authorisation has been granted or refused within three months of submitting an application. The AMF may extend this deadline by up to three months where it considers this necessary due to special circumstances, having notified the SICAV.

[Article 411-7](#)

In order to grant the authorisation for the SICAV provided for in Article L. 214-3 of the Monetary and Financial Code, the AMF examines the articles of incorporation of the SICAV, the investment strategy used to attain the investment objective of the UCITS, its charge structure and any share classes, as presented in the founding documents.

The AMF also examines the choice of depositary and the application of the management company to manage the SICAV.

If the management company is established in another European Union Member State or in another State party to the European Economic Area agreement, the AMF will rule on the application of the management company to manage the SICAV's portfolio in accordance with Article L. 214-7-1 of the Monetary and Financial Code.

The AMF ensures that there is no legal impediment that prevents the SICAV covered by this chapter from marketing its shares in France, such as a provision in its articles of incorporation.

[Article 411-8](#)

The management company or the SICAV, where applicable, shall send the AMF the deposit certificate for the initial capital of SICAV immediately after the funds are deposited and within one hundred eighty business days at the latest after the SICAV is authorised.

For SICAVs that are umbrella funds, this certificate shall be sent to the AMF within:

- 1 • One hundred eighty business days of the date of authorisation of the SICAV for at least one of the sub-funds; and
- 2 • Three hundred sixty business days of the date of notification of the authorisation for the other sub-funds if they exist.

The deposit certificate shall name the sub-fund(s) that it covers.

If the AMF does not receive the certificate within these time periods, it declares the authorisation null and void under the conditions set out in an AMF Instruction.

Where warranted by special circumstances, the SICAV may make a reasoned request for an extension of the deadline for depositing the funds, which shall reach the AMF before the date on which the authorisation is to be declared null and void, and mention the requested deadline. The AMF will notify the SICAV or the management company of its decision within eight worked days of receiving the request.

[Article 411-9](#)

The marketing of shares in a SICAV and, where applicable, one or more sub-funds, cannot start until the AMF has served notice of its authorisation. This notification is sent to the management company or the SICAV itself, where applicable, under the conditions

Sub-section 2 - Common funds (FCPs)

Article 411-10

I. - Authorisation of an FCP, which is provided for under Article L. 214-3 of the Monetary and Financial Code and, where applicable, the authorisation of each sub-fund provided for under the same Article is subject to prior filing of an application with the AMF containing the elements stipulated in an AMF Instruction.

The investment company will be notified whether authorisation for the FCP has been granted or refused within one month of filing the application.

If the AMF does not respond for one month following acknowledgement of receipt of the application, authorisation is deemed to be granted.

If the AMF asks for further information that requires the management company to submit a supplementary information sheet, the AMF serves written notice stipulating that the elements requested must arrive within sixty days. If it fails to receive the said elements within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received all of the information requested. The acknowledgement of receipt stipulates a new authorisation period, which cannot be longer than those stipulated in the second and third paragraphs.

II. - The period referred to in I is reduced to eight worked days after the AMF issues an acknowledgement of receipt of the authorisation application if the FCP applying for authorisation is comparable to a UCITS or AIF that has already been authorised by the AMF.

The AMF assesses the comparability of the FCP applying for authorisation, called the "comparable FCP", and the UCITS or AIF previously authorised by the AMF, called the "reference UCITS or AIF", with respect to the following:

- 1 • The reference UCITS or AIF and the comparable FCP are managed by the same management company or the same delegated investment manager, or by investment management companies or delegated investment managers belonging to the same corporate group, and subject to the AMF's assessment of the information supplied by the management company of the comparable FCP in accordance with the requirements stipulated in an AMF Instruction;
- 2 • The reference UCITS or AIF has been authorised by the AMF and incorporated less than eighteen months before the date of receipt by the AMF of the authorisation application for the comparable FCP. At the reasoned request of the management company of the comparable FCP, the AMF may accept a reference UCITS or AIF that has been incorporated for more than eighteen months at the date of receipt of the authorisation application for the UCITS;
- 3 • The reference UCITS or AIF has not undergone any changes other than those referred to in an AMF Instruction. At the reasoned request of the management company of the comparable FCP, the AMF may allow a UCITS or AIF that has undergone changes other than those referred to in the instruction to be a reference UCITS or AIF;
- 4 • Subscribers to the comparable FCP shall meet the requirements for subscribing or purchasing the reference UCITS or AIF;
- 5 • The investment strategy, risk profile, operating rules and fund rules of the comparable FCP shall be similar to those of the reference UCITS or AIF.

If one of the founding documents of the comparable FCP is different from that of the reference UCITS or AIF, it shall be clearly identified in the authorisation application for the comparable FCP in accordance with the requirements set out in an AMF Instruction.

The authorisation application for the comparable FCP shall be filed electronically.

If the AMF asks for further information that requires submission of a supplementary information sheet, the AMF serves such notice, stipulating that the items requested must arrive within sixty days. If it fails to receive the said elements within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received all of the information requested. The acknowledgement of receipt stipulates a new authorisation period of eight worked days or less.

If the comparable FCP or the reference UCITS or AIF do not comply with the requirements referred to in this Article, the AMF notifies the applicant, stipulating that the supplementary information required to compile an authorisation application under the procedures described in I must be received within sixty days. If it fails to receive all of the supplementary within this period, the authorisation application is deemed to be rejected. When all of the supplementary information has been received, the AMF issues a written acknowledgement of receipt and examines the authorisation application for the SICAV under the conditions and procedures referred to in I. The acknowledgement of receipt stipulates a new authorisation period of one month or less.

[Article 411-11](#)

In order to grant the authorisation for the FCP provided for in Article L. 214-3 of the Monetary and Financial Code, the AMF examines the fund rules of the FCP, the investment strategy used to attain the investment objective of the CIS, its charge structure and any unit classes.

The AMF also examines the choice of depositary and the application of the management company to manage the FCP.

If the management company is established in another European Union Member State or another State party to the European Economic Area, the AMF will rule on the application of the management company to manage the FCP's portfolio in accordance with Article L. 214-8-1 of the Monetary and Financial Code.

The AMF ensures that there is no legal impediment that prevents the FCP covered by this chapter from marketing its shares in France, such as a provision in its fund rules.

The AMF also ensures that a depositary institution has been designated for the CIS' assets.

[Article 411-12](#)

The management company shall send the AMF the deposit certificate for the funds of the FCP immediately after the deposit of the funds and within one hundred eighty business days of the date of the authorisation for the FCP.

For FCPs that are umbrella funds, this certificate shall be sent to the AMF within:

- 1 • One hundred eighty business days of the date of authorisation of the FCP for at least one of the sub-funds; and
- 2 • Three hundred sixty business days of the date of notification of the authorisation for the other sub-funds if they exist.

The deposit certificate shall name the sub-fund(s) that it covers.

If the AMF does not receive the certificate within these time periods, it will declare the authorisation null and void under the conditions set out in an AMF Instruction.

Where warranted by special circumstances, the management company may make a reasoned request for an extension of the deadline for depositing the funds, which must reach the AMF before the date on which the authorisation is to be declared null and void, and mention the requested deadline. The AMF will notify the management company of its decision within eight worked days of receiving the request.

[Article 411-13](#)

The fund rules provided for in Article L. 214-8-1 of the Monetary and Financial Code set the term of the FCP and the minimum amount of its initial assets, which cannot be less than the amount stipulated in Article D.214-6 of the Monetary and Financial

The fund rules also stipulate the procedures for distributing the distributable sums of the FCP, the subscription and redemption procedures and, where applicable, the procedures governing the rights attaching to the different unit classes. The procedures for distributing the FCP's distributable sums may be defined in the prospectus.

The FCP cannot set up sub-funds unless its fund rules specifically provide for it to do so. An AMF Instruction shall define the contents of the sections in the FCP's fund rules.

[Article 411-14](#)

The marketing of FCP units and, where applicable, sub-fund units, cannot start until the AMF has served notice of its authorisation. The notice will be sent to the management company of the FCP under the conditions set out in an AMF Instruction.

Subscriptions may start once this notice has been received.

The founders shall undertake to complete, where applicable, subscriptions before the end of the period stipulated in the abovementioned Instruction for reaching the minimum amount stipulated in the FCP fund rules. The time period starts upon notification of the FCP's authorisation.

As soon as the amount referred to in the previous paragraph has been reached, the management company will determine the first net asset value. The corresponding deposit certificate issued by the depositary shall be sent to the AMF immediately.

If the FCP is an umbrella fund, the depositary shall issue a deposit certificate for each sub-fund.

Sub-section 3 - Modifications

[Article 411-15](#)

Two types of modifications can occur in the life of CIS:

- 1 • Modifications that require authorisation, which are called "transfers";
- 2 • Modifications that do not require authorisation, which are called "changes".

The procedures for notifying holders and the conditions under which holders can redeem their units or shares are set out in an AMF Instruction.

Paragraph 1 - Transfers

[Article 411-16](#)

An AMF Instruction defines the conditions under which the AMF authorises transfers affecting a CIS. The authorisation period is eight worked days.

Except in the event of changes mentioned in Articles 411-53, 411-98, 411-100 and 411-104:

- 1 • The period between the date the unit holders are informed and the effective date for the change in the CIS shall be between at least three and ninety days in accordance with the conditions set by an AMF instruction.
- 2 • The period between the date the unit holders are informed and the end of the period to sell without charge shall be between at least three and ninety days in accordance with the conditions set by an AMF instruction.

[Article 411-17](#)

2024-01-04

If a CIS or a sub-fund, where applicable, is liquidated, the statutory auditor produces a report on the valuation of the assets and on the liquidation terms, as well as transactions that have taken place since the end of the previous accounting year. This report is made available to the holders. It is sent to the AMF.

Paragraph 2 - Changes

[Article 411-18](#)

CISs that undergo changes shall report them in accordance with the procedures set out in an AMF Instruction.

Sub-section 4 - Constituting and transferring new sub-funds

[Article 411-19](#)

The prior authorisation of the AMF is required for constituting and transferring sub-funds as stipulated in Article L. 214-3 of the Monetary and Financial Code, in accordance with a procedure set out in an AMF Instruction.

Section 2 - General rules (Articles 411-20 à 411-22)

Sub-section 1 - Subscription and redemption rules

[Article 411-20](#)

In accordance with the provisions of Articles L. 214-7 and L. 214-8 of the Monetary and Financial Code, FCP units or SICAV shares are issued at the request of holders and at the net asset value, plus or minus charges and fees, as the case may be.

However, the UCITS may, in accordance with its rules or articles of incorporation, partially or totally cease, on a provisional or permanent basis, issuing shares or units pursuant to the third paragraph of Article L. 214-7-4 and the third paragraph of Article L. 214-8-7 of the Monetary and Financial Code, in objective circumstances entailing the closure of subscriptions, such as reaching a maximum number of shares or units to be issued, a maximum asset threshold, or the end of a given subscription period.

Shares and units are redeemed on the basis of their net asset values, under the conditions set out in Articles 411-123 to 411-125.

If redemptions are temporarily suspended under the terms of the first paragraph of Article L. 214-7-4 or the first paragraph of Article L. 214-8-7 of the Monetary and Financial Code, the UCITS or, where applicable, the management company shall immediately disclose the reasons and the procedures for the suspension of redemptions to the AMF and to all of the authorities of the European Union Member States and all the States party to the European Economic Area agreement where the units or shares are marketed.

Redemptions may be made in cash or in kind. If the redemption in kind corresponds to a representative pro rata share of the assets in the portfolio, then the written agreement signed by the outgoing holder must be obtained by the UCITS or the management company. Where the redemption in kind does not correspond to a representative pro rata share of the assets in the portfolio, all the unitholders must indicate in writing their agreement authorising the outgoing holder to redeem its shares or units against certain particular assets, as explicitly defined in the agreement.

By derogation from the above, where the UCITS is governed by Article 411-134, redemptions on the primary market may be carried out in kind under the conditions set out in the UCIT's prospectus.

[Article 411-20-1](#)

In accordance with the final paragraph of Article L. 214-7-4 and the final paragraph of Article L. 214-8-7 of the Monetary and Financial Code, the UCITS may provide for the temporary gating of redemptions of units or shares in the cases it is necessary owing to exceptional circumstances and in order to protect the interests of the units or shares holders, or those of the public. Such conditions may be met in particular where, irrespective of the normal carrying out of the management strategy, the level of redemption orders is such that considering the liquidity conditions of the assets of the SICAV, of the fund, or of one of its sub-funds, these orders cannot be executed on terms that protect the interests of holders and ensure their equitable treatment, or where redemption orders are made under circumstances that may undermine market integrity.

In these cases, redemptions may be gated in the same proportion for all concerned holders, who must be specifically informed of the fact. The part of orders that is unexecuted and that is resubmitted does not have any priority, on the next centralisation dates, over new redemption orders submitted for execution on those dates.

The management company shall notify the AMF of its decision to apply a redemption gate. The management company shall also notify the public, by any means under the conditions set forth in the prospectus and at a minimum, on the asset management company's website.

The rules of the common fund (FCP) or the articles of association of the SICAV shall precisely define the conditions under which a redemption gate may be decided and, in particular:

- 1 • Set the threshold above which the management company may decide to apply a redemption gate to redemption orders received in respect of a single centralisation date;

This threshold shall be justified based on the frequency of the net asset value calculation, on the management strategy and on the liquidity of the assets held by the UCITS portfolio; the threshold is equal to the ratio between:

- the difference registered, on the same centralisation date, between the number of redemption requests for units or shares of the UCITS and the number of subscription requests for units or shares of the UCITS; and
- the net asset of the UCITS or the total number of units or shares of the UCITS or sub-fund in question.

This threshold is determined on the basis of the most recent published net asset value or of the most recent indicative net asset value calculated by the management company, or of the number of units or shares outstanding on the valuation date;

- 2 • State the procedures according to which the UCITS may either decide to cancel the unexecuted part of redemption orders or to carry them forward until the next centralisation date. However, in the cases where the UCITS calculates its net asset value more than once a week, the unexecuted part of redemption orders is automatically carried forward to the next centralisation date;
- 3 • Specify whether, and under what terms, the holder may oppose to the carrying forward of the unexecuted part of his redemption order;
- 4 • Limit the gating of redemption requests to a maximum number of net asset values calculations for a given period; this maximum number must be explained with regard to the frequency of net asset value calculation, the management strategy and the liquidity of the assets in the UCITS portfolio.

[Article 411-20-2](#)

Pursuant to the final paragraph of Article L. 214-7 and the final paragraph of Article L. 214-8 of the Monetary and Financial Code, between the date at which the subscription or redemption order is centralised and the date at which the UCIT's custody account-keeper settles or delivers the units or shares, the UCITS prospectus may provide for a period that shall not exceed ten business days where the net asset value is established daily, provided the order is executed no later than the sixth business day after the order was centralised.

Sub-section 2 - Minimum asset amount

[Article 411-21](#)

When the assets of a SICAV or an FCP fall below 300,000 euros, redemption of the SICAV shares or FCP units is suspended.

If the assets remain under the amounts stipulated in the first paragraph for thirty days, the CIS in question is wound up or subject to one of the transactions provided for in Article 411-15.

If the CIS is an umbrella fund, the provisions of this Article apply to each sub-fund.

The provisions of this Chapter do not apply to the collective investment schemes mentioned in Article R. 214-28 of the Monetary and Financial Code.

Sub-section 3 - Classes of FCP units and SICAV shares

[Article 411-22](#)

The prospectus cited in Article 411-113 may provide for different unit or share classes within the same CIS or within the same sub-fund. These classes may:

- 1 • Be subject to different rules for distributing income;
- 2 • Be denominated in different currencies;
- 3 • Be subject to different management charges;
- 4 • Be charged different subscription and redemption fees;
- 5 • Have different par values;
- 6 • Come with automatic partial or full currency risk hedging, as defined in the prospectus. This hedging is achieved using derivatives that reduce the impact of hedging transactions on the other unit classes of the UCITS to a minimum;
- 7 • Be reserved for one or more marketing networks.

Subscriptions of a given unit or share class may be reserved for a category of investors defined in the prospectus using objective criteria, such as a subscription amount, a minimum holding period or any other commitment given by the holder.

Section 3 - Operating rules (Articles 411-23 à 411-71)

Sub-section 1 - Contributions and redemptions in kind

[Article 411-23](#)

Contributions in kind may include only the assets stipulated in Article L. 214-20 of the Monetary and Financial Code. Contributions and redemptions in kind are valued under the conditions stipulated in Articles 411-24 to 411-33.

