I. - All issuers of financial instruments admitted for trading on a regulated market or on an organised multilateral trading facility within the meaning of Article 524-1 may prepare a registration document every year, as specified in an AMF instruction.

This registration document can take the form of an annual report to shareholders. In this case, a table showing the concordance between the headings in the instruction mentioned in the first paragraph and the corresponding headings in the annual report shall be provided.

II. - The registration document shall be filed with the AMF. If the issuer has not previously submitted three consecutive registration documents to the AMF, this document shall be registered by the AMF before it is published.

III. - The registration document shall be made available to the public free of charge on the day after filing, or registration where such is the case. Any person who so requests may view the document at any time at the registered office of the issuer or the offices of the paying agent. A copy of the document must be sent free of charge to any person who requests one.

The electronic version of the registration document shall be sent to the AMF for posting on its website.

IV. - Once the registration document has been filed or recorded, the issuer can make regular updates, which are filed with the AMF in accordance with Point 2°, concerning published accounting data and new factors relating to its organisation, business, risks, financial condition and results.

These successive updates are made available to the public in accordance with Point 3°.

IV *bis*. - Where an issuer files or registers a registration document with the AMF in French, it may also file or register the document in a language that is customary in the sphere of finance, in accordance with the terms of the instruction. In this case, the successive updates shall be drafted both in French and in the same language customary in the sphere of finance.

V. - Where, in connection with its supervisory duties, the AMF finds an omission or a material inaccuracy in the registration document, it shall inform the issuer, which must amend the document and file the corrections with the AMF.

These corrections shall be made available to the public as soon as possible, in accordance with Point 3°.

Any omission or inaccuracy, with regard to this General Regulation or to AMF instructions, that could manifestly distort an investor's assessment of the organisation, business, risks, financial condition or results of the issuer shall be considered as material.

Any other observations made by the AMF shall be brought to the attention of the issuer, which shall take them into account in the subsequent registration document.

VI. - Where the registration document filed with or registered by the AMF is published within four months of the financial year-end and contains information referred to in a of point 1° of Article 221-1, the issuer is not required to publish this information separately.

Paragraph 5 - Responsibility Attaching To Participants: Issuers, Statutory Auditors And Investment Services Providers

[Article 212-14](#)

2022-06-11

The persons responsible shall be clearly identified in the prospectus by their names and functions or, in the case of legal persons, their business names and registered offices.

The signature of the persons or entities responsible for the prospectus or registration document and for the updates and corrections thereto shall be preceded by a declaration confirming that, to the best of their knowledge, the information contained therein is in accordance with the facts and makes no omission likely to affect its import.

This declaration shall also state that the issuer has obtained a completion letter from its statutory auditors confirming that they have applied their professional standard for checking prospectuses, which consists in examining the entire document. Where appropriate, the issuer shall mention any material observations made by the statutory auditors.

The provisions of the third paragraph of this article shall not apply to prospectuses prepared for a public offering or admission of debt securities to trading on a regulated market, provided that the securities do not give holders access to equity, or for admission of financial securities to the compartment referred to in Article 516-5.

Article 212-15

I. - The statutory auditors shall state whether the interim, consolidated or annual financial statements that have undergone an audit or a limited review and that are presented in a prospectus, a registration document or, where such is the case, the updates or corrections thereto, give a true and fair view of the issuer. Where the interim financial statements are summary versions, the statutory auditors shall give their opinion on whether those statements comply with generally accepted accounting principles.

They shall declare that any forward-looking information, whether estimated or pro forma, presented in a prospectus, registration document or, where such is the case, the updates or corrections thereto, has been properly prepared in accordance with the indicated basis and that the accounting basis is consistent with the issuer's accounting policies.

II. - They shall examine all the other information in a prospectus, registration document or, where such is the case, the updates or corrections thereto. This overall examination and any special verifications shall be carried out in accordance with a standard issued by the national institute of statutory auditors (Compagnie Nationale des Commissaires aux Comptes) on prospectus verification.

They shall draw up a completion letter for their work on the prospectus, in which they inform the issuer about the reports appearing in the prospectus, registration document or, where such is the case, the updates or corrections thereto. Upon completion of their overall examination and any special verifications that may have been made in accordance with the aforementioned professional standard, they shall state their observations, if any. The issue date of this completion letter must coincide as closely as possible with the date of the expected AMF approval.

The issuer shall forward a copy of the completion letter to the AMF before the AMF issues its approval or before the registration document or the updates and corrections thereto are filed or registered. If the letter contains observations, the AMF shall take appropriate action when scrutinising the prospectus.

In case of difficulty, the statutory auditors of a French issuer can approach the AMF with any questions about financial information in a prospectus, a registration document or, where such is the case, the updates or corrections thereto.

III. - The provisions of Section II shall not apply to prospectuses prepared for a public offering or admission of debt securities to trading on a regulated market, provided that the securities do not give holders access to equity, or for admission of financial securities to the compartment referred to in Article 516-5.

Article 212-16

I. - Where one or more investment service providers take part in the first admission to trading on a regulated market of equity securities, or in any public offer or admission of such securities during the first three years after the first admission of equity securities, such investment service provider(s) shall certify to the AMF that they have exercised customary professional diligence and found no inaccuracies or material omissions likely to mislead investors or affect their judgement.

2022-06-11

During the three years following the first admission to trading of an issuer's securities, where the prospectus prepared for the public offer or admission comprises a registration document or a recent prospectus and a securities note, the investment service provider(s) shall certify only the information in the securities note, provided the information in the registration document or recent prospectus has been certified by such provider(s) or another investment service provider, exercising customary professional diligence, before the offer or admission.

After three years, the investment service provider(s) shall certify only the details of the offer or admission and the characteristics of the relevant securities, as described in the prospectus or the securities note, as the case may be.

II. - Where one or more investment service providers take part in any public offer of equity securities that are not admitted to trading on a regulated market, such investment service provider(s) shall certify to the AMF that they have exercised customary professional diligence and found no inaccuracies or material omissions likely to mislead investors or affect their judgement.

III. - Where one or more entities, whether investment service providers or not, are authorised by a market operator or an investment service provider that operates an organised multilateral trading facility (MTF) within the meaning of Article 524-1, take part through that MTF in a public offer of equity securities, such entities shall certify to the AMF that they have exercised customary professional diligence and found no inaccuracies or material omissions likely to mislead investors or affect their judgement.

In the case referred to in the above paragraph, where customary professional diligence is exercised by persons or entities that are not accredited as investment service providers, the investment service providers that are likely to take part in the public offer are not required to certify to the AMF that such diligence has been exercised.

The certification shall be submitted to the AMF before its issues its approval.

IV. - This article does not apply to prospectuses prepared for admission of financial instruments to the compartment referred to Article 516-5.

Paragraph 6 - Adapting the contents of the prospectus

Article 212-17

Where the final offer price and the final quantity of financial securities being offered cannot be included in the prospectus, the issuer shall mention in the prospectus:

- 2 • The maximum offer price.

The final offer price and quantity of securities offered shall be filed with the AMF and published in accordance with Article 212-27.

Where one of the elements mentioned in Point 1° or Point 2° is not mentioned in the prospectus, investors must be entitled to withdraw their acceptance of the acquisition or subscription terms for the securities during at least two trading days following the publication of the final price and quantity of the securities concerned.

Article 212-18

Under AMF supervision, certain information may be omitted from the prospectus in the following cases:

- 1 • Disclosure of such information would be contrary to the public interest;
- 2 • Disclosure of such information would be seriously detrimental to the issuer, provided that the omission would not be likely to mislead the public;

2022-06-11

- 3 • Such information is of minor importance for the offer or admission envisaged and is not such as will influence the assessment of the financial condition and prospects of the issuer of the guarantor, if any, of the financial securities being offered to the public or admitted to trading on a regulated market.
- 4 • Such information concerns a European Union Member State as the guarantor of the offer of financial securities.

Article 212-19

Without prejudice to adequate information of investors, the contents of the prospectus may be adapted, in exceptional circumstances and under AMF supervision, and subject to the inclusion of equivalent information, if some of the items prove to be inappropriate to the nature of the financial securities concerned, to the business or legal form of issuer or to a person or entity that proceeds with a public offer in accordance with the Monetary and Financial Code or that Article L. 411-1 obliges admission to trading on a regulated market. In the absence of equivalent information, the issuer, person or entity that proceeds with a public offer in accordance with the Monetary and Financial Code or admission to trading on a regulated market shall be authorised, under AMF supervision, to omit the items in question from the prospectus.

Article 212-19 bis

The list of items of information not included in the prospectus in accordance with Articles 212-18 and 212-19 forms part of the documentation required to scrutinise the dossier mentioned in Article 212-6. The content of this list and the procedure for submitting it to the AMF are determined by delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and by an AMF instruction.

Paragraph 7 - Conditions For Issuance Of Approval

Sub-paragraph 1 - General provisions

Article 212-20

Where the requirements of this Chapter have been met, and particularly where the AMF has received the declarations referred to in Articles 212-14 to 212-16, the AMF shall issue its approval of the prospectus.

Before issuing its approval, the AMF may request additional investigations from the statutory auditors or ask for an audit to be carried out by an external specialist, appointed with its agreement, if it considers that the statutory auditors have not exercised due care.

Article 212-21

The documentation needed to scrutinise the dossier shall be submitted to the AMF when the draft prospectus is filed. The content and submission procedure for such documentation are specified in the delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and in an AMF instruction.

The AMF shall acknowledge receipt of the draft prospectus within the period and according to the procedure specified in the delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and in an AMF instruction.

If the dossier is incomplete, the AMF shall so inform the person that filed the draft prospectus within the ten trading days following the date on which the draft prospectus was filed.

The AMF shall announce its approval within ten trading days following the filing date.

For a public offer or admission of financial securities to trading on a regulated market, where the issuer has drawn up a registration document and registered it in accordance with Article 212-13:

2022-06-11

- 2 • Or it may benefit from a simplified authorisation procedure, at the end of which the AMF issues its authorisation within the three trading days following the filing date on condition that:
- a • the authorisation request does not fall within the scope of Book VI of the Commercial Code in respect of companies in difficulty or equivalent provisions in foreign law; and
 - b • that the issuer has filed a note relating to financial securities and a summary in accordance with the corresponding securities note template (including the summary) produced by the Association Française des Marchés Financiers (AMAFI) and approved by the AMF.

The filing of a draft prospectus under the simplified authorisation procedure must be accompanied by the submission to the AMF of the supplementary documentation needed for scrutinising the dossier, whose content and submission procedure are specified in the delegated regulation (EU) 2016/301 of 30 November 2015 relating to the approval and publication of the prospectus and dissemination of advertisements and in an AMF instruction.

The AMF shall indicate to the issuer and the investment services provider whether the issuer's request for a simplified authorisation procedure is accepted or refused within two trading days following the filing date. The failure of the AMF to respond within this period may be taken as acceptance of the issuer's request. In the event of refusal, the ten trading days' scrutiny period includes these two trading days.

If, when scrutinising the dossier, the AMF states that the documents are incomplete or that additional information must be incorporated, the ten, five or three trading days mentioned in the fourth and fifth paragraphs shall commence only when the AMF has received the missing or additional information.

Sub-paragraph 2 - Provisions applicable to a first public offer or first admission to trading on a regulated market

Article 212-22

Article 212-21 shall not apply to a first public offer or first admission to trading on a regulated market.

