Position - Recommendation DOC-2018-02

Marketing of crowdfunding offers, calculation of default rates and run-off management of platforms

Document

Summary

Position-recommendation DOC-2018-02 aims to clarify the AMF's expectations on the marketing of crowdfunding offers, calculation of default rates and run-off management of platforms. In particular, it specifies the best practice for securities and minibons crowdfunding in relation to providing information that is balanced, clear, accurate and not misleading, calculating and publishing default rates and setting up a system of run-off management for platforms that market minibons. It is aimed at crowdfunding investment advisors and investment services providers.