Sub-section 2 - Accounting and financial provisions

Paragraph 1 - Valuation

[Article 411-24](#)

The management company establishes, implements and enforces policies and procedures to compute the net asset value accurately on the basis of its accounting records and to ensure proper execution of subscription and redemption orders at that net asset value.

[Article 411-25](#)

The financial instruments, derivatives, securities and deposits listed as the assets of a CIS or held by the CIS are valued every day that the net asset value is determined, under the conditions set out in the prospectus.

[Article 411-27](#)

The management company shall value the financial instruments, derivatives, securities and deposits for which no prices have been observed or quoted on the day the net asset value is determined.

Article 411-28

Each category of financial instruments, derivatives, securities and deposits listed as the assets of a given CIS shall be subject to the same valuation rules.

Article 411-29

The net asset value per unit or share is obtained by dividing the net assets of the collective investment scheme by the number of units or shares.

The management company makes the net asset value available and communicates it to any person who requests it.

The net asset value shall be sent to the AMF on the same day as it is determined in accordance with the procedures set out in an AMF Instruction.

If a CIS issues different unit or share classes, the net asset value of each unit or share class are obtained by dividing the portion of net assets corresponding to the unit or share class in question by the number of units or shares in that class. The procedures for calculating the net asset values for CIS unit or share classes shall be explained in the prospectus.

Article 411-30

If CIS unit or share classes are denominated in different currencies, only one currency of account shall be used to recognise the assets of the CIS or the sub-fund.

Article 411-31

Articles 411-24 to 411-33 apply to each sub-fund of a CIS that is an umbrella fund.

Even if separate accounts are kept, each category of financial instruments, derivatives, securities and deposits listed as the assets of sub-funds of the same class in the same CIS is subject to the same valuation rules.

Article 411-32

The beneficiary's claim on the CIS mentioned in Article R. 214-19, II, 2 of the Monetary and Financial Code shall be calculated using the following procedures:

- 1 • The claim is calculated on the basis of all of the financial liabilities of the CIS resulting from transactions in financial instruments and derivatives mentioned in Article L. 211-36, 1 to 3 of the Monetary and Financial Code, before considering the goods and rights that make up the security interest;
- 2 • The management company obtains disclosure of the amount of the claim calculated by the beneficiary of the security interest;
- 3 • The management company establishes an internal procedure for daily monitoring of the value of the claim reported by the beneficiary of the security interest in accordance with 2;
- 4 • The internal procedure referred to in 3 includes an arrangement for reducing any differentials in value found. The procedure establishes the thresholds that trigger the arrangement depending on the nature of the claim and it defines the decisions to be made to reduce the valuation differential found.

Article 411-33

The procedures for valuing the goods and rights that make up the security interest granted by the CIS referred to in the sixth paragraph of Article R. 214-19, II of the Monetary and Financial Code, are as follows:

- 1 • The goods and rights that make up the security interest are valued in compliance with the valuation rules used by the CIS to value its assets and off-balance sheet items;
- 2 • The management company obtains disclosure of the value of the goods and rights that make up the security interest as calculated by the beneficiary of the security interest;
- 3 • The management company establishes an internal procedure for daily monitoring of the value of the goods and rights that make up the security interest, as reported by the beneficiary of the security interest in accordance with 2;
- 4 • The internal procedure referred to in 3 includes an arrangement for reducing any differentials in value found. The procedure establishes the thresholds that trigger the arrangement and it defines the decisions to be made to reduce the valuation differential found.

Paragraph 2 - Annual financial statements

[Article 411-34](#)

The accounts of the CIS shall be kept in such a way that all of its assets and liabilities can be identified directly at any time.

[Article 411-35](#)

At the end of each accounting year, the board of directors or the executive board of the SICAV or the management company of the FCP compiles an inventory of the various assets and liabilities of the CIS. The depositary sends the certificate provided for in Article 323-10 to the management company.

The board of directors or the executive board of the SICAV or the management company of the FCP draws up the annual financial statements of the CIS. Where applicable, it submits the amount and the date of the proposed distribution to the General Meeting and makes the payments of distributable income provided for in Article L. 214-7-2 of the Monetary and Financial Code.

If the CIS is an umbrella fund, condensed financial statements shall be produced for each sub-fund.

These documents report on the situation on the last day of the CIS accounting year. The statements shall be sent to any holder asking for them.

[Article 411-36](#)

The annual financial statements of the CIS shall comply with the chart of accounts in force. They shall be certified by the statutory auditor.

[Article 411-37](#)

The annual financial statements of the CIS, along with the report by the board of directors or the executive board of the SICAV or the management company of the FCP shall be made available to the statutory auditor within 45 days of the end of the accounting year.

Within two months of receiving the report by the board of directors or the executive board of the SICAV or the management company of the FCP, the statutory auditor submits its report to the registered office of the SICAV or of the management company, along with the special report provided for under Article L. 225-40, paragraph 3 of the Commercial Code, where applicable.

[Article 411-38](#)

An AMF Instruction determines the contents of the report by the management company on the management of the FCP or of the report by the board of directors or the executive board of the SICAV.

[Article 411-39](#)

The annual financial statements, the list of assets at the end of the accounting year, the reports by the statutory auditors of the CIS and the report by the board of directors or the executive board of the SICAV, shall be made available for holders at the

registered office of the SICAV or the management company of the FCP. They shall be sent to any holders who request them within eight business days of receiving the request.

Subject to the holder's consent, the documents may be sent electronically.

Paragraph 3 - Advances, contributions and redemptions in kind

Article 411-40

The board of directors or the executive board of the SICAV or the management company of the FCP may decide to distribute one or more advances on the basis of the statements certified by the statutory auditor.

The statutory auditor assesses both the valuation of contributions in kind and their remuneration. The auditor shall also assess the valuation of redemptions in kind. The auditor's report shall be filed within fifteen days after the contribution or redemption.

If the contributions or redemptions in kind involve one or more sub-funds in a UCITS, the statutory auditor shall produce a report for each sub-fund concerned.

Where the UCITS is governed by Article 411-134, contributions or redemptions in kind on the primary market shall not be subject to the provisions provided for in the second and third paragraphs of this article.

Paragraph 4 - Charges paid by the cis

Article 411-41

If the compensation of the depositary's delegates, the management company and the companies related to it as defined in Article R. 214-43 of the Monetary and Financial Code that perform tasks on behalf of the CIS or act as counterparties in transactions by the CIS is charged directly to the assets of the CIS, such charges shall be within the limit of the maximum charges of the CIS, as defined in the prospectus, except for the proportion charged by the CIS in which the investment is made.

Article 411-42

[Empty]

Article 411-43

The statutory auditor's fees are set by mutual agreement between the auditor and the management company in consideration of the programme of audit tasks deemed to be necessary.

Sub-section 3 - Mergers

Article 411-44

I. - This sub-section applies to mergers of French UCITS covered by this chapter and foreign UCITS or mergers of two French UCITS covered by this chapter where at least one of them has been subject to the notification provided for in Article 411-136.

This sub-section applies to the sub-funds of such UCITS.

A merger of a French UCITS covered by this chapter that does not meet the requirements provided for in the first paragraph is subject to the procedure described in Chapter II, Section 1, sub-section 7, paragraph 1 of Title II of this Book.

II. - Mergers may take one of the two following forms:

- 1 • Either a merger-takeover in which one or more UCITS or UCITS sub-funds, called "merging UCITS", transfer all of their assets after or at the time of their winding up to another existing UCITS or a sub-fund of that UCITS, called the "receiving UCITS", in exchange for the attribution of units or shares in the receiving UCITS to their holders and, possibly, a cash payment of up to 10% of the net asset value of such units or shares.

The consequences of this transaction are as follows:

- a • The assets and liabilities of the merging UCITS are transferred to the receiving UCITS or, where applicable, to the depositary of the foreign receiving UCITS;
 - b • The holders of the merging UCITS become of holders of the receiving UCITS and, where applicable, they are entitled to a cash payment of up to 10% of the net asset value of their units or shares in the merging UCITS;
 - c • The merging UCITS ceases to exist on the date the merger takes effect.
- 2 • Or a merger where a new UCITS, called the "receiving UCITS", is set up by two or more UCITS or UCITS sub-funds, called "merging UCITS", which then transfer all of their assets after or at the time of their winding up in exchange for the attribution of units or shares in the receiving UCITS to their holders and, possibly, a cash payment of up to 10% of the net asset value of such units or shares.

The consequences of this transaction are as follows:

- a • The assets and liabilities of the merging UCITS are transferred to the newly set up receiving UCITS or, where applicable, to the depositary of the foreign receiving UCITS;
- b • The holders of the merging UCITS become of holders of the newly set up receiving UCITS and, where applicable, they are entitled to a cash payment of up to 10% of the net asset value of their units or shares in the merging UCITS;
- c • The merging UCITS cease to exist on the date the merger takes effect.

[Article 411-45](#)

If the CIS is managed by an management company, legal costs, as well as the costs of advisory and administrative services related to preparing and implementing the merger are not charged to the merging CIS, or the receiving CIS, or to their holders.

[Article 411-46](#)

A French UCITS subject to the merger procedure provided for in this sub-section shall apply the internal procedures described by Chapter II, Section 1, sub-section 7, paragraph 1 of Title II of this Book.

The merging UCITS and the receiving UCITS draft a "joint merger proposal" containing the information stipulated by an AMF Instruction, as well as supplementary information that they may add.

[Article 411-47](#)

The depositaries of the merging CIS and the receiving CIS issue a "compliance statement" after verifying the compliance of the following information in the "joint merger proposal" with the legal and regulatory requirements in force and with the provisions of the fund rules or articles of incorporation of their respective CIS:

- a) Identification of the form of the merger and the CIS concerned;
- b) Planned date for the merger to take effect;
- c) Rules applying to the asset transfer and to the exchange of units or shares.

[Article 411-48](#)

If the merging CIS is French, the reports on the execution terms of the merger are prepared by the statutory auditors of the merging CIS and the receiving CIS. However, one of the statutory auditors may produce a single report on behalf of the CIS concerned.

The report(s) shall validate the following:

- a) The criteria used to value the assets and, where applicable, the liabilities on the day when the exchange ratio referred to in Article 411-60 is calculated;
- b) Where applicable, the cash payment per unit or share;
- c) The method used to calculate the exchange ratio, and the actual exchange ratio set on the day the ratio referred to in Article 411-60 is calculated.

Copies of the statutory auditors' reports shall be made available on request and free of charge to the holders of the CIS concerned.

The reports shall also be made available to the AMF and, where applicable, the competent authorities supervising the foreign CIS.

Article 411-49

If the merging UCITS is French, it shall submit the following to the AMF:

- 1 • The joint merger proposal, duly approved by the merging UCITS and the receiving UCITS;
- 2 • The updated version of the prospectus and the key investor information document of the receiving UCITS, if it is established in another European Union Member State or in another State party to the European Economic Area agreement;
- 3 • The compliance statements from the depositaries of the merging UCITS and the receiving UCITS referred to in Article 411-47;
- 4 • Information about the proposed merger that the receiving and merging UCITS intend to provide to their respective holders.

This information shall be provided in French and, if the receiving UCITS is established in another European Union Member State or in another State party to the European Economic Area agreement, in one of the official languages of that State or in a language accepted by the competent authorities of that State.

Article 411-50

If the receiving UCITS is established in another European Union Member State or in another State party to the European Economic Area agreement and the AMF has received all of the information referred to in Article 411-49, the AMF immediately transfers copies of this information to the competent authorities of the home State of the receiving UCITS. The AMF and the competent authorities of the home State of the receiving UCITS each examine the potential impact of the proposed merger on the holders of the merging UCITS and the receiving UCITS to determine whether appropriate information shall be provided to the holders.

If the AMF deems it necessary, it may issue a written demand for clarification of the information aimed at the holders of the merging UCITS.

If the competent authorities of the home State of the receiving UCITS deem it necessary, they may issue a written demand, within fifteen working days of the day of receipt of the copies of all the information referred to in Article 411-49, requiring the receiving UCITS to amend the information to be provided to its holders.

In this case the competent authorities of the home State of the receiving UCITS notify the AMF of their dissatisfaction with the information.

They shall notify the AMF within twenty working days of the day of receipt of the notification, if they deem the amended information aimed at the holders of the receiving UCITS to be satisfactory.

Article 411-51

If the merging UCITS is French, the AMF authorises the proposed merger, if the following conditions are met:

- 1 • The proposed merger complies with the requirements of the provisions of this sub-section;
- 2 • Notification regarding the receiving UCITS has been received under the terms of Article L. 214-2-2 of the Monetary and Financial Code for marketing of its units or shares in France and in all of the European Member States and all the States party to the European Economic Area agreement where the merging UCITS is marketed;
- 3 • The AMF and, if the receiving UCITS is established in another European Union Member State or in another State party to the European Economic Area agreement, the competent authorities of the home State of the receiving UCITS deem that the information to be provided to the holders is satisfactory, or they do not give any sign of their dissatisfaction under the terms of the fourth paragraph of Article 411-50.

[Article 411-52](#)

If the AMF deems that the application is incomplete, it will ask the merging UCITS for supplementary information within ten working day of the day of receipt of the information referred to in Article 411-49.

The AMF will notify the merging UCITS of its decision whether to authorise the merger within twenty working days of the day of receipt of all the information referred to in Article 411-49.

If the receiving UCITS is established in another European Union Member State or in another State party to the European Economic Area agreement, the AMF shall notify the competent authorities of the home State of the receiving UCITS of its decision.

[Article 411-53](#)

If the AMF authorises the merger, the merging CIS and the receiving CIS shall provide their respective holders with a document containing helpful and accurate information about the proposed merger, referred to in an AMF Instruction.

The purpose of this document is to enable unit holders to make an informed judgment about the impact of the merger on their investment and to exercise the rights attributed to them by Article 411-56.

The information contained in this document shall be written in a concise manner and in non-technical language that enables holders to make an informed judgment of the impact of the proposed merger on their investment.

If the merger is a cross-border merger, the merging UCITS and the receiving CIS respectively shall explain in plain language any terms or procedures relating to the other CIS which differ from those commonly used in its country.

The information provided to holders of the merging CIS shall meet the needs of investors who have no prior knowledge of the features of the receiving CIS or of the manner of its operation. It shall draw their attention to the key investor information of the receiving CIS and emphasise the desirability of reading it.

The information to be provided to the unit holders of the receiving CIS shall focus on the operation of the merger and its potential impact on the receiving CIS.

This document shall be sent at least thirty days before the cutoff date for requesting repurchase, redemption or conversion of units or shares free of charge, in accordance with Article 411-56.

Once the AMF has approved the merger, any French CIS involved in the merger shall make public the date the merger shall take effect at least thirty days prior to it actually taking effect in accordance with the provisions of Article R. 214-4 of the Monetary and Financial Code for SICAVs using a durable medium in the sense of Article 314-5 and accessible to the public for common funds.

[Article 411-54](#)

If the merging UCITS or the receiving UCITS has been the subject of a notification for the marketing of its units or shares in another European Union Member State or in another State party to the European Economic Area agreement, the information referred to in Article 411-53 shall be provided in the official language or one of the official languages of the home State of the UCITS concerned, or in a language accepted by the competent authorities. The UCITS required to provide the information is responsible for its translation, which shall be faithful to the original information.

[Article 411-55](#)

The merging CIS and the receiving CIS shall provide their holders with the document referred to in Article 411-53 on paper or in another durable medium within the meaning of Article 314-5.

If the information is provided using a durable medium other than paper, the following conditions shall be fulfilled:

- 1 • The provision of information is appropriate to the context in which the business between the unit holder and the merging CIS or the receiving CIS is, or is to be, carried on;
- 2 • The unit holder to whom the information is to be provided, when offered the choice between information on paper or in another durable medium, shall specifically choose that other medium.

Provision of information by means of electronic communications is treated as appropriate to the context in which the business between the merging CIS or the receiving CIS and the unit holder is, or is to be, carried on if it is demonstrated that the unit holder has regular access to the Internet. The provision by the unit holder of an e-mail address for the purpose of carrying on that business such dealings is deemed to meet this requirement.