If the dossier is incomplete, the AMF shall so inform the person that filed the draft prospectus, at the earliest opportunity. If the dossier is complete, the AMF shall send the issuer a notice of filing.

The AMF shall announce its approval within twenty trading days of the filing date.

If, when scrutinising the dossier, the AMF states that the documents are incomplete or that additional information must be incorporated, the time limit mentioned in the fifth paragraph shall commence only when the AMF has received the missing or additional information.

It may, however, take it upon itself to delay dissemination provided it refrains from disclosing any material information in the base document to persons not subject to a confidentiality or secrecy obligation. Accordingly, online publication of the registration notice, as provided for in Point 4°, shall be delayed for as long as confidentiality is maintained.

In any case, the base document shall be disseminated no later than five trading days before the proposed date for obtaining approval for the offer or admission.

Section 2 - Crossing of shareholding thresholds, declarations of intent and changes of intent (Articles 223-11 à 223-17)

Commission Delegated Regulation (EU) [2015/761](#) of 17 December 2014 supplementing Directive 2004/109/EC of the European Parliament and of the Council with regard to certain regulatory technical standards on major holdings

Sub-section 1 - Major shareholdings

Paragraph 1 - Common provisions

[Article 223-11](#)

I. - The participation thresholds referred to in Article L. 233-7 of the Commercial Code shall be calculated on the basis of the shares and voting rights owned, plus, even if the person concerned does not itself hold shares or voting rights elsewhere, the shares and voting rights treated as if they were owned pursuant to Article L. 233-9 of said code. These are calculated in relation to the total number of shares making up the capital of the company and the total number of voting rights attached to these shares.

The total number of voting rights is calculated on the basis of all the equities to which voting rights are attached, including equities whose voting rights have been suspended.

II. - Pursuant to Point 4°, Section I of Article L. 233-9 of the Commercial Code, the person required to make the notification referred to in Part I shall take account of the maximum number of issued shares that it is entitled to acquire on its own initiative alone, immediately or at the end of a maturity period, under an agreement or a financial instrument, without set-off against the number of shares that said person is entitled to sell under another agreement or financial instrument. The financial instruments referred to in Point 4°, Section I of said article are, inter alia:

- 1 • Bonds that are exchangeable or redeemable in shares;
- 2 • Futures and forward contracts;
- 3 • Options, whether exercisable immediately or at the end of a maturity period, and regardless of the level of the share price relative to the option strike price.

Where the option can be exercised only if the share price reaches a threshold stipulated in the contract, it shall be treated in the same way as a share once this threshold is reached; if not, it is subject to the information requirement mentioned in the third paragraph of Section I of Article L. 233-7 of the Commercial Code.

III. - Pursuant to Point 4° bis of Section I of Article L. 233-9 of the Commercial Code, the person required to make the notification referred to in Part I shall take account of issued shares covered by an agreement or cash-settled financial instrument and having an economic effect for said person that is equivalent to owning said shares, irrespective of whether said agreement or financial instrument carries the right to physical settlement or cash settlement.

This applies in particular to:

- 1 • Bonds that are exchangeable or redeemable in shares;
- 2 • Futures and forward contracts;
- 3 • Options, whether exercisable immediately or at the end of a maturity period, and regardless of the level of the share price relative to the option strike price;
- 4 • Warrants;

5 • Securities repurchase agreements;

6 • Securities financing agreements;

7 • Contracts for difference;

8 • Equity swaps;

9 • Any financial instrument exposed to a basket of shares or an index. The number of shares or voting rights to be taken into account by the reporting person in the case of financial instruments referenced to a basket of shares or an index shall be calculated based on the relative importance of the share in the basket or the index if one of the following conditions is fulfilled:

- the shares represent 1% or more of the same class of shares issued by the issuer;
- the shares represent 20% or more of the total value of the securities in the basket or index.

Where a financial instrument is referenced to a series of baskets of shares or indices, the shares and voting rights held through the individual baskets of shares or indices shall not be accumulated for the purpose of calculating the thresholds set out in paragraph 1.

The number of shares or voting rights to be taken into account by the reporting person having an agreement or a financial instrument carrying the right to cash settlement shall be calculated by multiplying the maximum number of shares and voting rights covered by the agreement or financial instrument by the delta of the agreement or instrument.

The delta shall be calculated using a generally accepted standard pricing model. A generally accepted standard pricing model shall be a model that is generally used in the finance industry for that financial instrument and that is sufficiently robust to take into account the elements that are relevant to the valuation of the instrument. The elements that are relevant to the valuation shall include at least all of the following:

- interest rate;
- dividend payments;
- time to maturity;
- volatility;
- price of underlying share.

When determining delta, the holder of the financial instrument shall ensure all of the following:

- that the model used covers the complexity and risk of each financial instrument;
- that the same model is used in a consistent manner for the calculation of the number of voting rights to be taken into account by the reporting person.

Information technology systems used to carry out the calculation of delta shall ensure consistent, accurate and timely compliance with the time period stipulated in Article 223-14.

The number of voting rights shall be calculated daily based on the last closing price of the underlying share.

There shall be no set-off with any short position held by the reporting person as a result of another agreement or cash-settled financial instrument.

Article 223-11-1

I. - Where the holder of the agreements or financial instruments referred to in Points 4° or 4° bis of Section I of Article L. 233-9 of the Commercial Code comes into possession of shares covered by said agreements or instruments and in doing so exceeds one of the thresholds referred to in Section I of Article L. 233-7 of said code, whether alone or in concert, these shares shall be subject to a new disclosure, as provided in Article L. 233-7 of the code. The same applies to the voting rights attached to these shares.

II. - Where the same shares and voting rights can be aggregated in accordance with several of the cases referred to in Section I of Article L. 233-9 of the Commercial Code, the person required to make the disclosure provided for in Section I of Article L. 233-7 of the code shall aggregate them only once.

Article 223-12

I. - Pursuant to Point 2° of Part II of Article L. 233-9 of the Commercial Code, the following shall not be treated as shares or voting rights held by the person required to provide the notification provided for in Part I of Article L. 233-7 of the aforementioned code: equities held in a portfolio managed by an investment service provider controlled by that person within the meaning of Article L. 233-3 of the Commercial Code in connection with an asset management service, if the provider is able to exercise the voting rights attached to these equities only on the instructions of its client or if it provides assurance that the asset management business is conducted separately from all other activities.

II. - Application of Part I of this Article and Point 1° of Part II of Article L. 233-9 of the Commercial Code shall be subject to the immediate submission of the following information to the AMF by the person required to provide the notification:

- 1 • The list of the management companies or investment service providers, citing their competent supervisory authorities or, failing that, that no authority is responsible for their supervision, but without mentioning the issuers concerned;
- 2 • A statement to the effect that the person required to provide the notification complies with the requirements of this article for each management company or investment service provider concerned.

Said person shall keep the list mentioned in Point 1° up to date.

III. - The person mentioned in Part II must be able to prove to the AMF at its demand that:

- 1 • The person's organisational structures, along with those of the management company or the investment service provider, are set up in such a way that the provider exercises the voting rights independently and that the provider and the person required to provide the notification have established procedures and rules of conduct aimed at preventing the disclosure of information about the exercise of voting rights between said person and the management company or investment service provider;
- 2 • The persons who set the procedures for exercising voting rights shall act independently;
- 3 • If the person mentioned in Part II is a customer of the management company or the provider or if said person holds a share of the assets managed by the provider, there shall be a written agency agreement clearly establishing a mutually independent relationship between said person and the management company or the investment service provider.

IV. - The provisions of Article L. 233-9 of the Commercial Code shall not apply if the management company or the investment service provider is able to exercise voting rights only on the direct or indirect instructions of the person required to provide the notification mentioned in Point I the aforementioned Article L. 233-7 or of any other person controlled by that person within the meaning of the aforementioned Article L. 233-3.

For the purposes of this paragraph:

- 1 • "Direct instruction" shall mean any instruction given by the person required to provide the notification or any person controlled by that person within the meaning of Article L. 233-3 of the Commercial Code, stipulating how the management company or the investment service provider should exercise the voting rights under given circumstances;
- 2 • "Indirect instruction" shall mean any general or specific instruction given in any form by the person required to provide the notification or any person controlled by that person within the meaning of Article L. 233-3 of the Commercial Code that limits the discretion of the management company or the investment service provider in the exercise of the voting rights in order to serve the commercial interests of the person required to provide the notification or the controlled person.

Article 223-12-1

Point II of Article L. 233-9 of the Commercial Code shall apply to investment providers whose registered offices are not located in States party to the European Economic Area Agreement and which would have been authorised under the terms of Article 5, paragraph 1 of Directive 85/611/EEC, or in the case of asset management, under the terms of Section A, Point 4 of Annex I to Directive 2004/39/EC if their registered offices, or in the case of investment service providers only, their central offices, were located in States party to the European Economic Area Agreement, when under the legislation of those States:

- 1 • The management company or the investment service provider must be free, under all circumstances, to exercise the voting rights attaching to the assets under its management, independently of the person controlling it;
- 2 • The management company or the investment service provider must not take into consideration the interest of the person controlling it or any person controlled by that person in the event of a conflict of interest;
- 3 • The person required to provide the notification shall comply with the provisions of Point 1° of the last paragraph of Part II of Article 223-12 and file a statement with the AMF to the effect that it complies with the requirements stipulated in Points 1° and 2° for each management company or investment service provider concerned.

The person required to provide the notification shall be subject to the provisions of Part III of Article 223-12.

Article 223-13

I. - The notification requirements provided for in Parts I, II and III of Article L. 233-7 of the Commercial Code do not apply to equities:

- 1 • 1° Acquired solely for the clearing, settlement or delivery of financial instruments under the short-term settlement cycle lasting no more than three trading days after the transaction;
- 2 • 2° Held by an investment services provider in its trading book within the meaning of Directive 2006/49/EC of the Parliament and of the Council of 14 June 2006 on the capital adequacy of investment firms and credit institutions, provided that:
 - a • These equities represent 5% or less of the share capital or voting rights of the issuer;
 - b • The voting rights attached to these equities are not exercised nor otherwise used to intervene in the management of the issuer;

The threshold referred to in the previous paragraph shall be calculated on the basis of the shares and voting rights owned, plus the shares and voting rights treated as if they were owned pursuant to Article L. 233-9 of the Commercial Code. These are calculated in relation to the total number of shares making up the capital of the company and the total number of voting rights attached to these shares.

II. - The notification requirements provided for in Parts I, II and III of Article L. 233-7 of the Commercial Code shall not apply to any

2022-06-11

- 1 • That it does not intervene in the issuer's management;
- 2 • That it does not exert any influence on the issuer to buy such equities or to support the price of such equities.

III. - A market maker shall notify the AMF within five trading days of starting its activity that it is making or intends to make a market for a given issuer. It shall also notify the AMF within the same period when it stops making a market for the issuer concerned.

This notification shall be made using a standard form to be defined by an AMF Instruction.

IV. - A market maker shall submit to the AMF at its request:

- 1 • Means of identifying the equities or financial instruments concerned. The market maker shall register them in a separate account, if it cannot identify them by any other means;

Without prejudice to the provisions of Article 223-6, in particular when the market for the financial instruments of an issuer is

2022-06-11

subject to large price swings or unusual trading volumes, the AMF may require persons to publicly disclose their intentions within a set deadline, where there is reason to believe they are preparing a takeover bid, either alone or in concert with others within the meaning of Article L. 233-10 of the Commercial Code. This shall be the case, for example, in the event of discussions between the issuers concerned or the appointment of advisors with a view to preparing a public offer.

