To ensure that the intermediary offering banking or financial products or services is authorised to operate in France, you can view the register of financial agents (https://www.regafi.fr) or the list of authorised intermediaries in the financial investment advisor (FIA) or participating investment advisor (PIA) categories (https://www.orias.fr/search). Before committing yourself, you should always check that the financial intermediary offering or recommending investments features on the list of financial institutions authorised to do business in France (https://www.regafi.fr).

If the intermediary in question is not on these lists, we strongly recommend that you should not make use of their services, as they are in breach of the applicable legislation and are not required to comply with basic rules of investor protection, information disclosure and claims handling.
