DISCLAIMER : Information boxes have been inserted within the General Regulation. They allow for a direct access to the relevant European regulations on the subject matter.

The user will be redirected to the European regulations as initially published in the Official Journal of the European Union and to the subsequent corrigenda, if any. The AMF does not guarantee the completeness of the redirections to these European regulations and corrigenda.

The boxes are located at the most relevant level of the GRAMF depending on the provision of the EU regulations to which they refer (Book, Title, Chapter, Section, etc.).

This additional material is provided for information purposes only and does not constitute a regulatory instrument. The AMF shall not be held liable or responsible for any harm resulting directly or indirectly from the provision or the use of these information boxes.

Article 722-15

I. - The services provider operating a trading platform for digital assets shall publish an order book indicating the buy and sell prices, as well as the importance of the trading positions expressed at these prices for each digital asset traded on the platform. It shall make this information constantly available to the public.

II. - The services provider operating a trading platform for digital assets shall make public the price, volume and time of the transactions executed on digital assets traded on the platform. It shall publish this information in real time, insofar as the technical resources allow this.