The information is publicly disclosed in a news release submitted in advance to the AMF for approval and in accordance with Article 221-3.

Article 223-33

Where the persons mentioned in Article 223-32 state their intention to file a draft offer, the AMF sets the date on which they must publish a release describing the terms of the draft offer, or, depending on the circumstances, file a draft offer.

The news release referred to in the first paragraph should mention the financial terms of the draft offer, any agreements that could affect its execution, the equity interest held in the issuer in question, any conditions that must be satisfied before the draft offer is filed, and the proposed timetable.

The AMF may request any information it deems necessary.

If the terms of the draft offer are not disclosed or if the draft offer is not filed within the deadline mentioned in the first paragraph, the persons in question are deemed not to have the intention of filing a draft offer and are subject to the provisions of Article 223-35.

Article 223-34

When a person makes the characteristics of a draft offer public under the terms of Articles 223-6 or 223-33, including the nature of the offer and the planned price or exchange ratio, that person shall immediately notify the AMF and the AMF shall so notify the market by means of a publication. This publication shall mark the beginning of the pre-offer period, as defined in Article 231-2 (5°).

If the person referred to in the first paragraph abandons the planned offer, it shall immediately notify the AMF.

In the circumstances referred to in the previous paragraph, or if a draft offer is not filed within the deadline mentioned in Article 223-33, the AMF shall notify the market by means of a publication.

Article 223-35

If the persons mentioned in Article 223-32 indicate that they do not intend to file a draft offer, or if they are deemed not to have such an intention pursuant to the final paragraph of Article 223-33, they may not file a draft offer for a period of six months starting from when they made their statement or from the expiry of the deadline mentioned in the final paragraph of Article 223-33, unless they provide evidence of major changes in the environment, situation or shareholding structure of the persons concerned, including the issuer itself.

During the period mentioned in the first paragraph, these persons may not place themselves in a situation in which they are obliged to file a draft offer. If they increase, by 2% or more, the number of equity securities and securities giving access to capital or voting rights that they hold in the issuer, they must report this immediately and indicate the objectives that they intend to pursue through to the expiry of the period.

The information mentioned in the previous paragraph shall be publicly disclosed according to the conditions and procedures set forth in Article 222-22.

2022-06-11

When an issuer of financial instruments that are traded on a regulated market plans to apply for admission of its financial instruments to trading on an organised multilateral trading facility within the meaning of Article 524-1, it shall so notify the public at least two months before the planned date for the admission of the financial instruments to trading on the relevant multilateral trading facility under the terms of V of Article L. 421-14 of the Monetary and Financial Code. The notice shall specify the reasons therefor and the consequences for shareholders and the public, following procedures that are identical to those stipulated in Article 221-3. The notice shall also include the timetable for the move.

If the issuer concerned by the first paragraph decides to apply for admission of its financial instruments to trading on an organised multilateral trading facility within the meaning of Article 524-1, after the general meeting stipulated in Article L. 421-14 of the Monetary and Financial Code, it shall immediately notify the public, following procedures that are identical to those stipulated in Article 221-3. The notice shall specify the reasons therefor and the consequences for shareholders and the public. It shall also specify the procedures for the move. The notice shall also include the timetable for the move.

[Article 223-38](#)

Title III - Takeover bids (Articles 231-1 à 238-5)

Chapter I - General rules and common provisions (Articles 231-1 à 231-56)

Section 1 - Scope, definitions and general principles (Articles 231-1 à 231-7)

Sub-section 1 - Scope

[Article 231-1](#)

This title applies to:

- 1 • All public offers made to holders of financial instruments traded on a regulated market in a European Union Member State or a State party to the EEA Agreement, including France, where the AMF is the competent authority in the cases provided for in Parts I and II of Article L. 433-1 of the Monetary and Financial Code, by a person acting alone or in concert within the meaning of Articles L. 233-10 and L. 233-10-1 of the Commercial Code, with the aim of acquiring some or all of the financial instruments concerned;
- 2 • Public offers concerning financial instruments that are admitted to trading on an organised multilateral trading facility within the meaning of Article 524-1, under the conditions provided for by Articles L. 433-1 (IV), L. 433-3 (II) and L. 433-4 (V) of the Monetary and Financial Code;
- 3 • Buyout offers of financial instruments that are no longer admitted to trading on a regulated market or on an organised multilateral trading facility within the meaning of Article 524-1;

2022-06-11

- 4 • Public offers concerning financial instruments that are no longer admitted to trading on a regulated market in order to be admitted to trading on an organised multilateral trading facility within the meaning of Article 524-1, for a period of three years beginning from said admission, under the conditions provided for by Article L. 433-5 of the Monetary and Financial Code.

The AMF may apply these rules, excepting those governing buyout offers with squeeze-outs, and squeeze-outs, to public offers for financial instruments issued by companies whose registered offices are not in a Member State of the European Union or a State party to the EEA Agreement, where these instruments are admitted to trading on a French regulated market.

For the purposes of this Title, the financial securities are those referred to in Section II of Article L. 211-1 of the Monetary and Financial Code and all equivalent instruments issued under foreign law.

For the purposes of this Title, the direct or indirect holding of a fraction of voting rights is assessed on the total number of voting rights, calculated on the basis of all shares to which voting rights are attached, including shares whose voting rights have been suspended.

Sub-section 2 - Definitions

[Article 231-2](#)

For the purposes of this Title:

- 1 • The offeror is any natural or legal person or legal entity that files a draft offer or on whose behalf one or more investment services providers file such draft offer;
- 2 • The target company is the issuer of the financial instruments to be acquired through the offer;
- 3 • The persons concerned are the offeror, the target company, and any persons or entities acting in concert with one of the preceding parties;
- 4 • The service providers concerned are investment services providers or the French or foreign institutions sponsoring the offer or advising the persons concerned by the offer;
- 5 • The pre-offer period is the period of time between the publication by the AMF for the purposes of the first paragraph of Article 223-34 and the start of the offer period or, if a draft offer is not filed, the publication by the AMF for the purposes of the last paragraph of Article 223-34;
- 6 • The offer period is the time between the publication by the AMF of the main provisions of the draft offer filed with the AMF, for the purposes of Article 231-14, and the publication of the outcome of the offer, or, where appropriate, the outcome of the re-opening of the offer for the purposes of Article 232-4;
- 7 • The offer term is the time between the opening and closing dates of the offer as published by the AMF for the purposes of Article 231-32.

Sub-section 3 - General principles

[Article 231-3](#)

To allow an offer to be conducted in an orderly fashion in the best interests of investors and the market, the parties concerned shall respect the principles of free interplay of offers and counter-offers, equal treatment and information for all holders of the securities of the persons concerned by the offer, market transparency and integrity, and fairness of transactions and competition.

[Article 231-4](#)

The persons concerned by the offer shall comply with the rules of this title during the offer period.

2022-06-11

[Article 231-5](#)

Once a draft offer has been filed, any restrictive clause agreed by the parties concerned by the offer or their shareholders that could have an impact on the assessment of the offer or its outcome, subject to assessment by the courts of its validity, must be disclosed to the parties concerned by the offer, the AMF and the public. If it was not possible to mention the clause in the offer document(s), because of the date on which the agreement was concluded or for another reason, the signatories shall, as soon as the agreement has been concluded, publish a news release detailing the content of the clause in accordance with Article 221-3.

[Article 231-6](#)

Save for the exceptions mentioned in Article 233-1, the offer must be for all the equity securities as well as any securities giving access to the capital and voting rights of the target company.

[Article 231-7](#)

During the public offer period, the offeror and the target company shall ensure that their acts, decisions and declarations do not compromise the corporate interest or the equal treatment and information of holders of the securities of the companies concerned.

If the Board of Directors or the Management Board, after obtaining the authorisation of the Supervisory Board of the companies concerned, should decide to make a decision which is likely to cause the offer to fail, they shall inform the AMF to this effect.

Section 2 - Nature of the offer and conditions precedent (Articles 231-8 à 231-12)

[Article 231-8](#)

An offer may consist of:

- 1 • a single offer proposing a purchase of the target securities, an exchange for existing securities or securities to be issued, or a payment in cash and securities;
- 2 • an alternative offer;
- 3 • a principal offer with one or more non-severable subordinate options.

Where the securities provided in exchange are not liquid securities admitted to trading on a regulated market in a Member State of the European Union or a State party to the EEA Agreement, the offer must include a cash option.

If, in the twelve months before the offer is filed, the offeror, acting alone or in concert, has purchased, for cash, securities giving it more than 5% of the shares or voting rights of the target company, the offer must include a cash option.

Where the offer consists of an alternative offer or a single offer proposing payment in cash and securities, the AMF shall assess the validity of the offeror's designation of it as a public cash offer or public exchange offer.

The offeror may give holders the option of selling their securities at a later date, provided that the option is exercisable within a reasonable time, that it is subordinate to the principal offer, and that exercise of the option

is unconditionally guaranteed by the institution sponsoring the offer as defined in Article 231-13. Any arrangements that consist in offering payment at a later date of the difference between the future market price and the future offer price must contain guarantees and advantages equivalent to those of a deferred sale.

[Article 231-9](#)

I. - 1° Any public offer made following the normal procedure referred to in Chapter II of this Title, at the close of which the offeror, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, does not hold a number of shares representing a fraction of more than 50% of the share capital or voting rights, shall be null and void. This threshold shall be determined following the rules set out in Article 234-1.

2022-06-11

2° However, when reaching a majority seems impossible or unlikely for reasons unrelated to the characteristics of the offer, the AMF may, at the request of the offeror, authorise this threshold to be waived or lowered to below 50% of the share capital or voting rights, particularly where:

- a) the target company is already controlled, within the meaning of Article L. 233-3 of the Commercial Code, by a person other than the offeror, who is not acting in concert with him within the meaning of Article L. 233-10;
- b) commitments not to tender to the offer have been given by one or several shareholders of the target company, in particular if the application of the threshold referred to in 1° obliges the offeror to acquire at least two-thirds of the securities likely to be tendered to the offer;
- c) there are one or several competing offers;
- d) provisions of law, regulation or bylaw prevent any majority control being acquired. The AMF shall rule on the basis of the principles set forth in Article 231-3.

II. - Without prejudice to the provisions referred to in I, where the offer is not subject to the terms of Chapter IV of this title, the offeror may stipulate in its offer that a number of securities must be tendered, expressed as a percentage of the share capital or voting rights, below which it reserves the right to withdraw its offer.

Article 231-10

An offeror making draft offers for two or more different companies may stipulate that if the threshold or thresholds set pursuant to Article 231-9 is/are reached in one of the offers, it will declare the offer to have succeeded only if this threshold is reached in the other offer or offers. While the offers are open, the offeror may withdraw this condition or the threshold condition referred to in Article 231-9 II, notably in the case of competing or improved offers on one of the target companies.

Article 231-11

If, under competition rules, notice of the draft offer must be given to the European Commission, the Autorité de la concurrence or the competent authority in this regard in another State party to the EEA Agreement or the United States of America, the offeror may stipulate the condition precedent of obtaining the decision provided for in Article 6-1 a) or b) of EC Regulation 139/2004, the authorisation provided for in Article L. 430-5 of the Commercial Code, or any authorisation of the same nature issued by the foreign State.

