Insights into the first taxonomy reporting by listed companies

This AMF 2022 report on sustainability reporting is devoted to taxonomy reporting by listed companies, in the context of the first application of the new reporting obligations stemming from Article 8 of Taxonomy Regulation. The AMF analyses the publications of 27 French financial and non-financial companies related to the eligibility of their activities to the taxonomy. This report presents an illustrated overview of the reporting practices in addition to pedagogical content on the EU taxonomy.
