Crypto-assets: the Autorité des Marchés Financiers warns the public about the activities of several unauthorized entities

The Autorité des Marchés Financiers has published a list of new websites offering crypto-assets or crypto-asset services illegally in France.

Since the beginning of 2025, the AMF has added 22 names to its list of unauthorized websites to offer crypto-assets or digital asset services in France.

Here is the list of the new websites recently identified in the crypto-asset category:

- acc.accgn.com
- acc.accgn.net
- elansyvor.fr

The list of all the websites not authorised to offer crypto-assets or services on crypto-assets is available on the AMF website (under: Warnings → [Blacklists](https://www.amf-france.org/en/warnings/blacklists) URL = [https://www.amf-france.org/en/warnings/blacklists]) and on the website of Assurance Banque Épargne Infoservice - ABEIS (under: Prévention arnaques → [Listes noires des autorités](https://www.abe-infoservice.fr/fr/liste-noire) URL = [https://www.abe-infoservice.fr/fr/liste-noire]).

Please note that this list is updated regularly but does not claim to be exhaustive, as new unauthorized actors appear regularly.

In order to ensure that an entity offering crypto-asset services is authorised to operate in France, [the whitelist](https://www.amf-france.org/en/warnings/white-lists) URL = [https://www.amf-france.org/en/warnings/white-lists] of digital asset service providers (DASP) and crypto-asset service providers (CASP) is available on the AMF website.