An offeror that seeks to assert such provisions shall provide the AMF with a copy of the notices to the authorities concerned or any document attesting to the steps taken to inform those authorities and shall keep the AMF informed of the progress of the procedure.

The offer shall lapse if the proposed transaction becomes subject to the procedure of Article 6-1 (c) of EC Regulation 139/2004, or the procedure of Article L. 430-5 (III), point 3, of the Commercial Code, or becomes subject to a similar procedure before the competent authority of a foreign State. The offeror shall disclose whether it is seeking to pursue the intended transaction with the authorities to which the case has been referred.

The provisions of the previous paragraphs also apply to a draft offer of which, under competition rules, notice must be given to a foreign competent authority other than those previously mentioned, if the procedure followed for the purposes of obtaining said authorisation is subject to a time frame compatible with a period of ten weeks beginning from the opening of the offer, unless the AMF agrees to extend the offer timetable. The AMF then rules in light of the principles defined in Article 231-3, after having obtained the opinion of the competent body of the target company.

Article 231-12

Where the proposed offer calls for remittal of securities to be issued, the irrevocability of the offeror's commitments entails an obligation to propose a resolution to the general meeting of the issuing company's shareholders authorising issuance of the securities under the conditions and clauses of the proposed offer, as consideration to persons tendering their securities to the

offer, unless the company's governing body has already obtain an express delegation of authority to this effect.

Depending on the applicable provisions of law, regulation or bylaw governing the offeror, the AMF may authorise the offeror to make opening of the offer conditional on its being authorised by a general meeting of shareholders, provided that such a meeting has already been called before the draft offer is filed.

Section 3 - Filing of the draft offer, the draft offer document and the draft reply document (Articles 231-13 à 231-15)

Article 231-13

I. - The draft offer shall be filed by one or more investment services providers authorised to act as underwriter(s) and acting on behalf of the offeror(s).

The filing is made by means of a letter addressed to the AMF guaranteeing the tenor and irrevocable nature of the commitments made by the offeror. This letter must be signed by at least one of the sponsoring institutions.

II. - This letter shall stipulate:

- 1 • The aims and intentions of the offeror;
- 2 • The number and type of securities of the target company that the offeror already holds, alone or in concert, or may hold on its own initiative, as well as the date and terms on which such holdings were acquired in the last twelve months or may be acquired in the future;
- 3 • The price or exchange ratio at which the offeror proposes to acquire the target securities, the basis on which such price or ratio was determined, and the proposed conditions of payment or exchange;
- 4 • If applicable, the conditions required pursuant to Articles 231-9 II to 231-12;
 4. bis If the withdrawal threshold referred to in 1° of Article 231-9 I is applicable to the offer, the number of shares and voting rights represented by this threshold on the date when the offer was filed and, where appropriate, the reasons for which the offeror has applied to the AMF for application of 2° of Article 231-9 I;
- 5 • The specific procedures by which the financial instruments of the target company will be acquired and, where applicable, the identity of the investment services provider appointed to acquire them on behalf of the offeror.
- 6 • In the cases provided for in Article L. 2312-47 of the Labour Code, if the procedure to inform and consult the economic and social committee of the target company, referred to in Article L. 2312-46 of the Labour Code began to the announcement of the offer.

III. - The letter shall be accompanied by:

- 1 • The draft offer document drawn up by the offeror, on its own or jointly with the target company. In the cases provided for in Article 261-1, the offeror's draft offer document may not be prepared jointly with the target company, except in the event of a squeeze-out;
- 2 • Copies of any prior notices given to other bodies empowered to authorise the proposed transaction.

IV. - In the case provided for in Part III of Article L. 433-3 of the Monetary and Financial Code, the letter shall also be accompanied by:

- 1 • The filed offer document or a draft of the offer document that will be filed;

2022-06-11

- 2 • Any other document constituting a binding commitment proving that an irrevocable and fair draft offer has been or will be filed for all the equity securities and securities giving access to the capital or voting rights of the company of which more than 30% of the shares or voting rights is held, where such holding constitutes an essential part of the target company's assets.

V. - In all cases, an electronic version of the draft offer document must be sent to the AMF for posting on its website.

Article 231-14

The AMF shall make public the main provisions of the draft offer. Such publication shall signal the beginning of the offer period.

Article 231-15

Once the draft offer has been filed, the Chairman of the AMF may ask the market undertaking that runs the regulated market on which the target company's securities are admitted to trading to halt trading in those securities under the terms of Article L. 421-15 of the Monetary and Financial Code. Under the terms of Articles L. 424-5 and L. 425-3 of the Monetary and Financial Code, the AMF Chairman may also ask the person running a multilateral trading facility to suspend trading in the securities of the target company or a systematic internaliser to suspend its activity with regard to those securities.

Such request may also extend to other securities concerned by the draft offer.

The request shall be made to all market undertakings, multilateral trading facility operators and systematic internalisers trading in the target securities, as necessary.

Section 4 - Disclosures to shareholders and the public (Articles 231-16 à 231-17)

Article 231-16

I. - Once the offer period begins, the draft offer document shall be made available to the public free of charge at the offices of the offeror and the sponsoring institution(s). Where the offer document has been prepared jointly with the target company, it shall also be made available at the offices of the target company and the organisations engaged as paying agent for the target company's securities.

Where the registered office of the offeror or sponsoring institution is outside France, the offer document must be made available at the offices of an investment services provider in France designated for this purpose by the offeror or sponsoring institution.

The draft offer document shall also be published on the website of the offeror and, if it was prepared jointly with the target company, on the website of the target company, provided that these companies have websites.

II. - In all cases, a copy of the draft offer document must be sent free of charge to any person who requests it.

III. - On or before the date that the draft offer is filed with the AMF, a news release shall be issued. The offeror shall ensure that the release is distributed in accordance with Article 221-3. This news release shall present the main elements of the draft offer document and explain how the document is being made available.

IV. - The draft offer document and the news release mentioned in Part III shall include the words: "This offer and the draft offer document are subject to AMF approval".

Article 231-17

The target company may, once the news release mentioned in Part III of Article 231-16 has been published, issue its own news release in accordance with Article 221-3 to inform the public of the opinion of its Board of Directors or Supervisory Board or, in the case of a foreign company, the competent governing body, on the benefits of the offer or the consequences of the offer for the target company, its shareholders and its employees.

Where applicable, the news release shall mention the findings of the report by the independent appraiser appointed pursuant to Article 261-1 and the findings of the company economic and social committee opinion referred to in Article L. 2312-46 of the

- 2 • The acquisition or sale of any financial instrument or the conclusion of any agreement that has a similar economic effect to that of owning the securities targeted by the offer, regardless of how it is settled;
- 3 • The exercise of the share allocation right attached to the said financial instruments or the execution of the said agreements.

II. - The reports must specify:

- 1 • The identity of the person filing the report and the person or entity that controls it within the meaning of the relevant provisions;
- 2 • The trade date;
- 3 • The trade execution venue;
- 4 • The number of securities traded and the trade price;
- 5 • The number of securities and voting rights held after the trade by the person reporting, acting alone or in concert.

The reports must be filed with the AMF by the next trading day using the form defined in an AMF Instruction. The AMF shall be entitled to ask the reporting entity for any details or further information that it deems necessary.

III. - In the case of a public offer involving settlement in the securities of the offeror, trades in the securities of both the offeror and the target company must be reported under the same conditions and according to the same procedures.

A person or entity required to report transactions relating to one or other of the companies must report its transactions in the securities of both companies.

[Article 231-47](#)

Without prejudice to Articles L. 233-7 and following of the Commercial Code, any person or entity, with the exception of the offeror, that has increased its holding of shares on its own or in concert by 2% or more of the share capital of the target company or that has increased its holding of shares if it holds over 5% of the share capital and voting rights, since the beginning of the offer

2022-06-11

period or, as appropriate, the beginning of the pre-offer period, shall be required to report the objectives that it intends to pursue with regard to the ongoing offer to the AMF immediately.

The provisions of the first paragraph shall also apply to securities other than shares targeted by the offer. The report shall stipulate:

- 1 • whether the person or entity having increased its interest is acting alone or in concert;
- 2 • the objectives of this person or entity with regard to the offer, especially if it intends to continue making acquisitions and, if the offer has been filed, whether it intends to contribute the securities acquired to the offer.

The AMF shall be entitled to ask the reporting entity for any details or further information that it deems necessary.

Article 231-48

The AMF shall publish the reports filed with it under the terms of Articles 231-46 and 231-47.

Exceptionally, the AMF may adapt the format of the publication of the declarations made to it pursuant to Articles 231-46 and 231-47 if the declarant proves that the publication may cause it harm, particularly in the sense that it would give rise to a market risk.

Sub-section 2 - Special provisions for investment services providers

Article 231-49

Any investment services provider or custody account keeper involved in transmitting orders shall draw the attention of customers that cross one of the thresholds set in Articles 231-46 and 231-47 to the reporting requirements applying to them.

Paragraph 1 - Provisions applying to the service providers concerned

Article 231-50

Without prejudice to the provisions of Article L. 621-18-4 of the Monetary and Financial Code, if the financial instruments of the offeror are not admitted for trading on a regulated market, the service providers concerned shall draw up and keep an up-to-date list of the persons that have been given access to inside information relating to the offer.

The list shall include:

- 1 • The name or business name of each of the persons;
- 2 • The reason for their appearing on the list;
- 3 • The date of their inclusion on the list.

Article 231-51

I. - The service providers concerned shall report their position in the securities targeted by the offer to the AMF on a daily basis if they have increased their holding to 1% or more of the share capital of the target company, or 1% or more of the total securities other than shares targeted, since the beginning of the offer period, or the beginning of the pre-offer period, where appropriate, for as long as they hold that quantity of securities.

II. - The reports must specify:

- 1 • The identity of the person filing the report and the person or entity that controls it within the meaning of the relevant provisions;

2022-06-11

2 • The number of securities held by the person reporting;

3 • The number of securities that the service provider concerned shall hold under the terms of any financial instrument or agreement that has a similar economic effect to that of owning the securities targeted by the offer.

The reports must be filed with the AMF by the next trading day using the form defined in an AMF Instruction. The AMF shall be entitled to ask the reporting entity for any details or further information that it deems necessary.

Paragraph 2 - Provisions applying to other investment services providers

[Article 231-52](#)

The provisions of Articles 231-46 to 231-48 shall apply to investment services providers other than the service providers concerned, unless:

- 1 • Their trading is in line with usual practices with regard to arbitrage or hedging of risks associated with customer transactions or market making;
- 2 • The positions and changes in liabilities resulting from proprietary trading do not deviate significantly from the usual pattern.

In the cases referred to in 1° and 2° above, the provisions of Article 231-51 shall apply.

The criteria set forth in this article are assumed not to be met once the investment services provider comes to hold more than 5% of the capital or voting rights of the target company.

Section 14 - Suspending the effects of restrictions on the exercise of voting rights and extraordinary powers to appoint and dismiss directors, members of the supervisory board, members of the management board, chief executive officers and deputy chief executive officers (Articles 231-54 à 231-56)

[Article 231-54](#)

The effects of statutory restrictions on the number of votes held by individual shareholders at general meetings, mentioned in the first paragraph of Article L. 225-125 of the Commercial Code, shall be suspended during the first general meeting following the close of the offer where the offeror, acting alone or in concert, has acquired more than two-thirds of the shares or voting rights of the target company.

