Discuss with the AMF about my project

Do you have an innovative project in preparation in the investment services sector and would you like to obtain information on the applicable regulations? Would you like to discuss with the AMF about a project to issue tokens (ICOs)? Would you like information on the status of a Digital Asset Service Provider (DASP)? Find all the useful information on the following page.

The AMF committed to supporting innovation and digital finance

Understanding and supporting innovation is a strategic priority for the AMF. In direct contact with players promoting financial innovations, the Innovation and Digital Finance team represents the AMF in working groups of the European Securities and Markets Authority (ESMA) and other French, European and international organizations or forums. Its objectives are:

- to work with financial stakeholders to analyse ongoing innovations in the investment services sector
- to identify the issues of competitiveness and financial regulation
- to assess the need to change the French or European regulation
