### Guidelines on MIFID II product governance requirements

#### Document

#### Summary

The AMF adopts the ESMA guidelines on MiFID II product governance requirements (ESMA35-43-3448) for investment services providers. These guidelines, incorporated into position DOC-2018-04, aim to detail the obligations of manufacturers and distributors, particularly with regard to the categories to be taken into account in defining a target market and its coordination with the distribution strategy.