[Article 231-55](#)

Where provided for by the articles of association, the effects of statutory restrictions on the exercise of voting rights attached to the equities of the company, and the effects of clauses in agreements concluded after 21 April 2004 providing for restrictions on the exercise of voting rights attached to the equities of the company, shall be suspended during the first general meeting following the close of the offer where the offeror, acting alone or in concert, has acquired more than one-half of the shares or voting rights of the target company.

[Article 231-56](#)

Where provided for by the articles of association, the extraordinary powers held by certain shareholders to appoint and dismiss directors, members of the Supervisory Board, members of the Management Board, Chief Executive Officers and Deputy Chief Executive Officers shall be suspended during the first general meeting following the close of the offer where the offeror, acting alone or in concert, has acquired more than one-half of the shares or voting rights of the target company.

Chapter II - Standard procedure (Articles 232-1 à 232-13)

Section 1 - General provisions (Articles 232-1 à 232-4)

[Article 232-1](#)

Where the offeror, acting alone or in concert, holds less than one-half of the shares or voting rights of the target company, only

2022-06-11

the standard offer procedure shall apply.

Article 232-2

The term of the offer is twenty-five trading days. If the draft reply document is filed after the compliance ruling is published, the period starting on the day after the dissemination of reply document and ending with the closing of the offer shall be twenty-five trading days, without exceeding thirty-five trading days from the opening of the offer.

Exceptionally, when the offeror asserts the provisions of Article 231-11, the closing date and timetable of the offer are set after the AMF has received the documents supporting the authorization by the competition authorities mentioned in the first point of Article 231-11.

In agreement with the AMF, the market operator concerned announces the conditions and deadlines for account-keeping institutions to deposit securities tendered to the offer and for delivery and settlement in securities or cash, as well as the date on which the outcome of the offer will be available.

Orders of persons wishing to tender their securities to the offer may be cancelled at any time up to and including the closing date of the offer.

Article 232-3

In principle, the outcome of the offer is published no later than nine trading days after the closing date.

If the AMF determines that the offer has succeeded, the market operator announces the terms of settlement and delivery for the securities acquired by the offeror. If the AMF determines that the offer has not succeeded, the market operator announces the date on which the target securities will be returned to the account-keeping institutions.

If the offer is subject to an acceptance threshold or a withdrawal threshold, the AMF publishes a provisional result as soon as the market operator notifies it of the total number of securities tendered for centralisation by authorised intermediaries.

Article 232-4

Unless it is unsuccessful, any offer made following the normal procedure shall be re-opened within ten trading days of publication of the final outcome.

The guarantee of the irrevocability of the offeror's commitments referred to in Article 231-13, shall also concern the re-opening of the offer.

The AMF shall publish the timetable for the re-opened offer, which must last ten or more trading days.

However, if the offeror proceeds directly to a squeeze-out in accordance with Articles 237-14 et seq., the initial offer need not be re-opened, on condition that a squeeze-out was mentioned in the offeror's statement of intentions and that it is filed no later than ten trading days after publication of the outcome of the offer.

Section 2 - Competing and improved offers (Articles 232-5 à 232-13)

Article 232-5

At any time after the opening of the offer but no later than five trading days before it closes, a competing proposed offer on the securities of the target company or one of the target companies may be filed with the AMF.

Article 232-6

An offeror may improve upon the terms of its original offer or the most recent competing offer until no later than five trading days before the offer closes.

Article 232-7

2022-06-11

To be declared compliant, a competing public cash offer or an improved cash offer must be at least 2% higher than the price stated in the public cash offer or the previous improved cash offer.

In all other cases, the AMF declares compliant any competing draft offer or improved offer which, assessed in the light of Articles 231-21 and 231-22, significantly improves upon the terms offered to holders of the target securities.

However, a competing or improved offer may be declared compliant if, without modifying the terms of its previous offer, the offeror removes or lowers the acceptance threshold below which the offer will not be declared successful.

Article 232-8

Where the AMF declares an improved offer to be compliant, it determines whether to postpone the closing date of the offer(s) and to void orders tendering securities to the earlier offer(s).

Article 232-9

Except when the terms of its offer are raised automatically, an offeror that raises its preceding offer must prepare an additional document to supplement the offer document submitted for AMF review in accordance with Article 231-20.

This supplemental document specifies how the terms of the new offer are improved relative to those of the preceding offer, indicating the changes of the various items required by Article 231-18.

The opinion and reasons therefor of the Board of Directors or Supervisory Board or, in the case of a foreign company, the competent governing body of the target company, including the information specified in Article 231-19, are communicated to the AMF. This information is made public as specified in Article 231-37.

Article 232-10

A competing offer is opened in accordance with the provisions of Article 231-32. Where the AMF determines the timetable for the competing offer, it aligns the closing dates of all competing bids on the furthestmost date, without prejudice to the provisions of Article 231-34.

Where a competing offer is opened, all orders to tender securities to the earlier offer shall be null and void.

Article 232-11

The offeror may withdraw its offer within five trading days of publication of the timetable for a competing offer or improved competing offer. If it does so, it must inform the AMF of its decision, which is made public.

The offeror may also withdraw an offer if it is frustrated or if the target company adopts measures that modify its substance, either during the offer or in the event that the offer is successful, or if the measures taken by the company make the offer more costly for the offeror. He can only use this option with the prior authorization of the AMF, which shall rule on the basis of the principles set forth in Article 231-3.

Article 232-12

When a period of more than ten weeks has elapsed since the public announcement of the opening of an offer, the AMF may, with a view to expediting comparison of competing offers and with due observance of the order of their filing, set deadlines for filing each successive improved offer.

The AMF announces its decision and specifies the implementation procedures. The deadline may not be less than three trading days from the publication of the AMF's decision on each improved offer.

Article 232-13

When a period of more than ten weeks has elapsed since the opening of an offer, the AMF may, with a view to hastening the outcome of the outstanding offers, decide to use a cut-off bid procedure.

2022-06-11

The AMF sets a date by which each of the offerors must either inform the AMF that its offer is maintained on the same terms or file a final improved offer.

Where applicable, the AMF rules on the compliance of the improved offer(s) and sets the final offer closing date.

In such case, notwithstanding Article 232-6, no improved offer may be filed unless a new competing offer has been filed, declared compliant and opened.

Chapter III - Simplified procedure (Articles 233-1 à 233-5)

Article 233-1

The simplified offer procedure may be used in the following cases:

- 1 • an offer by a shareholder that already holds directly or indirectly, alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, one-half or more of the target company's equity and voting rights;
- 2 • an offer by a shareholder that, following an acquisition, holds directly or indirectly, alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, one-half or more of the target company's equity and voting rights;
- 3 • an offer for no more than 10% of the voting equity securities or voting rights of the target company, taking into account the voting equity securities and voting rights that the offeror already holds, directly or indirectly;
- 4 • an offer by a person, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, for preference shares, investment certificates or voting rights certificates;
- 5 • an offer by a company to buy back its own shares, pursuant to Article 225-207 of the Commercial Code;
- 6 • an offer by a company to buy back its own shares, pursuant to Article 225-209 of the Commercial Code;
- 7 • an offer by the issuing company for securities giving access to its equity;
- 8 • an offer by the issuing company to exchange debt securities that do not give access to capital for equity securities or securities that do give access to its capital.

Article 233-2

The simplified public cash offer shall be carried out by purchasing securities on the terms and following the procedures stipulated at the opening of the offer.

In the case of a limited offer referred to in points 3°, 5° and 6° of Article 233-1 and in Articles 233-4 and 233-5, or in the case of simplified exchange offer, or if the circumstances and the procedures of the transaction warrant it, the offer shall be centralised by the market undertaking concerned or by the sponsor institution under the supervision of the market undertaking.

The offer period for a simplified offer may be limited to ten trading days in the case of a cash offer and to fifteen trading days in other cases, with the exception of a buyback offer pursuant to Article L. 225-207 of the Commercial Code.

Article 233-3

In the case of a cash offer under the terms of Point 1° of Article 233-1 and subject to the provisions of Articles 231-21 and 231-22, the price stipulated by the offeror may not, unless the AMF gives its consent, be lower than the price determined by calculating the average stock market prices, weighted by trading volume for sixty trading days prior to the publication of the notice referred to in the first paragraph of Articles 223-34 or, failing that, prior to publication of the notice of filing of the draft offer referred to in Article 231-14.

2022-06-11

For the purposes of this calculation, the prices and volumes used shall be the ones on the regulated market where the shares of the target company are most liquid.

Article 233-4

In the case of an offer for investment certificates or voting rights certificates, the offeror may limit itself to acquiring a quantity of voting rights certificates or investment certificates equivalent to the number of such investment certificates or voting rights certificates, respectively, that it already holds.

Article 233-5

If the person making a simplified offer has been authorised to reserve the right to scale down the sale or exchange orders made in response to its offer, the scaling-down is done on a proportional basis, subject to any necessary adjustments.

Orders made in response to a buyback offer filed pursuant to Point 5° of Article 233-1 are scaled down in accordance with the provisions of the Commercial Code.

In such cases, the offeror may not trade in the securities concerned.

Chapter IV - Mandatory filing of a draft offer (Articles 234-1 à 234-11)

Article 234-1

For the purposes of this Chapter, equity securities shall mean voting securities if a company's equity capital consists partly of non-voting securities.

The fractions of capital or voting rights referred to in this Chapter are determined in accordance with the threshold calculation methods set by Articles L. 233-7 and L. 233-9 of the Commercial Code.

The agreements and instruments referred to in Points 4° and 4° *bis* of Section I of Article L. 233-9 of the Commercial Code are not taken into account when determining the fractions of capital or voting rights referred to in this Chapter

The financial instruments to be taken into account pursuant to point 4° of section I of Article L. 233-9 of the Commercial Code are:

- 1 • Bonds exchangeable for shares;
- 2 • Futures;
- 3 • Options, whether exercisable immediately or at a future date, regardless of the level of the share price relative to the exercise price of the option; where the option can be exercised only on condition that the share price reaches a level specified in the contract, it is counted as a share once that level is reached.

The agreements to be taken into account are those referred to in point 4° of section I of Article L. 233-9 of the Commercial Code; where the agreement can be exercised only on condition that the share price reaches a level specified in the contract, the shares covered by the agreement are counted once that level is reached.

Article 234-2

Where a natural or legal person, acting alone or in concert within the meaning of Article 233-10 of the Commercial Code, comes to hold more than 30% of a company's equity securities or voting rights, such person is required, on its own initiative, to inform the AMF immediately thereof and to file a proposed offer for all the company's equity securities, as well as any securities giving access to its capital or voting rights, on terms that can be declared compliant by the AMF.

The provisions of Chapter I and, as appropriate, Chapters II or III of this Title are applicable to mandatory tender offers.

2022-06-11

Natural or legal persons acting alone or in concert within the meaning of Article 233-10 of the Commercial Code are subject to the requirements of the first paragraph when, as a result of a merger or an asset contribution, they come to hold more than 30% of a company's capital or voting rights.

[Article 234-3](#)

Where an offer under the terms of this chapter has become null and void pursuant to Article 231-9 I, the offeror is deprived of the voting rights attached to the shares it holds in the target company on the terms set out in Part II of Article L. 433-1-2 of the Monetary and Financial Code.