[Article 411-56](#)

The unit holders of the merging CIS and the receiving CIS shall obtain, without any charge other than those retained by the CIS to meet disinvestment costs, the repurchase or redemption of their units or, where possible, to convert them into units in another CIS with similar investment policies and managed by the same management company or by any other company with which the management company is linked by common management or control, or by a substantial direct or indirect holding

This right can be exercised as of the date on which unit holders of the merging CIS and the receiving CIS are notified of the proposed merger under the terms of Article 411-53 and expires five working days before the day on which the exchange ratio referred to in Article 411-60 is calculated.

[Article 411-57](#)

An updated version of the key investor information document, incorporating the changes relating to the planned merger, shall be sent to holders of the merging CIS and the receiving CIS immediately.

[Article 411-58](#)

Between the date on which the document referred to in Article 411-53 is provided to the holders and the entry into effect of the merger, the said document and the updated key investor information document of the receiving CIS shall be provided to any person buying or subscribing units or shares in the merging CIS or the receiving CIS or any person who requests the fund rules, articles of incorporation, prospectus or key investor information document of one of the CIS concerned.

[Article 411-59](#)

If the receiving CIS is French, the entry into effect of the merger shall be disclosed in a durable medium within the meaning of Article 314-5 that is accessible to the public and sent to the unit holders of the CIS concerned.

The merging CIS and the receiving CIS shall notify the AMF and, where applicable, any foreign competent authority supervising them of the entry into effect of the merger.

[Article 411-60](#)

If the receiving CIS is French:

- 1 • The merger takes effect at least thirty days after the date of publication of the proposal;
- 2 • The exchange ratio of units or shares in the merging CIS for units or shares in the receiving CIS is calculated on the day the merger takes effect;
- 3 • The net asset value used for cash payments is the same as that used for the merger.

[Article 411-61](#)

If the receiving CIS is French, it shall confirm to its depositary that the transfer of the assets of the merging CIS and, where applicable, the transfer of the liabilities of the merging CIS have been executed. This confirmation shall be made in a durable medium within the meaning of Article 314-5 on the same day the transfers take place.

[Article 411-62](#)

If the receiving CIS is French, it will have six months from the day the merger take effect to comply with Articles R. 214-21 to R. 214-25 of the Monetary and Financial Code.

[Article 411-63](#)

Creditors of a French CIS involved in a merger governed by this sub-section and holding a claim that predates the notice given on the date of the execution of the merger in accordance with Article 411-53 may oppose the merger within thirty days of the publication of such notice.

Sub-section 4 - Fund administration

[Article 411-64](#)

Fund administration covers the following tasks:

- 1 • Centralising subscription and redemption orders for CIS units or shares;
- 2 • Managing the CIS unit or share registry.

[Article 411-65](#)

I. - The key tasks of centralising subscription and redemption orders for CIS units or shares, under the provisions of Article L. 214-13 of the Monetary and Financial Code, are as follows:

- 1 • Providing centralised reception and registration of subscription and redemption orders;
- 2 • Supervising compliance with the cutoff for centralising subscription and redemption orders referred to in the prospectus;
- 3 • Reporting the outcome of centralised reception of subscription and redemption orders for the CIS as an amount and, where applicable, as the aggregate number of units or shares subscribed or redeemed;
- 4 • Valuing the orders after receiving information about the net asset value per unit or share from the CIS; To enable the order centraliser to perform its tasks promptly, the CIS shall send it the information about the net asset value per unit or share as soon as it is available;
- 5 • Reporting the information that the institution managing the unit or share registry needs to create or cancel units or shares;
- 6 • Reporting information about the outcome of the order processing to the entity that sent the order to the order centraliser of the CIS.

II. - The order registration contains the following information:

- 1 • The CIS concerned;
- 2 • The person who gave or sent the order;
- 3 • The person who received the order;
- 4 • The time and date of the order;
- 5 • Payment terms and media;
- 6 • The type of order;
- 7 • The order execution date;
- 8 • The number of units or shares subscribed or redeemed;
- 9 • The subscription or redemption price per unit or share;
- 0 • The total value of the units or shares subscribed or redeemed;
- 1 • The gross value of the order, including subscription charges or the net amount of the order after deducting the redemption charges.

[Article 411-66](#)

The entity responsible for centralising orders is referred to as the "order centraliser" in the prospectus of the CIS. Where applicable, any entity responsible for centralising orders in accordance with the provisions of Article 411-67 shall be named in the prospectus.

[Article 411-67](#)

I. - The order centraliser may delegate the performance of centralising tasks to:

- 1 • One of the persons referred to in Article L. 214-13 of the Monetary and Financial Code, or to any other investment service provider located in a State party to the Agreement on the European Economic Area;
- 2 • An intermediary authorised within the European Economic Area to perform centralising tasks within the meaning of Article 411-65.

II. - An agreement is entered into by the order centraliser and the entity to which the performance of centralising tasks is delegated. This agreement shall contain the following clauses:

- 1 • The key centralising tasks, as referred to in Article 411-65, that are delegated to the entity, including the procedures for registering subscription and redemption orders;
- 2 • The nature of the information necessary for the entity to perform the tasks delegated to it, along with the procedures for the order centraliser to transmit such information to the entity, especially information about the net asset value of the CIS;
- 3 • The procedures for handling an event affecting the subscription and redemption process for CIS units or shares;
- 4 • A clause allowing the AMF effective access to the data about centralising subscription and redemption orders for units or shares in the CIS and to the business premises of the entity.

The procedures for terminating the agreement at the initiative of either party shall ensure the continuity and the quality of the service provided.

The order centraliser shall give the CIS and, where applicable, the management company that represents it to the depositary prior notice of any change in the entity to which the centralising tasks have been delegated.

The order centraliser is responsible for the performance of the centralising tasks that it delegates.

For CIS that were created before Articles 411-64 to 411-71 came into force, the entity mentioned in the prospectus as responsible for centralising orders is presumed to be acting on a delegation from the CIS.

Article 411-68

A subscription or redemption order for CIS units or shares sent to an order centraliser or to any other entity to which centralising tasks have been delegated becomes irrevocable as of the order centralisation cutoff specified in the prospectus of the CIS.

A subscription and redemption order for CIS units or shares requires the investor and the entity that sent the order to the order centraliser, or to any other entity to which the performance of centralising tasks has been delegated, to pay for or deliver said units or shares.

Article 411-69

The term: "direct order" denotes a subscription and redemption order for CIS units or shares sent directly to the order centraliser and accepted by the latter subject to the provisions of an agreement between the order centraliser and the CIS or, where applicable, the management company representing the CIS, that sets out the requirements for accepting and settling direct orders.

The CIS or the management company that represents it shall implement an appropriate arrangement for managing the risks involved in accepting and settling such orders.

Article 411-70

The unit or share registry management tasks are as follows:

- 1 • Produce documented and traceable records of the number of securities corresponding to the creation or cancellation of units or shares resulting from the centralisation of subscription and redemption orders, and determine the resulting number of securities making up the capital of the CIS; the unit or share registry manager ensures that a corresponding entry has been posted to the cash account of the CIS.
- 2 • Identify the owners of registered units or shares and recording the number of units or shares owned by each owner. If the CIS is not admitted to the transactions of the central depositary, the entity responsible for managing the unit or share registry also records the number of bearer units or shares held by custodians that are directly identified in the unit or share registry, where applicable;
- 3 • Organise simultaneous payments and deliveries of securities resulting from the creation or cancellation of units or shares; the registry manager also organises deliveries and, where applicable, payments resulting from any other transfers of units or shares. If a securities settlement system is used, the unit or share registry manager ensures that it has appropriate procedures in place;
- 4 • Ensure that the total number of units or shares issued on a given date corresponds to the number of circulating units or shares on the same date, including registered units or shares and, where applicable, bearer units or shares.
- 5 • Organise coupon and dividend payments and organise the processing of corporate actions affecting the CIS units or shares.
- 6 • Ensure the transmission of the specific information mentioned in II (3°) of Article 322-12, depending on the case, either

directly to the bearers, or directly to their intermediary custody account-keepers, by the central depository or by any other means.

Article 411-71

Unit or share registry management is part of the administrative management of the CIS. The CIS or, where applicable, the management company that represents it may delegate the performance of the unit or share registry management tasks described in Article 411-70 to an investment services provider in accordance with the conditions set out in Article 321-97, 1 to 3 and 5 to 9.

Section 4 - Calculating global exposure (Articles 411-71-1 à 411-84)

Paragraph 1 - Measuring the global exposure of CIS to financial derivative instruments

Article 411-71-1

In accordance with the provisions of Article R. 214-15-2 of the Monetary and Financial Code, eligible securities and money market instruments hosting a financial derivative instrument are treated as financial derivative instruments within the meaning of this paragraph.

Sub-paragraph 1 - General provisions

Article 411-72

I. - The management company shall calculate the global exposure of CIS under its management at least once daily. If necessary, and depending on the investment strategy of the scheme, the management company may calculate the global exposure of a CIS several times daily.

The limits placed on global exposure shall be complied with on an ongoing basis.

II. - The global exposure of CIS shall be one of the following values:

- 1 • Total exposure and leverage obtained by the managed CIS via financial derivative instruments. This total shall not exceed the scheme's net assets;
- 2 • The market risk of the CIS portfolio, as defined in defined in Article 321-76.

Article 411-73

I. - To calculate the global exposure of the CIS under its management, the management company shall use either the commitment approach or the Value at Risk (VaR) approach specified in an AMF instruction.

Within the meaning of this paragraph, "value at risk" shall mean the estimated maximum potential loss at a given confidence interval and over a given period.

II. - The CIS management company shall ensure that the method that it uses to measure global exposure is appropriate, given the risk profile arising from the CIS investment strategy, the types and complexity of financial derivative instruments entered into, and the share of the CIS portfolio made up of financial derivative instruments.

III. - The management company shall use the VaR approach if the managed CIS presents one of the following characteristics:

- a) The CIS implements complex investment strategies that comprise a significant proportion of its investment policy;
- b) The CIS has significant exposure to non-standard financial derivative instruments;
- c) If the market risk, as defined in Article 321-76, borne by the CIS is not adequately captured by the commitment approach.

The VaR approach is supplemented by a stress-testing programme. An AMF instruction shall provide definitions for standard and non-standard financial derivative instruments.

IV. - A feeder CIS shall calculate its global exposure to financial derivative instruments by adding its own direct exposure to financial derivative instruments entered into in accordance with Article L. 214-22 of the Monetary and Financial Code to:

- a) either the real exposure of the master CIS to financial derivative instruments, proportionate to the feeder's investment in the master CIS;
- b) or the maximum potential global exposure of the master CIS to financial derivative instruments provided for under the master CIS rules or instruments of incorporation, proportionate to the feeder's investment in the master CIS.

Sub-paragraph 2 - Commitment approach

[Article 411-74](#)

I. - Where the management company uses the commitment approach to calculate global exposure, it shall use the same method for all positions in financial derivative instruments, whether they are employed as part of the CIS's general investment policy, for the purposes of risk mitigation or for the purposes of efficient portfolio management, as provided for in Article R. 214-18 of the Monetary and Financial Code.

II. - Where a CIS uses, in accordance with Article L. 214-21 of the Monetary and Financial Code, techniques and instruments intended to increase its leverage or exposure to market risk, including repurchase agreements and securities-lending transactions, the management company shall take these transactions into account when calculating global exposure.

III. - If the global exposure of a CIS is determined using the commitment approach, each financial derivative position shall be converted to the market value of an equivalent position in the underlying asset of that derivative.

An AMF instruction shall specify the steps for measuring global exposure using the commitment approach as well as the conversion formulae.

[Article 411-75](#)

I. - The management company may take account of netting and hedging arrangements, where these arrangements do not disregard obvious and material risks and result in a clear reduction in risk exposure.

II. - 1° A netting arrangement comprises a combination of positions in financial derivative instruments or securities relating to the same underlying asset, regardless of the contracts' due dates, where the positions are solely intended to eliminate the risks linked to positions taken through other financial derivative instruments or securities.

2° A hedging arrangement is a combination of positions in financial derivative instruments and/or securities that:

- a) do not necessarily refer to the same underlying asset;
- b) are entered into solely to offset risks linked to positions taken via other financial derivative instruments or securities.

3° A CIS that has primarily entered into interest rate derivatives may use specific duration netting rules, whose procedures are specified in an AMF instruction, to take account of correlations between instruments with different maturities on the yield curve. Specific duration netting rules may not be used if they lead the CIS risk profile to be incorrectly assessed.

A CIS that uses specific duration netting rules for its interest rate derivatives may still take hedging arrangements into consideration. However, only interest rate derivatives that are not included in hedging arrangements may apply the specific netting rules.

[Article 411-76](#)

I. - If the use of financial derivative instruments does not generate additional exposure for the CIS and if the following criteria are met, it is not necessary to include the underlying exposure in the commitment calculation:

- 1 • It is designed to exchange the performance of all or part of the scheme's assets for the performance of other reference financial instruments;
- 2 • It totally eliminates the market risk of the assets being exchanged. The performance of the CIS no longer depends on the performance of the assets being exchanged;
- 3 • It does not include an additional optional component, leverage, or any additional risk as compared with a direct investment in the reference assets.

II. - A financial derivative instrument is not included in the calculation of global exposure using the commitment approach if it meets the following criteria:

- a) The combination of the derivative and a cash amount invested in assets earning the risk-free rate may be used to obtain exposure equivalent to that obtained through a direct investment in the underlying;
- b) It does not generate additional exposure or leverage and does not add any market risk as defined in Article 321-76.

III. - If the commitment approach is used, it is not necessary when calculating global exposure to include temporary cash borrowing arrangements entered into on behalf of the CIS in accordance with Article R. 214-29 of the Monetary and Financial Code.

Sub-paragraph 3 - VaR approach

[Article 411-77](#)

I. - The global exposure of a CIS calculated using the VaR approach covers all positions in the portfolio.

The maximum VaR of a CIS is established by the management company based on its identified risk profile.

II. - The VaR of a CIS is determined over a period of 20 business days at a 99% confidence interval. The effective observation period of risk factors should be at least 250 business days but VaR shall be calculated over a shorter observation period if price volatility increases significantly. The data set used in the calculation should be updated at least quarterly, or more often if market prices are subject to material changes.

An AMF instruction will specify the conditions for exemptions to II. VaR shall be calculated at least daily.

An AMF instruction will specify the steps for calculating global exposure using the VaR approach.

[Article 411-78](#)

I. - When measuring global exposure using the VaR approach, the management company is responsible for selecting the most appropriate method - relative or absolute VaR - given the risk profile of the CIS and the investment strategy.

The management company shall be able to demonstrate that the VaR method used is appropriate. The choice of method and the underlying assumptions are documented.

The global exposure of a CIS calculated using the relative VaR method is equal to the VaR of the CIS portfolio divided by the VaR of a reference portfolio, defined in an AMF instruction, minus one, multiplied by the scheme's net assets.

II. - The absolute VaR method should limit maximum VaR to 20% of the market value of the scheme's net assets. An AMF

instruction shall stipulate the conditions for applying the provisions of this article.

[Article 411-79](#)

The management company shall establish:

- 1 • A programme for back-testing the model's calculations using historical data to check the precision and performance of the VaR model;
- 2 • A rigorous and comprehensive stress-testing programme adjusted to the risk profile of the CIS that can be used to simulate the behaviour of the CIS under stress.
- 3 • Where required by the risk profile and investment strategy, risk management tools and methods suited to the scheme's risk profile and investment strategy may be used to supplement the programmes referred to in 1° and 2°.

Sub-paragraph 4 - Global exposure of structured funds

[Article 411-80](#)

The global exposure of a structured fund may be measured using the commitment approach or the VaR approach.

If the structured fund meets all the following criteria, it may apply specific rules, set out in an AMF instruction, when measuring global exposure using the commitment approach:

- 1 • The remuneration offered to investors is based on a calculation formula whose possible predefined payoffs may be divided into a finite number of scenarios that depend on the value of the underlying assets. Each scenario offers investors a different payoff;
- 2 • The investor may be exposed only to one payoff scenario at a time during the life of the CIS;
- 3 • It is appropriate to use the commitment approach to measure the global exposure for each individual scenario, taking into account the provisions of Article 411-73;
- 4 • The final maturity of the CIS does not exceed nine years, starting from the end of the marketing period;
- 5 • The CIS does not accept new subscriptions from the public following the initial marketing period;
- 6 • The maximum loss that the CIS may bear when switching from one scenario to another shall not exceed 100% of the net asset value at the end of the marketing period;
- 7 • The impact of each underlying asset on the investor payoff profile, at a given date, owing to a switch in scenario, shall comply with the diversification rules referred to in Article R. 214-21 of the Monetary and Financial Code, based on the net asset value at the end of the marketing period.

