The AMF publishes a summary of its thematic inspections of the valuation of unlisted holdings in private equity management companies

Published on December 21, 2018

Beginning in April 2018, the Autorité des Marchés Financiers carried out a series of five "SPOT" (Supervision des Pratiques Opérationnelle et Thématique - operational and thematic supervision of practices) inspections, focusing on the valuation of unlisted holdings by private equity management companies. Based on its observations, in addition to the knowledge accumulated over the course of past inspections, it has prepared an assessment of practices identified and reminders of the rules to be applied.