[Article 234-4](#)

The AMF may authorise, under terms that are made public, a temporary breach of the thresholds referred to in Articles 234-2 and 234-5 if the breach results from a transaction that is not intended to gain or increase control of the company, within the meaning of Article L. 233-2 of the Commercial Code, and if it lasts no longer than six months. The person(s) concerned shall undertake not to exercise the corresponding voting rights during the period of resale of the securities.

[Article 234-5](#)

The provisions of Article 234-2 apply to natural or legal persons, acting alone or in concert, who directly or indirectly hold between 30% and one-half of the total number of equity securities or voting rights of a company and who, within a period of less than twelve consecutive months, increase such holding by at least 1% of the company's total equity securities or voting rights.

The provisions of Article 234-2 apply to natural or legal persons, acting alone or in concert, who directly or indirectly hold between 30% and one-half of the total number of equity securities or voting rights of a company, whose offer has become null and void pursuant to Article 231-9 I and who increase this holding in the share capital or voting rights.

Persons who, alone or in concert, hold directly or indirectly between 30% and one-half of a company's capital or voting rights must keep the AMF informed of any change in such holdings. The AMF shall make these disclosures public.

[Article 234-6](#)

When a proposed offer is filed pursuant to Articles 234-2 and 234-5, the proposed price must be at least equivalent to the highest price paid by the offeror, acting alone or in concert within the meaning of Article 233-10 of the Commercial Code, in the twelve-month period preceding the event that gave rise to the obligation to file a proposed offer.

The AMF may request or authorise a price modification if this is warranted by a manifest change in the characteristics of the target company or in the market for its securities, and notably in the following cases:

- 1 • if events liable to materially alter the value of the securities concerned occurred in the twelve-month period before the draft offer was filed;
- 2 • if the target company is in recognised financial difficulty;
- 3 • if the price mentioned in the first paragraph results from a transaction that includes related items involving the offeror, acting alone or in concert, and the seller of the securities acquired by the offeror over the last twelve months.

In these cases, or in the absence of transactions by the offeror, acting alone or in concert, in the securities of the target company over the twelve-month period referred to in the first paragraph, the price is determined based on generally accepted objective valuation criteria, the characteristics of the target company and the market for its securities.

[Article 234-7](#)

The AMF may determine that there is no requirement to file a proposed offer if the thresholds referred to in Articles 234-2 and 234-5 are breached by one or more persons as a result of their having declared themselves to be acting in concert with:

- 1 • one or more shareholders who already held, alone or in concert, the majority of a company's equity or voting rights, provided

2022-06-11

such shareholders remain predominant;

- 2 • One or more shareholders that already held, alone or in concert, between 30% and one-half of a company's equity or voting rights, provided that such shareholders maintain a larger holding and that, upon the formation of this concert party, they do not exceed one of the thresholds referred to in Articles 234-2 and 234-5.

Where more than 30% of the capital or voting rights of a company whose equity securities are admitted to trading on a regulated market in a Member State of the European Union or a State party to the EEA agreement, including France, is held by another company and constitutes one of its essential assets, the AMF may determine that a proposed public offer need not be filed when a group of persons acting in concert acquires control of that other company, within the meaning of laws and regulations applicable to it, provided that one or more members of the concert party already had such control and remain predominant.

In all the above cases, as long as the balance of shareholdings within a concert party is not altered significantly relative to the situation at the time of the initial declaration, there is no need to make a public offer.

Article 234-8

The AMF may waive the mandatory filing of a tender offer if the person(s) concerned demonstrate to it that one of the conditions listed in Article 234-9 is met.

The AMF rules after examining the circumstances in which the threshold(s) have been or will be breached, the structure of ownership of the equity and voting rights and, where applicable, the conditions on which the transaction has been or will be approved by a general meeting of the target company's shareholders.

Article 234-9

The cases in which the AMF may grant a waiver are as follows:

- 1° Transmission by way of gift between natural persons, or distribution of assets by a legal person in proportion to the rights of its members.
- 2° Subscription to a capital increase by a company in recognised financial difficulty, subject to the approval of a general meeting of its shareholders.
- 3° Merger or asset contribution subject to the approval of a general meeting of shareholders.
- 4° Merger or asset contribution subject to the approval of a general meeting of shareholders, combined with an agreement between shareholders of the companies concerned establishing a concert party.
- 5° Reduction in the total number of equity securities or voting rights in the target company.
- 6° Holding of a majority of the company's voting rights by the applicant or by a third party, acting alone or in concert.
- 6° *bis* Holding of a majority of the company's share capital by the applicant or by a third party, acting alone or in concert, further to an offer made following the normal procedure referred to in Chapter II of this Title.
- 7° Resale or other comparable disposal of equity securities or voting rights between companies or persons belonging to the same group.

8° Without prejudice to section III of Article L. 433-3 of the Monetary and Financial Code, acquisition of control, within the meaning of applicable laws and regulations, of a company which directly or indirectly holds more than 30% of the capital or voting rights of another company whose equity securities are admitted to trading on a regulated market in a Member State of the European Union or a State party to the EEA agreement, including France, and which does not constitute an essential asset of the

2022-06-11

company over which control has been acquired.

9° Merger or contribution of a company which directly or indirectly holds more than 30% of the capital or voting rights of a company under French law whose equity securities are admitted to trading on a regulated market in a Member State of the European Union or a State party to the EEA agreement, including France, and which does not constitute an essential asset of the merged or contributed company.

10° Allocation of double voting rights between 3 April 2014 and 31 December 2018 under the conditions set out in Article 7, V of Act 2014-384 of 29 March 2014, as amended by Article 194 of Act 2015-990 of 6 August 2015.

Article 234-10

In the case of transactions subject to the approval of the target company's shareholders, the AMF may rule on a waiver application before a general meeting is held, provided it has precise information about the intended transaction.

In the other cases mentioned in Article 234-9 and in the situations referred to in Articles 234-4 and 234-7, the AMF may make its ruling before the relevant transaction is carried out, based on the nature, circumstances and timetable of the transaction as well as the supporting documents provided by the person(s) concerned.

The AMF is to be kept informed of the course of events and, if the transaction is not carried out according to the initial terms, may declare its previous decision to be null and void.

Where it grants a waiver or determines that there is no requirement to file an offer, the AMF publishes its decision on its website and discloses any commitments made by the applicant(s).

Article 234-11

For the application of the provisions of this chapter, the one-third threshold that applied before 1 February 2011 to holdings of capital and voting rights shall apply in place of the 30% threshold to any person, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, who on 1 January 2010 directly or indirectly held between 30% and one-third of the capital or voting rights, and shall continue to apply as long as the holding remains between these two thresholds.

The same applies to any person, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, who, after 1 January 2010, directly or indirectly held between 30% and one-third of the capital or voting rights as a result of a binding commitment entered into before 1 January 2010, and shall continue to apply as long as the holding remains between these two thresholds.

Persons acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code who on 1 February 2011 directly or indirectly held between 30% and one-third of the capital or voting rights and who are not covered by the foregoing paragraphs must reduce their holding below 30% of the capital and voting rights before 1 February 2012. If they fail to do so, they will be subject to the provisions of Articles 234-1 to 234-10.

All natural or legal persons concerned by these provisions shall report their holdings of capital and voting rights to the AMF without delay. The AMF publishes the list of persons who have made such declarations.

Chapter V - Public offers for financial instruments admitted to trading on an organised multilateral trading facility (Articles 235-1 à 235-3)

Article 235-1

Without prejudice to the provisions of Article 231-1 (4°), the provisions of this chapter apply exclusively to companies whose equity securities are admitted to trading on an organised multilateral trading facility within the meaning of Article 524-1.

Article 235-2

The provisions of Articles 234-5, 234-7 (2°), 234-7, paragraph 4, and 234-11 are not applicable.

2022-06-11

The provisions of Chapter IV, with the exception of those mentioned above, apply with a threshold of 50% instead of 30%. The provisions of Articles 236-5 and 236-6 are not applicable.

Article 235-3

In addition to the cases referred to in Article 234-9, the AMF may also grant a waiver from the obligation to file a draft public offer in the following cases:

- 1 • Subscription to a reserved capital increase, subject to the approval of the general meeting of shareholders;
- 2 • Exercise of the share allocation right attached to securities giving access to the share capital if the reserved issue of such securities has previously been subjected to the approval of the general meeting of shareholders.

Chapter VI - Buyout offers with squeeze-out (Articles 236-1 à 236-7)

Article 236-1

Where the majority shareholder(s) hold, in concert within the meaning of Article 233-10 of the Commercial Code, 95 % or more of the voting rights of a company whose shares are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, any holder of voting equity securities who is not part of the majority group may apply to the AMF to require the majority shareholder(s) to file a draft buyout offer.

Once the AMF has made the necessary verifications, it rules on such application in the light of, inter alia, the state of the market for the securities concerned and the information provided by the applicant.

If the AMF declares the application to be acceptable, it notifies the majority shareholder(s), which must then file a draft buyout offer, within a time limit set by the AMF and drawn up in terms that can be deemed compliant by it.

Article 236-2

Where the majority shareholder(s) hold, in concert within the meaning of Article 233-10 of the Commercial Code, 95% or more of the voting rights of a company whose investment certificates and, if applicable, voting rights certificates, are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, any holder of such certificates who is not part of the majority group may apply to the AMF to require the majority shareholder(s) to file a buyout offer for those securities.

Once it has made the necessary verifications, the AMF rules on such application in the light of, inter alia, the state of the market for the securities concerned and the information provided by the applicant.

If the AMF declares the application to be acceptable, it notifies the majority shareholder(s), which must then file a draft buyout offer, within a time limit set by the AMF and drawn up in terms that can be deemed compliant by it.

Article 236-3

The majority shareholder(s) holding, in concert within the meaning of Article 233-10 of the Commercial Code, 95% or more of the voting rights of a company whose shares are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, may file with the AMF a draft buyout offer for the equity securities, and any other securities giving access to the capital or voting rights in the company, that they do not already hold.

Article 236-4

The majority shareholder(s) holding, in concert within the meaning of Article 233-10 of the Commercial Code, 95 % or more of the voting rights of a company whose investment certificates and, if applicable, voting rights certificates are or were admitted to trading on a regulated market in a Member State of the European Union or in a State party to the EEA Agreement, including France, may file with the AMF a draft buyout offer for those securities.

2022-06-11

[Article 236-5](#)

Where a public limited company (société anonyme) whose equity securities are admitted to trading on a regulated market is converted to a limited partnership with shares (société en commandite par actions), the person(s) that controlled it prior to conversion, or the active partners in the limited partnership with shares, are required to file a draft buyout offer once a resolution regarding the conversion has been adopted at a general meeting of shareholders. The draft offer cannot include a minimum acceptance condition and must be drawn up in terms that can be declared compliant by the AMF.

The offeror informs the AMF whether it reserves the right, depending on the result of the offer, to request that all equity securities and securities giving access to the capital and voting rights of the company be delisted from the regulated market on which they are traded.

[Article 236-6](#)

The natural or legal persons that control a company within the meaning of Article L. 233-3 of the Commercial Code must inform the AMF:

- 1 • When they intend to ask an extraordinary general meeting of shareholders to approve one or more significant amendments to the company's articles or bylaws, in particular the provisions concerning the company's legal form or disposal and transfer of equity securities or the rights pertaining thereto;
- 2 • When they decide in principle to proceed with the merger of that company into the company that controls it or with another company controlled by the latter; to sell or contribute all or most of the company's assets to another company; to reorient the company's business; or to suspend dividends for a period of several financial years.