Sub-paragraph 5 - Entry into force

[Article 411-81](#)

By way of derogation to the provisions of Article 411-72, if they meet the criteria of 1° of I of Article R. 214-28 of the Monetary and Financial Code as well as the criteria of 1° to 3° of I of Article 411-80, structured funds already in existence at the date on which Decree 2011-922 of 1 August 2011 enters into force may calculate their global exposure as the value of the maximum loss on the date that trades in derivatives were entered into, provided that the fund formula does not change.

Paragraph 2 - Counterparty risk and issuer concentration

[Article 411-82](#)

- 1 • The management company shall ensure that the counterparty risk of the UCITS as defined in Article 321-76 arising from an over-the-counter financial derivative instrument (OTC derivative) is subject to the limits set out in Article R. 214-21 of the Monetary and Financial Code.
- 2 • When calculating the exposure of the UCITS to a counterparty in accordance with the limits set out in I of Article R. 214-21 of the Monetary and Financial Code, the management company will use the positive mark-to-market value of the OTC derivative with that counterparty.

The management company may net the derivative positions of a UCITS with the same counterparty, provided it has the means, as provided for under Article L. 211-36-1 of the Monetary and Financial Code or equivalent foreign provisions, to enforce netting agreements with the counterparty on behalf of the UCITS. Netting is only permissible with respect to OTC derivatives with the same counterparty, and not with respect to other exposures the UCITS may have with that same counterparty;

- 3 • The management company may reduce the exposure of a UCITS to a counterparty in an OTC derivative transaction by receiving collateral for the benefit of the UCITS. This collateral shall be sufficiently liquid so that it can be sold quickly at a price that is close to its pre-sale valuation;
- 4 • The management company will take account of collateral when calculating exposure to counterparty risk as referred to in I of Article R. 214-21 of the Monetary and Financial Code, if it provides collateral to an OTC counterparty on behalf of the UCITS. Collateral may be taken into account on a net basis only if the management company has the legal and regulatory means to enforce netting agreements with the counterparty on behalf of the UCITS;
- 5 • The management company shall use as its basis the underlying exposure created through the use of OTC derivatives in accordance with the commitment approach, to ensure compliance with the concentration limits by category of issuer mentioned in Articles R. 214-21, R. 214-24 and R. 214-25 of the Monetary and Financial Code;
- 6 • As regards exposure arising from OTC derivatives transactions referred to in 3° of III of Article R. 214-21 of the Monetary and Financial Code, the management company shall include in its calculation any exposure to counterparty risk from such contracts.

[Article 411-83](#)

I. - A UCITS comprising different categories of shares or units in accordance with the provisions of the second paragraph of Article L. 214-4 of the Monetary and Financial Code shall assess the counterparty risk limit defined in the final paragraph of I of Article R. 214-21 of the same code with regard to the share in the net assets corresponding to each of these categories of shares or units integrating automatic risk hedging.

II. - To calculate the counterparty risk referred to in I of Article R. 214-21 of the Monetary and Financial Code, the UCITS will take account of collateral, and subsequent variations in that collateral, granted to an investment services provider for derivatives concluded on a market referred to in Points 1°, 2° or 3° of I of Article R. 214-11 of the same code or traded over the counter, where such collateral is not protected by customer asset protection rules or other similar rules to protect the UCITS against the risk of failure of the investment services provider.

III. - To calculate the limits referred to in III of Article R. 214-21 of the Monetary and Financial Code, the UCITS shall take into account the net risk to which it is exposed via the transactions referred to in Article R. 214-18 of the Monetary and Financial Code with a single counterparty. The net risk is equal to the amount that may be recovered by the UCITS less any collateral posted in favour of the UCITS.

The risk arising from reuse of collateral posted in favour of the UCITS shall also be taken into account when calculating the issuer ratio.

IV. - To calculate the limits referred to in Article R. 214-21 of the Monetary and Financial Code, the UCITS shall determine whether

the counterparty to which it is exposed is an investment services provider, a clearing house or another entity in the context of an OTC derivative.

V. - The limits set in Articles R. 214-21, R. 214-24 and R. 214-25 of the Monetary and Financial Code take into account exposure linked to the underlying assets of derivatives, including embedded derivatives, relating to eligible securities, money market instruments or shares or units in UCITS or French or foreign collective investment schemes or foreign investment funds.

VI. - Where the UCITS calculates concentration limits by category of issuer, the underlying assets of derivatives, including in the case of embedded derivatives, shall be taken into account to determine exposure to a given issuer resulting from these positions.

Exposure arising from a position shall be taken into account when calculating concentration limits by category of issuer.

This exposure shall be measured using the commitment approach, where appropriate.

The estimated maximum potential loss arising from default of the issuer shall be taken into account if this gives a more conservative result.

The provisions of this article shall apply to all UCITS, whether or not they use the VaR approach to calculate global exposure.

The provisions of II to VI do not apply to index-based derivatives linked to an index meeting the criteria of Article R. 214-16 of the Monetary and Financial Code.

Paragraph 3 - Procedure for valuing OTC derivatives

Article 411-84

I. - The management company shall ensure that exposures are measured at market values that are not based merely on market quotations prepared by the counterparties to over-the-counter (OTC) transactions in derivatives contracts and that comply with the criteria set out in 3° of Article R. 214-15 of the Monetary and Financial Code.

II. - For the purposes of applying I, the management company shall establish, implement and maintain operational methods and procedures to ensure adequate, transparent and fair valuation of CIS exposure to OTC derivatives.

The management company shall ensure that the fair value measurement of OTC derivatives is appropriate, precise and independent.

The valuation methods and procedures shall be appropriate and commensurate with the nature and complexity of the OTC derivatives in question.

The management company shall comply with the requirements set out in the final paragraph of Article 321-97 and 9° of Article 321-101 if the methods and procedures used to value OTC derivatives require the involvement of third parties.

III. - For the purposes of applying I and II, specific tasks and responsibilities are entrusted to the risk management function. IV. - The valuation methods and procedures mentioned in II shall be described in a document provided for this purpose.

Where the master UCITS and the feeder UCITS are managed by the same management company, the agreement may be replaced by internal conduct of business rules that ensure compliance with the requirements of this section.

The internal conduct of business rules of the management company shall include appropriate measures to mitigate conflicts of interest that may arise between the feeder UCITS and the master UCITS, or between the feeder UCITS and other holders of the master UCITS, to the extent that these are not sufficiently addressed by the measures applied by the management company to prevent conflicts of interest from harming the interests of its customers, pursuant to 3° of Article L. 533-10 of the Monetary and Financial Code.

An AMF instruction will specify the content of these rules.

An AMF instruction will specify the content of this agreement.

In its audit report, the auditor of the feeder UCITS takes account of the audit report of the master UCITS.

Where the feeder UCITS and the master UCITS have different accounting years, the auditor of the master UCITS produces an ad hoc report on the closing date of the feeder UCITS.

The auditor of the feeder UCITS shall report on any irregularities revealed in the audit report of the master UCITS and on their impact on the feeder UCITS.

Article 422-3

The provisions of Chapter I of this Title apply to retail investment funds except where provided otherwise.

Sub-section 1 - Authorisation

Paragraph 1 - SICAVS

[Article 422-4](#)

The articles of association of a SICAV are signed by the first shareholders in person or by a specially empowered agent. The said articles stipulate the names of the first shareholders and the amounts paid in by each of them, and, where applicable, the names of the first directors or the names of the members of the executive board and the supervisory board, as well as the names of the first statutory auditor and, where applicable, the alternate auditor, named in accordance with the conditions stipulated in Article L. 214-24-31 of the Monetary and Financial Code.

A SICAV cannot set up sub-funds and issue different share classes unless its articles of association explicitly provide for it to do so.

[Article 422-5](#)

The articles of association, along with the deposit certificate for the initial capital issued by the depositary, shall be filed with the registry of the commercial court with jurisdiction over the registered office of the SICAV.

If the articles of association provide for the SICAV to be an umbrella fund, the depositary also issues a certificate for each sub-fund to the asset management company. The asset management company sends the said certificates to the AMF.

An AMF Instruction stipulates the minimum information disclosures required in the articles of association of a SICAV.

[Article 422-6](#)

The articles of association provided for in Article L. 214-24-25 of the Monetary and Financial Code stipulate the principles for distributing the SICAV's distributable sums, the procedures for subscriptions and redemptions and, where applicable, the procedures governing the rights attaching to different share classes. The procedures for distributing the SICAV's distributable sums may be defined in the prospectus.

[Article 422-7](#)

I. - Authorisation of a SICAV, as provided for under Article L. 214-24-24 of the Monetary and Financial Code and, where applicable, the authorisation of each sub-fund provided for under the same Article, is subject to prior filing of an application with the AMF containing the elements stipulated in an AMF Instruction.

The AMF notifies the SICAV whether its authorisation has been granted or refused, within one month of the filing of the application.

If the AMF does not respond for one month following the acknowledgement of receipt of the application, authorisation is deemed to be granted.

If the AMF asks for further information that requires the asset management company to submit a supplementary information sheet, the AMF serves written notice stipulating that it shall receive the items requested within sixty days. If it fails to receive the said items within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received all the information requested. The acknowledgement of receipt stipulates a new deadline for authorisation, which cannot be longer than the one referred to in the previous paragraph.

II. - The period referred to in I is reduced to eight working days after the AMF issues the acknowledgement of receipt of the authorisation application, if the SICAV applying for authorisation is comparable to a UCITS or retail investment fund that has already been authorised by the AMF.

The AMF assesses the comparability of the SICAV applying for authorisation, called the "comparable SICAV", and the UCITS or retail investment fund previously authorised by the AMF, called the "reference UCITS or retail investment fund", with respect to the following:

- 1 • The reference UCITS or retail investment fund and the comparable SICAV are managed by the same asset management company or the same delegated investment manager, or by investment management companies or delegated investment managers belonging to the same corporate group, and subject to the AMF's assessment of the information provided by the

management company of the comparable SICAV, in accordance with the requirements stipulated in an AMF Instruction;

- 2 • The reference UCITS or retail investment fund has been authorised by the AMF and incorporated less than eighteen months before the date of receipt by the AMF of the authorisation application for the comparable SICAV. At the reasoned request of the management company of the comparable SICAV, the AMF may accept an authorized reference UCITS or retail investment fund that has been incorporated for more than eighteen months at the date of receipt of the authorisation application for the comparable SICAV;
- 3 • The reference UCITS or retail investment fund has not undergone any changes other than those referred to in an AMF Instruction.

At the reasoned request of the management company of the comparable SICAV, the AMF may allow a UCITS or retail investment fund that has undergone changes other than those referred to in the Instruction to be a reference UCITS or retail investment fund;

- 4 • Subscribers to the comparable SICAV shall meet the subscription and purchasing requirements of the reference UCITS or retail investment fund;
- 5 • The investment strategy, risk profile, operating rules and articles of association of the comparable SICAV shall be similar to those of the reference UCITS or retail investment fund.

If one of the incorporation documents of the comparable SICAV is different from that of the reference UCITS or retail investment fund, it shall be clearly identified in the authorisation application for the comparable SICAV, in accordance with the procedures stipulated in an AMF Instruction.

The authorisation application of the comparable SICAV shall be filed electronically.

If the AMF asks for further information that requires the submission of a supplementary information sheet, the AMF serves such notice stipulating that the items requested must arrive within sixty days. If it fails to receive the said items within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received all the information requested. The acknowledgement of receipt stipulates a new deadline for authorisation of eight working days or less.

If the comparable SICAV or the reference UCITS or retail investment fund do not comply with the requirements referred to in this Article, the AMF notifies the applicant, stipulating that the supplementary information required to compile an authorisation application under the procedures described in I shall be received within sixty days. If it fails to receive all of the supplementary information within this period, the authorisation application is deemed to be rejected. When all of the supplementary information has been received, the AMF issues a written acknowledgement of receipt and examines the authorisation application for the SICAV under the conditions and procedures referred to in I. The acknowledgement of receipt stipulates a new deadline for authorisation of one month or less.

Article 422-8

In order to grant the authorisation for the SICAV provided for in Article L. 214-24-24 of the Monetary and Financial Code, the AMF examines the articles of association of the SICAV, the investment strategy used to attain the investment objective of the retail investment fund, its fee structure and any share classes, as presented in the articles of association.

The AMF also examines the choice of depositary and the application of the asset management company to manage the SICAV.

Article 422-9

The asset management company or the SICAV, where applicable, shall send the AMF the deposit certificate for the initial capital of the SICAV immediately after the funds have been deposited and within one hundred and eighty working days from the date of authorisation of the SICAV.

For umbrella SICAVs, this certificate shall be sent to the AMF within:

- 1 • One hundred and eighty working days from the date of authorisation of the SICAV for at least one of the sub-funds; and
- 2 • Three hundred and sixty working days from the date of notification of the authorisation for the other sub-funds, if any. The deposit certificate shall name the sub-fund(s) that it covers.

If the AMF does not receive the certificate within these time periods, it declares the authorisation null and void under the conditions set out in an AMF Instruction.

Where warranted by special circumstances, the SICAV may make a reasoned request for an extension of the deadline for depositing the funds, which shall reach the AMF before the date on which the authorisation is to be declared null and void and mention the requested deadline. The AMF will notify the SICAV of its decision within eight working days of receiving the request.

[Article 422-10](#)

The notification of authorisation of the SICAV is sent to the asset management company or, where applicable, to the SICAV itself under the conditions set out in an AMF Instruction.

Paragraph 2 - Common funds (FCPS)

[Article 422-11](#)

I. - Authorisation of an FCP, which is provided for under Article L. 214-24-24 of the Monetary and Financial Code and, where applicable, the authorisation of each sub-fund provided for under the same Article, is subject to prior filing of an application with the AMF containing the elements stipulated in an AMF Instruction.

The AMF notifies the asset management company whether authorisation of the FCP has been granted or refused, within one month of the filing of the application.

If the AMF does not respond for one month following the acknowledgement of receipt of the application, authorisation is deemed to be granted.

If the AMF asks for further information that requires the asset management company to submit a supplementary information sheet, the AMF serves written notice stipulating that it shall receive the items requested within sixty days. If it fails to receive the said items within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received all the information requested. The acknowledgement of receipt stipulates a new deadline for authorisation, which cannot be longer than the one referred to in the second and third paragraphs.

II. - The period referred to in I is reduced to eight working days after the AMF issues the acknowledgement of receipt of the authorisation application, if the FCP applying for authorisation is comparable to a UCITS or a retail investment fund that has already been authorised by the AMF.

The AMF assesses the comparability of the FCP applying for authorisation, called the "comparable FCP", and the UCITS or retail investment fund previously authorised by the AMF, called the "reference UCITS or retail investment fund", with respect to the following:

- 1 • The reference UCITS or retail investment fund and the comparable FCP are managed by the same asset management company or the same delegated investment manager, or by investment management companies or delegated investment managers belonging to the same corporate group and, subject to the AMF's assessment, of the information provided by the asset management company of the comparable FCP, in accordance with the requirements stipulated in an AMF Instruction;
- 2 • The reference UCITS or retail investment fund has been authorised by the AMF and incorporated less than eighteen months before the date of receipt by the AMF of the authorisation application for the comparable FCP. At the reasoned request of the

asset management company of the comparable FCP, the AMF may accept an authorised reference UCITS or retail investment fund that has been incorporated for more than eighteen months at the date of receipt of the authorisation application for the comparable FCP;

- 3 • The reference UCITS or retail investment fund has not undergone any changes other than those referred to in an AMF Instruction.

At the reasoned request of the management company of the comparable FCP, the AMF may allow a UCITS or retail investment fund that has undergone changes other than those referred to in the Instruction to be a reference UCITS or retail investment fund;

- 4 • Subscribers to the comparable FCP shall meet the subscription and purchasing requirements of the reference UCITS or retail investment fund;
- 5 • The investment strategy, risk profile, operating rules and fund rules of the comparable FCP shall be similar to those of the reference UCITS or retail investment fund.

If one of the articles of association of the comparable FCP is different from that of the reference UCITS or retail investment fund, it shall be clearly identified in the authorisation application for the comparable FCP, in accordance with the requirements set out in an AMF Instruction.

The authorisation application of the comparable FCP shall be filed electronically.

