Article 236-2

Where the majority shareholder(s) hold, in concert within the meaning of Article 233-10 of the Commercial Code, 95% or more of the voting rights of a company whose investment certificates and, if applicable, voting rights certificates, are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, any holder of such certificates who is not part of the majority group may apply to the AMF to require the majority shareholder(s) to file a buyout offer for those securities.

Once it has made the necessary verifications, the AMF rules on such application in the light of, inter alia, the state of the market for the securities concerned and the information provided by the applicant.

If the AMF declares the application to be acceptable, it notifies the majority shareholder(s), which must then file a draft buyout offer, within a time limit set by the AMF and drawn up in terms that can be deemed compliant by it.