The AMF evaluates the consequences of the proposed changes in the light of the rights and interests of the holders of the company's equity securities or voting rights and decides whether a buyout offer should be made.

The draft offer cannot include a minimum acceptance condition and must be drawn up in terms that can be declared compliant by the AMF.

[Article 236-7](#)

The public buyout offer shall be carried out by purchasing securities on the terms and following the procedures stipulated at the opening of the offer during ten or more trading days, or if the circumstances and the procedures of the transaction warrant it, the offer shall be centralised by the market undertaking concerned or by the sponsor institution under the supervision of the market undertaking.

If the public buyout offer includes a securities settled leg and a cash settled leg, with no reduction in orders, the offeror may acquire the securities targeted under the terms and conditions stipulated in the cash settled leg, in derogation to the provisions of Article 231-41.

Chapter VII - Squeeze-outs (Articles 237-1 à 237-19)

Section 1 - Squeeze-out following a buyout offer (Articles 237-1 à 237-13)

[Article 237-1](#)

At the close of a buyout offer carried out in accordance with Articles 236-1, 236-2, 236-3 or 236-4, securities not tendered by minority shareholders or holders of investment certificates or voting rights certificates may be transferred to the majority shareholder or group, provided that they represent not more than 5% of the shares or voting rights, in return for compensation.

Similarly, securities that give or could give access to capital may be transferred to the majority shareholder or group, provided that the equity securities that could potentially be created, through conversion, subscription, exchange, redemption or any other means, from untendered securities that give or could give access to the company's capital, plus existing but untendered equity securities, do not represent more than 5% of all the equity securities that exist and that could be created.

2022-06-11

[Article 237-2](#)

Where a buyout offer is filed, the offeror informs the AMF whether it reserves the right to apply for a compulsory buyout once the offer has closed and the result is known, or whether it requests that a compulsory buyout be implemented once the buyout offer has closed.

In support of its proposed buyout offer, the offeror provides the AMF with a valuation of the securities of the target company, carried out using the objective methods applied in cases of asset disposals, that takes into account the value of the company's assets, its past earnings, its market value, its subsidiaries, if any, and its business prospects, according to a weighting appropriate to each case.

The AMF examines the draft offer in accordance with the provisions of Articles 231-21 and 231-22.

[Article 237-3](#)

Where the AMF declares a proposed buyout offer followed by a squeeze-out to be acceptable, the majority shareholder or group shall place a notice informing the public of the squeeze-out procedure in a newspaper carrying legal notices published in the vicinity of its registered office.

[Article 237-4](#)

The offeror designates a custody account-keeper to take charge of centralising the compensation payments (hereinafter "the centraliser").

[Article 237-5](#)

The offeror requesting the squeeze-out deposits the amount corresponding to the compensation for securities not tendered to the public buyout offer in a reserved account with the centraliser.

Compensation is calculated net of all expenses.

[Article 237-6](#)

Unallocated funds are held by the centraliser for ten years and paid to Caisse des Dépôts et Consignations at the end of this period. These funds are at the disposal of the legal beneficiaries, but revert to the French State after thirty years.

[Article 237-7](#)

The centraliser, acting on behalf of the majority shareholder or group and throughout the entire period during which it holds the funds, places an annual notice in a newspaper of national circulation inviting former shareholders who have not been compensated to exercise their rights.

Where the centraliser has paid out all frozen funds corresponding to compensation payable to securities holders that did not respond to the public buyout offer, it places an appropriate announcement in a newspaper of national circulation. It is then no longer required to place the annual notice mentioned above.

[Article 237-8](#)

If, when filing the public buyout offer, the offeror reserved the right to proceed with a squeeze-out after the offer, it informs the AMF within ten trading days of the close of the offer whether it intends so to proceed or waives that right. The offeror's decision is made public by the AMF.

If the offeror decides to proceed with a squeeze-out, it informs the AMF of the price it proposes to pay as compensation. This price cannot be lower than that of the buyout offer, and it shall be higher when events liable to alter the value of the securities concerned have occurred after the offer was declared compliant.

The AMF shall make the mandatory buyout public and specify the terms for implementing it, including the date on which it becomes effective. The time between the decision and the execution of the buyout cannot be less than the time referred to in Article R. 621-44 of the Monetary and Financial Code. This decision shall result in the delisting of the relevant securities from the

regulated market where they had been traded.

Custody account-keeping institutions transfer any securities not tendered to the buyout offer into the name of the majority shareholder or group, which pays the corresponding compensation into a reserved account opened for this purpose in accordance with the provisions of Article 237-9.

Article 237-9

Where the offeror has chosen to proceed with a squeeze-out in accordance with the provisions of Article 237-8, the freezing of funds and crediting of compensation to holders that have not tendered their securities to the public buyout offer takes place at the date on which the AMF's decision becomes enforceable.

Article 237-10

If, when filing the public buyout offer, the offeror applies to the AMF for a squeeze-out to be implemented as soon as the offer closes, regardless of result, the notice published by the market operator to announce the opening of the buyout offer stipulates the conditions applying to the squeeze-out procedure, and in particular the date on which it takes effect.

As soon as the public buyout offer closes, the securities concerned shall be delisted from the regulated market(s) on which they are traded and, where appropriate, from the multilateral trading facilities where they were traded. At the same date, the custody account-keeping institutions transfer any securities not tendered to the buyout offer into the name of the majority shareholder or group, which pays the corresponding compensation into a reserved account opened for this purpose in accordance with the provisions of Article 237-11.

Article 237-11

Where the offeror requested a squeeze-out at the time the proposed buyout offer was filed, the funds are frozen the day after the offer closes.

At the date the funds are frozen, the custody account-keeper credits the accounts of securities holders affected by the squeeze-out with the compensation that is due them.

Article 237-12

During the offer period of a public buyout offer prior to a squeeze-out, only the investment service provider(s) designated by the offeror are authorised to acquire the securities concerned on the offeror's behalf.

Persons seeking to acquire securities subject to a public buyout offer followed by a squeeze-out must obtain them solely from the investment service provider(s) designated by the offeror.

Article 237-13

The sole beneficiaries of the facility whereby the offeror covers brokerage commissions up to an amount set by it, including, where applicable, stamp duty, shall be those sellers whose securities were registered on their account prior to the opening of:

- 1 • a simplified tender offer in which the offeror has explicitly declared its intention, if it obtains 95% of the voting rights of the target company, to request initiation of a public buyout offer followed by a squeeze-out; or
- 2 • a public buyout offer followed by a squeeze-out.

To this end, and in connection with the simplified tender offer referred to in Point 1°, the market operator concerned puts in place a procedure for centralising orders placed in response to such offer.

Requests for refunds must be accompanied by documentary evidence of the sellers' rights.

Section 2 - Squeeze-out following any public offer (Articles 237-14 à 237-19)

2022-06-11

[Article 237-14](#)

Without prejudice to the provisions of Article 237-1, following any public offer and within three months of the close of the offer, securities not tendered by minority shareholders may be transferred to the offeror, provided that they represent not more than 5% of the shares or voting rights, in return for compensation.

Similarly, securities that give or could give access to capital may be transferred to the offeror, provided that the equity securities that could potentially be created, through conversion, subscription, exchange, redemption or any other means, from untendered securities that give or could give access to the company's capital, plus existing but untendered equity securities, do not represent more than 5% of all the equity securities that exist and that could be created.

Implementation of the squeeze-out procedure provided for in this article is subject to the provisions of Articles 237-4 to 237-7 and to the following provisions.

[Article 237-15](#)

When it files the draft offer, the offeror informs the AMF whether it reserves the right, depending on the result of the offer, to implement a squeeze-out.

[Article 237-16](#)

I. - The AMF rules on whether the proposed squeeze-out is compliant, in accordance with Articles 231-21 and 231-22, except in one of the following two cases and provided that the squeeze-out includes the cash settlement proposed in the last offer:

- 1 • The squeeze-out follows a public offer subject to the provisions of Chapter II;
- 2 • The squeeze-out follows a public offer for which the AMF has the valuation mentioned in Part II of Article L. 433-4 of the Monetary and Financial Code and the report by the independent appraiser mentioned in Article 261-1.

II. - Where the AMF rules on whether the squeeze-out is compliant, the offeror provides, in support of its proposed squeeze-out, a valuation of the securities of the target company, carried out using the objective methods applied in cases of asset disposals, that takes into account the value of the company's assets, its past earnings, its market value, its subsidiaries, if any, and its business prospects, according to a weighting appropriate to each case.

Where a squeeze-out is to be implemented, the parties concerned must draw up a draft squeeze-out document in accordance with the conditions and procedures set out in Articles 231-16 to 231-20, except for the description of the offeror's intentions for the next twelve months. The squeeze-out document(s) are submitted to the AMF for approval in accordance with Articles 231-20 and 231-26 and made available to the public in accordance with Article 231-27.

Disclosures providing information on the legal, financial, accounting and other characteristics of the target company are filed with the AMF and made publicly available in accordance with the conditions and procedures set out in Articles 231-28 to 231-30. Content requirements for these disclosures are stipulated in an AMF instruction.

III. - Where the AMF does not rule on whether the squeeze-out is compliant, the offeror informs the AMF of its intention to implement the squeeze-out. The AMF publishes the implementation date for the squeeze-out. The offeror publishes a news release in accordance with Article 221-3 and is responsible for its distribution. Content requirements for these news releases are stipulated in an AMF instruction.

[Article 237-17](#)

Where the AMF declares a draft squeeze-out to be compliant or where the AMF does not rule on whether the squeeze-out is compliant when the majority shareholder or group informs the AMF of its intention to proceed with a squeeze-out, the shareholder or group shall place a notice informing the public of the squeeze-out in a newspaper carrying legal notices published in the vicinity of its registered office.

[Article 237-18](#)

2022-06-11

The statement of compliance shall specify the date on which it becomes enforceable. The time period between the release and the enforcement of the statement cannot be less than the time period referred to in Article R. 621-44 of the Monetary and Financial Code.

The statement shall result in the delisting of the relevant securities from the regulated market where they are traded. The freezing of funds and crediting of compensation to holders that have not tendered their securities to the public offer takes place at the date on which the AMF's statement becomes enforceable.

Where the AMF does not rule on whether the squeeze-out is compliant, the provisions of the preceding paragraph shall apply as from implementation of the squeeze-out.

Custody account-keeping institutions transfer any securities not tendered to the last offer into the name of the majority shareholder or group, which pays the corresponding compensation into a reserved account opened for this purpose in accordance with the provisions of Article 237-5.

Article 237-19

As soon as the statement of compliance becomes enforceable, or, if the AMF does not rule on compliance, as soon as the squeeze-out is implemented, the relevant securities shall be delisted from the regulated market(s) where they were traded and, where appropriate, from the multilateral trading facilities where they were traded. At the same date, the custody account-keeping institutions transfer any securities not tendered to the buyout offer into the name of the majority shareholder or group, which pays the corresponding compensation into a reserved account opened for this purpose in accordance with the provisions of Article 237-11.

Chapter VIII - Disclosure and procedure for orderly acquisition of debt securities that do not give access to equity (Articles 238-1 à 238-5)

Article 238-1

This chapter applies to the acquisition of debt securities that do not give access to equity and are admitted to trading on a French regulated market or an organised multilateral trading facility.

