## General regulation of the AMF

### Article 314-7 into force since 03 January 2018

DISCLAIMER : Information boxes have been inserted within the General Regulation. They allow for a direct access to the relevant European regulations on the subject matter.

The user will be redirected to the European regulations as initially published in the Official Journal of the European Union and to the subsequent corrigenda, if any. The AMF does not guarantee the completeness of the redirections to these European regulations and corrigenda.

The boxes are located at the most relevant level of the GRAMF depending on the provision of the EU regulations to which they refer (Book, Title, Chapter, Section, etc.).

This additional material is provided for information purposes only and does not constitute a regulatory instrument. The AMF shall not be held liable or responsible for any harm resulting directly or indirectly from the provision or the use of these information boxes.

#### Article 314-7

Article L. 533-12-7 of the Monetary and Financial Code applies to categories of financial contracts with any of the following characteristics:

- depending on whether a condition specified in the contract is met or not, they give rise upon the contract's expiry either to the payment of a predetermined gain or the partial or total loss of the amount invested;
- they give rise to the payment of a positive or negative differential between the price of an underlying asset or basket of assets at the time the contract has been entered into and the price at which the position is closed out, and can oblige the client to pay an amount greater than the amount invested at the time the contract has been entered into;
- their underlying asset is a currency or basket of currencies.