If the AMF asks for further information that requires the submission of a supplementary information sheet, the AMF serves such notice stipulating that the items requested must arrive within sixty days. If it fails to receive the said items within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received all the information requested. The acknowledgement of receipt stipulates a new deadline for authorisation of eight working days or less.

If the comparable FCP or the reference UCITS or retail investment fund do not comply with the requirements referred to in this Article, the AMF notifies the applicant, stipulating that the supplementary information required to compile an authorisation application under the procedures described in I shall be received within sixty days. If it fails to receive all of the supplementary information within this period, the authorisation application is deemed to be rejected. When all of the supplementary information has been received, the AMF issues a written acknowledgement of receipt and examines the authorisation application for the FCP under the conditions and procedures referred to in I. The acknowledgement of receipt stipulates a new deadline for authorisation of one month or less.

Article 422-12

In order to grant the authorisation for the FCP provided for in Article L. 214-24-24 of the Monetary and Financial Code, the AMF examines the fund rules of the FCP, the investment strategy used to attain the investment objective of the retail investment fund, its fee structure and any share classes.

The AMF also examines the choice of depositary and the application of the asset management company to manage the FCP.

Article 422-13

The asset management company shall send the AMF the deposit certificate for the funds of the FCP immediately after the deposit of the funds and within one hundred and eighty working days from the date of authorisation of the FCP.

For umbrella FCPs, this certificate shall be sent to the AMF within:

- 1 • One hundred and eighty working days from the date of authorisation of the FCP for at least one of the sub-funds; and

- 2 • Three hundred and sixty working days from the date of notification of the authorisation for the other sub-funds, if any.

The deposit certificate shall name the sub-fund(s) that it covers.

If the AMF does not receive the certificate within these time periods, it declares the authorisation null and void under the conditions set out in an AMF Instruction.

Where warranted by special circumstances, the asset management company may make a reasoned request for an extension of the deadline for depositing the funds, which shall reach the AMF before the date on which the authorisation is to be declared null and void and mention the requested deadline. The AMF will notify the asset management company of its decision within eight working days of receiving the request.

[Article 422-14](#)

The fund rules provided for in Article L. 214-24-35 of the Monetary and Financial Code set the term of the FCP and the minimum amount of its initial assets, which cannot be less than the amount stipulated in Article D. 214-32-13 of the Monetary and Financial Code.

The fund rules stipulate the principles for distributing the distributable sums of the FCP, the subscription and redemption procedures and, where applicable, the procedures governing the rights attaching to the different unit classes. The procedures for distributing the FCP's distributable sums may be defined in the prospectus.

The FCP cannot set up sub-funds unless its fund rules specifically provide for it to do so. An AMF Instruction shall define the contents of the sections in the FCP's fund rules.

[Article 422-15](#)

Without prejudice to Article L. 214-24-1 of the Monetary and Financial Code, the marketing of FCP units and, where applicable, sub-fund units, cannot start until the AMF has served notice of its authorisation. The notice will be sent to the asset management company of the FCP under the conditions set out in an AMF Instruction.

Subscriptions may start once this notice has been received.

The founders shall undertake to complete subscriptions, where applicable, before the end of the period stipulated in the abovementioned Instruction for reaching the minimum amount provided for in the FCP fund rules. This period starts upon notification of the FCP's authorisation.

As soon as the amount referred to in the previous paragraph has been reached, the asset management company will determine the first net asset value. The corresponding deposit certificate issued by the depositary shall be sent to the AMF immediately.

If the FCP is an umbrella fund, the depositary shall issue a deposit certificate for each sub-fund.

Paragraph 3 - Modifications

[Article 422-16](#)

Two types of modifications can occur in the life of a retail investment fund:

- 1 • Changes subject to pre-approval;
- 2 • Changes subject to ex-post notification.

The procedures for notifying holders and the conditions under which holders can redeem their units or shares are set out in an AMF Instruction.

[Article 422-17](#)

An AMF Instruction defines the conditions under which the AMF authorises changes subject to pre-approval affecting a retail investment fund. The authorisation period is eight working days.

Except in the event of the changes mentioned in Articles 411-53, 411-98, 411-100 and 411-104:

- 1 • The period between the date the holders are informed and the effective date for the change to the retail investment fund shall be between three and ninety days at least, in accordance with the conditions set by an AMF Instruction.
- 2 • The period between the date the holders are informed and the end of the period for selling without charge shall be between three and ninety days at least, in accordance with the conditions set by an AMF Instruction.

[Article 422-18](#)

If a retail investment fund or, where applicable, a sub-fund is liquidated, the statutory auditor produces a report on the valuation of the assets and on the liquidation terms, as well as on the transactions that have taken place since the end of the previous accounting year. This report is made available to the investors. It is sent to the AMF.

Sub-paragraph 2 - Changes subject to ex-post notification

[Article 422-19](#)

Retail investment funds that undergo changes subject to ex-post notification shall report them in accordance with the procedures set out in an AMF Instruction.

Paragraph 4 - Constitution of new sub-funds, and changes subject to pre-approval

[Article 422-20](#)

The prior authorisation of the AMF is required for constituting sub-funds and making changes subject to pre-approval, as stipulated in Article L. 214-24-24 of the Monetary and Financial Code, in accordance with a procedure set out in an AMF Instruction.

Sub-section 2 - General rules

Paragraph 1 - Subscription and redemption rules

[Article 422-21](#)

In accordance with Articles L. 214-24-29 and L. 214-24-34 of the Monetary and Financial Code, FCP units or SICAV shares are issued at the request of the holders and at the net asset value plus or minus charges and fees, as appropriate.

However, the retail investment fund may, in accordance with its rules or articles of incorporation, partially or totally cease, on a provisional or permanent basis, issuing shares or units pursuant to the third paragraph of Article L. 214-24-33 and the third paragraph of Article L. 214-24-41 of the Monetary and Financial Code, in objective circumstances entailing the closure of subscriptions, such as reaching a maximum number of shares or units to be issued, a maximum asset threshold, or the end of a given subscription period.

Shares and units are redeemed on the basis of their net asset values, under the conditions set out in Articles 422-81 to 422-83.

In the event of a temporary suspension under the terms of the first paragraph of Article L. 214-24-33 or the first paragraph of Article L. 214-24-41 of the Monetary and Financial Code, the retail investment fund or, where applicable, the asset management company shall immediately disclose the reasons and the procedures for suspending redemptions to the AMF and to the authorities of all the EU Member States where the units or shares are marketed.

Redemptions may be made in cash or in kind. If the redemption in kind corresponds to a representative pro rata share of the

assets in the portfolio, then the written agreement signed by the outgoing holder must be obtained by the retail investment fund or the management company. Where the redemption in kind does not correspond to a representative pro rata share of the assets in the portfolio, all the unitholders must indicate in writing their agreement authorising the outgoing holder to redeem its shares or units against certain particular assets, as explicitly defined in the agreement.

By derogation from the above, where the retail investment fund is governed by Article 421-27-2, redemptions on the primary market may be carried out in kind under the conditions set out in the fund's prospectus.

Article 422-21-1

In accordance with the final paragraph of Article L. 214-24-33 and the final paragraph of Article L. 214-24-41 of the Monetary and Financial Code, a retail investment fund (FIVG) may temporarily gate the redemption of units or shares in the case it is necessary owing to exceptional circumstances and in order to protect the interests of units or shares holders or those of the public. Such conditions may be met in particular where irrespective of the normal carrying out of the management strategy, the level of redemption orders is such that, given the liquidity conditions of the assets of the SICAV, of the fund, or of one of its sub-funds, these orders cannot be executed on terms that protect the interests of holders and ensure their equitable treatment, or where redemption orders are made under circumstances that may undermine market integrity.

In these cases, redemptions may be gated in the same proportion for all concerned holders, who must be specifically informed of the fact. The part of orders that is unexecuted and that is resubmitted does not have any priority, on the next centralisation dates, over new redemption orders submitted on those dates.

The management company shall notify the AMF of its decision to apply a redemption gate. The management company shall also notify the public, by any means under the conditions set in the prospectus and, at a minimum, on the asset management company's website.

The rules of the common fund (FCP) or the articles of association of the SICAV shall precisely define the conditions under which a redemption gate may be applied, and in particular:

- 1 • Set the threshold above which the management company may decide to apply a redemption gate to redemption orders received in respect of a single centralisation date;

This threshold shall be justified based on the frequency of net asset value calculation, on the management strategy and on the liquidity of the assets in the UCITS portfolio; the threshold is equal to the ratio between:

- the difference registered on the same centralisation date between the number of redemption requests for units or shares of the UCITS and the number of subscription requests for units or shares of the UCITS; and
- the net assets of the UCITS or the total number of units or shares of the UCITS, or of the sub-fund in question.

This threshold is determined on the basis of the most recent published net asset value or of the most recent indicative net asset value calculated by the management company, or of the number of units or shares outstanding on the valuation date;

- 2 • State the procedures according to which the UCITS may either decide to cancel the unexecuted part of redemption orders or to carry them forward until the next centralisation date. However, in the cases where the UCITS calculates its net asset value more than once a week, the unexecuted part of redemption orders is automatically carried forward to the next centralisation date;
- 3 • Specify whether, and under what terms, the holder may oppose to the carrying forward of the unexecuted part of a redemption order;
- 4 • Limit the gating of redemption requests to a maximum number of net asset values calculations for a given period; this maximum number must be explained with regard to the frequency of net asset value calculation, the management strategy

and the liquidity of the assets in the UCITS portfolio.

[Article 422-21-2](#)

Pursuant to the final paragraph of Article L. 214-24-29 and the final paragraph of Article L. 214-24-34 of the Monetary and Financial Code, between the date at which the subscription or redemption order is centralised and the date at which the retail investment fund's custody account-keeper settles or delivers the units or shares, the fund's prospectus may provide for a period that shall not exceed ten business days where the net asset value is established daily, provided the order is executed no later than the sixth business day after the order was centralised.

Paragraph 2 - Minimum asset amount

[Article 422-22](#)

When the assets of a SICAV or an FCP fall below 300,000 euros, redemption of the SICAV shares or FCP units is suspended.

If the assets remain below the amount stipulated in the first paragraph for thirty days, the retail investment fund is liquidated or subject to one of the operations provided for in Article 422-16.

If the retail investment fund is an umbrella fund, the provisions of this Article apply to each sub-fund.

The provisions of this Article do not apply to the retail investment funds mentioned in Article R. 214-32-39 of the Monetary and Financial Code.

Paragraph 3 - Classes of FCP units and SICAV shares

[Article 422-23](#)

The prospectus mentioned in Article 422-71 may provide for different unit or share classes within the same retail investment fund or within the same sub-fund. These classes may:

- 1 • Be subject to different rules for distributing income;
- 2 • Be denominated in different currencies;
- 3 • Be subject to different management charges;
- 4 • Be charged different subscription and redemption fees;
- 5 • Have different par values;
- 6 • Come with automatic partial or full risk hedging, as defined in the prospectus. Hedging by category of shares or units may apply to only one risk factor in addition, where applicable, to currency risk. This hedging is achieved using derivatives that reduce the impact of hedging transactions on the other unit classes of the retail investment fund to a minimum;
- 7 • Be reserved for one or more marketing networks.

Subscriptions of a given unit or share class may be reserved for a category of investors defined in the prospectus using objective criteria, such as a subscription amount, a minimum holding period or any other commitment given by the holder.

Paragraph 4 - Intervention in commodity markets

[Article 422-24](#)

For the purpose of assessing significant correlation as provided for in Article R. 214-32-23 of the Monetary and Financial Code, contracts relative to sub-categories of the same commodity shall be considered as being a single contract for a single commodity

when it comes to calculating the diversification limits. Sub-categories of a commodity shall not be considered as being the same commodity if they are not highly correlated.

An AMF Instruction shall set out the procedures for applying this Article.

Sub-section 3 - Operating rules

Paragraph 1 - Contributions and redemptions in kind

[Article 422-25](#)

Contributions in kind may include only the assets stipulated in Article L. 214-24-55 of the Monetary and Financial Code.

Contributions and redemptions in kind are valued under the conditions stipulated in Articles 422-26 to 422-32.

Paragraph 2 - Accounting and financial provisions

Sub-paragraph 1 - Valuation

[Article 422-26](#)

The retail investment fund or its asset management company establishes, implements and enforces policies and procedures to compute the net asset value correctly on the basis of its accounting records and to ensure proper execution of subscription and redemption orders at that net asset value.

[Article 422-27](#)

The asset management company shall value assets for which no prices have been observed or quoted on the day the net asset value is determined.

[Article 422-28](#)

If a retail investment fund issues different unit or share classes, the net asset value of each unit or share class is obtained by dividing the portion of net assets corresponding to the unit or share class in question by the number of units or shares in that class. The procedures for calculating the net asset values for retail investment fund unit or share classes are explained in the prospectus.

[Article 422-29](#)

If retail investment fund units or shares are denominated in different currencies, only one currency of account is used to recognise the assets of the retail investment fund or, where applicable, the sub-fund.

[Article 422-30](#)

Articles 422-26 to 422-32 apply to each sub-fund of a retail investment fund that is an umbrella fund.

Even if separate accounts are kept, each category of contracts, securities, financial instruments and deposits listed as the assets of sub-funds of the same class in the same retail investment fund, is subject to the same valuation rules.

[Article 422-31](#)

The beneficiary's claim on the retail investment fund mentioned in point 2° of II of Article R. 214-32-28 of the Monetary and Financial Code shall be calculated using the following procedures:

- 1 • The claim is calculated on the basis of all the financial liabilities of the retail investment fund resulting from transactions in financial instruments and contracts mentioned in points 1° to 3° of Article L. 211-36 of the Monetary and Financial Code, before considering the goods and rights that make up the guarantee;
- 2 • The asset management company obtains disclosure of the value of the claim calculated by the beneficiary of the guarantee;

- 3 • The asset management company establishes an internal procedure for daily monitoring of the value of the claim disclosed by the beneficiary of the guarantee in application of point 2°;
- 4 • The internal procedure referred to in point 3° includes an arrangement for reducing any differentials in value found. The procedure establishes the thresholds that trigger the arrangement depending on the nature of the claim and defines the decisions to be made to reduce the valuation differential found.

Article 422-32

The procedures for valuing the goods and rights that make up the guarantee granted by the retail investment fund, mentioned in the sixth paragraph of II of Article R. 214-32-28 of the Monetary and Financial Code, are as follows:

- 1 • The goods and rights that make up the guarantee are valued in compliance with the valuation rules used by the retail investment fund to value its assets and off-balance sheet items;
- 2 • The asset management company obtains disclosure of the value of the goods and rights that make up the guarantee from the beneficiary of the goods and rights that make up the guarantee, calculated by the beneficiary;
- 3 • The asset management company establishes an internal procedure for daily monitoring of the value of the goods and rights that make up the guarantee disclosed by the beneficiary in application of point 2°;
- 4 • The internal procedure referred to in point 3° includes an arrangement for reducing any differentials in value found. The procedure establishes the thresholds that trigger the arrangement and defines the decisions to be made to reduce the valuation differential found.

Sub-paragraph 2 - Annual financial statements

Article 422-33

The accounts of the retail investment fund shall be kept in such a way that all of its assets and liabilities can be identified directly at any time.

Article 422-34

At the end of each accounting year, the board of directors or the executive board of the SICAV or the asset management company of the FCP compiles an inventory of the various assets and liabilities of the retail investment fund. The depositary sends the certificate provided for in Article 323-10 to the asset management company.

The board of directors or the executive board of the SICAV or the asset management company of the FCP draws up the annual financial statements of the retail investment fund. Where applicable, it submits the amount and date of the proposed distribution to the General Meeting and makes the payments of distributable income provided for in Article L. 214-24-31 of the Monetary and Financial Code.

If the retail investment fund is an umbrella fund, condensed financial statements shall be produced for each sub-fund.

These documents report on the situation on the last day of the retail investment fund accounting year. The statements shall be sent to any holder asking for them.

Article 422-35

The annual financial statements of the retail investment fund are certified by the statutory auditor.

Article 422-36

The annual financial statements of the retail investment fund, along with the report by the board of directors or executive board of the SICAV or the asset management company of the FCP, shall be made available to the statutory auditor within sixty days of the end of the accounting year.

2024-01-04

Within two months of receiving the report by the board of directors or the executive board of the SICAV or the asset management company of the FCP, the statutory auditor submits its report to the registered office of the SICAV or of the asset management company, along with the special report provided for in paragraph 3 of Article L. 225-40 of the Commercial Code, where applicable.