Section 1 - Disclosure of acquisitions of debt securities that do not give access to equity (Articles 238-2 à 238-2-1)

Article 238-2

Where an issuer has acquired more than 10% of the securities representing a single bond issue on or off the market in one or more transactions, it shall so notify the market within four trading days by means of a news release to be disseminated in accordance with the procedures stipulated in Article 221-4. Further acquisitions of the same bond issue are subject to the same disclosure requirement for each additional 10% of the securities acquired in one or more transactions. The 10% threshold shall be calculated on the basis of the number of securities issued, including any subsequent issues granting identical rights to the holders. The number of securities used for calculating whether a threshold has been crossed is the number of securities bought less the number of securities sold.

Article 238-2-1

Issuers of debt securities that have bought back securities during the past half-year shall, within ten trading days after the close of the half-yearly or annual accounts, publish the number of securities remaining in circulation and the number of securities they hold in accordance with Article L. 213-1 A of the Monetary and Financial Code, for each of their bond issues. This information is to be posted on their website or disseminated in accordance with section II of Article 221-4.

Section 2 - Procedure for orderly acquisition of debt securities that do not give access to equity (Articles 238-3 à 238-5)

Article 238-3

The orderly acquisition procedure shall be defined as an initiative by the issuer, its agent or a third party to set up a centralised facility that enables the issuer to offer all holders of a single issue the option of selling or exchanging some or all of the debt securities that they hold, while ensuring equal treatment of all holders.

2022-06-11

[Article 238-4](#)

The procedure for orderly acquisition of debt securities shall be announced by means of a news release disseminated in accordance with the procedures stipulated in Article 221-4 and shall comply with the relevant market abuse rules defined by the market abuse directive (regulation no. 596/2014/ EU).

[Article 238-5](#)

An AMF Instruction shall stipulate the information to be included in the news release mentioned in Article 238-4 when the orderly acquisition procedure involves debt securities sold through a public offering in France.

Title IV - Buyback programmes for shares and transaction reporting (Articles 241-1 à 241-7)

Section 1 - General provisions (Articles 241-1 à 241-5)

[Article 241-3](#)

2022-06-11

The issuer shall not be required to publish the programme description if the annual financial report referred to in paragraph I of Article L. 451-1-2 of the Monetary and Financial Code, the reference document, or the base document includes all of the information that must appear in the programme description pursuant to Article 241-2.

In accordance with Article 221-3, the issuer shall disseminate a statement explaining the way it intends to make this information available.

Article 241-7

By derogation from paragraph I of Article 241-4, any issuer carrying out transactions in its own shares in the context of a market practice accepted by the AMF shall declare such transactions to the AMF and publish them within the terms of the accepted market practice concerned and according to the procedure and format defined in an AMF instruction.

Title V - Marketing in France of financial instruments traded on a recognised foreign market or a regulated market of the European Economic Area (EEA) (Articles 251-1 à 251-7)

Article 251-1

Information provided to the public, regardless of the medium, with a view to trading in financial instruments on a recognised foreign market or regulated market of the European Economic Area must be accurate, precise and truthful. It must contain no false or deceptive statement that could mislead the client.

Article 251-2

Products proposed through an act of solicitation shall be suitable to the members of the public being solicited.

If there is no adequate assurance that clients are being informed of the associated risks, the AMF may order the interested party or any other person taking part in the distribution of such products, in any way, to halt the marketing or trading thereof.

Article 251-3

Before any transaction on a recognised foreign market in financial instruments, the market operator that runs that market shall draw up a disclosure document in the market itself and the various financial instruments that it proposes. This disclosure

2022-06-11

document, in French, must be made available to financial intermediaries by the market operator. It shall state or describe the following:

- 1 • the foreign market is recognised by the Minister for the Economy, under the terms of Article D. 423-1 of the Monetary and Financial Code.
- 2 • The various ways in which orders are placed and executed, when these have consequences for the person initiating the order.
- 3 • The legal nature of the products, the technical characteristics thereof and, if applicable, the evidence supporting the advertised risks and returns.
- 4 • The validity date of the aforementioned information.

This disclosure document must be provided by the financial intermediary to each prospective client, or transmitted to him electronically, before the placing of the client's first order to buy or sell a financial instrument admitted to trading on the recognised foreign market.

For transactions on a market in derivative financial instruments, if the client does not trade on that market in the ordinary course of business, this document must be sent by registered letter with return receipt, or via the Internet, with the financial intermediary recording the date on which the client viewed or downloaded it.

No one may receive, directly or indirectly, orders or funds from the client until seven days after the date that the disclosure document was delivered, viewed onscreen or downloaded, or before the financial intermediary has received a certification

bearing the handwritten or electronic signature of the client and stating, "I have read the disclosure document relating to {name of the recognised market}, transactions on that market, and the commitments that I will take on by virtue of my participation in such transactions." This waiting period applies only to the first order, however.

[Article 251-4](#)

Before any transaction on a regulated market in derivative financial instruments in the European Economic Area, and in compliance with the obligations of Section 3 of Chapter I of Title 2 of Book III, the financial intermediary shall provide or transmit electronically to each client the following information:

- 1 • A statement that the regulated market in derivative financial instruments appears on the list of regulated markets of the European Economic Area published in the Official Journal of the European Union.
- 2 • The various ways in which orders are placed and executed, when these have consequences for the client.
- 3 • The legal nature of the products, the technical characteristics thereof and, if applicable, the evidence supporting the announced risks and returns.

If the client does not trade in the market in question in the ordinary course of business, no one may receive orders or funds from him, directly or indirectly, before the financial intermediary has received a certification bearing his signature and stating, "I have read the disclosure document relating to {name of the EEA regulated market in derivative financial instruments}, transactions on that market, and the commitments that I will take on by virtue of my participation in such transactions." This certification is needed only for the first order.

[Article 251-5](#)

Any advertisement or message disseminated by the foreign market must include the information that it has been recognised by the Minister for the Economy, under the terms of Article D. 423-1 of the Monetary and Financial Code, or that it is on the list of regulated markets in the European Economic Area published in the Official Journal of the European Union.

2022-06-11

All advertisements or messages disseminated by the financial intermediary with a view to trading in financial instruments on a recognised foreign market must contain the following information:

- 2 • Name and address of that person's correspondent in France, if applicable.

Article 251-6

The AMF:

- 1 • Shall receive, for information, the disclosure document drawn up by the market operator that runs the recognised foreign market.
- 2 • Shall request that all recognised foreign markets keep it informed of any substantial changes in the way they operate and send it data on their activities in French territory, as specified in an AMF instruction.
- 3 • May require the market operator that runs a recognised foreign market to make available to the AMF all information needed to support the claims or statements appearing in the disclosure document provided for in Article 251-3 and, if need be, may request modification thereof.
- 4 • May require any person referred to in Article D. 423-3 of the Monetary and Financial Code to produce any elements likely to support the claims or representations made in the advertisements or messages referred to in Article 251-4, and to require their amendment, as needed.

Article 251-7

Only Articles 251-1, 251-2, 251-4 and 251-5 apply to recognised markets in derivative financial instruments on commodities in the European Economic Area, when such market is operated by a market operator that also runs a regulated market in the derivative financial instruments appearing on the list of such markets published in the Official Journal of the European Union.

Title VI - Fairness opinions (Articles 261-1 à 263-8)

Chapter I - Appointing an independent appraiser (Articles 261-1 à 261-4)

2022-06-11

[Article 261-1](#)

I. - The target company of a takeover bid shall appoint an independent appraiser if the transaction is likely to cause conflicts of interest within its Board of Directors, Supervisory Board or governing body that could impair the objectivity of the reasoned opinion mentioned in Article 231-19 or jeopardise the fair treatment of shareholders or bearers of the financial instruments targeted by the bid.

The situations described below, in particular, constitute such cases:

- 1 • if the target company is already controlled by the offeror, within the meaning of Article L. 233-3 of the Commercial Code, before the bid is launched;
- 2 • if the senior managers of the target company or the persons that control it, within the meaning of Article L. 233-3 of the Commercial Code, have entered into an agreement with the offeror that could compromise their independence;
- 3 • if the controlling shareholder, within the meaning of Article L. 233-3 of the Commercial Code, does not tender its securities to a buyback offer launched by the company for its own securities;
- 4 • if the offer is related to one or more transactions that could have a significant impact on the price or exchange ratio of the proposed offer;
- 5 • if the offer pertains to financial instruments in multiple categories and is priced in a way that could jeopardise the fair treatment of shareholders or bearers of the financial instruments targeted by the bid;
- 6 • if the non-equity financial instruments mentioned in Point 1° of Part II of Article L. 211-1 of the Monetary and Financial Code that give or could give direct or indirect access to the capital or voting rights of the offeror or of a company belonging to the offeror's group are provided as consideration for the takeover of the target company.

II. - The target company shall also appoint an independent appraiser before implementing a squeeze-out, subject to the provisions of Article 237-16.

[Article 261-2](#)

Any issuer that carries out a reserved capital increase at a discount to the market price greater than the maximum discount authorised for capital increases without pre-emptive subscription rights and giving a shareholder, acting alone or in concert within the meaning of Article L. 233-10 of the Commercial Code, control over the issuer within the meaning of Article L. 233-3 of the aforementioned code, shall appoint an independent appraiser who will apply the provisions of this title.

[Article 261-3](#)

Any issuer or offeror carrying out a takeover bid may appoint an independent appraiser who will apply the provisions of this title.

[Article 261-4](#)

I. - The independent appraiser must not be placed in a conflict of interest in relation to the parties concerned by the public offer or transaction and their advisors. An AMF instruction shall describe situations in which the independent appraiser is considered to be placed in a conflict of interest, although this shall not constitute an exhaustive list.

The independent appraiser shall not work repeatedly with the same sponsoring institution(s) or within the same group if the regular nature of such work could compromise his independence.

II. - The appraiser shall prepare a statement certifying that there are no known past, present or future ties between him and the parties concerned by the offer or transaction and their advisors that could compromise his independence or impair the objectivity of his assessment when carrying out the appraisal.

2022-06-11

If there is the risk of a conflict of interest but the appraiser deems this unlikely to compromise his independence or impair the objectivity of his assessment, he shall mention this risk in his statement, including relevant supporting information.

Chapter II - Appraisal report (Articles 262-1 à 262-2)

Article 262-1

I. - The independent appraiser prepares a report on the financial terms of the offer or transaction. Content requirements for the report are set out in an AMF instruction. In particular, the report contains the statement of independence mentioned in Part II of Article 261-4, a description of the verifications performed and a valuation of the company in question. The report's conclusion takes the form of a fairness opinion.

No other type of opinion shall count as a fairness opinion.

II. - Once appointed, the appraiser must have sufficient time to prepare the report mentioned in Part I, taking into account the complexity of the transaction and the quality of the information provided to him. The appraiser shall have at least fifteen trading days to prepare his report.

Article 262-2

I. - In the cases provided for in Article 261-2, the issuer shall distribute the report by the independent appraiser at least ten trading days before the general meeting convened to authorise the transaction, or, where the meeting has exercised its powers of delegation, as soon as possible after the decision by the Board of Directors or Management Board. The report shall be distributed by:

- 1 • making it available free of charge at the issuer's registered office;
