Article 516-5

The market undertaking may open a compartment for issuers applying to admit their financial instruments to trading on a regulated market without a public issue or sale if the equity securities or the securities that give or may give access directly or indirectly to the issuer's capital or voting rights are not already admitted to trading on a French regulated market.

Issuers may not ask for their financial instruments to be transferred off the compartment referred to in the first paragraph except in the case of sale of financial instruments that entails the preparation of a prospectus.
