The AMF warns investors against the company Goldman Capital

The AMF draws the public's attention to the activities of Goldman Capital, noting in particular that the company is not authorized to receive funds, or to provide investment services, or to carry out direct marketing of banking and investment services on French territory.

The company calling itself Goldman Capital (www.goldman-capital.com), cold calls French investors to offer them investments or financial services, in particular relating to the foreign-exchange market.

The company Goldman Capital is not authorized to receive funds, or to provide investment services, or to carry out direct marketing of banking and investment services on French territory. Goldman Capital is not related to the bank Goldman Sachs, and it is important that the two are not confused.

If you need more information or have further questions, please visit our website at www.amf-france.org, or contact our investor helpline (AMF Epargne Info Service) on +33 (0)1 53 45 62 00 (Monday to Friday, 9:00 am to 5:00 pm).

Consequently, AMF advises investors to ignore approaches from this company and not to forward them to third parties in any form whatsoever.

In general, you should always check before committing yourself that a financial intermediary who offers financial instruments or advises investing in them appears on the list of financial institutions authorized to operate in France (www.regafi.fr). If the intermediary in question is not on these lists, we strongly advise you not to respond to its approaches.
