AMF Savings and Investment Barometer - 2020

For the past 3 years, the AMF Barometer has been asking the French about their investment preferences and perceptions, particularly with regard to equity investments. For this 4th wave, 1,200 French people aged 18 and over were interviewed at the end of September 2020. In particular, they were asked about the impact of the health crisis on their savings and investments.