[Article 422-37](#)

An AMF Instruction determines the contents of the report by the asset management company on the management of the FCP or of the report by the board of directors or the executive board of the SICAV.

[Article 422-38](#)

The annual financial statements, the list of assets at the end of the accounting year, the reports by the statutory auditor of a retail investment fund, and the report by the board of directors or the executive board of the SICAV, shall be made available for holders at the registered office of the SICAV or of the asset management company of the FCP. They shall be sent to any holders who request them within eight working days of receiving the request.

Subject to the holder's consent, the documents may be sent electronically.

Sub-paragraph 3 - Advances, contributions and redemptions in kind

[Article 422-39](#)

The board of directors or the executive board of the SICAV or the management company of the FCP may decide to distribute one or more advances on the basis of the statements certified by the statutory auditor.

The statutory auditor assesses both the valuation of contributions in kind and their remuneration. The auditor shall also assess the valuation of redemptions in kind. The auditor's report shall be filed within fifteen days after the contribution or redemption.

If the contributions or redemptions in kind involve one or more sub-funds in a retail investment fund, the statutory auditor shall produce a report for each sub-fund concerned.

Where the retail investment fund is governed by Article 421-27-2, contributions or redemptions in kind on the primary market shall not be subject to the provisions provided for in the second and third paragraphs of this article.

Sub-paragraph 4 - Charges paid by the retail investment fund

[Article 422-40](#)

If the compensation of the depository's delegates, the asset management company and the companies affiliated to it as defined in Article R. 214-43 of the Monetary and Financial Code that perform tasks on behalf of a retail investment fund or act as counterparties in transactions by the fund, is charged direct to the fund's assets, such charges shall be within the limit of the maximum charges of the fund, as defined in the prospectus, except for the proportion charged by the fund in which the investment is being made.

[Article 422-41](#)

The statutory auditor's fees are set by mutual agreement between the auditor and the asset management company, on the basis of the programme of audit tasks deemed to be necessary.

Paragraph 3 - Fund administration

[Article 422-42](#)

Fund administration covers the following tasks:

- 1 • Centralising subscription and redemption orders for units or shares of retail investment funds;
- 2 • Managing the retail investment fund unit or share registry.

[Article 422-43](#)

I. - The key tasks of centralising subscription and redemption orders for units or shares of retail investment funds, under the provisions of article L. 214-24-46 of the Monetary and Financial Code, are as follows:

- 1 • Providing centralised reception and registration of subscription and redemption orders;
- 2 • Supervising compliance with the cutoff for centralising subscription and redemption orders referred to in the prospectus;
- 3 • Reporting the outcome of centralised reception of subscription and redemption orders for the retail investment fund as an amount and, where applicable, as the aggregate number of units or shares subscribed or redeemed;
- 4 • Valuing the orders after receiving information about the net asset value per unit or share from the retail investment fund. To enable the transfer agent to perform its tasks promptly, the retail investment fund shall send it the information about the net asset value per unit or share as soon as available;
- 5 • Reporting the information that the institution managing the unit or share registry needs to create or cancel units or shares;
- 6 • Reporting information about the outcome of the order processing to the entity that sent the order to the transfer agent and to the retail investment fund.

II. - The order registration contains the following information:

- 1 • The retail investment fund concerned;
- 2 • The person who gave or sent the order;
- 3 • The person who received the order;
- 4 • The date and time of the order;
- 5 • Payment terms and media;
- 6 • The type of order;
- 7 • The order execution date;
- 8 • The number of units subscribed or redeemed;
- 9 • The subscription or redemption price per unit;
- 0 • The total value of the units subscribed or redeemed;
- 1 • The gross value of the order, including subscription charges, or the net amount after deducting the redemption charges.

[Article 422-44](#)

The entity responsible for centralising orders is referred to as the "transfer agent" in the prospectus of the retail investment fund. Where applicable, any entity responsible for centralising orders in accordance with the provisions of Article 422-45 shall be named in the prospectus.

[Article 422-45](#)

I. - The transfer agent may delegate the performance of centralising tasks to:

- 1 • One of the persons referred to in article L. 214-24-46 of the Monetary and Financial Code, or to an investment services provider located in a State party to the European Economic Area agreement;
- 2 • An intermediary authorised within the European Economic Area to perform centralising tasks within the meaning of Article 422-43.

II. - An agreement is entered into by the transfer agent and the entity to which the performance of centralising tasks is delegated. This agreement shall contain the following clauses:

- 1 • The key centralising tasks, as referred to in Article 422-43, that are delegated to the entity, including the procedures for registering subscription and redemption orders;
- 2 • The nature of the information necessary for the entity to perform the tasks delegated to it, along with the procedures for the transfer agent to transmit such information to the entity, especially information about the net asset value of the retail investment fund;
- 3 • The procedures for handling an event affecting the subscription and redemption process for units or shares of the retail investment fund;
- 4 • A clause allowing the AMF effective access to the data about centralising subscription and redemption orders for units or shares in the retail investment fund and to the business premises of the entity.

The procedures for terminating the agreement at the initiative of either party shall ensure the continuity and the quality of service provided.

The transfer agent shall give the retail investment fund and, where applicable, the asset management company that represents it, and the depositary, prior notice of any change in the entity to which the centralising tasks have been delegated.

The transfer agent remains responsible for the performance of the centralising tasks that it delegates.

For retail investment funds created before 21 October 2011, the entity mentioned in the prospectus as responsible for centralising orders is presumed to be acting on a delegation from the fund.

Article 422-46

A subscription or redemption order for retail investment fund units or shares sent to a transfer agent or any other entity to which centralising tasks have been delegated becomes irrevocable as of the order centralisation cutoff specified in the fund prospectus.

An irrevocable subscription or redemption order for retail investment fund units or shares requires the investor and the entity that sent the order to the transfer agent, or to any entity to which the performance of centralising tasks has been delegated, to pay for or deliver said units or shares.

Article 422-47

The term "direct order" denotes a subscription and redemption order for retail investment fund units or shares sent directly to the transfer agent and accepted by the latter subject to the provisions of an agreement between the transfer agent and the retail investment fund or, where applicable, the asset management company representing it, that sets out the requirements for accepting and settling direct orders.

The retail investment fund or the asset management company that represents it shall implement an appropriate arrangement for managing the risks involved in accepting and settling such orders.

[Article 422-48](#)

The unit or share registry management tasks are as follows:

- 1 • Producing documented and traceable records of the number of securities corresponding to the creation or cancellation of units or shares resulting from the centralisation of subscription and redemption orders, and determining the resulting number of securities making up the capital of the retail investment fund; the unit or share registry manager ensures that a corresponding entry has been posted to the cash account of the retail investment fund;
- 2 • Identifying the owners of registered units or shares and recording the number of units or shares owned by each owner. If the retail investment fund is not admitted to the central depository, the entity responsible for managing the unit or share registry also records the number of bearer units or shares held by the custodians directly identified in the unit or share registry, where applicable;
- 3 • Organising simultaneous payments and deliveries of securities resulting from the creation or cancellation of units or shares; the registry manager also organises deliveries and, where applicable, payments resulting from any other transfers of units or shares. If a securities settlement and delivery system is used, the unit or share registry manager ensures that it has appropriate procedures in place;
- 4 • Ensuring that the total number of units or shares issued on a given date corresponds to the number of circulating units or shares on the same date, including registered units or shares and, where applicable, bearer units or shares.
- 5 • Organising coupon and dividend payments and organising the processing of transactions affecting the retail investment fund units or shares.

[Article 422-49](#)

Unit or share registry management is part of the administrative management of the retail investment fund.

The retail investment fund or, where applicable, the asset management company that represents it, may delegate the performance of the unit or share registry management tasks described in Article 422-48 to an investment services provider in accordance with the conditions set out in points 1° to 3° and 5° to 9° of Article 321-97 or, where applicable, Article 318-58.

Sub-section 4 - Calculation of aggregate risk

Paragraph 1 - Measurement of aggregate risk for retail investment funds in relation to financial contracts

[Article 422-50](#)

Pursuant to Article R. 214-32-24-1 of the Monetary and Financial Code, for the purposes of this paragraph eligible financial securities and money market instruments including a financial contract are equivalent to financial contracts.

Sub-paragraph 1 - General provisions

[Article 422-51](#)

I. - The asset management company shall calculate at least once a day the aggregate risk of retail investment funds that it manages. If necessary, and depending on the retail investment fund investment strategy, the asset management company may calculate the aggregate risk of retail investment funds several times a day.

The established aggregate risk limits shall be observed at all times.

II. - The aggregate risk of retail investment funds shall correspond to either of the following values:

- 1 • Total exposure and leverage of the retail investment fund through financial contracts; this may not exceed the net assets of the retail investment fund;

[Article 422-52](#)

I.- In order to calculate the aggregate risk of retail investment funds under its management, the asset management company shall use the commitment approach or the value at risk approach set by an AMF instruction.

For the purposes of this paragraph, the term: "value at risk" denotes the measure of maximum potential loss on the basis of a given level of confidence and for a given period.

II. - Any company managing portfolios of retail investment funds shall ensure that the approaches it uses to measure aggregate risk are appropriate in the light of the corresponding risk profile for the investment strategy of the retail investment fund, the type and degree of complexity of the financial contracts concluded, and the share of the retail investment fund portfolio consisting of financial contracts.

III. - The asset management company shall use the value at risk approach if the retail investment fund that it manages has any of the following characteristics:

- a) The retail investment fund uses complex investment strategies that account for a substantial proportion of its investment policy;
- b) The exposure of the retail investment fund to non-standard financial contracts is substantial;
- c) If the market risks run by the retail investment fund are not adequately taken into account by the commitment approach.

The value at risk approach shall be supplemented by a stress test system. An AMF instruction shall define the concepts of standard and non-standard financial contracts.

IV. - Aggregate risk for a feeder retail investment fund in relation to financial contracts shall be calculated by combining the fund's own direct risk with respect to financial contracts concluded pursuant to Article L. 214-24-57 of the Monetary and Financial Code with the following:

- a) Either the actual risk for the master UCITS or AIF in relation to financial contracts, proportionate to the investments by the feeder retail investment fund in the master UCITS or AIF;
- b) Or the potential maximum aggregate risk of the master UCITS or AIF with regard to financial contracts specified in the regulations or articles of association of the master UCITS or AIF, proportionate to the investments by the feeder retail investment fund in the master UCITS or AIF.

Sub-paragraph 2 - Commitment approach

[Article 422-53](#)

I. - If the asset management company uses the commitment approach to calculate aggregate risk, it shall also use this approach for all positions on financial contracts, irrespective of whether they are used as part of general policy for the retail investment fund, for the purposes of risk reduction or for the purposes of efficient portfolio management, as specified in Article R. 214-32-27 of the Monetary and Financial Code.

II. - If a retail investment fund, in accordance with Article L. 214-24-56 of the Monetary and Financial Code, uses techniques and instruments designed to increase its leverage or exposure to market risk, including repurchase agreements or securities lending or borrowing transactions, the asset management company shall take these transactions into account when calculating aggregate risk.

III. - Calculation of aggregate risk for a retail investment fund using the commitment approach requires the position of each financial contract to be converted into the market value of an equivalent position for the underlying asset for the contract in

The stages of calculation of aggregate risk using the commitment approach and the conversion formulas shall be specified in an AMF instruction.

Article 422-54

I.- The asset management company may take into account netting and hedging arrangements provided that these arrangements do not ignore obvious and material risks and that they result in a clear reduction in risk.

II. - 1° Netting arrangement consist of a combination of positions on financial contracts or securities for the same underlying asset irrespective of their maturity dates, whose sole purpose is to eliminate the risks relating to certain positions taken through other financial contracts or securities.

2° Hedging arrangements consist of a combination of positions on financial contracts and/or financial securities for which:

a) The underlying assets are not necessarily identical

b) The positions are concluded with the sole purpose of offsetting the risks relating to positions taken through other financial contracts or securities.

3° Any retail investment fund which has principally concluded financial contracts relating to interest rates may use specific duration netting rules, for which the relevant procedures are specified in an AMF instruction, in order to take into account correlations between instruments with differing maturities along the interest rate curve. Specific duration netting rules may not be used if they lead to an incorrect valuation of the risk profile of the retail investment fund.

A retail investment fund which uses specific duration netting rules for its financial contracts relating to interest rates may take hedging arrangements into consideration. However, only financial contracts relating to interest rates that have not been taken into account in any hedging arrangement may use these specific netting rules.

Article 422-55

I. - If the use of financial contracts does not create any additional exposure for the retail investment fund, it is not necessary to include the underlying exposure in the commitment calculation if it fulfils the following criteria:

- 1 • Its purpose is to swap the performance of all or part of the retail investment fund asset with the performance of other reference financial instruments;
- 2 • It completely eliminates market risk for the swapped assets. Performance of the retail investment fund no longer depends on the performance of the assets that are the subject of the swap;
- 3 • It does not include any additional optional component, any leverage or any other additional risk relating to any direct investment in the reference assets.

II. - A financial contract shall not be not taken into account in calculation of aggregate risk using the commitment approach if it fulfils the following criteria:

a) Combination of the financial contract and a cash sum invested in assets yielding the risk-free rate of interest offers equivalent exposure to that obtained by a direct investment in the underlying asset;

b) It does not generate any additional exposure or leverage, and does not add any market risk.

III. - If the commitment approach is used, the calculation of aggregate risk need not include any temporary cash borrowing

agreements concluded on behalf of the retail investment fund pursuant to Article R. 214-32-40 of the Monetary and Financial Code.

Sub-paragraph 3 - Value at risk approach

[Article 422-56](#)

I. - The aggregate risk of a retail investment fund calculated according to the value at risk approach shall cover all positions in the portfolio.

The maximum value at risk of a retail investment fund shall be set by the asset management company on the basis of how its risk profile is defined.

II. - The value at risk of a retail investment fund shall cover a period of twenty working days with a confidence threshold of 99 per cent. The effective observation period for risk factors shall be no less than two hundred and fifty working days. In the event of any significant increase in price volatility, the value at risk shall be calculated for a shorter observation period. The data sample used for the calculation shall be updated at least quarterly, or more frequently if market prices are subject to material changes.

The conditions in which this section II may be waived shall be specified in an AMF instruction. The value at risk approach shall be performed at least daily.

The calculation stages for aggregate risk using the value at risk approach shall be specified in an AMF instruction.

[Article 422-57](#)

I. - In order to calculate aggregate risk using the value at risk approach, the asset management company shall be responsible for choosing the most appropriate approach (either relative value at risk or absolute value at risk) on the basis of the risk profile of the retail investment fund and the investment strategy.

The asset management company shall be able to demonstrate that the value at risk approach used is appropriate. The choice of approach used and the underlying scenarios shall be specified in documentation.

The aggregate risk of a retail investment fund according to the relative value at risk approach shall be equal to the ratio of the value at risk of the retail investment fund portfolio and the value at risk of a reference portfolio whose defining criteria shall be specified in an AMF instruction, minus one, multiplied by the net assets of the retail investment fund.

II. - The absolute value at risk approach for a retail investment fund shall restrict the maximum value at risk it may attain to 20 per cent of the market value of its net assets.

The terms of application of this article shall be detailed in an AMF instruction.

[Article 422-58](#)

The asset management company shall install:

- 1 • An ex-post control mechanism for calculations using the model on previous data, in order to monitor the accuracy and performance of the value at risk model;
- 2 • A set of stress tests that are stringent, complete and appropriate to the risk profile of the retail investment fund, capable of simulating how the retail investment fund behaves in crisis situations.
- 3 • Where required by the risk profile and investment strategy, risk management tools and methods appropriate to the risk profile and investment strategy of the retail investment fund, in addition to the resources specified in 1° and 2°.

[Article 422-59](#)

Aggregate risk for a formula-based retail investment fund shall be measured using either the commitment approach or the value at risk approach.

The formula-based retail investment fund may apply specific rules, defined in an AMF instruction, for calculating aggregate risk using the commitment approach, if it fulfills all the following conditions:

- 1 • Returns for investors rely on a calculation formula for which the predefined possible results may be divided into a finite number of scenarios that depend on the value of the underlying assets.

