## Financial market

**The AMF regulates financial market infrastructure and intermediaries and monitors transactions for any abnormal events or conduct.**

### Our tasks

- Assist and monitor market intermediaries and own-account operators (monitoring compliance with regulations, identification of problems, targeting of controls), market and post-trade infrastructure (approval and monitoring);
- Detect market abuse (targeting of investigations) or professional breaches (inspection proposal);
- Carry out strategic intelligence of market trends;
- Contribute to defining market regulation policy.
