DISCLAIMER : Information boxes have been inserted within the General Regulation. They allow for a direct access to the relevant European regulations on the subject matter.

The user will be redirected to the European regulations as initially published in the Official Journal of the European Union and to the subsequent corrigenda, if any. The AMF does not guarantee the completeness of the redirections to these European regulations and corrigenda.

The boxes are located at the most relevant level of the GRAMF depending on the provision of the EU regulations to which they refer (Book, Title, Chapter, Section, etc.).

This additional material is provided for information purposes only and does not constitute a regulatory instrument. The AMF shall not be held liable or responsible for any harm resulting directly or indirectly from the provision or the use of these information boxes.

#### Article 321-79

Asset management companies shall establish, implement and maintain a risk management policy and procedures that are efficient, appropriate and documented, making it possible to identify the risks relating to their business, processes and systems, and, where needed, to determine the level of risk they can tolerate.