Each scenario provides a different result for investors.
- 2 • Investors shall be exposed to only one result at a time at any point in the lifespan of the retail investment fund;
- 3 • Use of the commitment approach to measure aggregate risk for each individual scenario is appropriate, pursuant to Article 422-52;
- 4 • The final maturity of the retail investment fund is no more than nine years after the end of the marketing period;
- 5 • The retail investment fund does not accept new public subscriptions after the initial marketing period;
- 6 • The maximum loss that may be sustained by the retail investment fund transitioning from one scenario to another does not exceed 100 per cent of the net asset value at the end of the marketing period;
- 7 • The impact of each underlying asset on the remuneration profile to be provided to investors on any given date following transition from one scenario to another observes the diversification rules specified in Article R. 214-32-29 of the Monetary and Financial Code on the basis of the net asset value at the end of the marketing period.

Sub-paragraph 5 - Effective date

[Article 422-60](#)

In waiver of Article 422-51, if they satisfy the criteria specified in point I° of I of Article R. 214-32-39 of the Monetary and Financial Code and the criteria in points 1° to 3° of I of Article 422-59, formula-based retail investment funds in existence on the date on which Decree 2011-922 of 1 August 2011 came into force may calculate their aggregate risk as being defined by the maximum loss value on the date the financial contracts were concluded, subject to their formula remaining unchanged.

Paragraph 2 - Counterparty risk and issuer concentration

[Article 422-61](#)

- 1 • The asset management company shall ensure that the counterparty risk for the retail investment fund arising from over-the-counter financial contracts is subject to the limits specified in Article R. 214-32-29 of the Monetary and Financial Code.
- 2 • For the purposes calculating the exposure of the retail investment fund to a counterparty within the limits specified in I of Article R. 214-32-29 of the Monetary and Financial Code, the asset management company shall use the positive value of the market price valuation of the over-the-counter financial contract concluded with this counterparty.

The asset management company may base itself on the net position of a retail investment fund's financial contracts with regard to a given counterparty if it has the rights specified in Article L. 211-36-1 of the Monetary and Financial Code or equivalent foreign provisions for the purposes of ensuring, on behalf of the retail investment fund, that the netting agreements concluded with this counterparty are observed. The net position may be used only for over-the-counter financial contracts to which the retail investment fund is exposed for a given counterparty, and not for other exposures of the retail

investment fund with regard to this counterparty;

- 3 • The asset management company may reduce the exposure of a retail investment fund to the counterparty for a transaction relating to an over-the-counter financial contract by receiving collateral to the benefit of the retail investment fund. This collateral must be liquid enough to be realised quickly at a price close to its estimated price prior to realisation;
- 4 • The asset management company shall take the collateral into account when calculating exposure to the counterparty risk as specified in I of Article R. 214-32-29 of the Monetary and Financial Code provided that, on behalf of the retail investment fund, it supplies collateral to the counterparty for transactions relating to an over-the-counter financial contract. The collateral may be taken into account on a net basis only if the asset management company has the legal and regulatory means to ensure that the netting agreements with this counterparty are observed on behalf of the retail investment fund;
- 5 • The asset management company shall base itself on the underlying exposure corresponding to the use of over-the-counter financial contracts pursuant to the commitment approach in order to ensure it abides by the concentration limits for issuer types specified in Articles R. 214-32-29, R. 214-32-33 and R. 214-32-34 of the Monetary and Financial Code;
- 6 • For exposure arising from transactions involving over-the-counter financial contracts specified in 3° of III of Article R. 214-32-29 of the Monetary and Financial Code, the asset management company shall include in the calculation any counterparty risk exposure in such contracts.

Article 422-62

Assets received as collateral by the retail investment fund for the purposes of reducing its counterparty risk arising from a financial contract or the temporary acquisition or transfer of financial instruments pursuant to Article 422-61 shall comply with the following principles at all times:

- 1 • Any asset received as collateral shall be suitably liquid and capable of being sold quickly at a price that is consistent with respect to the price at which it was valued prior to the sale. Assets received as collateral should normally be traded on highly liquid markets and have a transparent price;
- 2 • Assets received must be capable of being valued at least once a day.

Any inability to value assets received as collateral independently would clearly imperil the retail investment fund, particularly if any such valuation is based on a model and these assets are relatively illiquid.

Where appropriate, the retail investment fund shall apply an appropriate discount to the market value of assets received as collateral.

Furthermore, if any such assets exhibit a significant risk of volatility, the retail investment fund shall apply particularly prudent discounts;

- 3 • The credit standing of the issuer shall be a significant criterion in assessing the eligibility of assets received as collateral. Appropriate discounts shall be applied to the market value of assets received as collateral if the issuer does not have a high credit rating;
- 4 • Any high correlation between the counterparty and the assets received as collateral to reduce the exposure of the retail investment fund to this counterparty must be avoided;
- 5 • Any high concentration of assets received as collateral from a single issuer, a single sector or a single country entails a clear risk for the retail investment fund;
- 6 • The asset management company shall have appropriate technical and human resources, particularly as regards operational systems and legal expertise, in order to manage collateral effectively;

- 7 • Financial collateral involving transfer of title shall be held by the depositary of the retail investment fund. For other types of financial collateral contracts, financial collateral may be held by a third-party depositary if it is subject to prudential supervision and has no link with the financial collateral provider;
- 8 • It must be possible for collateral to be realised at any time by the retail investment fund, without the need to inform the counterparty or obtain its approval.

Article 422-63

I. - In order to calculate the counterparty risk specified in I of Article R. 214-32-29 of the Monetary and Financial Code, the retail investment fund shall take into account any collateral granted to an investment services provider and its subsequent variations, relative to financial contracts, concluded on a market specified in 1°, 2° or 3° of I of Article R. 214-32-18 of the Monetary and Financial Code or traded over the counter, that is not protected by client asset protection rules or other similar rules, allowing the retail investment fund to be protected against the risks of bankruptcy of the investment services provider.

II. - In order to calculate the limits specified in III of Article R. 214-32-29 of the Monetary and Financial Code, the retail investment fund shall take into account the net risk to which it is exposed with regard to the transactions specified in Article R. 214-32-27 of the Monetary and Financial Code for any given counterparty. The net risk shall be equal to the amount that may be recovered by the retail investment fund, less (where applicable) any collateral benefiting the retail investment fund.

The risk created by the reuse of collateral benefiting the retail investment fund shall also be taken into account when calculating the issuer ratio.

III. - In order to calculate the limits specified in Article R. 214-32-29 of the Monetary and Financial Code, the retail investment fund shall determine if the counterparty for which it has exposure is an investment services provider, a clearing house or another entity relating to an over-the-counter financial contract.

IV. - The limits specified in Articles R. 214-32-29, R. 214-32-33 and R. 214-32-34 of the Monetary and Financial code shall take into account exposure relating to assets underlying the financial contracts, including incorporated financial contracts, relating to eligible financial securities or money market instruments.

V. - If the retail investment fund calculates concentration limits for each type of entity, the underlyings for financial contracts, including incorporated financial contracts, must be taken into account when determining the exposure to a given issuer arising from these positions.

Exposure relating to a position shall be taken into account when calculating the concentration limits for each type of issuer. Where appropriate, it shall be calculated using the commitment approach.

The measurement of maximum potential loss in the event of default by the issuer shall be taken into account if it gives a more conservative result.

This article shall apply to all retail investment funds, irrespective of whether they use the value at risk (VAR) approach when calculating aggregate risk.

This article does not apply to financial contracts based on an index that fulfils the criteria of Article R. 214-32-25 of the Monetary and Financial Code.

Paragraph 3 - Procedure for valuation of over-the-counter financial contracts

Article 422-64

I. - The asset management company shall ensure that exposures are the subject of market value valuations that do not rely solely on market ratings carried out by counterparties to the transactions involving over-the-counter financial contracts and that observe the criteria set forth in Article R. 214-32-22 (3) of the Monetary and Financial Code.

II. - For the application of I above, the asset management company shall establish, implement and maintain operational methods and procedures that ensure sufficient, transparent and fair valuation of the retail investment fund's exposure to over-the-counter financial contracts.

The asset management company shall ensure that valuation of the fair value of over-the-counter financial contracts is appropriate, accurate and independent.

The valuation methods and procedures shall be appropriate and proportionate to the nature and complexity of the over-the-counter financial contracts in question.

If the valuation methods and procedures for over-the-counter financial contracts involve business conducted by third parties, the asset management company shall observe the requirements set forth in Article 45 and Article 75 (f) of Commission Delegated Regulation (EU) 231/2013 of 19 December 2012.

Sub-section 5 - Investor information

Commission Regulation (EU) No [583/2010](#) of 1 July 2010 implementing Directive 2009/65/EC of the European Parliament and of the Council as regards key investor information and conditions to be met when providing key investor information or the prospectus in a durable medium other than paper or by means of a website

[Article 422-65](#)

The asset management company shall retain sole liability for the content of documents supplied to AMF to be placed online on its website.

Paragraph 1 - Language used in information documents

[Article 422-66](#)

I. - In application of Article L. 214-25 of the Monetary and Financial Code, regulations, articles of association, and documents intended to inform shareholders in retail investment funds shall be written in French.

II. - In derogation to I above, regulations, articles of association and documents intended to inform shareholders may be drafted in any language customary for financial matters other than French, provided that the retail investment fund or its asset management fund ensures that the marketing arrangements in place make it possible to avoid these documents being sent or being liable to reach investors located within the territory of the French Republic for whom this language would not be understandable.

Paragraph 2 - Key investor information document

[Article 422-67](#)

The retail investment fund shall draw up a brief document containing key information for investors known as the "key investor information document" (KIID).

This document shall be drafted pursuant to the procedures set forth in Commission Regulation (EU) 583/2010 of 1 July 2010.

[Article 422-68](#)

The key investor information document, whose content is pre-contractual, shall fulfil the following conditions:

- 1 • It shall feature the words "informations clés pour l'investisseur" ['key investor information'], clearly marked in French.
- 2 • It shall contain information which is correct, clear, not misleading and consistent with the corresponding sections of the retail

investment fund prospectus.

- 3 • It shall contain the appropriate information about the essential characteristics of the retail investment fund in question that must be supplied to investors, such that the latter can be reasonably expected to understand the nature and risks of the retail investment fund being offered to them, and consequently, take investment-related decisions in full awareness of the facts.
- 4 • It shall contain information about the following essential components of the retail investment fund:
 - a • Identification of the fund;
 - b • A brief description of its investment aims and its investment policy;
 - c • A presentation of its past performance or, where applicable, performance scenarios;
 - d • All related costs and fees;
 - e • The risk profile with regard to return on investment, including appropriate guidelines and warnings as to the risks inherent in investment in the retail investment fund in question.

These essential components must be understandable for investors without referring to other documentation.

They must be kept up to date.

- 5 • It shall clearly specify where and how additional information about the proposed investment may be obtained, including where and how the prospectus and annual and half-yearly reports may be obtained, on request, free of charge and at any time, as well as the language in which this information is available to investors.
- 6 • It shall be written concisely and in non-technical language.
- 7 • It shall be produced in a standard format, allowing comparisons to be made with other AIFs with key investor information documents or with UCITS.
- 8 • It shall be presented in such a way that it can be understood by non-professional clients.

[Article 422-69](#)

The key investor information document shall contain a clear warning specifying that the retail investment fund and/or its asset management company may be held liable only for any declarations in the document found to be misleading, inaccurate or inconsistent with the corresponding sections of the fund prospectus.

[Article 422-70](#)

The retail investment fund shall include its key investor information document in the retail investment fund approval submission supplied to AMF.

Paragraph 3 - Prospectus

[Article 422-71](#)

The retail investment fund prospectus shall contain all information necessary for investors to be able to assess the investment offered to them in full awareness of the facts, particularly the risks involved in this investment.

It shall include a clear, easily understandable description of the retail investment fund's risk profile, independently of the assets in which it is invested. The regulations or articles of association of the retail investment fund shall form an integral part of the

prospectus, to which they shall be appended. It is however permissible for regulations or articles of association not to be appended to the prospectus, provided that investors are informed that on request, these documents may be sent to them and/or they are informed as to where they may be consulted.

The essential elements of the prospectus shall be kept up to date.

The contents of the prospectus shall be defined in an AMF instruction.

Article 422-72

The prospectus shall describe all fees to be borne by shareholders or by the retail investment fund, including all taxes, specifying the following:

- 1** • For fees of which the cost is borne by shareholders:
 - a** • The maximum rate of that part of the subscription or redemption fee that does not revert to the retail investment fund;
 - b** • The rate of that part of the fee that reverts to the retail investment fund and the conditions in which this rate may be reduced.
- 2** • For costs borne by the retail investment fund, the maximum rates for operating costs and management. Where applicable, in addition to the rate itself, the following additional information shall be specified:
 - a** • The rules governing calculation of turnover commissions;
 - b** • The rules governing calculation of the share of income from temporary acquisition or transfer of securities that is not assigned to the retail investment fund;
 - c** • The maximum costs and fee charges that may be borne for collective investments governed by French or foreign law or third country investment funds acquired by the retail investment fund;
 - d** • The rules governing calculation of variable management fees.

Presentation of the prospectus and the calculation methods for the costs specified in this article shall be detailed in an AMF instruction.

Article 422-73

The prospectus shall define the valuation rules for each class of asset.

Between two net asset value calculations, a retail investment fund may establish and publish an indicative net asset value known as the "estimated value". The prospectus shall specify the conditions in which this is published and advise investors that it cannot be used as a basis for subscription or redemption transactions.

The same warning shall accompany any communication of an estimated value.

Article 422-74

The prospectus shall specify the asset classes in which the retail investment fund is accredited to invest.

It shall also specify whether transactions involving financial contracts are authorised, in which case it shall clearly specify whether these transactions may be carried out for the purposes of hedging or for the purposes of realising investment goals, as well as the possible effects of the use of financial contracts on the risk profile.

I. - If the retail investment fund invests principally in one of the asset classes defined in Article L. 214-24-55 of the Monetary and Financial Code other than eligible financial securities or money market instruments or if the fund tracks a stock index or debt security index pursuant to Article R. 214-32-25 of the Monetary and Financial Code, its prospectus shall feature a clearly visible statement drawing attention to its investment policy.

II. - If the retail investment fund invests a significant part of its assets in collective investments, its prospectus shall specify the maximum level of management fee that may be invoiced, both to the retail investment fund itself and to the collective investments in which it intends to invest.

III. - The retail investment fund specified in Article R. 214-32-32 of the Monetary and Financial Code shall specify in its prospectus, in a clearly visible fashion, a declaration drawing readers' attention to the authorisation from which it benefits and specifying any Member States of the European Union, local government bodies or international public organisations in whose assets it intends to invest or has invested over 35 per cent of its assets.

IV. - When the retail investment fund indicates in its prospectus that it is a “short-term money market” fund or a “money market” fund, it shall provide appropriate information about its risk/reward profile so that investors can identify specific risks stemming from its investment strategy.

1 • A “short-term money market” retail investment fund :

- a •** Must have the primary investment objective of maintaining the principal of the fund and aim to provide a return in line with money market rates;
- b •** Must invest in money market instruments that comply with the criteria in Directive 2009/65/EC of 13 July 2009, in term deposits with credit institutions;
- c •** Must ensure the money market instruments in which it invests are of a high quality, as determined according to an internal assessment process whereby the retail investment fund or the management company must take into account a combination of factors which include, but are not limited to the following:
 - a • i)** The creditworthiness of the instrument;
 - b • ii)** The nature of the asset class represented by the instrument;
 - c • iii)** The operational and counterparty risks inherent to the structure of the investment for structured financial instruments;
 - d • iv)** The liquidity profile;
- d •** May, for the purposes of point c.i), also refer to, as appropriate and in a non-exclusive manner, the short-term ratings of the rating agencies registered with the European Securities and Markets Authority which have rated the instrument and which the “short-term monetary fund or its management company may deem relevant whilst at the same time avoiding any mechanical dependence in relation to these notations.
- e •** Must limit its investment to financial instruments with a residual maturity until the legal redemption date- corresponding to the contractual maturity date defined in the issuance documents of the financial instruments of no more than 397 days. The residual maturity means the period remaining before the legal redemption date;
- f •** Must have a net asset value based on a daily valuation and provide daily subscription and redemption;

- g •** Must ensure that its portfolio has a weighted average maturity until the portfolio's maturity date calculated according to the procedures defined in Committee of European Securities Regulators'Guidelines of 19 May 2010 under the heading “definitions” of no more than 60 days;
- h •** Must ensure that its portfolio has a weighted average life until the extinction date of the financial instruments of its portfolio calculated as an average of the financial instruments' final maturities according to the procedures defined in Committee of European Securities Regulators'Guidelines of 19 May 2010 under the heading “definitions” of no more than 120 days;
- i •** When calculating the weighted average life for financial instruments, including structured financial instruments, base the maturity calculation on the residual maturity until the legal redemption date of the instruments.

However, when a financial instrument embeds a put option before the legal date, the exercise date of the put option may be used instead of the legal residual maturity only if the following conditions are fulfilled at all times:

- a •** i) The option can be freely exercised by the retail investment fund at its exercise date;
- b •** ii) The exercise price of the put option is close to the anticipated valuation of the financial instrument at the nearest exercise date;
- c •** iii) The investment strategy means that there is a strong probability that the option will be exercised at the nearest exercise date.
- j •** Take into account, for both the weighted average life and weighted average maturity calculations, the impact of financial derivatives, term deposits and the techniques and instruments used for efficient investment management, in accordance with the criteria defined in Article R. 214-32-27, II of the Monetary and Financial Code;

The meeting shall be convened within a period of two months from expiry of the statutory one-year period.

Refunds to shareholders shall be paid within no more than six months from the date on which the extraordinary general meeting specified above is held.

- 1 • If there is an issue of new shares after a period of more than three years without any increase in capital. In this case, the management company report shall be approved by the statutory auditors;
- 2 • If there is a change to the initial investment policy.

[Article 422-195](#)

If AMF observes that the offer document no longer corresponds to the actual circumstances of the real estate or forestry investment company, and if there is no response to a formal demand to rectify the situation, the approval for the offer document shall be withdrawn.

The real estate or forestry investment company's management company shall be notified of the decision to withdraw the approval and the supporting grounds for this; it shall inform the supervisory board.

This measure shall prohibit any offer to the public to acquire or subscribe to shares in the real estate or forestry investment company.

[Article 422-196](#)

In the event of an increase in capital, prior to any announcement for the purposes of subscribing to shares and before any subscription to these shares, the new share issue shall be the subject of a notice drawn up in the format specified in an AMF instruction.

Prospectuses, circulars, posters and announcements in newspapers informing the public of the share transfer or issue offer shall very clearly specify the existence of the offer document specified in Article L. 412-1 of the Monetary and Financial Code.

Companies which have opted for variable capital pursuant to the conditions set forth in Article L. 231-1 of the Commercial Code shall publish a notice explaining the conditions for subscription or redemption in the event of any change in these conditions (price, entitlement, etc.) pursuant to the same procedures and deadlines as those set forth in clause 1.

Shareholders shall also be made aware of the indications contained in the notice no later than six days prior to the opening of subscriptions, by standard letter.

The rate, assessment base and any other components of remuneration of the management company may be specified in the real estate or forestry investment company articles of association. If not, the precise terms of remuneration shall be established by a special agreement concluded between the management company and the real estate or forestry investment company and ratified by the latter's ordinary general meetings.

Shareholders shall be made aware of the terms of remuneration of the management company in an offer document approved by AMF.

All fees or remuneration received by the management company shall be defined in the offer document.

Article 422-199

The supervisory board shall issue an opinion on the motions submitted by the management company to shareholders.

It shall refrain from any management action; in the event of default on the part of the management company, it shall convene a general meeting forthwith with a view to replacing the management company.

Article 422-200

On the occasion of the general meeting called upon to ratify the accounts of the company's third full financial period, the supervisory board shall be wholly renewed in order to ensure the broadest possible representation of shareholders with no links to the founders.

The maximum duration of the mandate of representatives on the supervisory board shall be three years.

Article 422-201

The management company shall observe the strictest neutrality in the conduct of procedures to appoint members of the supervisory board.

Prior to the meeting which is to designate new members of the supervisory board being convened, the management company shall carry out a request for candidatures with a view to ensuring the broadest possible representation of non-founder shareholders.

For the vote to appoint members of the supervisory board, only votes expressed by shareholders who are present and postal votes shall be taken into account.

The list of candidates shall be presented in a motion. Candidates shall be elected on the basis of those who receive the greatest number of votes, up to the number of positions to be filled.

Article 422-202

The ordinary general meeting that is called upon to ratify the annual accounts shall be convened at least once a year within six months following closure of the financial period, subject to this deadline being extended following a court ruling.

Article 422-203

The management company may not contract loans, take on debt or carry out fixed-term purchases on behalf of the real estate or forestry investment company, or may do so only up to a set maximum amount.

The shareholders' general meeting shall establish this amount such that it is compatible with the repayment capabilities of the real estate investment company on the basis of its ordinary income for borrowings and debts, and on the basis of its commitment capabilities for fixed-term purchases.

In the event of the sale of one or more items of the rental real estate assets of the company and if the money is not reinvested, the general meeting shall have sole powers to decide on allocation of the revenue from this sale to:

- 1 • Total or partial distribution with, where applicable, depreciation of the nominal share value;
- 2 • Allocation to the redemption fund specified in Articles 422-231 to 422-233 inclusive.

In the event of the sale of one or more items of the company's forestry assets, if the money is not reinvested, the general meeting shall have sole powers to decide on allocation of the revenue from this sale to total or partial distribution with, where applicable, depreciation of the nominal share value.

[Article 422-204](#)

- 2 • The term "intermediary" means any person other than the management company who, due to their professional business, is authorised to receive a sale or purchase order relating to real estate or forestry investment company shares
- 3 • The term "person" means any natural or legal person.

[Article 422-205](#)

Orders shall be recorded in a register held at the company's head office pursuant to the terms set forth in an AMF instruction, failing which they shall be null and void.

An order to sell shall be valid for a period of twelve months. Any shareholder having made or passed on an order shall be informed of the expiry date of the order beforehand. The validity period for the order may be extended for a maximum of twelve months if expressly requested by the shareholder.

Recording of orders on the register specified in clause 1 above for a variable-capital real estate investment company or a forestry investment company shall constitute an appropriate measure as understood in Article L. 214-93 (II) of the Monetary and Financial Code. Application of this measure shall entail suspension of redemption requests.

[Article 422-206](#)

The management company or intermediary shall be required to forward the five highest purchase prices and the five lowest purchase prices recorded in the register to any person who so requests, as well as the quantities requested and offered at these prices.

On receipt by the management company or intermediary, orders shall be recorded, such that the stages of processing of each order and its various executions may be reconstituted.

[Article 422-207](#)

Prior to forwarding orders to the management company, the intermediary shall check that they have all the characteristics specified in an AMF instruction.

The intermediary shall pass on orders to the management company without summing orders of the same nature or with the same limits, and without offsetting sale and purchase orders.

[Article 422-208](#)

For the purposes of hedging, the management company may:

- 1 • Either subordinate recording of purchase orders to payment of funds pursuant to the terms set forth in an AMF instruction;
- 2 • Or establish a deadline by which funds must be received, on expiry of which orders recorded in the register shall be cancelled if the funds have not been paid. In this case, funds must be received no later than the day before the execution price is determined.

[Article 422-209](#)

The management company shall timestamp the orders it receives having ensured that they fulfil the registration conditions.

It shall record them on the register specified in Article 422-205 in chronological order.

[Article 422-210](#)

Prior to determination of the execution price, the management company shall ensure that there is no barrier to execution of the sale orders.

In particular, it shall ensure that the assignor has sufficient powers to assign the shares it holds and a sufficient number of shares to honour its sale order if it is executed.

[Article 422-211](#)

If due grounds are supplied in a resolution the management company may, on its own liability, suspend the recording of orders on the register after having informed AMF.

If the reason for suspension is the occurrence of a major event which, if it was publicly known, would be liable to have a significant impact on the execution price of shares or the circumstances and rights of shareholders, the management company shall cancel orders in the register and inform its clients or intermediaries on an individual basis.

The management company shall use any and all appropriate means to ensure that this decision and the reasons for it are circulated publicly, effectively and in full.

[Article 422-212](#)

The only grounds for change to the frequency established in Article 422-229 for real estate investment companies and 423-243 for forestry investment companies shall be market constraints.

The management company shall make clients, intermediaries and the general public aware of this change no later than six days prior to its effective date.

Procedures for circulating this information to the public shall be specified in the offer document.

[Article 422-213](#)

The execution price shall be the price at which the greatest quantity of shares may be traded.

If, at the same time, multiple prices may be determined on the basis of this initial criterion, the execution price shall be the price at which the number of non-traded shares is the lowest.

In the event of neither of these two criteria allowing a single price to be determined, the execution price shall be that closest to the most recent execution price determined.

The execution price, and the quantities of shares traded, shall be made public by any appropriate means on the day on which the price is determined.

In the event of it not being possible to determine an execution price, the management company shall, in the same conditions as

those set forth in the previous clause, publish the highest purchase price and the lowest sale price, each accompanied by the quantities of shares offered.

Article 422-214

Orders shall be executed immediately on determination of the execution price and at this price alone.

Execution shall concern: as a priority, purchase orders recorded with the highest price and sale orders recorded with the lowest price. Orders with equal prices shall be executed in their chronological order of record in the register.

The management company shall record all transactions completed in this manner in the shareholder register without delay.

Article 422-215

The management company shall make the information regarding the price and quantities shown in the order register available to the public. It shall implement any and all means necessary to minimise the following periods:

- 1 • The time between receipt of orders and them being recorded in the register
- 2 • The time taken to inform clients and/or intermediaries.

It shall supply proof of orders being executed and them being passed on to clients and intermediaries.

Article 422-216

Article 422-218

In real estate or forestry investment companies that have opted for variable capital, the management company shall be made aware of redemption requests by registered letter with return receipt.

On receipt, these shall be recorded in the redemption request register and fulfilled in the chronological order in which they are recorded.

Article 422-219

In the event of a fall in the redemption price, the management company shall, by registered letter with return receipt, inform shareholders who have requested redemptions no later than the day before the effective date.

In the absence of any response by shareholders within a period of fifteen days from the date on which the registered letter with return receipt is received, the redemption request shall be deemed to be maintained at the new price.

This information shall be included in the notification letter.

Article 422-220

New shares resulting in an increase in capital may not be issued if, in the register specified in Article 422-218, there are outstanding redemption requests at a price which is less than or equal to the subscription price.

Article 422-221

In order to sell shares publicly, real estate or forestry investment companies may use any form of announcement, provided that the following is specified:

Pursuant to the first paragraph of Article R. 214-203-2 of the Monetary and Financial Code, the programme of operations of a management company that manages a professional specialised fund may allow the fund to transfer loans granted by it and not yet due or subject to accelerated repayment:

- 1 • To entities or persons authorised to grant loans directly, after a period of time which is reasonable, having regard to the maturity of the loans, and set out in the programme of operations of the management company. This period may not be less than one year; or
- 2 • Where the management strategy and organisation put in place by the management company ensure that the interests of fund shareholders or unit holders and successive loan assignees are aligned, notably through retention by the assigning fund of an economic interest or by means of a syndication arrangement in which the assignor and the assignee are creditors with equal ranking in relation to the debtor.

[Article 423-36-3](#)

Pursuant to Article R. 214-203-3 (II) of the Monetary and Financial Code, management companies managing a professional specialised fund that grants loans shall have a system for analysing and measuring risk comprising:

- 1 • A written procedure for granting loans that sets out policies covering exposure by credit risk class for each fund;

 - a • identify, measure and aggregate the credit risk resulting from lending transactions and to identify interactions between this risk and other risks to which the fund is exposed;
 - b • identify and control concentration risk and residual risk by means of documented procedures;
 - c • Verify that loans are adequately diversified having regard to the investment strategy;
- 4 • A proportionate procedure to monitor on ongoing basis the quality evolution of each individual loan on a quarterly basis in order to determine the appropriate valuation of loans, taking account of collateral or guarantees.

[Article 423-36-4](#)

Where, pursuant to Article R. 214-203-5 (III) of the Monetary and Financial Code, the rules or articles of incorporation of a professional specialised fund that grants loans set out a policy for the redemption of units or shares, they shall indicate the procedures by which the fund carries forward to the next centralisation date, or cancels, the share of redemption requests exceeding the gating threshold and that could not be executed. If the fund's NAV is calculated more than once a week, the share of redemption requests exceeding the threshold and that could not be executed shall be automatically carried forward to the next centralisation date, and the related orders shall be irrevocable.

Affected redemption requests shall then be gated in the same proportion for all affected holders. The share of requests that is unexecuted and resubmitted at a later centralisation date shall have no priority over new requests submitted at that later centralisation date.

The management company informs the AMF and holders of the decision to gate redemptions.

Section 1 - Authorisation (Article 424-2)

[Article 424-2](#)

I.- Authorisation of a SICAV for employee shareholders or an employee investment undertaking is subject to prior filing of an application with the AMF that contains the elements stipulated in an AMF Instruction.

Silence on the part of the AMF for a period of one month from the day the AMF acknowledges receipt of the request shall be deemed authorisation of the request. If the AMF asks for further information that requires the asset management company to submit a supplementary information sheet, the AMF will serve written notice stipulating that the information requested must arrive within sixty days. If it fails to receive the information within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received all of the information requested. The acknowledgement of receipt stipulates a new authorisation waiting time, which cannot be longer than the one stipulated in the second paragraph.

II. - The waiting period referred to in I is reduced to eight working days after the AMF issues an acknowledgement of receipt of the authorisation application if the AIF applying for authorisation is comparable to an AIF that has already been authorised by the AMF. The AMF assesses the comparability of the AIF applying for authorisation, called the "comparable AIF", and the AIF previously authorised by the AMF, called the "reference AIF", with respect to the following :

- 1 • The reference AIF and the comparable AIF are managed by the same asset management company or the same delegated investment manager, or by investment management companies or delegated investment managers belonging to the same corporate group, and subject to the AMF's assessment of the information supplied by the management company of the comparable AIF in accordance with the requirements stipulated in an AMF instruction;
- 2 • The reference AIF has been authorised by the AMF and established less than eighteen months before the date of the AMF's receipt of the authorisation application for the comparable AIF. At the reasoned request of the management company of the comparable AIF, the AMF may accept a reference AIF that has been authorised and established for more than eighteen months at the date of receipt of the authorisation application for the comparable AIF;
- 3 • The reference AIF has not undergone any changes other than those referred to in an AMF Instruction. At the reasoned request of the management company of the comparable AIF, the AMF may allow an AIF that has undergone changes other than those referred to in the Instruction to be a reference AIF;
- 4 • Subscribers to the comparable AIF shall meet the requirements for subscribing or purchasing the reference AIF.
- 5 • The investment strategy, risk profile, operating rules and fund rules of the comparable AIF shall be similar to those of the reference AIF; if anything in the articles of association of the comparable AIF is different from that of the reference AIF, it shall be clearly identified in the authorisation application for the comparable AIF in accordance with the requirements set out in an AMF instruction.

The authorisation application of the comparable AIF shall be filed electronically.

If the AMF asks for further information that requires submission of a supplementary information sheet, the AMF will serve such notice stipulating that the information requested must arrive within sixty days. If it fails to receive the information within this period, the authorisation application is deemed to be rejected. The AMF issues a written acknowledgement of receipt when it has received all of the information requested. The acknowledgement of receipt stipulates a new authorisation waiting time of eight working days or less.

If the comparable AIF or the reference AIF does not comply with the requirements referred to in this Article, the AMF notifies the applicant, stipulating that the supplementary information required to compile an authorisation application under the procedures described in I must be received within sixty days. If it fails to receive the information within this period, the authorisation application is deemed to be rejected. When all of the supplementary information has been received, the AMF issues a written acknowledgement of receipt and examines the authorisation application for the AIF under the conditions and procedures referred to in I. The acknowledgement of receipt stipulates a new authorisation waiting time of one month or less.

Section 2 - Formation (Article 424-3)

Article 424-3

The period for subscribing shares in a SICAV for employee shareholders or units in an employee investment undertaking shall start

within twelve months of the date on which the SICAV or the fund is authorised. Failing this, the authorisation is deemed to be null and void, unless the AMF explicitly grants an exception.

The minimum capital or the minimum assets required to constitute a SICAV for employee shareholders may be contributed by other investors than the ones cited in the preceding paragraph, provided that these investors undertake to request the redemption of their shares as soon as subscriptions are accepted from the abovementioned employees and, where applicable, from the persons stipulated in the second paragraph of Article L. 3332-2 of the Labour Code.

This undertaking shall be counter-guaranteed in compliance with the following procedures, which may be combined:
